**Kill Creek** Scott Thomas 2017-10-31 A psychological horror with a literary twist, *Kill Creek* delivers elevated prose, while evoking the unnerving, atmospheric terror essential to greats like Peter Straub and Stephen King—a haunting that lingers long after turning the last page.

**A Head Full of Ghosts** Paul Tremblay 2015-06-02 WINNER OF THE 2015 BRAM STOKER AWARD FOR SUPERIOR ACHIEVEMENT IN A NOVEL A chilling thriller that brilliantly blends psychological suspense and supernatural horror, reminiscent of Stephen King's *The Shining*, Shirley Jackson's *The Haunting of Hill House*, and William Peter Blatty's *The Exorcist*. The lives of the Barretts, a normal suburban New England family, are torn apart when fourteen-year-old Marjorie begins to display signs of acute schizophrenia. To her parents' despair, the doctors are unable to stop Marjorie's descent into madness. As their stable home devolves into a house of horrors, they reluctantly turn to a local Catholic priest for help. Father Wanderly suggests an exorcism; he believes the vulnerable teenager is the victim of demonic possession. He also contacts a production company that is eager to document the Barretts' plight. With John, Marjorie's father, out of work for more than a year and the medical bills looming, the family agrees to be filmed, and soon find themselves the unwitting stars of *The Possession*, a hit reality television show. When events in the Barrett household explode in tragedy, the show and the shocking incidents it captures become the stuff of urban legend. Fifteen years later, a bestselling writer interviews Marjorie's younger sister, Merry. As she recalls those long ago events that took place when she was just eight years old, long-buried secrets and painful memories that clash with what was broadcast on television begin to surface—and a mind-bending tale of psychological horror is unleashed, raising vexing questions about memory and reality, science and religion, and the very nature of evil.

**The Hundred-Year House** Rebecca Makkai 2015-05-26 From the acclaimed author of *The Great Believers*, an original, mordantly witty novel about the secrets of an old-money family and their turn-of-the-century estate, Laurelfeld. Meet the Devohrs: Zee, a Marxist literary scholar who detests her parents' wealth but nevertheless finds herself living in their carriage house; Gracie, her mother, who claims she can tell your lot in life by looking at your teeth; and Bruce, her step-father, stockpiling supplies for the Y2K apocalypse and perpetually late for his tee time. Then there's Violet Devohr, Zee's great-grandmother, who they say took her own life somewhere in the vast house, and whose massive oil portrait still hangs in the dining room. Violet's portrait was known to terrify the artists who resided at the house from the 1920s to the 1950s, when it served as the Laurelfeld Arts Colony—and this is exactly the period Zee's husband, Doug, is interested in. An out-of-work academic whose only hope of a future position is securing a book deal, Doug is stalled on his biography of the poet Edwin Parfitt, once in residence at the colony. All he needs to get the book back on track—besides some motivation and self-esteem—is access to the colony records, rotting away in the attic for decades. But when Doug begins to poke around where he shouldn't, he finds Gracie guards the files with a strange ferocity, raising questions about what she might be hiding. The secrets of the hundred-year house would turn everything Doug and Zee think they know about her family on its head—that is, if they were to ever uncover them. In this brilliantly conceived, ambitious, and deeply rewarding novel, Rebecca Makkai unfolds a generational saga in reverse, leading the reader back in time on a literary scavenger hunt as we seek to uncover the truth about these strange people and this mysterious house. With intelligence and humor, a daring narrative approach, and a lovingly satirical voice, Rebecca Makkai has crafted an unforgettable novel about family, fate and the incredible surprises life can offer. Captivated by the tale, Ollie begins to wonder if the smiling man might be real when she stumbles upon the graves of the very people she's been reading about on a school trip to a nearby farm. Then, later, when her school bus breaks down on the ride home, the strange bus driver tells Ollie and her classmates: "Best get moving. At nightfall they'll come for the rest of you." Nightfall is, indeed, fast descending when Ollie's previously broken digital wristwatch begins a startling countdown and delivers a terrifying message: RUN. Only Ollie and two of her classmates heed these warnings. As the trio head out into the woods—bordered by a field of scarecrows that seem to be watching them—the bus driver has just one final piece of advice for Ollie and her friends: "Avoid large places. **Haunting Experiences** Diane Goldstein 2007-09-15 Ghosts and other supernatural phenomena are widely represented throughout modern culture. They can be found in any number of entertainment, commercial, and other contexts, but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them, based on tradition or direct experience. Personal belief and cultural tradition on the one hand, and popular and commercial representation on the other, nevertheless continually feed each other. They frequently share space in how people think about the supernatural. In *Haunting Experiences*, three well-known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts. Diane E. Goldstein, Sylvia Ann Grider, and Jeannie Banks Thomas take ghosts seriously, as they draw on contemporary scholarship that emphasizes both the basis of belief in experience (rather than mere fantasy) and the usefulness of ghost stories. They look closely at the narrative role of such lore in matters such as socialization and gender. And they unravel the complex mix of mass media, commodification, and popular culture that today puts old spirits into new contexts.

When she stumbles across the ad, she's looking for something else completely. But it seems like too good an opportunity to miss—a live-in nanny post, with a staggeringly generous salary. And when Rowan Caine arrives at Heatherbrae House, she is smitten—by the luxurious "smart" home fitted out with all modern conveniences, by the beautiful Scottish Highlands, and by this picture-perfect family. What she doesn't know is that she's stepping into a nightmare—one that will end with a child dead and herself in prison awaiting trial for murder. Writing to her lawyer from prison, she struggles to explain the events that led to her incarceration. It wasn't just the constant surveillance from the home's cameras, or the malfunctioning technology that woke the household with booming music, or turned the lights off at the worst possible time. It wasn't just the girls, who turned out to be a far cry from the immaculately behaved model children she met at her interview. It wasn't even the way she was left alone for weeks at a time, with no adults around apart from the enigmatic handyman. It was everything. She knows she's made mistakes. She admits that she lied to obtain the post, and that her behavior toward the children wasn't always ideal. She's not innocent, by any means. But, she maintains, she's not guilty—at least not of murder—but somebody is. Full of spellbinding menace and told in Ruth Ware's signature suspenseful style, *The Turn of the Key* is an unputdownable thriller from the Agatha Christie of our time.
