

# My Foster Family A Story For Children Entering Foster Care

**Fostered** Tori Hope Petersen 2022-10-18 If you're wondering if God can truly move in the life of someone with all the odds stacked against her, look no further than Tori Hope Petersen. Tori grew up in the foster care system, a bi-racial child in a confusing and volatile world. Growing up with a mentally ill mother and living in twelve different foster homes, nothing was in her favor. And yet, even with a minuscule chance of graduating college and a great risk of being homeless, jobless, and on drugs, Tori overcame every negative stereotype and assumption that attacked her identity. However, Tori will tell you she did not overcome. Christ did. In the face of the storm, Jesus made a way for Tori to find profound hope, deep faith, renewed purpose, and a loving family, too. After so many years of being on one side of foster care as a child, Tori is now on the other side as a foster mom, adoptive mom, and biological mom. On top of that, she became a Track and Field All-American in college and now works with nonprofits, ministries, and beyond advocating for foster care reform, adoption advocacy, and help for vulnerable populations. If you want to hear the true tale of an unlikely overcomer, this book is for you. If you want to learn more about the foster care system from a former foster youth's perspective, this book is for you. If you want to better dwell in the reality of your own spiritual adoption by our Heavenly Father and better understand the orphan and the widow that He loves dearly, this book is for you. Ultimately, if you want to remember who God is, and what He can do through the most unlikely of people, *Fostered* is for you.

**Foster Care** Julia Cook 2017-12-30 In this heartfelt story from the bestselling author of *My Mouth is a Volcano!*, Foster meets new friends and a kind foster mom who help him navigate the fears and feelings associated with going into foster care. Foster has lived with his mom and "sometimes dad" all of his life...until now. And like so many others entering foster care, he has more questions than answers and so many new feelings to deal with. "I don't know what's going to happen to me. Will I end up being like Zeke? Will I have a new forever mom? Can I visit my mom once a week?" I have so much going on inside me right now. I feel angry, guilty, scared, hurt, and sad. But maybe the others are right. Maybe being here isn't so bad." Written in an honest, approachable way, *Foster Care* will encourage children entering or already in foster care and help them understand they are not alone. Foster, Daisy, Zeke, Simpson, and Rex all have different circumstances which brought them to foster care. Together they talk through their stories and realize this is right where they need to be for now; under the caring watch of foster mom, Miss Beulah.

*Zachary's New Home* Geraldine Molettiere Blomquist 1990-01-01 This story for adopted and foster children describes the adventures of Zachary the kitten, who is taken from his mother's house when his mother is unable to take care of him. The book follows Zachary as he first goes into foster care and then is adopted by a family of geese. Zachary experiences the expected and true-to-life feelings of shame, anger, rebelliousness, and hurt, and his adoptive parents struggle with their own feelings during Zachary's tougher times, until Zachary finally finds a place he can call home. The poignant story is brought to life by Margo Lemieux's detailed, evocative drawings.

*Through the Eyes of a Foster Child* Daryl Brougham 2015 In 1990, at the age of ten, Daryl Brougham was told by a social worker that he was useless and would end up in jail. By 1997, he had attended 27 schools, been through over 30 social workers and lived in more than 30 different foster homes. During his 18 years as a state ward he suffered repeated sexual, physical, emotional and psychological abuse. Imagine coming home to be told you are moving somewhere new in half an hour. Imagine being forced to eat a spider. Imagine drinking from the toilet bowl because you're too scared to

go near the kitchen. Imagine what you would become after all those years of living in fear and loneliness.

Willow Chance is a twelve-year-old genius, obsessed with nature and diagnosing medical conditions, who finds it comforting to count by 7s. This extraordinarily odd, but extraordinarily endearing, girl manages to push through her grief. Her journey to find a fascinatingly diverse and fully believable surrogate family is a joy and a revelation to read. \* "Willow's story is one of renewal, and her journey of rebuilding the ties that unite people as a family will stay in readers' hearts long after the last page."—School Library Journal starred review \* "A graceful, meaningful tale featuring a cast of charming, well-rounded characters who learn sweet—but never cloying—lessons about resourcefulness, community, and true resilience in the face of loss."—Booklist starred review \* "What sets this novel apart from the average orphan-finds-a-home book is its lack of sentimentality, its truly multicultural cast (Willow describes herself as a "person of color"; Mai and Quang-ha are of mixed Vietnamese, African American, and Mexican ancestry), and its tone. . . . Poignant."—The Horn Book starred review "In achingly beautiful prose, Holly Goldberg Sloan has written a delightful tale of transformation that's a celebration of life in all its wondrous, hilarious and confounding glory. *Counting by 7s* is a triumph."—Maria Semple, author of *Where'd You Go, Bernadette*

**My Full Life Circle, Squared** Richard Oden 2017-01-10 This is a very unique story. I grew up in the foster care system in the state of Alabama until being adopted at age twelve. Eighteen years later my life came full circle as my wife and I officially became foster parents to three beautiful children. While they were in our care, I got deployed to Afghanistan with the air force, and my wife had our firstborn biological child while I was overseas! On January 29, 2016, twenty-two years after I got adopted out of foster care, my life came full circle again as my wife and I adopted those three children out of foster care! While deployed, I wrote most of my book, My Full Life Circle Squared, which came out on Veterans Day, November 11, which was also National Adoption Month. It is a foster care/adoption story, but it is also a military story as well. Some of the real and significant sacrifices of our military members do, indeed, endure. This is a very inspirational story blessed by God! I have many life experiences that so many people can relate to. I talk about sleeping in the back of cars, not having my father in my life, getting married to my middle-school sweetheart, us having three miscarriages, being in foster care, getting adopted, being a foster parent, being an adoptive parent, money, and much more! I hope my story paints

the picture of the providence of God and his will in my life and how he put me in foster care so that one day I could, indeed, inspire, encourage, motivate, and minister to others! I encourage others to help fatherless children by considering fostering/adoption and encourage our military as well! I will be donating a portion of all proceeds to foster/adoption and military charities!

Written in simple language and fully illustrated in color, this storybook is designed to help children in care, or moving into care, to settle in and answer some of the questions they may have. *A Forever Family* Rob Scheer 2019-05-28 In the tradition of *The Promise of a Pencil and Kisses* from Katie comes an inspirational memoir by the founder of Comfort Cases about his turbulent childhood in the foster care system and the countless obstacles and discrimination he endured in adopting his four children. Rob Scheer never thought that he would be living the life he is now. He's happily married to his partner and love of his life, he's the father of four beautiful children, and he's the founder of an organization that makes life better for thousands of children in the foster care system. But life wasn't always like this. Growing up in an abusive household before his placement in foster care, Rob had all the odds stacked against him. Kicked out of his foster family's home within weeks after turning eighteen—with a year left of high school to go—he had to resort to sleeping in his car and in public bathrooms. He suffered from drug addiction and battled with depression, never knowing when his next meal would be or where he would sleep at night. But by true perseverance, he was able to find his own path and achieve his wildest dreams. "A heartwarming, hopeful memoir brimming with humanitarianism and compassion" (Kirkus Reviews), Rob's story provides a glimpse into what it's like to grow up in the foster care system, and sheds necessary light on the children who are often treated without dignity. Both a timely call to action and a courageous and candid account of life in the foster care system, *A Forever Family* ultimately leaves you with one message: one person can make a difference.

**Stranger Care** Sarah Sentilles 2021-05-04 NEW YORK TIMES EDITORS' CHOICE • "A powerful, heartbreaking, necessary masterpiece."—Cheryl Strayed, #1 New York Times bestselling author of *Wild* The moving story of what one woman learned from fostering a newborn—about injustice, about making mistakes, about how to better love and protect people beyond our immediate kin May you always feel at home. After their decision not to have a biological child, Sarah Sentilles and her husband, Eric, decide to adopt via the foster care system. Despite knowing that the system's goal is the child's reunification with the birth family, Sarah opens their home to a flurry of social workers who question them, evaluate them, and ultimately prepare them to welcome a child into their lives—even if it means most likely having to give the child back. After years of starts and stops, and endless navigation of the complexities and injustices of the foster care system, a phone call finally comes: a three-day-old baby girl named Coco, in immediate need of a foster family. Sarah and Eric bring this newborn stranger home. "You were never ours," Sarah tells Coco, "yet we belong to each other." A love letter to Coco and to the countless children like her, *Stranger Care* chronicles Sarah's discovery of what it means to mother—in this case, not just a vulnerable infant but the birth mother who loves her, too. Ultimately, Coco's story reminds us that we depend on family, and that family can take different forms. With prose that Nick Flynn has called "fearless, stirring, rhythmic," Sentilles lays bare an intimate, powerful story with universal concerns: How can we care for and protect one another? How do we ensure a more hopeful future for life on this planet? And if we're all related—tree, bird, star, person—how might we better live?

To the End of June Cris Beam 2013-08-13 A New York Times Notable Book that “casts a searing eye on the labyrinth that is the American foster care system” (NPR’s On Point). Who are the children of foster care? What, as a country, do we owe them? The result is *To the End of June*, an unforgettable portrait that takes us deep inside the lives of foster children in their search for a stable, loving family. Beam shows us the intricacies of growing up in the system—the back-and-forth with agencies, the rootless shuffling between homes, the emotionally charged tug between foster and birth parents, the terrifying push out of foster care and into adulthood. Humanizing and challenging a broken system, *To the End of June* offers a tribute to resiliency and hope for real change. “A triumph of narrative reporting and storytelling.” —The New York Times “[A] powerful . . . and refreshing read.” —Chicago Tribune “A sharp critique of foster-care policies and a searching exploration of the meaning of family.” —Publishers Weekly (starred review) “Heart-rending and tentatively hopeful.” —Salon

**Second Time Foster Child** Toni Hoy 2012-03-01 “Toni walks us through the experience of having foster children with undiagnosed mental illness . . . moving and heart-wrenching” (Marcia Stein, PHR, CA, author of *Strained Relations*). As an infant, Daniel entered the foster care system as a result of severe neglect, which manifested in violence and aggression later in his childhood after he was adopted by Jim and Toni Hoy. Desperate to get him into a residential treatment center and keep their other children safe, Jim and Toni were given two options by the state of Illinois: either keep him in a psychiatric hospital or be charged by the Department of Children and Family Services with child endangerment for failure to protect their other children. Mental health professionals recommended abandoning Daniel at the hospital after the state denied all viable sources of funding for his treatment. So Daniel re-entered the foster care system for no other reason than he was mentally ill. A year later, Daniel’s mother discovered that his treatment was covered by a funding source that he was awarded as part of his special needs adoption.
