The Long Rifle Win Blevins 2015-08-11 The Long Rifle is a uniquely American story. It is a timeless coming-of-age story set in the wild Rocky Mountains during the early fur trade era. The Long Rifle recalls a time of endlessly expanding horizons, of extraordinary possibilities, of being one with the natural world, and of refreshing innocence. The Long Rifle has a marvelous spirit that we have almost forgotten, filled with wonder at creation. This book satisfied tens of thousands of readers almost one century ago when it was first published. White's tale of young Andy Burnett, carrying Daniel Boone's own long rifle, is as powerful today as it was when it was written in the 1930s. Our storyteller does not so much write the tale as he does launch onto its primal energies and roar downstream with the current. Yes, it is old-fashioned. It is heroic, sentimental, and romantic. It is

touched with magnificence. It is imbued with the innocence and optimism that young people, about to venture into unknown worlds, want to believe in. Fleeing his step-father, young Andy Burnett heads for the wild, untamed Rocky Mountains where adventure waits. His shoulder bears the long rifle of Daniel Boone, the very one carried by the legendary man on his first trip to Kentucky. Our author beats the drums of the American myth. Burnett goes through the rituals of his first buffalo hunt, his first experience with love, a hair-breadth Indian fight-all test his character. He learns what it means to be a partner. He is intoxicated by seeing new country. He has shining times and starving times, and he loves them all. Burnett changes from a youth to a man, and all that means. Then, much too soon, he feels it all slipping away, the grand adventure coming to its inevitable end. In this way, *The Long Rifle* is less a novel than a sacrament. It is a campfire tale as old as the first humans. It reminds us of who we are, as campfire tales always do. This primal story has been told countless times on screen and in books. It is part of the American experience. The world of the book is fresh and unspoiled, filled with the crazy joy of going somewhere just to go and see it, to feel the earth and drink its water. Our forefathers felt this urge and were privileged to act on it. This book is now a child out of time. In fact, it was so when it was published in 1932. It is safe to assume that the publisher feared for this literary remnant of a more optimistic time. That fear never came true. Americans love certain stories of affirmation, and the public took 'The Long Rifle' into its heart. By the time of his death, White had written nearly sixty books. He was an active man, an avid outdoorsman, and a friend of Teddy Roosevelt's. Daniel Boone, a celebrated pioneer, is the central character in the beginning of the *The Long Rifle*-the mysterious stranger who wins a shooting competition with a new kind of gun. It is a book with a leisurely pace, and in this way, also a book from another time. Andy Burnett is a hero. He loves the West-its grassy plains, its high mountains, its

trappers' holes with quicksilver streams. Its abundant wildlife. Sometimes he seems to be in mystical accord with it. Unique among white people in the book, he is deeply sympathetic to the Indians. Though the Blackfeet are hated equally by other Indians and all whites, Andy makes a blood brother among them, and treats the Blackfeet like his own family. His love for his red comrades underlies the novel's tragedy. "I love the mountain man. The cowboy is a figure from realism, the mountain man from romance. In one of the most delicious scenes of all trapper tales, Vardis Fisher's Sam rides down a ridge on a thunderstorm bellowing Beethoven back at the gods. No cowboy ever did that-at least not in a book." --Win Blevins, General Editor

The Rover Boys at Big Horn Ranch the Cowboys' Double Round-Up Edward Stratemeyer 2017-06-22

CHAPTER I SNOW AND SNOWBALLS "Line up, fellows! No crowding ahead in this contest." "Here, Jack, give me some elbow room if you want me to do any real snowball throwing!" cried Fred Rover. "All the elbow room you want," returned his cousin gayly. "Remember the prize!" shouted Andy Rover to the cadets who were stringing themselves out in a ragged line. "The first fellow to throw a snowball over the top of the barn gets a sock doughnut." "For gracious sake! what do you call a sock doughnut?" demanded Phil Franklin, another cadet, as he paused in the act of rounding up a snowball he was making. "A sock doughnut is one with a big hole in it," answered Andy, with a grin. "Then my socks must be all of the doughnut variety," put in one of the cadets dolefully. "They are always full of holes." "Never mind the socks now!" cried Randy Rover. "Let's see who can put the first snowball over the barn." It was late in the afternoon of a day in January and a number of the cadets of Colby Hall had been amusing themselves in the snow which covered the ground to a depth of nearly a foot. They had started in to snowballing each other, but had then grown more serious and had built several snow forts and likewise two or three snowmen which later they had taken great sport in knocking apart. Then some one had suggested that they try their skill at seeing who could throw, the highest and farthest, and this had led to the present contest. "We'll mark off a line about a hundred feet from the main barn," Jack Rover had announced. "And then we'll see who can throw highest over the roof." The four Rovers were accompanied by half a dozen of their chums and six or eight others, and at the word from Jack the snowballs began to fly at a lively rate, a few landing on the roof of the big barn and the majority hitting the side. "Say, look out that you don't break a window," warned Gif Garrison. "If you do, you'll have an account to settle with Captain Dale." "Here she goes!" yelled Dan Soppinger, and let fly with so much strength that the snowball sailed up to the very ridgepole of the barn and disappeared on the other side. "Hurrah! Dan draws first blood!"

shouted Jack. "Huh! Dan didn't throw over the barn, he just slid over it," snickered Randy. Jack was hard at work making a small and perfectly round ball. Now, taking careful aim, he let fly with all his might. "There she goes fair and square," he announced with pardonable pride, as the snowball cleared the top of the barn by several feet and disappeared beyond. The snowball had scarcely been thrown when two other balls thrown by Fred and another cadet went sailing over the barn. Then those in the contest seemed to acquire better skill, and soon nearly every one of them was topping the barn with the missiles. "Phew! some hot work, I'll say," panted Will Hendry, usually called Fatty because he was the stoutest boy in the school. "This exercise will do you good, Fatty," returned Fred....

Great American Cowboy Stories: Lyons Press Classics Michael Mccoy 2019-08-23 Roping a buffalo, running off cattle rustlers, sitting out a winter storm in a cave--adventures like these were all part of everyday life for the cowboy. They're depicted here in stories that have stood the test of time, by writers whose words are just as funny and wise today as they were one hundred years ago. Covering all corners of the great Western expanse--from Montana to Mexico, California to the Mississippi--the stories in this collection represent not just the Anglo male perspective but also that of the blacks, Mexicans, and women who made their lives on the range. It features works by Owen Wister, Theodore Roosevelt, Frederic Remington, Isabella L. Bird, Nat Love, Bill Nye, Charlie Siringo, Zane Grey, Andy Adams, Mark Twain, E. Mulford, O. Henry (creator of the Cisco Kid), and many others, including some surprises by little-known authors.

Tracks Along the Left Coast Andrew Schelling 2017-05-15 "Tracks Along the Left Coast more than

accomplishes its self-appointed task of celebrating de Angulo's legacy." —Rain Taxi "Schelling's biography of Jaime de Angulo—'cattle puncher, medical doctor, bohemian, buckeroo,' among other things—presents a fascinating, full-bodied portrait of a man and an era, as well as delving deep into California's Native history. De Angulo's isn't a household name, but in Schelling's work the man called by Ezra Pound the 'American Ovid' comes blazing to life in all his singular brilliance."

—Stephen Sparks, Literary Hub California, with its scores of native languages, contains a wealth of old-time stories—a bedrock of the literature of North America. Jaime de Angulo's linguistic and ethnographic work, his writings, as well as the legends that cloak the Old Coyote himself, vividly reflect the particulars of the Pacific Coast. In each retelling, through each storyteller, stories are continually revived, and that is precisely what Andrew Schelling has done in *Tracks Along the Left Coast*, weaving together the story of de Angulo's life with the story of the land and the people, languages, and cultures with whom it is so closely tied.

Tales of Canyonland Cowboys Richard Negri 2009-03 With his tape recorder, Richard Negri captured the life stories of seven men and three women who lived by herding cattle and sheep in the area around what is now Canyonlands National Park. Encompassing Wayne, Emery, and Garfield counties in southeastern Utah, this was a scenic land of isolated ranches, precipitous paths, and little water or food in the San Rafael Desert and the canyonlands west of the Green and Colorado Rivers. The stories he captured are rich with descriptive details of landscape and the challenges it presented to both humans and animals eeking out a living in this parched territory. The interviews with these early cowboys and cowgirls, sheepmen and sheepwomen, are full of colloquialisms, western flavor, and strong opinions. Fleshed out with maps and photographs, the stories capture the precarious existence of these people, celebrating their triumphs and their challenges, often begging

the question of how or why one would choose to live in this hard-scrabble place. What shines clear in these stories is the commitment these men and women have to their way of life and to the land they called home.

A Family of the Land Andy Wilkinson 2013-08-13 Since he first dreamed of a career in photography, Guy Gillette has traveled regularly to his wife's family's ranch, located outside the

small town of Crockett, Texas. When Gillette first came to the Porter Place, as the ranch has always been known, he began to photograph the Porter family and their land. Thanks to Gillette's sense of composition, these wonderful black-and-white photographs, dating from the 1940s, led to his career as a magazine photographer. Collected here for the first time, they document small-town life in East Texas, where Guy Gillette's sons, the musical duo the Gillette Brothers, still run cattle. *A Family of the Land* offers a portrait of a community over a half century during which remarkably little has changed. Midway between Dallas and Houston, the Porter Place is where the South meets the West. The pastures began as cotton fields carved out of piney woods, and the cowboys use southern curs to control the cattle. One of the photographs presented here, of a boy and his dog at the veterinarian's office, is said to have moved Museum of Modern Art curator Edward Steichen to tears. Gillette also captures cowboys at work and at play, branding and marketing their animals, enjoying a game of dominoes, driving trucks with "2-50" air conditioning—two windows down, fifty miles an hour. "Though photography is often called art," says Gillette, "I have wanted to be artless: to be a documentarian, not an artist. . . . Telling a story was always the attraction of photography for me." The story ends with the outdoor wedding of Guy Porter, one of the Gillette Brothers, at the Porter Place. Family, labor, and land remain, inseparable.

Leaves David Ezra Stein 2007-08-16 It's a young bear's first autumn, and the falling leaves surprise him. He tries to put them back on the trees, but it doesn't work. Eventually, he gets sleepy and burrows into the fallen leaves for a long nap. When he wakes up, it's spring, and there are suddenly brand-new leaves all around, welcoming him. Graceful illustrations and a childlike main character offer the perfect way to talk with children about the wonder of the changing seasons.
