Italian Gothic Horror Films, 1957-1969 Roberto Curti 2015-05-08 The "Gothic" style was a key trend in Italian cinema of the 1950s and 1960s because of its peculiar, often strikingly original approach to the horror genre. These films portrayed Gothic staples in a stylish and idiosyncratic way, and took a daring approach to the supernatural and to eroticism, with the presence of menacing yet seductive female witches, vampires and ghosts. Thanks to such filmmakers as Mario Bava (Black Sunday), Riccardo Freda (The Horrible Dr. Hichcock), and Antonio Margheriti (Castle of Blood), as well the iconic presence of actress Barbara Steele, Italian Gothic horror went overseas and reached cult status. The book examines the Italian Gothic horror of the period, with an abundance of previously unpublished production information drawn from official papers and original scripts. Entries include a complete cast and crew list, home video releases, plot summary and the author's analysis. Excerpts from interviews with filmmakers, scriptwriters and actors are included. The foreword is by film director and scriptwriter Ernesto Gastaldi.

Nostalgia Helmut Illbruck 2012-10-31 Helmut Illbruck traces the concept of nostalgia from the earliest uses of the term in the seventeenth century to today as it evolves with different meanings and intensities in the discourses of medicine, literature, philosophy, and aesthetics. Following nostalgia's troubled relations to the philosophical project of the Enlightenment, Illbruck's study builds a cumulative argument about nostalgia's modern significance that often revises and thoroughly enriches our understanding of cultural, literary, and intellectual history. Illbruck concludes with an attempt at a reinterpretation and defense of nostalgia, which seduces us to read and think with, rather than against, nostalgia's wistful yearning for the past. *Nostalgia: Origins and Ends of an Unenlightened Disease* is a comprehensive, insistent, and profound interdisciplinary investigation of the history of an idea. It should appeal to readers interested in the cultural makings of the Enlightenment and modernity or in the histories of medicine, literature, and philosophy.

Bodies of Desire and Bodies in Distress Xavier Mendik 2015-09-18 In recent years, there has been an explosion of critical interest in the icons, genres and traditions of 1970s Italian cult film. Thanks to the international success of directors such as Dario Argento and Sergio Martino, and the influential giallo (thriller) cycle in which they worked, these unconventional and often controversial films are now impacting on new generations of filmmakers, scholars and moviegoers alike. *Bodies of Desire and Bodies in Distress: The Golden Age of Italian Cult Cinema 1970-1985* considers the current interest in specific Italian directors and cult genres, exploring the social, political and cultural factors that spawned a decade of cinema dominated by extreme, yet stylish, images of sexuality and violence. *Bodies of Desire and Bodies in Distress* situates the explosion of 1970s Italian cult 'excess' against the toxic backdrop of political violence and terrorist activity that produced shocking images of carnage and crime during this period. The volume also considers why the iconography of the sexually liberated female became recast as a symbol of fear and violation in a range of Italian cult film narratives. In addition, the book also analyses how longstanding regional distinctions between Italy's urban North and the much maligned rural South fed into sex and death cycles produced between 1970 and 1985. *Bodies of Desire and Bodies in Distress* profiles leading 1970s Italian directors and performers including Aristide Massaccesi (Joe D'Amato), Laura Gemser, and Dario Argento (who also provides an interview discussing his work and 1970s Italian society). The volume also provides case-studies of the giallo cycle, rape and revenge dramas, the Italian rogue cop series, post-apocalypse films, barbarian movies, and sex comedy formats. By considering the icons and genres from the golden age of Italian cult film alongside the crucial social and sexual tensions that influenced their creation, this book will be of interest to film scholars and cult movie fans alike.

Conviction Lesley Jones 2015-02-28 She was mine. Our love, unquestioned. Our futures planned. But she didn't show. All that we had, all that we meant, and after all that was said, she just didn't show. That one act changed everything, but it especially changed me and from that moment on, there was no going back. No words of love, no whispered promises, just sex and drugs and rock and roll. No one gets a piece of Reed, but what they will get is the night of their life, the chance to let go, break their own rules and enjoy the best, the dirtiest, filthiest sex ever... along with the other four people in my bed. I thought he loved me, I believed everything he said, every promise that he made but then, when I needed him more than I'd needed anyone in my life, and when I was at my most vulnerable, he let me down. He chose to take a different path and leave me to pick up the pieces of my now broken life. I was changed forever and chose the easy option letting others take charge of my destiny, until, once again, I'm let down in the cruellest of ways. Dirty filthy sex. Love. Heartbreak. Betrayal. High emotion and angst. Everything and more that you would expect from a Lesley Jones novel.

Photographing Mussolini Alessandra Antola Swan 2020-12-10 This pioneering book offers the first account of the work of the photographers, both official and freelance, who contributed to the forging of Mussolini's image. It departs from the practice of using photographs purely for illustration and places them instead at the centre of the analysis. Throughout the 1930s photographs of the Italian dictator Benito Mussolini were chosen with much care by the regime. They were deployed to highlight those physical traits - the piercing eyes, protruding jaw, shaved head - that were meant to evoke the Duce's strength, determination and innate sense of leadership in the mind of his contemporaries. The chapters in this volume explore the photographic image in the socio-political context of the time and shows how it was a significant contributor to the development of Italian mass culture between the two world wars.

The Fair Fight Anna Freeman 2015-04-14 NAMED A BEST BOOK OF THE YEAR BY BOOKPAGE AND LIBRARY JOURNAL The Crimson Petal and the White meets Fight Club: A page-turning novel set in the world of female pugilists and their patrons in late eighteenth-century England. Moving from a filthy brothel to a fine manor house, from the world of street fighters to the world of champions, The Fair Fight is a vivid, propulsive historical novel announcing the arrival of a dynamic new talent. Born in a brothel, Ruth doesn't expect much for herself beyond abuse. While her sister's beauty affords a certain degree of comfort, Ruth's harsh looks set her on a path of drudgery. That is until she meets pugilist patron George Dryer and discovers her true calling—fighting bare knuckles in the prize rings of Bristol. Manor-born Charlotte has a different cross to bear. Scarred by smallpox, stifled by her social and romantic options, and trapped in twisted power games with her wastrel brother, she is desperate for an escape. After a disastrous, life-changing fight sidelines Ruth, the two women meet, and it alters the perspectives of both of them. When Charlotte presents Ruth with an extraordinary proposition, Ruth pushes dainty Charlotte to enter the ring herself and learn the power of her own strength. A gripping, page-turning story about people struggling to transcend the circumstances into which they were born and fighting for their own places in society, The Fair Fight is a raucous, intoxicating tale of courage, reinvention, and fighting one's way to the top.

Italian Gothic Horror Films, 1980-1989 Roberto Curti 2019-02-15 The Italian Gothic horror genre underwent many changes in the 1980s, with masters such as Mario Bava and Riccardo Freda dying or retiring and young filmmakers such as Lamberto Bava (Macabro, Demons) and Michele Soavi (The Church) surfacing. Horror films proved commercially successful in the first half of the decade thanks to Dario Argento (both as director and producer) and Lucio Fulci, but the rise of made-for-TV products has resulted in the gradual disappearance of genre products from the big screen. This book examines all the Italian Gothic films of the 1980s. It includes previously unpublished trivia and production data taken from official archive papers, original scripts and interviews with filmmakers, actors and scriptwriters. The entries include a complete cast and crew list, plot summary, production history and analysis. Two appendices list direct-to-video releases and made-for-TV films.

Kill the Boy Band Goldy Moldavsky 2016-02-23 The New York Times-bestselling debut story of four superfan friends whose devotion to their favorite band has darkly comical and deadly results. Marley Lesley Jones 2023-06-27 "So, they want me to write a book? They want to know about my band, my life, my loves and my losses. But, they have no idea what they're asking for. If I give them what they want, they'll get so much more than the sex and drugs and the rock and roll they're expecting. They'll get the secrets that I've kept for so long. They'll get an insight into the person I am, or at least was. The part I played in ruining the lives of my little sister and my best mate. The pain I caused. They think they know my story, they know nothing. If I do this, if I write honestly and give them the ugly truth, people will get hurt. People that I love, people who've already suffered in the worst possible ways. So maybe I should just walk away, taking my secrets to the grave?" Marley tells the story of Carnage from Marley Layton's point of view and sheds light on the missing years. It is a companion novel to Carnage 1 and 2, which should be read first. Marley is an adult contemporary romance. It contains content suitable only for mature adults with an open mind, and scenes that some may find triggering. Celinda Valeria Miani Negri 2010 Valeria Miani's *Celinda* (1611), the only female-authored secular tragedy of early modern Italy, is here made available for the first time in a modern edition. Miani's tale of the doomed love of the Lydian princess Celinda for the cross-dressed Persian prince Autilio/ Lucinia offers a striking example of the explorative attitude to gender identity that is such a marked characteristic of Italian drama in this period, both within the erudite and the commedia dell'arte tradition. Accompanied by Julia Kisacky's sensitive translation, and with a valuable contextualizing introduction by Valeria Finucci, this edition of *Celinda* makes an important contribution to our understanding of women's place within Italian literary culture in a period increasingly recognized as exceptional for the range and quality of female-authored writing it produced. --Virginia Cox Professor of Italian, New York University

Futurist Women Paola Sica 2016-01-26 *Futurist Women* broadens current debates on Futurism and literary studies by demonstrating the expanding global impact of women Futurist artists and writers in the period succeeding the First World War. This study initially focuses on the local: the making of the self in the work by the women who were affiliated with the journal *L'Italia futurista* during World War I in Florence. But then it broadens its field of inquiry to the global. It compares the achievements of these women with those of key precursors and followers. It also conceives these women's work as an ongoing dialogue with contemporary political and scientific trends in Europe and North America, especially first wave feminism, eugenics, naturism and esotericism. Finally, it examines the vital importance and repercussions of these women's ideas in current debates on gender and the posthuman condition. This ground-breaking study will prove invaluable for all scholars and upper-level students of modern European literature, Futurism, and gender studies.

Garibaldi and the Thousand George Macaulay Trevelyan 1909 "Giuseppe Garibaldi (Italian pronunciation: [dʒʊzɛppe ariˈbalˈdi]) (July 4, 1807? June 2, 1882) was an Italian general and politician. He is considered, with Camillo Cavour, Victor Emmanuel II and Giuseppe Mazzini, as one of Italy's "fathers of the fatherland". Garibaldi was a central figure in the Italian Risorgimento, since he personally commanded and fought in many military campaigns that led eventually to the formation of a unified Italy. He generally tried to act on behalf of a legitimate power, which does not make him exactly a revolutionary: for example, he was appointed general by the provisional government of Milan in 1848, General of the Roman Republic in 1849 by the Minister of War, and led the Expedition of the Thousand on behalf and with the consent of Victor Emmanuel II."--Wikipedia.

Italy and the Military Mattia Roveri 2020-12-22 This book sheds new light on the role of the military in Italian society and culture during war and peacetime by bringing together a whole host of contributors across the interdisciplinary spectrum of Italian Studies. Divided into five thematic units, this volume examines the continuous and multifaceted impact of the military on modern and contemporary Italy. The Italian context offers a particularly fertile ground for studying the cultural impact of the military because the institution was used not only for defensive/offensive purposes, but also to unify the country and to spread ideas of socio-cultural and technological development across its diverse population.
