The Gap Thomas Suddendorf 2013-11-12 There exists an undeniable chasm between the capacities of humans and those of animals. Our minds have spawned civilizations and technologies that have changed the face of the Earth, whereas even our closest animal relatives sit unobtrusively in their dwindling habitats. Yet despite longstanding debates, the nature of this apparent gap has remained unclear. What exactly is the difference between our minds and theirs? In *The Gap*, psychologist Thomas Suddendorf provides a definitive account of the mental qualities that separate humans from other animals, as well as how these differences arose. Drawing on two decades of research on apes, children, and human evolution, he surveys the abilities most often cited as uniquely human -- language, intelligence, morality, culture, theory of mind, and mental time travel -- and finds that two traits account for most of the ways in which our minds appear so distinct: Namely, our open-ended ability to imagine and reflect on scenarios, and our insatiable drive to link our minds together. These two traits explain how our species was able to amplify qualities that we inherited in parallel with our animal counterparts; transforming animal communication into language, memory into mental time travel, sociality into mind reading, problem solving into abstract reasoning, traditions into culture, and empathy into morality. Suddendorf concludes with the provocative suggestion that our unrivalled status may be our own creation -- and that the gap is growing wider not so much because we are becoming smarter but because we are killing off our closest intelligent animal relatives. Weaving together the latest findings in animal behavior, child development, anthropology, psychology, and neuroscience, this book will change the way we think about our place in nature. A major argument for reconsidering what makes us human, *The Gap* is essential reading for anyone interested in our evolutionary origins and our relationship with the rest of the animal kingdom.

Books That Cook Jennifer Cognard-Black 2014-09-04 Organized like a cookbook, *Books that Cook: The Making of a Literary Meal* is a collection of American literature written on the theme of food: from an invocation to a final toast, from starters to desserts. All food literatures are indebted to the form and purpose of cookbooks, and each section begins with an excerpt from an influential American cookbook, progressing chronologically from the late 1700s through the present day, including such favorites as *American Cookery*, *the Joy of Cooking*, and *Mastering the Art of French Cooking*. The literary works within each section are an extension of these cookbooks, while the cookbook excerpts in turn become pieces of literature--forms of storytelling and memory-making all their own. Each section offers a delectable assortment of poetry, prose, and essays, and the selections all include at least one tempting recipe to entice readers to cook this book. Including writing from such notables as Maya Angelou, James Beard, Alice B. Toklas, Sherman Alexie, Nora Ephron, M.F.K. Fisher, and Alice Waters, among many others, *Books that Cook* reveals the range of ways authors incorporate recipes--whether the recipe flavors the story or the story serves to add spice to the recipe. *Books that Cook* is a collection to serve students and teachers of food studies as well as any epicure who enjoys a good meal alongside a good book.

Gorsky Vesna Goldsworthy 2015-10-20 "An impressively accomplished retelling of the Gatsby story," in which a Russian businessman engages an impoverished bookseller's help pursuing a lover. (Los Angeles Review of Books) On a rainy afternoon in London's old Chelsea, a charming multi-billionaire Russian oligarch, Gorsky, walks into an ailing bookshop and writes the first of several quarter-of-a-million pound checks. With that money, Gorsky has tasked Nikola, the store's bored and brilliant clerk, with sourcing books for a massive personal library, which will be housed in the magnificent, palatial home Gorsky happens to be building immediately next to Nikola's own modest dwelling. Gorsky needs a tasteful collection of Russian literature to woo a long-lost love—no matter that she happens to be married to an Englishman. His passion for her surpasses even his immeasurable wealth, and Nikola will be drawn into a world of opulence, greed, capitalism, sex, and beauty as he helps Gorsky pursue this doomed love. "An accomplished retelling of an American classic." —Tablet "It's a very clever idea: to update "The Great Gatsby" by making the bootlegger into a Russian arms-dealing billionaire and transplanting the action from Jazz Age New York to 21st-century London, a city increasingly shaped by global wealth." —The New York Times Book Review "A tense, witty page-turner." —The Spectator "Entertaining." —New York Journal of Books "[A] kind of novel-length love letter to the written word." —Jewish Book Council

The Lost Memoirs of Jane Austen Syrie James 2009-10-13 Many rumors abound about a mysterious gentleman said to be the love of Jane's life—finally, the truth may have been found. . . . What if, hidden in an old attic chest, Jane Austen's memoirs were discovered after hundreds of years? What if those pages revealed the untold story of a life-changing love affair? That's the premise behind this spellbinding novel, which delves into the secrets of Jane Austen's life, giving us untold insights into her mind and heart. Jane Austen has given up her writing when, on a fateful trip to Lyme, she meets the well-read and charming Mr. Ashford, a man who is her equal in intellect and temperament. Inspired by the people and places around her, and encouraged by his faith in her, Jane begins revising Sense and Sensibility, a book she began years earlier, hoping to be published at last. Deft and witty, written in a style that echoes Austen's own, this unforgettable novel offers a delightfully possible scenario for the inspiration behind this beloved author's romantic tales. It's a remarkable book, irresistible to anyone who loves Jane Austen—and to anyone who loves a great story.

*Libro de Arte Coquinaria* Maestro Martino 2005

Pan'ino, the (reduced Price) Maria Teresa Marco 2021-06-10 - Ninety-four delicious recipes for Italy's answer to fast food - Chef Alessandro Frassica emphasizes the use of fresh ingredients in imaginative combinations What could be more simple than a pan'ino? Take some bread and butter, slice it through the middle and fill it. Seen in this way, the sandwich is almost an "anti-cuisine", a nomadic shortcut that allows for speed and little thought. But when Alessandro Frassica thinks about his pan'ino, he considers it in a different way, not as a shortcut, but as an instrument for telling stories, creating layers of tales right there between the bread and its butter. Because even if the sandwich is simple, it is not necessarily so easy to create. Alessandro searches for ingredients, and in the raw foods he finds people: producers of pecorino cheese from Benevento, anchovies from Cetara, 'nduja spicy salami from Calabria. Then he studies the combinations, the consistencies and the temperature, because a pan'ino is not just a random object; savoury must be complemented by sweet; tapenade softens and provides moisture; bread should be warmed but not dried; thus the sandwich becomes a simple way of saying many excellent things, including finding a complexity of flavours that can thrill in just one bite.

**This Is Not America** Alan Friedman 2017-07-11 What has happened to America, and what's become of the American dream? Behind the self-confident image of world's most influential country, we now see a nation tearing itself apart. The United States may be arguably the world's only superpower, but its internal tensions are a symptom of suffering and division, a condition only exacerbated by the election of President Donald Trump. In this searing account, expatriate journalist Alan Friedman returns after thirty years in Europe and examines the real America through the mouths of its citizens. Set against the backdrop of the 2016 presidential election campaign and the

inauguration of President Trump, Friedman tells a vivid story of terrible inequality - from the excesses of Wall Street to the grinding poverty of Mississippi - and explores the issues, from racism and gun control to Obamacare, that have polarised a nation. Drawing on his personal interviews with Trump and with Russia's President Putin, Friedman paints a detailed portrait of the new leader of the free world and explores the real risks of the Trump presidency for America and for the world. Dark and provocative, *This Is Not America* may just be the most important book of the year.

The Ghost of Greenwich Village Lorna Graham 2011-06-28 In this charming fiction debut, a young woman moves to Manhattan in search of romance and excitement—only to find that her apartment is haunted by the ghost of a cantankerous Beat Generation writer in need of a rather huge favor. For Eve Weldon, moving to Greenwich Village is a dream come true. She's following in the bohemian footsteps of her mother, who lived there during the early sixties among a lively community of Beat artists and writers. But when Eve arrives, the only scribe she meets is a grumpy ghost named Donald, and the only writing she manages to do is for chirpy segments on a morning news program, Smell the Coffee. The hypercompetitive network environment is a far cry from the genial camaraderie of her mother's literary scene, and Eve begins to wonder if the world she sought has faded from existence. But as she struggles to balance her new job, demands from Donald to help him complete his life's work, a budding friendship with a legendary fashion designer, and a search for

clues to her mother's past, Eve begins to realize that community comes in many forms—and that the true magic of the Village is very much alive, though it may reveal itself in surprising ways.

**Anointed for Business** Ed Silvoso 2009-09-01 Every Business Is God's Business The notion that labor for profit and worship of God are now, and always have been, worlds apart, is patently false. The Early Church founders were mostly community leaders and highly successful businesspeople. The writing of the Gospels was entrusted to Luke, a medical doctor; Matthew, a retired tax collector; Mark, the manager of a family trust; and John, a food supplier. Lydia was "a dealer in purple cloth." Dorcas was a clothes designer. In this expanded version of the bestselling *Anointed for Business*, Ed Silvoso focuses on the heart of our cities, which is the marketplace. Yet the perceived wall between commercial pursuit and service to God continues to be a barrier to advancing His kingdom. Silvoso shows Christians how to knock down that wall--and participate in an unparalleled marketplace transformation. Only then can we see God's kingdom invade every corner of our world. Readers will appreciate Silvoso's passionate call to men and women in the workplace to rise to their God-appointed positions. The included study guide will enable the reader to put these revolutionary concepts into action.
