Double Dead Chuck Wendig 2011-11-15 In the Zombie apocalypse the last vampire on Earth has a hell of time keeping his food alive... A Vampire In Zombieland Coburn's been dead now for close to a century, but seeing as how he's a vampire and all, it doesn't much bother him. Or at least it didn't, not until he awoke from a forced five-year slumber to discover that most of human civilization was now dead - but not dead like him, oh no. See, Coburn likes blood. The rest of the walking dead, they like flesh. He's smart. Them, not so much. But they outnumber him by about a million to one. And the clotted blood of the walking dead cannot sustain him. Now he's starving. And on the run. And more pissed-off than a beestung rattlesnake. The vampire not only has to find human survivors (with their sweet, sweet blood), but now he has to transition from predator to protector - after all, a man has to look after his food supply.

Crossed: Badlands David Lapham 2010 When civilization crumbles in one terrifying moment; when people are gleefully breaking into unthinkable acts of violence all around you; when everyone you love has died screaming in agony: What do you do? There is no help. There is no hope. There is no escape. There are only the Crossed. This is a horrifically visceral exploration of pure evil committed by depraved, twisted humans

How to Survive the Apocalypse Robert Joustra 2016-05-20

Incisive insights into contemporary pop culture and its apocalyptic bent The world is going to hell. So begins this book, pointing to the prevalence of apocalypse — cataclysmic destruction and nightmarish end-of-the-world scenarios — in contemporary entertainment. In *How to Survive the Apocalypse* Robert Joustra and Alissa Wilkinson examine a number of popular stories — from the Cylons in *Battlestar Galactica* to the purging of innocence in *Game of Thrones* to the hordes of zombies in *The Walking Dead* — and argue that such apocalyptic stories reveal a lot about us here and now, about how we conceive of our life together, including some of our deepest tensions and anxieties. Besides analyzing the dystopian shift in popular culture, Joustra and Wilkinson also suggest how Christians can live faithfully and with integrity in such a cultural context.

Together, they'll figure out whether or not they can make this work. After all, it's just another day in the zombie apocalypse.

Dead Wrong Katarina Vance 2023-09-23 There are far worse things out there than the zombies Skylar I've been pushing myself hard to get over what happened when I was captured by bandits. To do that I have to learn how to survive in this world, to protect myself. Every chance I get I go out scavenging, and I go with the best--Alan. He's an adrenaline junkie, a killing machine who gets off on pitting himself against the worst the apocalypse has to offer. He's also after me, and that scares the hell out of me because I know I'll never be enough for him. He's going to keep going after that rush until one day he doesn't come back. Alan I know all there is to know about surviving, except how to survive without Skylar. From the moment I set eyes on her in Trade Town she's been under my skin, and I haven't found any way to dig her out. She makes me want a future, want more than just the killing and getting past the next challenge. When I'm with her I don't need to go back out there and push myself to the limit just to feel alive. I'd do anything to protect her, but she's determined to prove that she's ready to face anything the apocalypse throws at her. How am I supposed to save her from herself?

The Road Cormac McCarthy 2007-03-20 WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road,

the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

Zombie Highway Resurrected Jeffrey J. Hoy 2017-11-30 The zombie apocalypse had done a horrific number on the world a few years earlier, but somehow the state of Montana had come through better than most places in what had once been America. They had a working electrical grid, were able to manufacture diesel fuel, and had a passable government protected by a mostly green National Guard. Sure, there were still dead heads stumbling about, but not anything like what filled the huge urban areas. Up in GOB (Good Ol Boy) land, the survivors had cobbled together a semblance of what most had lost. Ted, a verbose ex-Gulf War veteran, worked for Zombie Express, the main trucking company that was helping stitch together the widespread groups of survivors. He left most of the driving to his partner, a fortyish black woman who furtively referred to him as the Old White Dude. They had a professional respect for each other of sorts. Having been of roughly retirement age in the world of before, Teds attitude with her was a bit dated, and she did not appreciate all the sexual innuendos. All in all, they did their best to survive the aftermath of the apocalypse . . . and each other.
