History's Greatest Lies William Weir 2009-01-01 Get the real facts you weren't taught in school and learn how these myths have survived for so long. Discover the stories behind history's greatest lies and how—and why—the world's biggest whoppers have survived textbooks and lesson plans for years. For instance, did you know the conquistador Hernán Cortés wasn't as bloodthirsty as they say? Neither were the Goths, who were actually the most progressive of the Germanic tribes. Or, that a petty criminal with a resemblance to John Dillinger was probably assassinated instead of the notorious bank robber? In History's Greatest Lies, Weir sets the record straight through a fascinating examination of historical lies and myths and the true stories

behind them. Each chapter pinpoints a misconception held as common truth in history. For example: Emperor Nero did not fiddle as Rome burned Paul Revere had plenty of help in his midnight ride In terms of prisons, the Bastille wasn't all that bad Weir explains why each lie persevered in our minds through ulterior motives, responsibility shirking, or exaggerations. You'll also discover the common threads that make up these falsehoods: the scapegoats, the spin needed to cast undeserving in a better light, and the frightful oversimplification of facts. Praise for History's Greatest Lies "Weir takes no prisoners—and tells no lies—in his continuously surprising and always fascinating new book. Great falsehoods have shaped history even more than great truths; the enduring fascination of this highly original volume is discovering how much of what we accept for fact is just plain wrong." —Joe Cummins, author of *The War Chronicles: From Chariots to Flintlocks* and *History's Greatest Untold Stories* *The Borrowers Avenged* Mary Norton 1982 Escaping from an attic where they had been held captive over the long, dark winter, a family of tiny people sets up house in an old rectory. Interpreting and technology Claudio Fantinuoli 2018-12-15 Unlike other professions, the impact of information and communication technology on interpreting has been moderate so far. However, recent advances in the areas of remote, computer-assisted, and, most recently, machine interpreting, are gaining the interest of both researchers and practitioners. This volume aims at exploring key issues, approaches and challenges to the interplay of interpreting and technology, an area that is still

underrepresented in the field of Interpreting Studies. The contributions to this volume cover topics in the area of computer-assisted and remote interpreting, both in the conference as well as in the court setting, and report on experimental studies.

Self-Portrait with Boy Rachel Lyon 2018-02-06 Longlisted for the Center for Fiction First Novel Prize “Fabulously written, this spellbinding debut novel is a real page-turner. A powerful, brilliantly imagined story” (Library Journal, starred review) about an ambitious young artist whose accidental photograph of a boy falling to his death could jumpstart her career, but devastate her most intimate friendship. Lu Rile is a relentlessly focused young photographer struggling to make ends meet. Working three jobs, responsible for her aging father, and worrying that her crumbling loft apartment is being sold to developers, she is at a point of desperation. One day, in the background of a self-portrait, Lu accidentally captures an image of a boy falling to his death. The photograph turns out to be startlingly gorgeous, the best work of art she’s ever made. It’s an image that could change her life...if she lets it. But the decision to show the photograph is not easy. The boy is her neighbors’ son, and the tragedy brings all the building’s residents together. It especially unites Lu with the boy’s beautiful grieving mother, Kate. As the two forge an intense bond based on sympathy, loneliness, and budding attraction, Lu

feels increasingly unsettled and guilty, torn between equally fierce desires: to advance her career, and to protect a woman she has come to love. Set in early 90s Brooklyn on the brink of gentrification, *Self-Portrait with Boy* is a “sparkling debut” (The New York Times Book Review) about the emotional dues that must be paid on the road to success and a powerful exploration of the complex terrain of female friendship. “The conflict is rich and thorny, raising questions about art and morality, love and betrayal, sacrifice and opportunism, and the chance moments that can define a life...It wrestles with the nature of art, but moves with the speed of a page-turner” (Los Angeles Times).

Jed McKenna is such a master, and spiritual enlightenment is his subject. His first book, *Spiritual Enlightenment: The Damnedest Thing*, was an instant classic and established him as a spiritual teacher of startling depth and clarity. Whitman, Melville, Thoreau, Mark Twain and U.G. Krishnamurti all appear, and a student from the first book returns to share her *Spiritual Autolysis* journals. Also surprising are the author's gentle efforts to guide the reader away from enlightenment toward a more desirable and accessible state. Failing to fetch me at first, keep encouraged, Missing me one place, search another, I stop somewhere, waiting for you. - Walt Whitman Jed McKenna's books aren't for everyone. They're

for people who are tired of the spiritual merry-go-round and ready to confront the unadorned reality of the awakening process. Authority and Dissent in Jewish Life Leonard J. Greenspoon
2020-10-15 Throughout the long history of Judaism, many individuals and groups have sought to wield authority on the basis of unique religious, social, familial, military, or political claims. Moving historically from the biblical period to the modern-day State of Israel, *Authority and Dissent in Jewish Life* discusses a range of those claims to authority from within the Jewish community itself. There is no single paradigm that characterizes these instances. Yet again and again the same causes of disagreement arise: interpretation and application of authoritative texts, appropriate ways to remember and memorialize figures from the past, the extent to which traditional leadership roles should (or should not) change in keeping with new cultural or political contexts, the degree to which long-held beliefs and long-practiced rituals are (or are not) susceptible to modification or abandonment, and the tension members of a Jewish community may feel when their leaders make pronouncements at odds with the political policies of the secular state in which they live. Written accessibly, the essays in this collection examine these phenomena from a wide variety of approaches, genres, and media. They pay close attention to the historical and religious settings of the controversies they analyze, yet also allow for ample reflection on the larger issues of authority and dissent that each occurrence raises.

Hue 1968 Mark Bowden 2017-06-06 The author of *Black Hawk Down* vividly recounts a pivotal Vietnam War battle in this New York Times bestseller: “An extraordinary feat of journalism”.

—Karl Marlantes, *Wall Street Journal* In *Hue 1968*, Mark Bowden presents a detailed, day-by-day reconstruction of the most critical battle of the Tet Offensive. In the early hours of January 31, 1968, the North Vietnamese launched attacks across South Vietnam. The lynchpin of this campaign was the capture of Hue, Vietnam’s intellectual and cultural capital. 10,000 troops descended from hidden camps and surged across the city, taking everything but two small military outposts. American commanders refused to believe the size and scope of the siege, ordering small companies of marines against thousands of entrenched enemy troops. After several futile and deadly days, Lieutenant Colonel Ernie Cheatham would finally come up with a strategy to retake the city block by block, in some of the most intense urban combat since World War II. With unprecedented access to war archives in the United States and Vietnam and interviews with participants from both sides, Bowden narrates each stage of this crucial battle through multiple viewpoints. Played out over 24 days and ultimately costing 10,000 lives, the Battle of Hue was by far the bloodiest of the entire war. When it ended, the American debate was never again about winning, only about how to leave. Carmen Herrera Dana Miller 2016-01-01 L'artiste native de Cuba Carmen Herrera (née en 1915) peint depuis plus de sept décennies, mais ce n'est que ces dernières années que la reconnaissance pour son travail a projeté l'artiste vers la notoriété internationale. Ce beau volume offre le premier examen soutenu d'elle, depuis le début de sa carrière en 1948 jusqu'en 1978, et s'étend sur les mondes de l'art de La Havane, de Paris et de New York. Les essais considèrent les premières études de l'artiste à Cuba, son implication dans le Salon des Réalités Nouvelles dans le Paris d'après-guerre et sa sortie révolutionnaire de New York. Puis l'ouvrage situe son travail dans le contexte d'un art d'avant-garde latino-américain plus large. Un essai de Dana Miller considère le travail de New York d'Herrera depuis les années 1950 jusque dans les années 1970, lorsque Herrera arrivait et perfectionnait son style de signature. Des photographies familiales personnelles des archives de Herrera enrichissent le récit, et une chronologie traitant de l'intégralité de sa vie et de sa carrière présente des images documentaires supplémentaires. Plus de quatre-vingts œuvres sont illustrées sous forme de plaques de couleur. Ce livre est la représentation la plus étendue des travaux de Herrera à ce jour. (d'après l'éditeur).

Writing Sounds in Carolingian Europe Susan Rankin

2018-10-31 Musical notation has not always existed: in the West, musical traditions have often depended on transmission from mouth to ear, and ear to mouth. Although the Ancient Greeks had a form of musical notation, it was not passed on to the medieval Latin West. This comprehensive study investigates the breadth of use of musical notation in Carolingian Europe, including many examples previously unknown in studies of notation, to deliver a crucial foundational model for the understanding of later Western notations. An overview of the study of neumatic notations from the French monastic scholar Dom Jean Mabillon (1632–1707) up to the present day precedes an examination of the function and potential of writing in support of a musical practice which

continued to depend on trained memory. Later chapters examine passages of notation to reveal those ways in which scripts were shaped by contemporary rationalizations of musical sound. Finally, the new scripts are situated in the cultural and social contexts in which they emerged.

From a hillside in Italy to an archaeological dig, the author explores the stories that could have been hers, fashioning a sublime dance between reality and imagination that confirms her reputation as a singular talent.

Income and Democracy Anke Hoeffler 2012-12-17 We revisit Lipset's law, which posits a positive and significant relationship between income and democracy. Using dynamic and heterogeneous panel data estimation techniques, we find a significant and negative relationship between income and democracy: higher/lower incomes per capita hinder/trigger democratization. Decomposing overall income per capita into its resource and non-resource components, we find that the coefficient on the latter is positive and significant while that on the former is significant but negative, indicating that the role of resource income is central to the result.

Midnight in Europe Alan Furst 2015-03-17 NEW YORK TIMES BESTSELLER Paris, 1938. As the shadow of war darkens Europe, democratic forces on the Continent struggle against fascism and communism, while in Spain the war has already begun. Alan Furst, whom Vince Flynn has called "the most talented espionage novelist of our generation," now gives us a taut, suspenseful, romantic, and richly rendered novel of spies and secret operatives in Paris and New York, in Warsaw and Odessa, on the eve of World War II. Cristián Ferrar, a brilliant and handsome Spanish émigré, is a lawyer in the Paris office of a prestigious international law firm. Ferrar is approached by the embassy of the Spanish Republic and asked to help a clandestine agency trying desperately to supply weapons to the Republic's

beleaguered army—an effort that puts his life at risk in the battle against fascism. Joining Ferrar in this mission is a group of unlikely men and women: idealists and gangsters, arms traders and aristocrats and spies. From shady Paris nightclubs to white-shoe New York law firms, from brothels in Istanbul to the dockyards of Poland, Ferrar and his allies battle the secret agents of Hitler and Franco. And what allies they are: there's Max de Lyon, a former arms merchant now hunted by the Gestapo; the Marquesa Maria Cristina, a beautiful aristocrat with a taste for danger; and the Macedonian Stavros, who grew up "fighting Bulgarian bandits. After that, being a gangster was easy." Then there is Eileen Moore, the American woman Ferrar could never forget. In *Midnight in Europe*, Alan Furst paints a spellbinding portrait of a continent marching into a nightmare—and the heroes and heroines who fought back against the darkness. Praise for Alan Furst and *Midnight in Europe* "Furst never stops astounding me."—Tom Hanks "Furst is the best in the business."—Vince Flynn "Elegant, gripping . . . [Furst] remains at the top of his game."—The New York Times "Suspenseful and sophisticated . . . No espionage author, it seems, is better at summoning the shifting moods and emotional atmosphere of Europe before the start of World War II than Alan Furst."—The Wall Street Journal "Endlessly compelling . . . Furst delivers an observant, sexy, and thrilling tale set in the outskirts of World War II. In Furst's hands, Paris once again comes alive with intrigue."—Erik Larson "Too much fun to put down . . . The Conspirators' Hierarchy John Coleman 1997 This work argues for the existence of a committee of 300, an elite body which controls every aspect of politics, religion, commerce and industry, answerable to no one except itself. Unforgiving Destiny David Mcmillan 2017-04-26 Unforgiving

Destiny follows the true story of the 37-year pursuit by authorities on five continents to imprison and execute David McMillan as he travelled as an independent smuggler. Readers have called this sprawling yet fast-paced saga, "The benchmark for true-crime writing," and includes new details of the notorious Bangkok escape. Dogged by an obsessed DEA agent, he evades the death penalty in Thailand by escaping prison, only to be 'disappeared' in Pakistan jails after crossing the Afghan border. After every downfall, McMillan rebuilds his life and network only to find the same agency people arranging capture by any means. In this private history, readers are taken to the streets of New York City and Colombia, then through the war-zones of Afghanistan and torture cells in Karachi. At the same time, McMillan balances a double life of a London gentleman with the women in his life oblivious to his true nature. Look to the author's page to hear readings, video, background, film links and see the faces behind this extraordinary journey. In one reviewer's words, "Unforgiving Destiny is a mini-masterpiece. Outstanding." "Imagine losing everything you care about. Home, family, freedom, every object that built your life," writes McMillan. "Then locked in some of the world's worst prisons. Even if you survive, there are little deaths feeding on your guts - when that repeats five times over thirty years, those little deaths drain your soul." Unforgiving Destiny - the Relentless Pursuit of a Black Marketeer reveals the ultimate cost of survival in the darkest of dark worlds. Unforgiving Destiny includes an integrated chapter on the Bangkok-prison breakout and answers many of the questions raised by the over 100,000 readers of 'Escape: The True Story of the Only Westerner Ever to Break Out of Thailand's Bangkok Hilton'. This new and most personal biography reveals the fears, ambitions and motivations

of a man both driven and pursued, surviving the unthinkable, and the effects upon those he loves. McMillan is the last survivor of the small band of independent smugglers, and as such has now told much that could not have been told before. Only in 2016 was he free to speak, after the Thai government abandoned all attempts to extradite him to again face a death penalty. Few other lives have been so extraordinary or more clearly told. Renowned thriller writer Stephen Leather, after reading *Escape*, wrote: 'David makes no excuses for his life as a professional drug smuggler and asks for no sympathy. While most of David's fellow prisoners gave up hope and accepted their fate, he decided from Day One that he had no alternative other than to do what no other Westerner had ever managed - to escape! David is a great writer...' *Unforgiving Destiny* raises the standard for fast-paced autobiographies of extraordinary people, written in a style that is heart-rending yet often humorous as McMillan sets ego aside and invites readers into his hidden domain.
