

ICE GENESIS 2 In The ICE Trilogy

Coming to Grips With Genesis Dr. Terry Mortenson 2008-10-01 Fourteen theological scholars address key topics related to the age of the earth, which is the crucial issue of debate in the church today regarding origins. Bringing to bear rigorous biblical, theological, and historical arguments in favor of a six-day creation, the global Flood, and a young earth, they also provide much-needed critiques of a number of contemporary old-earth interpretations of the book of Genesis. This fresh defense of the literal history of Genesis 1-11 nicely complements other studies which focus more on the scientific evidence of young-earth creationism. As such, this book can serve as a versatile supplement to other works, but is also designed to be used as a standalone text for seminary and Bible college professors and students, pastors, missionaries, and others who want in-depth apologetic resources. *Coming to Grips with Genesis: Biblical Authority and the Age of the Earth* includes: Forewords by Dr. John MacArthur, President of the Master's Seminary and Senior Pastor of Grace Community Church, Sun Valley, CA; and the late Dr. Henry Morris, Founder and President Emeritus, Institute for Creation Research Detailed analysis of the verbs of Genesis 1 A defense of the Genesis 5 & 11 genealogies as strict chronologies Reasons for rejecting millions of years of death and natural evil before Adam's sin Careful reflection on Jesus' teachings regarding a young earth

Waking Gods Sylvain Neuvel 2017-04-04 In the gripping sequel to *Sleeping Giants*, Sylvain Neuvel's innovative series about human-alien contact takes another giant step forward. "Sleeping Giants may have debuted his thrilling saga, but *Waking Gods* proves that Neuvel's scope is more daring than readers could have imagined."—Paste As a child, Rose Franklin made an astonishing discovery: a giant metallic hand, buried deep within the earth. As an adult, she's dedicated her brilliant scientific career to solving the mystery that began that fateful day: Why was a titanic robot of unknown origin buried in pieces around the world? Years of investigation have produced intriguing answers—and even more perplexing questions. But the truth is closer than ever before when a second robot, more massive than the first, materializes and lashes out with deadly force. Now humankind faces a nightmare invasion scenario made real, as more colossal machines touch down across the globe. But Rose and her team at the Earth Defense Corps refuse to surrender. They can turn the tide if they can unlock the last secrets of an advanced alien technology. The greatest weapon humanity wields is knowledge in a do-or-die battle to inherit the Earth . . . and maybe even the stars. Praise for *Waking Gods* "Kick-ass, one-on-one robot action combines with mind-bending scientific and philosophical speculation. Series science-fiction fans will enjoy this follow-up filled with unexpected revelations and a surprise finale."—Booklist "Pure, unadulterated literary escapism featuring giant killer robots and the looming end of mankind. In a word: unputdownable."—Kirkus Reviews (starred review) "Sheer escapist fun."—Shelf Awareness Don't miss any of The Themis Files by Sylvain Neuvel: SLEEPING GIANTS | WAKING GODS | ONLY HUMAN

Underworld Graham Hancock 2009-11-18 What secrets lie beneath the deep blue sea? *Underworld* takes you on a remarkable journey to the bottom of the ocean in a thrilling hunt for ancient ruins that have never been found—until now. Graham Hancock is featured in *Ancient Apocalypse*, a Netflix original docuseries In this explosive new work of archaeological detection, bestselling author and renowned explorer Graham Hancock embarks on a captivating underwater voyage to find the ruins of a mythical lost civilization hidden for thousands of years beneath the world's oceans. Guided by cutting-edge science, innovative computer-mapping techniques, and the latest archaeological scholarship, Hancock examines the mystery at the end of the last Ice Age and delivers astonishing revelations that challenge our long-held views about the existence of a sunken universe built on the ocean floor. Filled with exhilarating accounts of his own participation in dives off the coast of Japan, as well as in the Mediterranean, the Atlantic, and the Arabian Sea, we watch as Hancock discovers underwater ruins exactly where the ancient myths say they should be—submerged kingdoms that archaeologists never thought existed. You will be captivated by *Underworld*, a provocative book that is both a compelling piece of hard evidence for a fascinating forgotten episode in human history and a completely new explanation for the origins of civilization as we know it.

Black Ice Andrew Lane 2013-01-22 In 1868, teenaged Sherlock Holmes faces danger in a train station for the dead, a museum of curiosities, and downtown Moscow as he helps his brother, Mycroft, who has been framed for murder.

The Elves of Cintra Terry Brooks 2008-07-29 With his groundbreaking New York Times bestseller *The Sword of Shannara* and its acclaimed sequels, Terry Brooks brought a new audience to epic fantasy. Then he gave the genre a darkly compelling contemporary twist in his trilogy of the Word and the Void. Last year, in *Armageddon's Children*, Brooks undertook the stunning chronicle that united two unique worlds. Now that story of clashing forces of darkness and light, of Shannara's beginnings and the human race's possible end, marches forward into an unforgettable second volume full of mystery, magic, and momentous events. Across the ruined landscape that is America—hopelessly poisoned, plague-ridden, burned, and besieged by demon armies bent on exterminating all mortal life—two pilgrims have been summoned to serve the embattled cause of good. Logan Tom has journeyed to desolate Seattle to protect a ragged band of street urchins and the being known as "the gypsy morph," who is both mortal and magical, and destined to save mankind unless he is destroyed. Likewise, Angel Perez has her own quest, one that will take her from the wreckage of Los Angeles to a distant, secret place untouched by the horrors of the nationwide blight—a place where the race of Elves has dwelled since before man existed. But close behind these lone Knights of the Word swarm the ravaging forces of the Void. As the menacing thunder of war drums heralds the arrival of the demons and their brutal minions in Seattle, the young survivors who call themselves the Ghosts are forced to brave the dangerous world of gangs, mutants, and worse to escape the invasion. And Logan Tom must infiltrate a refugee compound to rescue Hawk, the leader of the street urchins, who has yet to learn the truth about who and what he is. Meanwhile, Angel Perez has joined an equally urgent mission: to find the Ellcrys, a fabled talisman crucial to protecting the Elven realm against an influx of unspeakable evil from the dread dimension known as the Forbidding. But Angel and her Elf allies must beware—for a demon spy, with a monstrous creature at its command, walks among them. As the legions of darkness draw the noose tighter, and the time of confrontation draws near, those chosen to defend the soul of the world must draw their battle lines and prepare to fight with, and for, their lives. If they fail, humanity falls.

Irish Born Nora Roberts 2003 Collects three novels centered around three members of the Concannon family—Maggie, who is hiding from her past, Brianna, a bed-and-breakfast owner, and Shannon, who finds true love after searching for her real father.

You Can Run Rebecca Zanetti 2022-01-25 "I couldn't put it down!" —Lisa Jackson, New York Times bestselling author Fans of Laura Griffin and Jayne Ann Krentz won't want to miss this brand new thriller series by New York Times bestselling author Rebecca Zanetti, as FBI Special Agent Laurel Snow, a rising star profiler, strives to stay one step ahead of the criminal mind—and discovers that her own demons may be the hardest to outrun... "Be prepared to stay up all night...Rebecca Zanetti takes you on a thrill-ride, pitting characters you love against impossible odds." —Christine Feehan, New York Times bestselling author Laurel Snow wouldn't call hunting a serial killer a vacation, but with a pile of dead bodies unearthed near her Genesis Valley, WA, hometown, she'll take what she can get. Yet something about this case stirs her in unexpected ways. Like the startling connection she feels to Dr. Abigail Caine, a fiercely intelligent witness with a disturbing knack for making Laurel feel like she has something on her. Then there's Laurel's attraction to Huck Rivers, the fish and wildlife officer guiding her to the crime scene—and into the wilderness... A former soldier and a trained sniper, Huck's thirst for blood is rivaled only by his fierce pursuit of Laurel. He's been burned by love, wounded by the government, and betrayed before, and to say he has trust issues is the ultimate understatement. Plus, he might be closer to this killer than anybody knows... Once in the heart of darkness with Huck, Laurel must negotiate her distracting desire for him, her complex rapport with Abigail—and her mission to find a serial killer among a growing list of suspects and a danger that's far too close to home. So close in fact, Laurel fears

she will never find her way back to the woman she once was... "Pitch-perfect...[a] deliciously intricate mystery. Readers will delight in this smart take on classic trope." - Publishers Weekly STARRED REVIEW "Plot twists and red herrings abound in this fast-paced novel that will keep readers turning the pages." - Library Journal "Zanetti is a master...A strong start to a new series."— Kirkus Reviews, STARRED REVIEW

The War of the Worlds H. G. Wells 2017-01-01 When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

The Genesis Trilogy Madeleine L'Engle 2001-04-17 Three classic titles now in one volume! The Genesis Trilogy has long been awaited by fans of Madeleine L'Engle, who have expressed a desire to have all three of the authors books on Genesis in one volume. In addition to L'Engle's vast reader base, The Genesis Trilogy will be embraced by the literary community (which deeply respects L'Engle's award-winning work) and all those who seek to experience more fully the truths represented in Genesis. Book 1 of the trilogy, *And It Was Good*, speaks especially to those captivated by the creation story and those interested in new beginnings, while Book 2, *A Stone for a Pillow*, holds treasure for those seeking answers to the questions posed during their inner and outer journeys. Book 3, *Sold into Egypt*, provides hope to those who have experienced grief and loss.

The Gypsy Morph Terry Brooks 2008-08-26 BONUS: This edition contains an excerpt from Terry Brooks's *The Measure of the Magic*. Terry Brooks won instant acclaim with his phenomenal New York Times bestseller *The Sword of Shannara*. Its sequels earned Brooks legendary status. Then his darkly enthralling *The Word and the Void* trilogy revealed new depths and vistas to his mastery of epic fantasy. *Armageddon's Children* and *The Elves of Cintra* took Brooks's remarkable mythos to a breathtaking new level by delving deep into the history of Shannara. And now, *The Gypsy Morph* rounds out—with an adventure of unforgettably imaginative scope—the first phase of a new chapter in this classic series. Eighty years into the future, the United States is a no-man's-land: its landscape blighted by chemical warfare, pollution, and plague; its government collapsed; its citizens adrift, desperate, fighting to stay alive. In fortified compounds, survivors hold the line against wandering predators, rogue militias, and hideous mutations spawned from the toxic environment, while against them all stands an enemy neither mortal nor merciful: demons and their minions bent on slaughtering and subjugating the last of humankind. But from around the country, allies of good unite to challenge the rampaging evil. Logan Tom, wielding the magic staff of a Knight of the Word, has a promise to keep—protecting the world's only hope of salvation—and a score to settle with the demon that massacred his family. Angel Perez, Logan's fellow Knight, has risked her life to aid the elvish race, whose peaceful, hidden realm is marked for extermination by the forces of the Void. Kirisin Belloruus, a young elf entrusted with an ancient magic, must deliver his entire civilization from a monstrous army. And Hawk, the rootless boy who is nothing less than destiny's instrument, must lead the last of humanity to a latter-day promised land before the final darkness falls. *The Gypsy Morph* is an epic saga of a world in flux as the mortal realm yields to a magical one; as the champions of the Word and the Void clash for the last time to decide what will be and what must cease; and as, from the remnants of a doomed age, something altogether extraordinary rises.

Ice Like Fire Sara Raasch 2015-10-13 Game of Thrones meets Graceling in this thrilling fantasy, the heart-pounding sequel to New York Times bestseller *Snow Like Ashes*. This action-packed series is perfect for fans of *An Ember in the Ashes* and *A Court of Thorns and Roses*. It's been three months since the Winterians were freed and Spring's king, Angra, disappeared—thanks largely to the help of Cordell. Meira just wants her people to be safe. When Cordell's debt forces the Winterians to dig their mines for payment, they unearth something powerful and possibly dangerous: Primoria's lost chasm of magic. The last time the world had access to so much magic, it spawned the Decay. So when the king of Cordell orders Meira and Theron on a mission to discover the chasm's secrets, Meira plans on using the trip to garner support to keep the chasm shut and Winter safe—even if it means clashing with Theron. But can she do so without endangering the people she loves? Mather just wants to be free. The horrors inflicted on the Winterians hang fresh and raw in Januari—leaving Winter vulnerable to Cordell's growing oppression. When Meira leaves to search for allies, Mather decides to take Winter's security into his own hands. Can he rebuild his broken Kingdom and protect his people from new threats? As the web of power and deception is woven tighter, Theron fights for magic, Mather fights for freedom—and Meira starts to wonder if she should be fighting not just for Winter but for the world.

Ice Genesis Kevin Tinto 2018-03-26 The Americans and Russians are racing toward nuclear confrontation over a mind-blowing find under the ice in Antarctica. The American Executive Branch is in meltdown over the President's order to detonate a highly classified Iso-Hafnium nuclear device in Antarctica, killing a platoon of Navy SEALs and the same number of Russian Special Operation, Spetnaz. Dr. Leah Andrews and Jack Hobson, having escaped the President's plan to eliminate them, have the upper hand, thanks to a nuclear device hidden in the New Mexico desert. This leverage will only last so long, and the key to unlocking the mystery lies with twenty-eight Native American cliff dwellers, who survived more than eight-hundred years, under the ICE in stasis. While Leah tries to untangle the mysteries of the 'Ancients,' Jack Hobson is trying to protect Leah, and the Ancients, while finding himself drawn into another mystery; is there more of these high technology caches? If so, how will they secure them before other interested parties, including the Russians, locate them? The key to the mystery, as Leah learns, is one of the Ancients. A Lakota Shaman, named Appanoose. He has no interest in cooperating with Leah, just as she learns stunning new facts about the Ancients and what happened to them more than eight-hundred years ago. Leah and Jack find themselves the targets of not only the US government but foreign powers and even the Ancients themselves, in the thrilling follow-up to ICE

Genesis Brendan Reichs 2019-02-05 "Reichs knows exactly how to mix action, suspense, and characters into a breathless read." —Marie Lu, New York Times bestselling author of *Warcross* The blistering sequel to the instant New York Times bestselling *Nemesis* by Brendan Reichs. Noah Livingston knows he is destined to survive. The 64 members of Fire Lake's sophomore class are trapped in a place where morals have no meaning and zero rules apply. But Noah's deaths have trained him-hardened him-to lead the strongest into the future ... whatever that may be. And at any cost. Min Wilder knows that survival alone isn't enough. In a violent world where brute force passes for leadership, it's tempting to lay back and let everyone else battle it out. But Min's instincts rebel against allowing others to decide who lives and who dies. She's ready to fight for what she believes in. And against whomever might stand in her way.

The First Binding R.R. Virdi 2022-08-16 "Epic fantasy at its finest—an homage to storytelling and legend, richly told and endlessly engaging."—Andrea Stewart, author of *The Bone Shard Daughter* Don't miss the first

novel in this stunning Silk Road-inspired epic fantasy series from R.R. Virdi—a saga of legends, lies, and the secretive storyteller who’s spun them all. All legends are born of truths. And just as much lies. These are mine. Judge me for what you will. But you will hear my story first. I buried the village of Ampur under a mountain of ice and snow. Then I killed their god. I’ve stolen old magics and been cursed for it. I started a war with those that walked before mankind and lost the princess I loved, and wanted to save. I’ve called lightning and bound fire. I am legend. And I am a monster. My name is Ari. And this is the story of how I let loose the first evil. “Rich world-building, plenty of action, and devious twists abound. Very highly recommended!” —Jonathan Maberry, New York Times bestselling author of V-Wars and Kagen the Damned At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Antigon Fire L. E. Modesitt, Jr. 2013-05-28 Promoted to commander and assigned to convince the Pharsi High Council to submit to Lord Bhayar's rule, Quaeryt leads an Imagery team into hostile lands once held by the tyrannical Rex Kharst, where they confront a powerful order of women.

Ice Kevin Tinto 2015-09-08 Archaeologist Leah Andrews stumbles upon something inexplicable in southwestern New Mexico: inside a dark cavern lies an undiscovered, Native American cliff dwelling abandoned for 800 years. While twisting through one of the narrow underground passageways, Leah's flashlight illuminates the remains of a violent massacre. Ancient human remains—all slaughtered in a long-ago massacre—cover the cavern floor, along with a number of brilliantly colored, granite crystals. The rare crystals are native to only one place on earth: a frozen mountain range in central Antarctica. Could Native Americans have traveled to the frozen continent of Antarctica 800 years prior to the first known human exploration? If so how? And why? There's only one person who can get Leah to those mountains in Antarctica: her estranged husband and climbing guide Jack Hobson. At their destination they make a stunning discovery that will change history and science forever. But Leah's team is far from the only interested party. As her secret makes its way to the highest levels of government, a race to seize the Russian-claimed Antarctic territory brings the world to the brink of nuclear conflict.

Creation to Babel Ken Ham 2021-11-15 It seems we wake each day to a world engulfed in chaos and confusion... a society mired in godlessness and humanism... and families struggling to guide their children in faith. Yet, God gave us the answer... His Holy Word. Begin as He recorded for us to begin, with Genesis. After many years of teaching and speaking on the importance of foundational faith, leading apologetics author Ken Ham of Answers in Genesis has created a clear and powerful study that helps root families and young or struggling believers in biblical truth. He makes it easy to build a vital Genesis-founded worldview in this simple yet profound study that explores the importance and implications of pivotal events, verse by verse, from Creation to Babel. Discover important context to answer relevant faith questions Easy-to-understand exploration of the biblical text The essential guide to laying a faith-foundational view Faith without a strong foundation crumbles in the face of today’s relentless cultural rejections. Christians, young and old, will find the strong foundation they need in the biblical bedrock of Genesis.

Snow Like Ashes Sara Raasch 2014-10-14 A striking fantasy tale of dark magic, dangerous politics, and discovering your true self—perfect for fans of Game of Thrones, An Ember in the Ashes and A Court of Thorns and Roses. Sixteen years ago the Kingdom of Winter was conquered and its citizens enslaved, leaving them without magic or a monarch. Now the Winterians' only hope for freedom is the eight survivors who managed to escape, and who have been waiting for the opportunity to steal back Winter's magic and rebuild the kingdom ever since. Orphaned as an infant during Winter's defeat, Meira has lived her whole life as a refugee. Training to be a warrior—and desperately in love with her best friend, Winter's future king—she would do anything to help Winter rise to power again. So when scouts discover the location of the ancient locket that can restore Winter's magic, Meira decides to go after it herself—only to find herself thrust into a world of evil magic and dangerous politics—and ultimately comes to realize that her destiny is not, never has been, her own.

Magicians of the Gods Graham Hancock 2015-09-10 Graham Hancock's multi-million bestseller Fingerprints of the Gods remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returns with a book filled with completely new, scientific and archaeological evidence, which has only recently come to light... The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometres of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction between 12,800 and 11,600 years may not be done with us yet. Astronomers believe that a 20-mile wide 'dark' fragment of the original giant comet remains hidden within its debris stream and threatens the Earth. An astronomical message encoded at Gobekli Tepe, and in the Sphinx and the pyramids of Egypt, warns that the 'Great Return' will occur in our time...

Vanguard Jack Campbell 2018-03-27 Jack Campbell returns to the world of the New York Times bestselling *Lost Fleet* novels with an action-packed military science fiction series that explores the founding of the Alliance...and the men and women who fought to create it. Earth is no longer the center of the universe. After the invention of the faster-than-light jump drive, humanity is rapidly establishing new colonies. But the vast distances of space mean that the old order of protection and interstellar law offered by Earth has ceased to exist. When a nearby world attacks, the new colony of Glenlyon turns to Robert Geary, a young former junior fleet officer, and Mele Darcy, a onetime enlisted Marine. With nothing but improvised weapons and a few volunteers, Geary and Darcy must face down warships and armored soldiers—or die trying. As battles rage and pirates take an increasing toll throughout the colonies, the only hope for lasting peace lies with Carmen Ochoa, a "Red" from the anarchic world of Mars, and Lochan Nakamura, a failed politician. They have a plan: to lay the groundwork for mutual defense that could someday grow into an alliance. But if their efforts don't succeed, the growing power of aggressor worlds could turn regions of space founded on freedom into battlefields between the first interstellar empires....

Souls in the Great Machine Sean McMullen 2002-12-15 The great Calculor of Libris was forced to watch as Overmayor Zarvora had four of its components lined up against a wall and shot for negligence. Thereafter, its calculations were free from errors, and that was just as well—for only this strangest of calculating machines and its two thousand enslaved components could save the world from a new ice age. And all the while a faint mirrorsun hangs in the night sky, warning of the cold to come. In Sean McMullen's glittering, dynamic, and exotic world two millennia from now, there is no more electricity, wind engines are leading-edge technology, librarians fight duels to settle disputes, steam power is banned by every major religion, and a mysterious siren "Call" lures people to their death. Nevertheless, the brilliant and ruthless Zarvora intends to start a war in space against inconceivably ancient nuclear battle stations. Unbeknownst to Zarvora, however, the greatest threat to humanity is neither a machine nor a force but her demented and implacable enemy Lemorel, who has resurrected an obscene and evil concept from the distant past: Total War. *Souls in the Great Machine* is the first volume of Sean McMullen's brilliant future history of the world of *Greatwinter Beneath the Dark Ice* Greig Beck 2010-08-31 From debut thriller author Greig Beck comes *Beneath the Ice*, a mix of the scientific and the supernatural ... When a plane crashes into the Antarctic ice, exposing an enormous cave system, a rescue and research team is dispatched. Twenty-four hours later, all contact is lost. Captain Alex Hunter and his highly trained commandos, along with a team of scientists, are fast tracked to the hot zone to find out what went wrong. Meanwhile, the alluring petrobiologist Aimee Weir is sent to follow up on the detection of a vast underground reservoir. If the unidentified substance proves to be oil, every country in the world will want to know about it—even wage war over it. Or worse. Once suspended into the caves, Alex, Aimee, and the others can't locate a single survivor—or even a trace of their remains. Nor is there a energy source, only specters of the dead haunting the tunnels. But soon they will discover that something very much alive is brewing beneath the surface. It is a force that dates back to the very dawn of time—an ancient terror that hunts and kills to survive...

Mark of the Thief (Mark of the Thief #1) Jennifer A. Nielsen 2015-02-24 Jennifer A. Nielsen, author of the NYT and USA TODAY bestselling *Ascendance* Trilogy, has woven an electrifying tale of greed and power, magic and destiny, and one boy's courage at the heart of it all. When Nic, a slave in the mines outside of Rome, is forced to enter a sealed cavern containing the lost treasures of Julius Caesar, he finds much more than gold and gemstones: He discovers an ancient bulla, an amulet that belonged to the great Caesar and is filled with a magic once reserved for the Gods -- magic some Romans would kill for. Now, with the deadly power of the bulla pulsing through his veins, Nic is determined to become free. But instead, he finds himself at the center of a ruthless conspiracy to overthrow the emperor and spark the Praetor War, a battle to destroy Rome from within. Traitors and spies lurk at every turn, each more desperate than the next to use Nic's newfound powers for their own dark purposes. In a quest to stop the rebellion, save Rome, and secure his own freedom, Nic must harness the magic within himself and defeat the empire's most powerful and savage leaders.

Women of Ice and Fire Anne Gjelsvik 2016-04-07 George R.R. Martin's acclaimed seven-book fantasy series *A Song of Ice and Fire* is unique for its strong and multi-faceted female protagonists, from teen queen Daenerys, scheming Queen Cersei, child avenger Arya, knight Brienne, Red Witch Melisandre, and many more. The *Game of Thrones* universe challenges, exploits, yet also changes how we think of women and gender, not only in fantasy, but in Western culture in general. Divided into three sections addressing questions of adaptation from novel to television, female characters, and politics and female audience engagement within the GoT universe, the interdisciplinary and international lineup of contributors analyze gender in relation to female characters and topics such as genre, sex, violence, adaptation, as well as fan reviews. The genre of fantasy was once considered a primarily male territory with male heroes. *Women of Ice and Fire* shows how the GoT universe challenges, exploits, and reimagines gender and why it holds strong appeal to female readers,

audiences, and online participants.

Ice Forged Gail Z. Martin 2013-01-08 From one of the most exciting writers of fantasy adventure comes the first novel in The Ascendant Kingdoms Saga, a tale of unpredictable magic, battling warlords, and the lust for vengeance set in the unforgiving frozen wastes at the edge of the world. Condemned as a murderer for killing the man who dishonored his sister, Blaine "Mick" McFadden has spent the last six years exiled in Velant, a penal colony in the frigid northern wastelands. Harsh military discipline and the oppressive magic keep a fragile peace as colonists struggle against a hostile environment. But the supply ships from Dondareth have stopped coming, boding ill for the kingdom that banished the colonists. Now, as the world's magic runs wild, McFadden and the people of Velant must fight to survive and decide their fate . . . Praise for the Ascendant Kingdoms Saga "Epic fantasy as it was meant to be read: gripping, action packed, and larger than life. A delight for any fan of the genre!" —Rachel Aaron "Epic fantasy at its best." —Aaron Rosenberg "A vivid, engrossing tapestry woven from epic heroism, post apocalypse struggles, perilous magic and darkest fantasy. A distinct and distinctive achievement." —Juliet McKenna "A book that will take over readers' thoughts until long after the final page." —RT Book Reviews The Ascendant Kingdoms Saga Ice Forged Reign of Ash War of Shadows Shadow and Flame

An American Trilogy Steven M. Wise 2009-03-24 The Cape Fear River runs through Bladen County, North Carolina, population 33,000. On its western bank, in the town of Tar Heel, sits the largest slaughterhouse in the world. Deep below the slaughterhouse, one may find the arrowheads of Siouan-speaking peoples who roamed there for a millennium. Nearer the surface is evidence of slaves who labored there for a century. And now, the slaughterhouse kills the population of Bladen County, in hogs, every day. In this remarkable account, Wise traces the history of today's deadly harvest. From the colonies to the slave trade, from the artificial conception and unrecorded death of one single pig to the surreal science of the pork industry—whose workers continue the centuries of oppression—he unveils a portrait of this nation through the lives of its most vulnerable. His explorations ultimately lead to hope from a most unlikely source: the Baptist clergy, a voice in this wilderness proclaiming a new view of creation.

The Ice Lion Kathleen O'Neal Gear 2021-06-15 Teen members of a group of archaic humans, Lynx and Quiller, flee the increasing coldness and monstrous predators for a new land, where they meet a strange old man who tells them how to save the world.

Ice Trilogy Vladimir Sorokin 2011-04-20 A New York Review Books Original In 1908, deep in Siberia, it fell to earth. THEIR ICE. A young man on a scientific expedition found it. It spoke to his heart, and his heart named him Bro. Bro felt the Ice. Bro knew its purpose. To bring together the 23,000 blond, blue-eyed Brothers and Sisters of the Light who were scattered on earth. To wake their sleeping hearts. To return to the Light. To destroy this world. And secretly, throughout the twentieth century and up to our own day, the Children of the Light have pursued their beloved goal. Pulp fiction, science fiction, New Ageism, pornography, video-game mayhem, old-time Communist propaganda, and rampant commercial hype all collide, splinter, and splatter in Vladimir Sorokin's virtuosic Ice Trilogy, a crazed joyride through modern times with the promise of a truly spectacular crash at the end. And the reader, as eager for the redemptive fix of a good story as the Children are for the Primordial Light, has no choice except to go along, caught up in a brilliant illusion from which only illusion escapes intact.

Sleeping Giants Sylvain Neuvel 2016-04-26 A page-turning debut in the tradition of Michael Crichton, World War Z, and The Martian, Sleeping Giants is a thriller fueled by an earthshaking mystery—and a fight to control a gargantuan power. A girl named Rose is riding her new bike near her home in Deadwood, South Dakota, when she falls through the earth. She wakes up at the bottom of a square hole, its walls glowing with intricate carvings. But the firemen who come to save her peer down upon something even stranger: a little girl in the palm of a giant metal hand. Seventeen years later, the mystery of the bizarre artifact remains unsolved—its origins, architects, and purpose unknown. Its carbon dating defies belief; military reports are redacted; theories are floated, then rejected. But some can never stop searching for answers. Rose Franklin is now a highly trained physicist leading a top secret team to crack the hand's code. And along with her colleagues, she is being interviewed by a nameless interrogator whose power and purview are as enigmatic as the provenance of the relic. What's clear is that Rose and her compatriots are on the edge of unraveling history's most perplexing discovery—and figuring out what it portends for humanity. But once the pieces of the puzzle are in place, will the result prove to be an instrument of lasting peace or a weapon of mass destruction? Praise for Sleeping Giants "As high-concept as it is, Sleeping Giants is a thriller through and through. . . . One of the most promising series kickoffs in recent memory, [and] a smart demonstration of how science fiction can honor its traditions and reverse-engineer them at the same time."—NPR "Neuvel weaves a complex tapestry with ancient machinery buried in the Earth, shadow governments, and geopolitical conflicts. But the most surprising thing about the book may just be how compelling the central characters are in the midst of these larger-than-life concepts. . . . I can't stop thinking about it."—Chicago Review of Books "A remarkable debut . . . Reminiscent of Max Brooks's World War Z, the story's format effectively builds suspense."—Library Journal (debut of the month) "This stellar debut novel . . . masterfully blends together elements of sci-fi, political thriller and apocalyptic fiction. . . . A page-turner of the highest order."—Kirkus Reviews (starred review) Don't miss any of The Themis Files by Sylvain Neuvel: SLEEPING GIANTS | WAKING GODS | ONLY HUMAN

Fingerprints of the Gods Graham Hancock 2012-09-19 Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. Graham Hancock is featured in Ancient Apocalypse, a Netflix original docuseries. "A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought."—Kirkus Reviews In Fingerprints of the Gods, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, Fingerprints of the Gods contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And Fingerprints of God tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. "Readers will hugely enjoy their quest in these pages of inspired storytelling."—The Times (UK) **Ice Revelation** Kevin William Tinto 2020-08-18 Leah Andrews is on the Antarctic Continent, her single-minded goal, return the Ancients to their destiny while at the same time, hoping that will stop the increasingly powerful and destructive Anomaly, that threatens a planet-wide extinction event should it continue to widen its grasp. She is far from the only interested party in finding the source of the extraterrestrial Anomaly. The Russians and the American military are desperate to reach 'Complex 2' and harvest the bounty of hyper-technology, then destroy the alien Anomaly. Jack Hobson is trapped in the USA, with no way to reach Antarctica through traditional means. He must formulate an audacious plan risking his life and those of the Globemaster pilots, Major Janie West and Captain Charlotte Ross. The Russians, the Americans, Leah Andrews, and the Ancients begin to converge on the bottom of the world, in the thrilling ending to the ICE Trilogy!
