*Proust's Duchess* Caroline Weber 2019-11-26 From the author of the acclaimed *Queen of Fashion*--a brilliant look at the glittering world of turn-of-the-century Paris through the first in-depth study of the three women Proust used to create his supreme fictional character, the Duchesse de Guermantes. Geneviève Halévy Bizet Straus; Laure de Sade, Comtesse de Adhéaume de Chevigné; and Élisabeth de Riquet de Caraman-Chimay, the Comtesse Greffulhe--these were the three superstars of fin-de-siècle Parisian high society who, as Caroline Weber says, "transformed themselves, and were transformed by those around them, into living legends: paragons of elegance, nobility, and style." All well but unhappily married, these women sought freedom and fulfillment by reinventing themselves, between the 1870s and 1890s, as icons. At their fabled salons, they inspired the creativity of several generations of writers, visual artists, composers, designers, and journalists. Against a rich historical backdrop, Weber takes the reader into these women's daily lives of masked balls, hunts, dinners, court visits, nights at the opera or theater. But we see as well the loneliness, rigid social rules, and loveless, arranged marriages that constricted these women's lives. Proust, as a twenty-year-old law student in 1892, would worship them from afar, and later meet them and create his celebrated composite character for *The Remembrance of Things Past*.

Hit Me, Fred Fred Wesley 2002-09-25 The famous trombonist and arranger from the James Brown band and Parliament-Funkadelic tells his own story.

**Columbine** Dave Cullen 2009-04-06 Ten years in the works, a masterpiece of reportage, this is the definitive account of the Columbine massacre, its aftermath, and its significance, from the acclaimed journalist who followed the story from the outset. "The tragedies keep coming. As we reel from the latest horror . . ." So begins a new epilogue, illustrating how Columbine became the template for nearly two decades of "spectacle murders." It is a false script, seized upon by a generation of new killers. In the wake of Newtown, Aurora, and Virginia Tech, the imperative to understand the crime that sparked this plague grows more urgent every year. What really happened April 20, 1999? The horror left an indelible stamp on the American psyche, but most of what we "know" is wrong. It wasn't about jocks, Goths, or the Trench Coat Mafia. Dave Cullen was one of the first reporters on scene, and spent ten years on this book--widely recognized as the definitive account. With a keen investigative eye and psychological acumen, he draws on mountains of evidence, insight from the world's leading forensic psychologists, and the killers' own words and drawings--several reproduced in a new appendix. Cullen paints raw portraits of two polar opposite killers. They contrast starkly with the flashes of resilience and redemption among the survivors. Expanded with a New Epilogue

An Unkindness of Magicians Kat Howard 2017-09-26 "A remarkable writer." —Neil Gaiman, bestselling author of *American Gods* An Alex Award Winner There is a dark secret that is hiding at the heart of New York City and diminishing the city's magicians' power in this fantasy thriller by acclaimed author Kat Howard. In New York City, magic controls everything. But the power of magic is fading. No one knows what is happening, except for Sydney—a new, rare magician with incredible power that has been unmatched in decades, and she may be the only person who is able to stop the darkness that is weakening the magic. But Sydney doesn't want to help the system, she wants to destroy it. Sydney comes from the House of Shadows, which controls the magic with the help of sacrifices from magicians.

**Hell** Robert Olen Butler 2010-10-12 "A novel that explores the darker side of human nature while making you laugh so hard iced tea almost comes out your nose." —The Tampa Tribune One of American literature's brightest stars and author of the Pulitzer Prize-winning *A Good Scent from a Strange Mountain* reimagines the underworld in an uproarious novel. Its main character, Hatcher McCord, is an evening news presenter who has found himself in Hell and is struggling to explain his bad fortune. He's not the only one to suffer this fate—in fact, he's surrounded by an outrageous cast of characters, including Humphrey Bogart, William Shakespeare, and almost all of the popes and most of the US presidents. The question may be not who is in Hell, but who isn't. McCord is living with Anne Boleyn in the afterlife but their happiness is, of course, constantly derailed by her obsession with Henry VIII (and the removal of her head at rather inopportune moments). One day McCord meets Dante's Beatrice, who believes there is a way out of Hell, and the next morning, during an exclusive on-camera interview with Satan, McCord realizes that Satan's omniscience, which he has always credited for the perfection of Hell's torments, may be a mirage—and Butler is off on a madcap romp about good, evil, free will, and the possibility of escape. Butler's depiction of Hell is original, intelligent, and fiercely comic, a book Dante might have celebrated. "I'll never stop believing it: Robert Olen Butler is the best living American writer, period." —Jeff Guinn, Fort Worth Star-Telegram

**Alas, Babylon** Pat Frank 2013-06-04 "An extraordinary real picture of human beings numbed by catastrophe but still driven by the unconquerable determination of living creatures to keep on being alive." —The New Yorker "Alas, Babylon." Those fateful words heralded the end. When the unthinkable nightmare of nuclear holocaust ravaged the United States, it was instant death for tens of millions of people; for survivors, it was a nightmare of hunger, sickness, and brutality. Overnight, a thousand years of civilization were stripped away. But for one small Florida town, miraculously spared against all the odds, the struggle was only just beginning, as the isolated survivors—men and women of all ages and races—found the courage to come together and confront the harrowing darkness. This classic apocalyptic novel by Pat Frank, first published in 1959 at the height of the Cold War, includes an introduction by award-winning science fiction writer and scientist David Brin.

**The Phantom Tree** Nicola Cornick 2018-09-01 Browsing an antiques shop in Wiltshire, Alison Bannister stumbles across a delicate old portrait—identified as the doomed Tudor queen, Anne Boleyn. Except Alison knows better. The subject is Mary Seymour, the daughter of Katherine Parr, who was taken to Wolf Hall in 1557 and presumed dead after going missing as a child. And Alison knows this because she, too, lived at Wolf Hall and knew Mary...more than four hundred years ago. The painting of Mary is more than just a beautiful object for Alison—it holds the key to her past life, the unlocking of the mystery surrounding Mary's disappearance and how Alison can get back to her own time. To when she and Mary were childhood enemies yet shared a pact that now, finally, must be fulfilled, no matter the cost. Bestselling author of House of Shadows Nicola Cornick offers a provocative alternate history of rivals, secrets and danger, set in a time when a woman's destiny was determined by the politics of men and luck of birth. A spellbinding tale for fans of Kate Morton, Philippa Gregory and Barbara Erskine.

The Feast Margaret Kennedy 1950 A story that would gather the Sins all under the roof of a Cornish seaside hotel managed by the unhappy wife of Sloth ... Among The Feast's entertaining cast of characters are a clergyman, a gaggle of adolescents and children, a quarter of lovers, and a clutch of frustrated husbands and wives - all serving Kennedy's dark and witty moral fable, which bears out the Biblical adage that many are called but only a very few chosen.

**The Death of Expertise** Tom Nichols 2017-02-01 Technology and increasing levels of education have exposed people to more information than ever before. These societal gains, however, have also helped fuel a surge in narcissistic and misguided intellectual egalitarianism that has crippled informed debates on any number of issues. Today, everyone knows everything: with only a quick trip through WebMD or Wikipedia, average citizens believe themselves to be on an equal intellectual footing with doctors and diplomats. All voices, even the most ridiculous, demand to be taken with equal seriousness, and any claim to the contrary is dismissed as undemocratic elitism. Tom Nichols' *The Death of Expertise* shows how this rejection of experts has occurred: the openness of the internet, the emergence of a customer satisfaction model in higher education, and the transformation of the news industry into a 24-hour entertainment machine, among other reasons. Paradoxically, the increasingly democratic dissemination of information, rather than producing an educated public, has instead created an army of ill-informed and angry citizens who denounce intellectual achievement. When ordinary citizens believe that no one knows more than anyone else, democratic institutions themselves are in danger of falling either to populism or to technocracy or, in the worst case, a combination of both. An update to the 2017 breakout hit, the paperback edition of *The Death of Expertise* provides a new foreword to cover the alarming exacerbation of these trends in the aftermath of Donald Trump's election. Judging from events on the ground since it first published, *The Death of Expertise* issues a warning about the stability and survival of modern democracy in the Information Age that is even more important today.

**Who Is Rich?** Matthew Klam 2017-07-04 A provocative satire of love, sex, money, and politics that unfolds over four wild days in so-called “paradise”—the long-awaited first novel from the acclaimed author of *Sam the Cat* “I seriously, deeply love this book.”—Michael Cunningham NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES AND THE WASHINGTON POST Every summer, a once-sort-of-famous cartoonist named Rich Fischer leaves his wife and two kids behind to teach a class at a weeklong arts conference in a charming New England beachside town. It’s a place where, every year, students—nature poets and driftwood sculptors, widowed seniors, teenagers away from home for the first time—show up to study with an esteemed faculty made up of prizewinning playwrights, actors, and historians; drunkards and perverts; members of the cultural elite; unknown nobodies, midlist somebodies, and legitimate stars—a place where drum circles happen on the beach at midnight, clothing optional. Once more, Rich finds himself, in this seaside paradise, worrying about his family’s nights without him and trying not to think about his book, now out of print, or his future as an illustrator at a glossy magazine about to go under, or his back taxes, or the shameless shenanigans of his colleagues at this summer make-out festival. He can’t decide whether his own very real desire for love and human contact is going to rescue or destroy him. A warped and exhilarating tale of love and lust, *Who Is Rich?* goes far beyond to address deeper questions: of family, monogamy, the intoxicating beauty of children, and the challenging interdependence of two soulful, sensitive creatures in a confusing domestic alliance. LONGLISTED FOR THE CENTER FOR FICTION FIRST NOVEL PRIZE “Funny, maddening . . . defiantly original . . . [Matthew] Klam’s prose is so clean, so self-assured, that it feels a little like a miracle.”—The New York Times “A dazzling meditation on monogamy [and] parenthood . . . full of sound and fury and signifying pretty much everything.”—The Boston Globe “Comic, wondrous, and sad.”—The New Yorker “Almost scarily astute.”—People “An electric amalgam of frustration and tenderness, wonder and rebellion: a paean to the obliterating power of parental love.”—Jennifer Egan “A contemporary masterpiece.”—Salon

*Northanger Abbey* Val McDermid 2014 A modern retelling of Jane Austen's classic novel finds bookish minister's daughter Cat Morland joining her well-to-do friends in Edinburgh and falling for an up-and-coming lawyer who may harbor unsettling secrets.

**A Crime So Monstrous** E. Benjamin Skinner 2008-03-11 To be a moral witness is perhaps the highest calling of journalism, and in this unforgettable, highly readable account of contemporary slavery, author Benjamin Skinner travels around the globe to personally tell stories that need to be told -- and heard. As Samantha Power and Philip Gourevitch did for genocide, Skinner has now done for modern-day slavery. With years of reporting in such places as Haiti, Sudan, India, Eastern Europe, The Netherlands, and, yes, even suburban America, he has produced a vivid testament and moving reportage on one of the great evils of our time. There are more slaves in the world today than at any time in history. After spending four years visiting a dozen countries where slavery flourishes, Skinner tells the story, in gripping narrative style, of individuals who live in slavery, those who have escaped from bondage, those who own or traffic in slaves, and the mixed political motives of those who seek to combat the crime. Skinner infiltrates trafficking networks and slave sales on five continents, exposing a modern flesh trade never before portrayed in such proximity. From mega-harems in Dubai to illicit brothels in Bucharest, from slave quarries in India to child markets in Haiti, he explores the underside of a world we scarcely recognize as our own and lays bare a parallel universe where human beings are bought, sold, used, and discarded. He travels from the White House to war zones and immerses us in the political and flesh-and-blood battles on the front lines of the unheralded new abolitionist movement. At the heart of the story are the slaves themselves. Their stories are heartbreaking but, in the midst of tragedy, readers discover a quiet dignity that leads some slaves to resist and aspire to freedom. Despite being abandoned by the international community, despite suffering a crime so monstrous as to strip their awareness of their own humanity, somehow, some enslaved men regain their dignity, some enslaved women learn to trust men, and some enslaved children manage to be kids. Skinner bears witness for them, and for the millions who are held in the shadows. In so doing, he has written one of the most morally courageous books of our time, one that will long linger in the conscience of all who encounter it, and one that -- just perhaps -- may move the world to constructive action.

**The Secret World** Christopher Andrew 2018-09-04 "A comprehensive exploration of spying in its myriad forms from the Bible to the present day . . . Easy to dip into, and surprisingly funny." —Ben Macintyre in *The New York Times Book Review* The history of espionage is far older than any of today's intelligence agencies, yet largely forgotten. The codebreakers at Bletchley Park, the most successful WWII intelligence agency, were completely unaware that their predecessors had broken the codes of Napoleon during the Napoleonic wars and those of Spain before the Spanish Armada. Those who do not understand past mistakes are likely to repeat them. Intelligence is a prime example. At the outbreak of WWI, the grasp of intelligence shown by US President Woodrow Wilson and British Prime Minister Herbert Asquith was not in the same class as that of George Washington during the Revolutionary War and eighteenth-century British statesmen. In the first global history of espionage ever written, distinguished historian and *New York Times*-bestselling author Christopher Andrew recovers much of the lost intelligence history of the past three millennia—and shows us its continuing relevance. "Accurate, comprehensive, digestible and startling . . . a stellar achievement." —Edward Lucas, *The Times* "For anyone with a taste for wide-ranging and shrewdly gossipy history—or, for that matter, for anyone with a taste for spy stories—Andrew's is one of the most entertaining books of the past few years." —Adam Gopnik, *The New Yorker* "Remarkable for its scope and delightful for its unpredictable comparisons . . . there are important lessons for spymasters everywhere in this breathtaking and brilliant book." —Richard J. Aldrich, *Times Literary Supplement* "Fans of Fleming and Furst will delight in this skillfully related true-fact side of the story." —Kirkus Reviews "A crowning triumph of one of the most adventurous scholars of the security world." —Financial Times Includes illustrations

**How to Grow a Novel** Sol Stein 2014-02-11 Each year thousands of fiction writers, from beginners to bestselling author, benefit from Sol Stein's sold-out workshops, featured appearances at writers' conferences, software for writers, on-line columns, and his popular first book for writers, *Stein on Writing*. Stein practices what he teaches: He is the author of nine novels, including the million-copy bestseller *The Magician*, as well as editor of such major writers as James Baldwin, Jack Higgins, Elia Kazan, Budd Schulberg, W. H. Auden, and Jacques Barzun, and the teacher and editor of several current bestselling authors. What sets Stein apart is his practical approach. He provides specific techniques that speed writers to successful publication. *How to Grow a Novel* is not just a book, but an invaluable workshop in print. It includes details and examples from Stein's editorial work with a #1 bestselling novelist as well as talented newcomers. Stein takes the reader backstage in the development of memorable characters and fascinating plots. The chapter on dialogue overflows with solutions for short-story writers, novelists, screenwriters, and playwrights. Stein shows what readers are looking for-- and what they avoid-- in the experience of reading fiction. The book offers guidelines-- and warnings-- of special value for nonfiction writers who want to move into fiction. Stein points to the little, often overlooked things that damage the writer's authority without the writer knowing it. And this book, like no other writing book, takes the reader behind the scenes of the publishing business as it affects writers of every level of experience, revealing the hard truths that are kept behind shut doors.

**Rebel of the Sands** Alwyn Hamilton 2016-03-08 The *New York Times* bestselling novel by the Goodreads Choice Awards Best Debut Author of 2016, published in 15 countries! Mortals rule the desert nation of Miraji, but mythical beasts still roam the wild and remote areas, and rumor has it that somewhere, djinn still perform their magic. For humans, it's an unforgiving place, especially if you're poor, orphaned, or female. Amani Al'Hiza is all three. She's a gifted gunslinger with perfect aim, but she can't shoot her way out of Dustwalk, the back-country town where she's destined to wind up wed or dead. Then she meets Jin, a rakish foreigner, in a shooting contest, and sees him as the perfect escape route. But though she's spent years dreaming of leaving Dustwalk, she never imagined she'd gallop away on mythical horse—or that it would take a foreign fugitive to show her the heart of the desert she thought she knew. This startlingly original Middle-East-meets-Wild-West fantasy reveals what happens when a dream deferred explodes—in the fires of rebellion, of romantic passion, and the all-consuming inferno of a girl finally embracing her power.
