Black Tornado Sandeep Unnithan 2020-04-10 Now a major web series. The 26/11 attacks, as they are now known, is widely regarded as the world's first hybrid terrorist attack. The attackers achieved through this long-drawn siege what Al Qaeda did through the high-visibility mass-casualty attack of 11 September 2001. The response to this attack was the first instance of all three wings of the Indian armed forces coming together to fight terror. The attacks tested the mettle of India's elite counter-terrorist force, the National Security Guard, whose strike element was entirely made up of army personnel; the navy dispatched its marine commandos in the initial hours of the attack; the air force flew the NSG into the city and air-dropped them over Nariman House. Black Tornado, as the operation was called by the NSG, is the story of these men called into action in the desperate hours following the most sensational terrorist attack the country has ever seen.

Based on interviews with eight Indian fighter pilots who helped prepare the escape and the two who escaped, as well as research into other sources, Four Miles is also the moving, sometimes amusing, account of how twelve fighter pilots from different ranks and backgrounds coped with deprivation, forced intimacy, and the pervasive uncertainty of a year in captivity, and how they came together to support Parulkar's courageous escape plan.

Terrorism and War Howard Zinn 2011-01-04 Truth—as Zinn shows us in the interviews that make up *Terrorism and War*—has indeed been the first casualty of war, starting from the beginnings of American empire in the Spanish-American War. But war has many other casualties, he argues, including civil liberties on the home front and human rights abroad. In *Terrorism and War*, Zinn explores the growth of the American empire, as well as the long tradition of resistance in this country to U.S. militarism, from Eugene Debs and the Socialist Party during World War One to the opponents of U.S. military intervention in Afghanistan today.

Terrorism, Risk and the Global City Professor Jon Coaffee 2012-11-28 First published in 2003, this account of the anti-terrorist measures of London's financial district and the changes in urban security after 9/11 has been revised to take into account developments in counter-terrorist security and management, particularly after the terrorist attack in London on July 7th 2005. It makes a valuable addition to the current debate on terrorism and the new security challenges facing Western nations. Drawing on the post-9/11 academic and policy literature on how terrorism is reshaping the contemporary city, this book explores the changing nature of the terrorist threat against global cities in terms of tactics and targeting, and the challenge of developing city-wide managerial measures and strategies. Also addressed is the way in which London is leading the way in developing best practice in counter-terrorist design and management, and how such practice is being internationalized.

The Return of Vaman - A Scientific Novel Jayant V. Narlikar 2015-05-12 This collection of science fiction writings by Jayant V. Narlikar offers readers a unique glimpse into the world-famous Indian astrophysicist's vivid and highly imaginative concepts and stories. The fictional material comprises a witty short story ("The rare idol of Ganesha") that cleverly explores the possible consequences of a mirror-symmetric individual in the context of cricket test match performances, as well as the fast-paced, gripping science fiction thriller "The return of Vaman": when an alien container is unearthed by a crew of scientists, the enormous potential technological applications of its contents bring various criminal elements on the scene - but when the real danger becomes apparent it is almost too late to save humanity. Last but not least, the book provides readers with extensive insights into the genesis and scientific background of the fictional material presented in this volume, along with an autobiographical account of the author's life-long interest in science fiction and his contributions to the genre. Crowfall Shanta Gokhale 2013-08-15 Anima burns her diaries which record the long period of grief and mourning that followed Siddharth's death in the Bombay riots. Bold lines of black on a blank canvas lead Ashesh to start a new painting. Sharada sings her own composition in the noon raag Shuddh Sarang at an evening concert. Crowfall unobtrusively follows an eventful year in the lives of a group of friends—a journalist, a teacher, a musician and three painters—in Mumbai. Like the cycle of seasons, love and violence and heartbreak and joy pursue each other. And it is friendship that provides uncompromising solace amidst the ravaging pressures of life in the big city. Steeped in sensuous detail, Crowfall takes in art and identity, music and communal madness, and the clash of the old and the new to etch a finely nuanced portrait of contemporary Mumbai.

Coaffee 2008-11-14 This book examines the practice of urban resilience past and present, drawing on deeper global historical sources and detailed case-studies of contemporary Britain. The End of Politics? Andreas Schedler 2016-07-27 Since communism collapsed we have witnessed the emergence of numerous political actors - neopopulists, neoliberals, fundamentalists, nationalists, and others - who share one ideological leitmotif: their deep contempt for modern democratic

politics. The book asks an old question: What is politics? And it adds a new one to the agenda of social sciences: What is antipolitics? Some authors trace antipolitical traditions in Western political thought, while others analyze the rhetoric of contemporary antipolitical actors in the US, the former Soviet Union, and South America. The book contains contributions from Charles H. Fairbanks Jr, Barry Hindess, Erwin A. Jaffe, Norbert Lechner, Jose Nun, Louis Pauly, Andreas Schedler, and Gershon Weiler.

Even the King of Gods, Indra, held him in high esteem. Married to seductively beautiful Devayani, in love with her maid Sharmishtha, and father of five sons from two women, yet Yayati unabashedly declares, 'My lust for pleasure is unsatisfied...' His quest for the carnal continued, sparing not even his youngest son, and exchanging his old age for his son's youth... Winner of the Jnanpith and Sahitya Akademi Awards.

Terrorism and the Politics of Response Angharad Closs Stephens 2008-09-30 This inter-disciplinary edited volume critically examines the dynamics of the War on Terror, focusing on the theme of the politics of response. The book explores both how responses to terrorism - by politicians, authorities and the media - legitimise particular forms of sovereign politics, and how terrorism can be understood as a response to global inequalities, colonial and imperial legacies, and the dominant idioms of modern politics. The investigation is made against the backdrop of the 7 July 2005 bombings in London and their aftermath, which have gone largely unexamined in the academic literature to date. The case offers a provocative site for analysing the diverse logics implicated in the broader context of the War on Terror, for examining how terrorist events are framed, and how such framings serve to legitimise particular policies and political practices.

Bugles and a Tiger John Masters 2022-11-03 The first of John Master's evocative memoirs about life in the Gurkhas in India on the cusp of WWII John Masters was a soldier before he became a bestselling novelist. He went to Sandhurst in 1933 at the age of eighteen and was commissioned into the 4th Gurkha Rifles in time to take part in some of the last campaigns on the turbulent north-west frontier of India. John Masters joined a Gurkha regiment on receiving his commission, and his depiction of garrison life and campaigning on the North-West Frontier has never been surpassed. *BUGLES AND A TIGER* is a matchless evocation of the British Army in India on the eve of the Second World War. Still very much the army depicted

by Kipling, it stands on the threshold of a war that will transform the world. This book is the first of three volumes of autobiography that touched a chord in the post-war world.

Policy Transfer And Criminal Justice Jones, Trevor 2006-11-01 Annotation.

The Road Past Mandalay John Masters 2022-11-03 The second part of the bestselling novelist's dramatic autobiography about his time in the Gurkhas during the second world war This is the second part of John Masters' autobiography: how he fought with his Gurkha regiment during World War II until his promotion to command one of the Chindit columns behind enemy lines in Burma. Written by a bestselling novelist at the height of his powers, it is an exceptionally moving story that culminates in him having to personally shoot a number of wounded British soldiers who cannot be evacuated before their position is overrun by the Japanese. It is an uncomfortable reminder that Churchill's obsession with 'special forces' squandered thousands of Allied lives in operations that owed more to public relations than strategic calculation. This military and moral odyssey is one of the greatest of World War II frontline memoirs.

Idli Orchid And Will Power Vithal Kamat 2018-11-20 The story of an entrepreneur who moved from a single, family style restaurant, to create a chain known across India. But his passion for hospitality did not stop there. Vithal Kamat had a dream to make a five star hotel. He went on to make THE ORCHID, a five-star ecotel, which won numerous awards for being the world's best environmentally sensitive hotel. The Orchids multiplied and today stand as icons of hospitality. This is the story of what went into the making of this empire. This is an inspiring story of a man willing to face any odds for his dream, armed with determination, dedication and discipline. There are moments in our lives, where we feel like giving up on our vision and aspirations. This true life story of hotelier Vithal Kamat shows that all it takes to make it, is the belief in your dreams and the conviction to see them through.

The Branded Lakshmaṇa Gāyakavāḍa 1998 The Novel Is An Autobiographical Account Of The Life Of A Stereotyped Underdog But Of A Representative Of A Section Of Society Thriving On Petty Crimes. It Is A Poignant Satire On Social Inequality And A Candid Account Of The Author's Life Account Brought Up In The Uchalya Community. The Novel Has The Freshness Of Rugged Sincerity Written In A Style Untamed By Sophistication And Therefore Has Become Unquestionably Valuable As A Socially Significant Document Besides Being A Powerful Literary Work.

Gujarat, the Making of a Tragedy Siddharth Varadarajan 2002 Is Gujarat a turning point for India? The events at Godhra and the ensuing communal carnage in Gujarat, like the Babri Masjid demolition and the 1984 massacres, constitute an ugly chapter of our contemporary history. For the sheer brutality, persistence and widespread nature of the violence, especially against women and children, the complicity of the State, the ghettoization of communities, and the indifference of civil society, Gujarat has surpassed anything we have experienced in recent times. That this happened in one of India's most 'well off' and 'progressive' states, the home of the Mahatma, is all the more alarming. This book is intended to be a permanent public archive of the tragedy that is Gujarat. Drawing upon eyewitness reports from the English, Hindi and regional media, citizens' and official fact-finding commissions - and articles by leading public figures and intellectuals - it provides a chilling account of how and why the state was allowed to burn. With an overview by the editor, the reader covers the circumstances leading up to Godhra and the violence in Ahmedabad, Baroda and rural Gujarat. Separate sections deal with the role of the police, bureaucracy, Sangh Parivar, media and the tribals, the economic and international implications of the violence, the problems of relief and rehabilitation of the victims, and, above all, their quest for justice. The picture that emerges is deeply disturbing, for Gujarat has exposed the ease with which the rights of citizens, and especially minorities, can be violated with official sanction. The lessons of the violence ought to be heeded and acted upon by the public. For, in the absence of this, can another Gujarat be prevented from happening elsewhere?

The Security Archipelago Paul Amar 2013-07-26 In *The Security Archipelago*, Paul Amar provides an alternative historical and theoretical framing of the refashioning of free-market states and the rise of humanitarian security regimes in the Global South by examining the pivotal, trendsetting cases of Brazil and Egypt. Addressing gaps in the study of neoliberalism and biopolitics, Amar describes how coercive security operations and cultural rescue campaigns confronting waves of resistance have appropriated progressive, antimarket discourses around morality, sexuality, and labor. The products of these struggles—including powerful new police practices, religious politics, sexuality identifications, and gender normativities—have traveled across an archipelago, a metaphorical island chain of what the global security industry calls "hot spots." Homing in on Cairo and Rio de Janeiro, Amar reveals the innovative resistances and unexpected alliances that have coalesced in new polities emerging from the Arab Spring and South America's Pink Tide. These have generated a shared modern governance model that he terms the "human-security state."

Disagreement Jacques Rancière 1999 "Is there any such thing as political philosophy?" So begins this provocative book by one of the foremost figures in Continental thought. Here, Jacques Rancière brings a new and highly useful set of terms to the vexed debate about political effectiveness in the face of a new world order. What precisely is at stake in the relationship between "philosophy" and the adjective "political"? In *Disagreement*, Rancière explores the apparent contradiction between these terms and reveals the uneasy meaning of their union in the phrase "political philosophy" -- a juncture related to age-old attempts in philosophy to answer Plato's devaluing of politics as a "democratic egalitarian" process. According to Rancière, the phrase also expresses the paradox of politics itself: the absence of a proper foundation. Politics, he argues, begins when the "demos" (the "excessive" or unrepresented part of society) seeks to disrupt the order of domination and distribution of goods "naturalized" by police and legal institutions. In addition, the notion of "equality" operates as a game of contestation that constantly substitutes litigation for political action and community. This game, Rancière maintains, operates by a primary logic of "misunderstanding". In turn, political philosophy has always tried to substitute the "politics of truth" for the politics of appearances. *Disagreement* investigates the various transformations of this regime of "truth" and their effects on practical politics. Rancière then distinguishes what we mean by "democracy" from the practices of a consensual system in order to unravel the ramifications of the fashionable phrase "the end of politics". His conclusions will be of interest to readers concerned with political questions from the broadest to the most specific and local.

Breakdown Bill Gertz 2012-03-28 New York Times bestselling author Bill Gertz uses his unparalleled access to America's intelligence system to show how this system completely broke down in the years, months, and days leading up to the deadly terrorist attacks on the World Trade Center and the Pentagon.

War Against the People Jeff Halper 2015-08-23 *War Against the People* focuses on Israel's unique role in international affairs, highlighting how it promotes a global system of militarism and domestic control - a form of "global Palestine." Jeff Halper investigates how Israel exports the weaponry and techniques of occupation. He shows how it uses the West Bank and Gaza as a "laboratory" for the development of these weapons, instruments of population control and models of permanent pacification. These are used not only to armies but internal security agencies and police forces as well. Halper locates Israel's system of pacification within the broader project of global "transcapital pacification." *War Against the People* provides a valuable window into the workings of pacification on a global level and the latest in military and counter-insurgency doctrine, outlining critical aspects of global politics that activists often miss in their struggle for global justice.

Bin Laden, Islam, & America's New War on Terrorism As'Ad AbuKhalil 2011-01-04 Lebanese scholar As'ad AbuKhalil examines the roots of the September 11 crisis, the causes for antipathy toward the United States, and the historical relations between the U.S. and the Islamic world. AbuKhalil also reviews the background of U.S. entanglement with the Middle East, and how it catalyzed militant fundamentalist networks that came

to perceive the United States as an enemy. Beginning with an introduction on the legacy of Western misconceptions about Islam and Arabs, the book focuses on Islamic fundamentalism and U.S. foreign policy, and the way both polarize the world into a "good and evil" "with us or against us" view. Drawing heavily from Arabic language sources, AbuKhalil discusses the rise of Osama bin Laden and al-Qaeda, the Saudi connection, the Arab-Israeli conflict, Afghanistan, Pakistan, and the regional implications of the American "War On Terrorism."
