**Mythologies of Transhumanism** Michael Hauskeller 2016-11-09 This book examines the dependence of transhumanist arguments on the credibility of the narratives of meaning in which they are embedded. By taking the key ideas from transhumanist philosophy – the desirability of human self-design and immortality, the elimination of all suffering and the expansion of human autonomy – Michael Hauskeller explores these narratives and the understanding of human nature that informs them. Particular attention is paid to the theory of transhumanism as a form of utopia, stories of human nature, the increasing integration of the radical human enhancement project into the cultural mainstream, and the drive to upgrade from flesh to machine.

**The Naked Octopus** Gabriel Rosenstock 2013-09 This is a user-friendly and practical guide for UK practitioners and those managing UK firms on the day-to-day legal issues that arise in the specialist field of partnerships and LLPs. The book is written by three authors: a leading partnership and LLP barrister with many years of litigation experience, a solicitor with specialist expertise in partnership and LLP structures and agreements, and a respected academic in the field. It provides clear and practical guidance on the main issues that arise time and again in UK partnerships and LLPs. While there are many important differences between traditional partnerships and LLPs, the practical issues that they face are often similar, and the book therefore tackle both areas. The focus is mainly on those areas that regularly cause difficulty in firms (be they traditional partnership or LLP). Subjects covered include: the legal nature and characteristics of partnerships and LLPs \* factors influencing choice of legal entity \* the essential elements of partnership and members' agreements \* management structures including management boards and partnership councils \* conduct of meetings \* partnership/LLP property and profits and losses \* accounts, taxation, and audit \* partner and member retirements and expulsions \* duties of partners and members \* Equality Act implications \* suspension and garden leave \* personal liability issues \* dissolution and winding-up \* goodwill \* disputes: mediation, arbitration, and court proceedings \* mergers, acquisitions, and conversions.

**Where the Devil Don't Stay** Stephen Deusner 2021-09-07 In 1996, Patterson Hood recruited friends and fellow musicians in Athens, Georgia, to form his dream band: a group with no set lineup that specialized in rowdy rock and roll. The Drive-By Truckers, as they named themselves, grew into one of the best and most consequential rock bands of the twenty-first century, a great live act whose songs deliver the truth and nuance rarely bestowed on Southerners, so often reduced to stereotypes. *Where the Devil Don't Stay* tells the band's unlikely story not chronologically but geographically. Seeing the Truckers' albums as roadmaps through a landscape that is half-real, half-imagined, their fellow Southerner Stephen Deusner travels to the places the band's members have lived in and written about. Tracking the band from Muscle Shoals, Alabama, to Richmond, Virginia, to the author's hometown in McNairy County, Tennessee, Deusner explores the Truckers' complex relationship to the South and the issues of class, race, history, and religion that run through their music. Drawing on new interviews with past and present band members, including Jason Isbell, *Where the Devil Don't Stay* is more than the story of a great American band; it's a reflection on the power of music and how it can frame and shape a larger culture.

Luminarium Alex Shakar 2011-08-23 This Los Angeles Times Book Prize-winning novel is a "dizzily smart and provocative" look at technology, spirituality, and the search for meaning (Dave Eggers). A Washington Post Notable Book of the Year Named a Best Book of the Year by Publishers Weekly, Booklist, Austin Chronicle, and Kansas City Star Twin brothers Fred and George Brounian were once co-CEOs of a New York City software company devoted to the creation of utopian virtual worlds. Now, as two wars rage and the fifth anniversary of 9/11 approaches, George is in a coma; control of the company has been wrenched away by a military contracting conglomerate; and Fred has moved back in with his parents. Broke and alone, Fred is led by an attractive woman into a neurological study promising to give him "peak" experiences and a newfound spiritual outlook on life. But as the study progresses, reality becomes increasingly porous—and he finds himself caught up in what seems at first a cruel prank: a series of bizarre emails and texts that purport to be from his comatose brother. Moving between the research hospitals of Manhattan, the streets of a meticulously planned Florida city, the neighborhoods of Brooklyn, and the uncanny, immersive worlds of urban disaster simulation; threading through military listserv geek-speak, Hindu cosmology, outmoded self-help books and the latest neuroscientific breakthroughs, Luminarium is a brilliant examination of the way we live now, a novel as much about the role technology and spirituality play in shaping our reality as about the undying bond between brothers, and the redemptive possibilities of love.

**Exodus and Daniel** Francis Adelbert Blackburn 1907

**The Faith of Our Fathers** James Gibbons 2018-10-08 Perhaps this is the first time in your life that you have handled a book in which the doctrines of the Catholic Church are expounded by one of her own sons. You have, no doubt, heard and read many things regarding our Church; but has not your information come from teachers justly liable to suspicion? You asked for bread, and they gave you a stone. You asked for fish, and they reached you a serpent. Instead of the bread of truth, they extended to you the serpent of falsehood. Hence, without intending to be unjust, is not your mind biased against us because you listened to false witnesses? This, at least, is the case with thousands of my countrymen whom I have met in the brief course of my missionary career. The Catholic Church is persistently misrepresented by the most powerful vehicles of information.

**Protestant Women Novelists and Irish Society 1879-1922** Lisbet Kickham 2004 Reviews a great number of novels by Anglo-Irish women novelists that - with few exceptions - have attracted little attention from contemporary and modern literary critics. The main focus is on the literature and its society. The disposition of this study reflects the areas of contention experienced by the Anglo-Irish of the period. Chapter 1, Land and Politics, deals with the Anglo-Irish landlords and their families. Chapter 2 is devoted to different aspects of religion. Chapter 3, Race, discusses the Celt and his presumed characteristics. The 'other' race, the English, will get some attention, as will the Protestant Anglo-Irish themselves. Chapter 4 focuses on this new ruling class, 'the new Irish'. A brief conclusion follows.

*Forthcoming Books* Rose Army 1987

*The Civil War in Hampshire (1642-45)* George Nelson Godwin 1904

*Hollywood's West* Peter C. Rollins 2005-11-11 American historians such as Frederick Jackson Turner have argued that the West has been the region that most clearly defines American democracy and the national ethos. Throughout the twentieth century, the "frontier thesis" influenced film and television producers who used the West as a backdrop for an array of dramatic explorations of America's history and the evolution of its culture and values. The common themes found in Westerns distinguish the genre as a quintessentially American form of dramatic art. In *Hollywood's West*, Peter C. Rollins, John E. O'Connor, and the nation's leading film scholars analyze popular conceptions of the frontier as a fundamental element of American history and culture. This volume examines classic Western films and programs that span nearly a century, from *Cimarron* (1931) to Turner Network Television's recent made-for-TV movies. Many of the films discussed here are considered among the greatest cinematic landmarks of all time. The essays highlight the ways in which Westerns have both shaped and reflected the dominant social and political concerns of their respective eras. While *Cimarron* challenged audiences with an innovative, complex narrative, other Westerns of the early sound era such as *The Great Meadow* (1931) frequently presented nostalgic visions of a simpler frontier era as a temporary diversion from the hardships of the Great Depression. Westerns of the 1950s reveal the profound uncertainty cast by the cold war, whereas later Westerns display heightened violence and cynicism, products of a society marred by wars, assassinations, riots, and political scandals. The volume concludes with a comprehensive filmography and an informative bibliography of scholarly writings on the Western genre. This collection will prove useful to film scholars, historians, and both devoted and casual fans of the Western genre. *Hollywood's West* makes a significant contribution to the understanding of both the historic American frontier and its innumerable popular representations.

**Breaking the Mirror of Heaven** Robert Bauval 2012-07-26 Exposes the many cycles of monument destruction and cultural suppression in Egypt from antiquity to the present day • Details the vandalism of Egyptian antiquities and suppression of ancient knowledge under foreign rulers who sought to cleanse Egypt of its "pagan" past • Reveals the real reason behind Napoleon's invasion of Egypt: Freemasonry • Shows how the censorship of nonofficial Egyptology as well as new archaeological discoveries continued under Antiquities Minister Zahi Hawass Called the "Mirror of Heaven" by Hermes-Thoth and regarded as the birthplace of civilization, science, religion, and magic, Egypt has ignited the imagination of all who come in contact with it since ancient times--from Pythagoras and Plato to Alexander the Great and Napoleon to modern Egyptologists the world over. Yet, despite this preeminence in the collective mind, Egypt has suffered considerable destruction over the centuries. Even before the burning of the Great Library at Alexandria, the land of the pharaohs was pillaged by its own people. With the arrival of foreign rulers, both Arabic and European, the destruction and thievery continued along with suppression of ancient knowledge as some rulers sought to cleanse Egypt of its "pagan" past. Exploring the many cycles of destruction and suppression in Egypt as well as moments of salvation, such as the first registered excavations by

Auguste Mariette, Robert Bauval and Ahmed Osman investigate the many conquerors of Egypt through the millennia as well as what has happened to famous artifacts such as the Rosetta Stone. They show how Napoleon, through his invasion, wanted to revive ancient Egyptian wisdom and art because of its many connections to Freemasonry. They reveal how the degradation of monuments, theft of relics, and censorship of ancient teachings continue to this day. Exposing recent cover-ups during the tenure of Antiquities Minister Zahi Hawass, they explain how new discoveries at Giza were closed to further research. Clearing cultural and historical distortions, the authors reveal the long-hidden and persecuted voice of ancient Egypt and call for the return of Egypt to its rightful place as “the Mother of Nations” and “the Mirror of Heaven.”
