How to Cook Your Life Dogen 2005-11-08 This modern-day commentary on Dogen's Instructions for a Zen Cook reveals how everyday activities—like cooking—can be incorporated into our spiritual practice In the thirteenth century, Zen master Dogen—perhaps the most significant of all Japanese philosophers,

and the founder of the Japanese Soto Zen sect—wrote a practical manual of Instructions for the Zen Cook. In drawing parallels between preparing meals for the Zen monastery and spiritual training, he reveals far more than simply the rules and manners of the Zen kitchen; he teaches us how to "cook," or refine our lives. In this volume Kosho Uchiyama Roshi undertakes the task of elucidating Dogen's text for the benefit of modern-day readers of Zen. Taken together, his translation and commentary truly constitute a "cookbook for life," one that shows us how to live with an unbiased mind in the midst of our workaday world.

The Voynich Manuscript M. E. D'Imperio 1978 In spite of all the papers that others have written about the manuscript, there is no complete survey of all the approaches, ideas, background information and analytic studies that have accumulated over the nearly fifty-five years since the manuscript was discovered by Wilfrid M. Voynich in 1912. This report pulls together all the information the author could obtain from all the sources she has examined, and to present it in an orderly fashion. The resulting survey will provide a firm basis upon which other students may build their work, whether they seek to decipher the text or simply to learn more about the problem.

Bye Felipe Alexandra Tweten 2018-08-21 From the creator of the viral Instagram account comes an empowering guide to navigating the hazards and horrors of online dating. After one too many hostile dating app encounters, Alexandra Tweten set up the Instagram account @ByeFelipe, a place for women to protest the horrors of online dating, and to share stories and screenshots of their own experiences. Three years later, the account has become a forum where women can fight back against the men who have made them uncomfortable, scared, and embarrassed -- and to laugh at the appalling men they encounter. The name of *Bye Felipe* is a nod to the "Bye Felicia" meme, which Urban Dictionary defines as a cool dismissal of a noxious person. In that spirit, the book helps women navigate the perils that come with swiping right and provides practical steps to overcome the harassment rampant in the dating app ether. Blending humor, feminist theory, and solidarity, this "field guide" provides profiles of the worst types of guys (also known as "Felipes") -- from the classic fat shamer to the mansplainer to the surprise sociopath -- answers

questions like "How do I react when a guy sends me a dic pic?," and gives women the tools they need to take control of their dating life. With stories, screenshots, and Riot Grrrl-esque graphic art throughout, *Bye Felipe* empowers women to stand up for themselves and uphold the confidence and self-worth Felipes try so desperately to steal.

Vegetable Literacy Deborah Madison 2013-03-12 In her latest cookbook, Deborah Madison, America's leading authority on vegetarian cooking and author of *Vegetarian Cooking for Everyone*, reveals the surprising relationships between vegetables, edible flowers, and herbs within the same botanical families, and how understanding these connections can help home cooks see everyday vegetables in new light. Destined to become the new standard reference for cooking vegetables, *Vegetable Literacy*, by revered chef Deborah Madison, shows cooks that vegetables within the same family, because of their shared characteristics, can be used interchangeably in cooking. For example, knowing that dill, chervil, cumin, parsley, coriander,

anise, and caraway come from the umbellifer family makes it clear why they're such good matches for carrots, also an umbel. With stunning images from the team behind Canal House cookbooks and website, and 150 classic and exquisitely simple recipes, such as Savoy Cabbage on Rye Toast with Gruyère Cheese; Carrots with Caraway Seed, Garlic, and Parsley; and Pan-fried Sunchokes with Walnut Sauce and Sunflower Sprouts; Madison brings this wealth of information together in dishes that highlight a world of complementary flavors.

Designing Adult Services Ann Roberts 2017-11-01 Focusing on adult patrons ages 19 through senior citizens, this book explains how libraries can best serve this portion of their community's population at different life stages and foster experiences that are "worth the trip"—whether actual or virtual. Adult library patrons are busier than ever before—working, taking classes and studying for advanced degrees, caring for children, helping their aging

parents, taking care of their homes or rental properties, planning and nurturing careers, managing investments and retirement funds, and inevitably retiring. Each of these endeavors can require highly specific learning and education. Throughout their lives, adults continue to have different information needs that the library and its services can fill. *Designing Adult Services: Strategies for Better Serving Your Community* discusses the many ways libraries can serve adults of various ages and at different life stages, covering online services, collection development, programming, and lifelong learning. This guide's unique approach simplifies the processes of designing and carrying out a successful adult services program for adult library users in all the various stages of life. The book is organized by age groups, with the respective information needs and life challenges. Each chapter suggests programs, services, and collection development strategies for the life stages. Public library administrators and managers as well as adult services librarians in public libraries will find this guide a must-read.
