Banker To The Poor Muhammad Yunus 2007-03-31 The inspirational story of how Nobel Prize winner Muhammad Yunus invented microcredit, founded the Grameen Bank, and transformed the fortunes of millions of poor people around the world. Muhammad Yunus was a professor of economics in Bangladesh, who realized that the most impoverished members of his community were systematically neglected by the banking system - no one would loan them any money. Yunus conceived of a new form of banking -- microcredit -- that would offer very small loans to the poorest people without collateral, and teach them how to manage and use their loans to create successful small businesses. He founded Grameen Bank based on the belief that credit is a basic human right, not the privilege of a fortunate few, and it now provides \$24 billion of micro-loans to more than nine million families. Ninety-seven percent of its clients are women, and repayment rates are over 90 percent. Outside of Bangladesh, micro-lending programs inspired by Grameen have blossomed, and serve hundreds of millions of people around the world. The definitive history of micro-credit direct from the man that conceived of it, *Banker to the Poor* is the moving story of someone who dreamed of changing the world -- and did.

Bank Manager and the Holy Grail Byron Rogers 2005-07-15 Byron Rogers' Wales is not the stereotypical nation of rugby heroes, eisteddfods and coal mining. His travels take him to an altogether stranger and more magical country. He pieces together the story of Kaiser Wilhelm's sojourn in a Welsh spa town before the Great War, and tours the Welsh waxwork museum largely populated with effigies of Prince Philip discarded by Madame Tussaud's. He also tells the true story of how a project to ensure the survival of the Welsh language came to involve the translation of pornographic novels, how Kurt Cobain proposed to Courtney Love in a nightclub in Newport, and above all how the Holy Grail came to be in the safe keeping of the manager of Lloyd's Bank in Aberystwyth. Byron Rogers' collections of travel pieces have become reliable sales and critical success, attracting acclaim from Miles Kington to Jeremy Paxman, and each volume reprinting several times. The Bank Manager and the Holy Grail - a Waterstone's 'Best of Welsh' promotion choice in hardback in early 2005 - continues that tradition.

Jagdeo lost his brother Steve to COVID-19 and was inspired to write this story of leaving Guyana at almost twenty years old, boarding an airplane for the first time to Toronto, Canada. It was an unlikely journey for a man with such humble beginnings—a man whose great-grandparents were taken from India to work on a sugar plantation as indentured servants in the late 1800s. In this autobiography, he looks back at his boyhood and adolescence growing up in a village called Fyrish on the Northeastern coast of Guyana, a country on South America's North Atlantic coast and how life changed when he went to college in Toronto. From there, he highlights his life's challenges, pleasures, and close calls. While his life has been challenging, he has never given up. With hard work, he has followed destiny's path and explored the pleasures of life. From his life as a musician and recording artist, to his adventures traveling, to his romantic exploits and time as a caregiver, the author celebrates his incredible life.
