A Flower with Love Bruno Munari 2007 Tiré du site Internet de Corraini: "'It's mother's day, it's father's day, today is spring, it's little brother's first birthday, the next-door neighbour gets married! Every occasion is good to offer a flower. [...] But what really matters is the love with which a little daisy, a lavender sprig or some moss are chosen, that one there in particular and not that other one." (From the text) The creation of floral arrangements aims to transmit a message through a life (the plant) which is expression of silence. The one who gives and receives a flower should be able to compose and interpret this living silence, that tries to express life through another type of life. It's not meant to be a difficult or intricate purpose, but on the contrary a natural gesture which doesn't need money but love and inventiveness. Munari shows here many examples of such an inventiveness, not to be merely copied but as a suggestion to freely invent many other ones. The series "workshop", which is focused on the imagination and the active involvement of children and adults, includes now a new book."

The Heart of Pinocchio Collodi Nipote 2016-07-18 *The Heart of Pinocchio* by Collodi Nipote. New adventures of the celebrated little puppet. Dear Boys and Girls, -Let us hope that none of you has been so unfortunate as to have missed the pleasure of watching sometime or other a puppet show. Probably Punch and Judy is the one you know best, but there are many others with jolly little fellows who dance in and out of all sorts of adventures. So you can imagine Pinocchio, the hero of this book, as one of those lively puppets. And, in case you have never read the earlier book about him, you will want to know something of what happened to him before you meet him in these pages. One day a poor carpenter, called Master Cherry, began to cut up a piece of wood to make a table-leg of it when, to his utmost amazement, the piece of wood cried out, "Do not strike me so hard!" The frightened carpenter stopped for a moment, and when he began again and struck the wood a blow with his ax the voice cried out once more, "Oh, oh! you have hurt me so!" The carpenter was now so terrified that he was only too glad to turn the piece of wood over to a neighbor, Papa Geppetto, who cut it up into the shape of a boy puppet, painted it, and named it Pinocchio-which means "a piece of pinewood." As soon as he had finished making him, Pinocchio grabbed the old man's wig off his head and started in to play tricks. Papa Geppetto then taught the puppet to walk, and when naughty Pinocchio discovered he could use his legs, he ran away. Then began all kinds of adventures, and Pinocchio was sometimes naughty and selfish, and sometimes kind and considerate, but always

funny and jolly. In this new book Pinocchio's heart has grown through love and consideration for others, so that he becomes a real boy and takes part in the war to help his beautiful country, Italy.

Piper Jay Asher 2017-10-31 #1 international bestselling author of *Thirteen Reasons Why* Jay Asher and co-author Jessica Freeburg brilliantly reimagine the classic Pied Piper legend as a powerful

graphic novel about loneliness, love, and vengeance. Fans of Neil Gaiman and *Through the Woods* by Emily Carroll will devour this eerie, atmospheric retelling. "A moving graphic novel about isolation, love, and retribution, this dark version of a familiar tale will remain with readers long after the last page is turned."—School Library Journal Long ago, in a small village in the middle of a deep, dark forest, there lived a lonely, deaf girl named Maggie. Shunned by her village because of her disability, her only comfort comes from her vivid imagination. Maggie has a gift for inventing stories and dreams of one day finding her fairy-tale love. When Maggie meets the mysterious Piper, it seems that all her wishes are coming true. Spellbound, Maggie falls hard for him and plunges headfirst into his magical world. But as she grows closer to the Piper, Maggie discovers that he has a dark side. The boy of Maggie's dreams might just turn out to be her worst nightmare... With striking illustrations from Eisner-nominated artist Jeff Stokely, mixed with Jessica Freeburg's work on historic and legendary horrors, *Piper* is an exciting new departure for Jay Asher that deftly touches on the same themes of truth, guilt, and redemption that made *Thirteen Reasons Why* a beloved bestseller.

Two Nests Laurence Anholt 2013 A gentle sensitive story about family separation.

We'll Soon Be Home Again Jessica Bab Bonde 2020-05-12 The testimonies of six survivors of the Holocaust are presented in comics form, aimed at teenage readers. Some of them were children then, and are still alive to tell what happened to them and their families. How they survived. What they lost--and how you keep on living, despite it all. Jessica Bab Bonde has, based on survivor's stories, written an important book. Peter Bergting's art makes the book accessible, despite its difficult subject. Using first-person point of view allows the stories to get under your skin as survivors describe their persecutions in the Ghetto, the de-humanization and the starvation in the concentration camps, and the industrial-scale mass murder taking place in the extermination camps. When right-wing extremism and antisemitism are being evoked once again, it's the alarm-bell needed to remind us never to forget the horrors of the Holocaust.
