The Poet and the King Marc Fumaroli 2002 *The Poet and the King*, described by the New York Review of Books as "the finest and most perceptive of all the innumerable accounts of La Fontaine," is being offered for the first time in an English translation. La Fontaine, whose works are still memorized by French schoolchildren, is regarded by Fumaroli, and countless others, as the greatest French lyric poet of the seventeenth century. La Fontaine is best known, however, for his fables and Contes. Marc Fumaroli's grand study is almost as much about Louis XIV as it is about La Fontaine. He provides a detailed analysis of the absolutist politics and attempts by the king and his ministers to enforce an official cultural style. Fumaroli's work is a meditation on the plight of the artist under such a ruler during the imposition of a tyrannical, centralized political regime. Of particular interest to Fumaroli is Nicolas Fouquet, whose fall from power is the central event of the book. Fouquet, La Fontaine's patron, was arrested and imprisoned by order of Louis XIV on false charges of embezzlement and treason. For La Fontaine, the arrest was a disaster. Fouquet had generously supported and protected La Fontaine, who remained loyal to him for decades, helping in his defense and writing pleas for pardon. Many of Fouquet's associates were arrested. Others, including La Fontaine, prudently left town. During the reign of Louis XIV,

the basic role of literature in the eyes of the court was that of an official propaganda machine. The royal cultural policy supported only tragedy and the heroic ode, and demanded works that praised the king. In the years that followed Foucquet's arrest, La Fontaine had to rely on support from groups unconnected with the government, including Jansenists, Protestants, and the libertine, homosexual circle of the Duc de Vendôme. Fumaroli reads history with an eye on the modern world. His La Fontaine and his Foucquet, his world of free culture in opposition to state power, are models for the liberal vision of the possible role of culture in modern society. The Poet and the King offers not only a captivating history of one of France's greatest poets, but also carries the message that great literature and art can be created in spite of repressive cultural and political regimes.

The Book of the It Georg Groddeck 2015-10-05 Georg Walther Groddeck was born in Germany in 1866. Although he spent his early years as a writer—he produced a novel, poetry, and a volume of art criticism—he became a doctor in middle life and, from that point on, thought of himself as healer rather than artist. He spent the remainder of his life as director of a clinic at Baden-Baden, and continued to write, but his plan for reviewing every aspect of knowledge in terms of the hypothesis presented in *The Book of the It* was cut short by his death in 1934. His other books, *The World of Man*, *The Unknown Self*, and *Exploring the Unconscious*, are collections of Groddeck's writings on science, cosmology, and art.

Early Cinema and the "National" Richard Abel 2008-12-17 Essays on "how motion pictures in the first two decades of the 20th century constructed 'communities of nationality' . . .

recommended.” —Choice While many studies have been written on national cinemas, *Early Cinema and the “National”* is the first anthology to focus on the concept of national film culture from a wide methodological spectrum of interests, including not only visual and narrative forms, but also international geopolitics, exhibition and marketing practices, and pressing linkages to national imageries. The essays in this richly illustrated landmark anthology are devoted to reconsidering the nation as a framing category for writing cinema history. Many of the 34 contributors show that concepts of a national identity played a role in establishing the parameters of cinema’s early development, from technological change to discourses of stardom, from emerging genres to intertiting practices. Yet, as others attest, national meanings could often become knotty in other contexts, when concepts of nationhood were contested in relation to colonial/imperial histories and regional configurations. *Early Cinema and the “National”* takes stock of a formative moment in cinema history, tracing the beginnings of the process whereby nations learned to imagine themselves through moving images.

The Body in Contemporary Art Sally O'Reilly 2009 Organized thematically, the book focuses on subjects such as nature and technology, the grotesque, identity politics, and the place of the individual in society. Featuring work by artists such as Matthew Barney, Marlene Dumas, Olafur Eliasson, Oleg Kulik, and Ernesto Neto, it shows how the body continues to be pivotal to the understanding and expression of our place in the universe.

Nobiltà Di Dame Fabritio Caroso 1986 Fabritio Caroso was dancing master to some of the greatest princely families of Italy, and *Nobiltà di dame*, his sumptuous collection of ballroom dances and their music, reflects an age that believed that the person of

high rank should be a work of art, uniting strength and beauty. Caroso's detailed instructions (including rules for steps, style and etiquette, and forty-eight actual choreographies) are unequalled by any contemporary manual in their specificity and clarity. Most dances are preceded by an engraving showing the opening position and illustrating many aspects of dress, posture, and gesture. A full scholarly apparatus, giving new information unavailable elsewhere, makes the book even more valuable to dancers and to students of dance and music at the junction of the Renaissance and Baroque eras.

De Pratica Seu Arte Tripudii Guglielmo (Ebreo da Pesaro) 1995 A critical edition with facing-page translation, of Guglielmo Ebreo's treatise of 1463. It also contains dance tunes in facsimile and in annotated transcriptions based on the choreographies.

The Story of the Year Hans Christian Andersen 2020-11-18 The new year had begun and January was already nearing its end, but it was still very cold. The sparrows found it strange, that the men had declared that it was the new year, as everyone knows that the year only begins with the coming of spring. However, spring was late and a few intrepid sparrows decided to go looking for it. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

Eye of the Century Francesco Casetti 2008-05-14 Is it true that

film in the twentieth century experimented with vision more than any other art form? And what visions did it privilege? In this brilliant book, acclaimed film scholar Francesco Casetti situates the cinematic experience within discourses of twentieth-century modernity. He suggests that film defined a unique gaze, not only because it recorded many of the century's most important events, but also because it determined the manner in which they were received. Casetti begins by examining film's nature as a medium in an age obsessed with immediacy, nearness, and accessibility. He considers the myths and rituals cinema constructed on the screen and in the theater and how they provided new images and behaviors that responded to emerging concerns, ideas, and social orders. Film also succeeded in negotiating the different needs of modernity, comparing and uniting conflicting stimuli, providing answers in a world torn apart by conflict, and satisfying a desire for everydayness, as well as lightness, in people's lives. The ability to communicate, the power to inform, and the capacity to negotiate—these are the three factors that defined film's function and outlook and made the medium a relevant and vital art form of its time. So what kind of gaze did film create? Film cultivated a personal gaze, intimately tied to the emergence of point of view, but also able to restore the immediacy of the real; a complex gaze, in which reality and imagination were combined; a piercing gaze, achieved by machine, and yet deeply anthropomorphic; an excited gaze, rich in perceptive stimuli, but also attentive to the spectator's orientation; and an immersive gaze, which gave the impression of being inside the seen world while also maintaining a sense of distance. Each of these gazes combined two different qualities and balanced them. The result was an ever inventive synthesis that strived to bring about true compromises without ever sacrificing the complexity of contradiction. As Casetti demonstrates, film proposed a vision that, in making opposites permeable, modeled itself on an oxymoronic principle. In this sense, film is the key to reading and understanding the modern

experience.

Dance History Janet Adshead-Lansdale 2006-05-18 Originally published in 1983 the first edition rapidly established itself as a core student text. Now fully revised and up-dated it remains the only book to address the rationale, process, techniques and methodologies specific to the study of dance history. For the main body of the text which covers historical studies of dance in its traditional and performance contexts, the editors have brought together a team of internationally known dance historians. Roger Copeland and Deborah Jowitt each take a controversial look at the modern American dance. Kenneth Archer and Millicent Hodson explain the processes they use when reconstructing 'lost' ballets, and Theresa Buckland and Georgina Gore write on traditional dance in England and West Africa respectively. With other contributions on social dance, ballet, early European modern dance and feminist perspectives on dance history this book offers a multitude of starting points for studying dance history as well as presenting examples of dance writing at its very best. Dance History will be an essential purchase for all students of dance.

Poésies Complètes (French Edition) Arthur Rimbaud 2011-09-30

The Political Theatre Erwin Piscator 1980 'The Political Theatre' is among the most important documents of the modern stage. It tells of the foundation and flowering in Weimar Germany of a new form of theatre - epic theatre - designed to bring on to the stage the real political issues of the time, and to do so with all the aids that modern technology could supply.

Illuminations Arthur Rimbaud 2013 This uncompleted suite of poems by French poet Arthur Rimbaud was first published serially in the Paris literary review magazine "La Vogue." The magazine published part of "Illuminations" from May to June

1886. Paul Verlaine, Rimbaud's lover, suggested the publication of these poems, written between 1873 and 1875, in book form. All forty-two of the poems generally considered as part of "Illuminations" are collected together here in this edition. Of these forty-two poems almost all are in a prose poem format, the two exceptions are "Seapiece" and "Motion," which are vers libre. There is no universally defined order to the poems in "Illuminations," while many scholars believe the order of the poems to be irrelevant, this edition begins traditionally with "Après Le Deluge" or "After the Flood." Albert Camus hailed Rimbaud as "the poet of revolt, and the greatest." The worth of this praise for Rimbaud can be seen in "Illuminations," one of the most exemplary works of his poetic talent.

The Guerrilla Girls' Bedside Companion to the History of Western Art Guerrilla Girls 1998-02-01 "[A] tart, funny, lurid little bomb of a book. It's all p.c., of course, but not at all predictable, and a lot of righteous information gets dispersed in record time." -- BUST Magazine We were Guerillas before we were Gorillas. From the beginning, the press wanted publicity photos. We needed a disguise. No one remembers, for sure, how we got our fur, but one story is that at an early meeting, an original Girl, a bad speller, wrote 'Gorilla' instead of 'Guerilla.' It was an enlightening mistake. It gave us our mask-ularity. Ever wonder about the abundance of naked male statues in the Classical section of your favorite museum? Did you know medieval convents were hotbeds of female artistic expression? And how did those "bad boy" artists of the twentieth century make it even harder for a girl to get a break? Thanks to the Guerrilla Girls, those masked feminists whose mission it is to break the white male stronghold over the art world, art history--as we know it--is history. Taking you back through the ages, the Guerrilla Girls demonstrate how males (particularly white males) have dominated the art scene, and discouraged, belittled, or obscured women's involvement. Their skeptical and hilarious interpretations of "popular" theory are

augmented by the newest research and the expertise of prominent feminist art historians. "Believe-it-or-not" quotations from some of the "experts" are sprinkled throughout, as are the Guerrilla Girls' signature masterpieces: reproductions of famous art works, slightly "altered" for historic accuracy and vindication. This colorful reinterpretation of classic and modern art, as outrageous as it is visually arresting, is a much-needed corrective to traditional art history, and an unabashed celebration of female artists.

Rethinking Dance History Alexandra Carter 2013-10-18 By taking a fresh approach to the study of history in general, Alexandra Carter's *Rethinking Dance History* offers new perspectives on important periods in dance history and seeks to address some of the gaps and silences left within that history. Encompassing ballet, South Asian, modern dance forms and much more, this book provides exciting new research on topics as diverse as: *the Victorian music hall *film musicals and popular music videos *the impact of Neoclassical fashion on ballet *women's influence on early modern dance *methods of dance reconstruction. Featuring work by some of the major voices in dance writing and discourse, this unique anthology will prove invaluable for both scholars and practitioners, and a source of interest for anyone who is fascinated by dance's rich and multi-layered history.

The Bourbons of Naples, 1734-1825 Harold Acton 2009-02 Naples is one of Europe's most fascinating cities and the ruling dynasty which left its mark more than any other was that of the Bourbons, who arrived in 1734 and were only displaced by the Unification of Italy in 1870. Before that time Naples was the largest of the Italian kingdoms and, with Pompeii and Vesuvius as its main attractions, it drew hundreds of aristocratic travellers and visitors in the 18th century. The city also attracted the armies of revolutionary France and the royal family escaped to Sicily thanks to Admiral Nelson. The Bourbons of Naples was welcomed as a masterpiece at the time of first publication in 1956, and was chosen by Sir Osbert Sitwell as his book of the year. Sir Harold Acton (1904-1994) - famous aesthete and historian - brings 18th-century Naples vividly to life, with unforgettable characters such as Lady Hamilton and Nelson, royal eccentrics and plenty of court intrigue. 'An elaborate comedy of manners played out over 700 pages.' The Times

[Mapping the Moving Image](#) Pasi Väliäho 2010 In *Mapping the*

Moving Image, Pasi Valiaho offers a compelling study of how the medium of film came to shape our experience and thinking of the world and ourselves. By locating the moving image in new ways of seeing and saying as manifest in the arts, science and philosophy at the turn of the twentieth century, the book redefines the cinema as one of the most important anthropological processes of modernity. Moving beyond the typical understanding of cinema based on optical and linguistic models, Mapping the Moving Image takes the notion of rhythm as its cue in conceptualizing the medium's morphogenetic potentialities to generate affectivity, behaviour, and logics of sense. It provides a clear picture of how the forms of early film, while mobilizing bodily gestures and demanding intimate, affective engagement from the viewer, emerged in relation to biopolitical investments in the body. The book also charts from a fresh perspective how the new gestural dynamics and visuality of the moving image fed into our thinking of time, memory and the unconscious.

Art Nouveau Lara Vinca Masini 1995 Art Nouveau was a worldwide artistic fashion that deeply affected the whole spectrum of the arts in the last decade of the nineteenth century and the early years of this century. It sought to finalise the break with the academicism of traditional art, to raise the status of design and to place art within the realm of daily life. In doing so it provided many of the prototypes for the art of an industrial society, and it was the springboard for some of the most important artistic movements in the twentieth century, such as Expressionism, Futurism and the International Style in architecture. -- from dust jacket.

The Owl & Other Stories John Auerbach 2003 This is a collection of stories which draw upon the themes running through John Auerbach's life - his years at sea, on a kibbutz in Israel, as an alienated man in America and his own and other's survival of the war and Holocaust.

Materada Fulvio Tomizza 2000 Francesco Koslovic—even his name straddles two cultures. And during the spring of 1955, in the village of Materada on the Istrian Peninsula, his two worlds are coming apart. Materada, the first volume of Fulvio Tomizza's celebrated Istrian Trilogy, depicts the Istrian exodus of the hundreds of thousands who had once thrived in a rich ethnic mixture of Italians and Slavs. Complicating Koslovic's own departure is his attempt to keep the land that he and his brother have worked all their lives. A picture of a disappearing way of life, a tale of feud and displacement, and imbued with the tastes, tales, and songs of his native Istria, Koslovic's story is a testament to the intertwined ethnic roots of Balkan history.
