*Lotus 72* Pete Lyons 2019-03-26 This book, the first in Evro's new Formula 1 Greats series, covers one of the most revered Formula 1 cars ever made. Introduced in 1970, the wedge-shaped Lotus 72 competed for six seasons, winning 20 World Championship Grands Prix, two Drivers' titles (for Jochen Rindt in 1970 and Emerson Fittipaldi in 1972) and three Constructors' titles (in 1970, 1972 and 1973), racing first in Lotus's evocative red, white and gold livery, then the equally eye-catching black and gold of the John Player Special period. Pete Lyons, Autosport's renowned Formula 1 reporter for part of the Lotus 72 era, explores the car's entire race-by-race career in his insightful commentary accompanying a magnificent array of more than 300 photos. The 1970 season: after troubled early development, the 72 finally took over from the long-serving 49, its four consecutive race wins enough to secure the World Championship for Jochen Rindt, posthumously after his death during practice for the Italian Grand Prix. The 1971 season: with promising youngster Emerson Fittipaldi elevated to team leader after Rindt's death, great things were expected of the 72's second season but it proved to be winless. The 1972 season: now in black and gold John Player livery, the 72 became far more competitive and Fittipaldi's four Grand Prix victories made him World Champion. The 1973 season: Ronnie 'SuperSwede' Peterson joined Fittipaldi to form a dream team and together they won seven races, but because Lotus's spoils were divided between the two drivers Jackie Stewart was able to come through to become World Champion. The 1974 season: still the 72 soldiered on, now as the fall-back car after its successor, the 76, failed to deliver; partnered by Jacky Ickx, Peterson won three Grands Prix. The 1975 season: well beyond its sell-by date, the 72 did a final season but by now it was far from effective, with Ickx's second place in the tragic Spanish Grand Prix its best result.

*The Flamboya Tree* Clara Kelly 2011-10-19 "The Flamboya Tree is a fascinating story that will leave the reader informed about a missing piece of the World War II experience, and in awe of one family's survival." —Elizabeth M. Norman, author of *We Band of Angels: The Untold Story of American Nurses Trapped on Bataan by the Japanese* "It is a well-known fact that war, any war, is senseless and degrading. When innocent people are brought into that war because they happen to be in the wrong place at the wrong time, it becomes incomprehensible. Java, 1942, was such a place and time, and we were those innocent people." Fifty years after the end of World War II, Clara Olink Kelly sat down to write a memoir that is both a fierce and enduring testament to a mother's courage and a poignant record of an often overlooked chapter of the war. As the fighting in the Pacific spread, four-year-old Clara Olink and her family found their tranquil, pampered lives on the beautiful island of Java torn apart by the invasion of Japanese troops. Clara's father was taken away, forced to work on the Burma railroad. For Clara, her mother, and her two brothers, the younger one only six weeks old, an insistent knock on the door ended all hope of escaping internment in a concentration camp. For nearly four years, they endured starvation,

filth-ridden living conditions, sickness, and the danger of violence from their prison guards. Clara credits her mother with their survival: Even in the most perilous of situations, Clara's mother never compromised her beliefs, never admitted defeat, and never lost her courage. Her resilience sustained her three children through their frightening years in the camp. Told through the eyes of a young Clara, who was eight at the end of her family's ordeal, *The Flamboya Tree* portrays her mother's tenacity, the power of hope and humor, and the buoyancy of a child's spirit. A painting of a flamboya tree—a treasured possession of the family's former life—miraculously survived the surprise searches by the often brutal Japanese soldiers and every last-minute flight. Just as her mother carried this painting through the years of imprisonment and the life that followed, so Clara carries her mother's unvanquished spirit through all of her experiences and into the reader's heart.

*Magic Trash* J. H. Shapiro 2015-01-06 Vacant lots. Abandoned houses. Trash--lots of trash. Heidelberg Street was in trouble! Tyree Guyton loved his childhood home--that's where his grandpa Sam taught him to "paint the world." So he wanted to wake people up... to make them see Detroit's crumbling communities. Paintbrush in hand, Tyree cast his artistic spell, transforming everyday junk into magic trash. Soon local kids and families joined Tyree in rebuilding their neighborhood, discovering the healing power of art along the way. This picture book biography of Tyree Guyton, an urban environmental artist, shows how he transformed his decaying, crime-ridden neighborhood into the Heidelberg Project, an interactive sculpture park. The story spans from Tyree's childhood in 1950s Detroit to his early efforts to heal his community through art in the 1980s. Tyree's awards include Michigan Artist of the Year and International Artist. MAGIC TRASH offers strong themes of working together, the power of art, and the importance of inspiring community--especially kids--to affect action. The Heidelberg Project is internationally recognized for providing arts education to children and adults and for the ongoing development of several houses on Heidelberg Street. Not only does the Heidelberg Project prove that when a community works together it can rebuild itself, but it also addresses the issues of recycling, environmentalism, and community on a global level.

**1970 Maximum Muscle** Mark Fletcher 2021-03-16 In 1970, the American muscle car was as fast and outrageous as it would ever get. But the end was nigh, and 1970 Maximum Muscle dives head-first into the storm before the calm. Wherever you mark the beginning of the muscle car era—Oldsmobile's 1949 Rocket 88, Chrysler's 1951 FirePower engines, the 1964 Pontiac GTO—one thing is certain: in 1970, the era that had witnessed a parade of gloriously powerful, stylish, and brawny cars apt to make the hearts of even the most dispassionate squares go pitter-patter was sucking fumes. Gasoline shortages, skyrocketing fuel prices, insurance-industry bean counters, rising ecological concerns, and new, more fuel-efficient imports all conspired to consign the American muscle car to an ugly and unseemly denouement. Yet 1970 saw the actual zenith of the cars themselves, the year manufacturers pulled out all the stops and produced the most powerful and stunning machines the automotive world had ever seen. 1970 Maximum Muscle not only explores the factors that led to the decline of the most exciting era in the American automotive industry, it details some of the new models and model options that arguably made 1970 the climax of the muscle car era from engineering, styling, and cultural standpoints. As the war among GM, Ford, Chrysler, and AMC played out at dealerships, dragstrips, and drive-ins, ready-and-willing gearheads drove off dealer lots in potent behemoths like the Buick GSX, Oldsmobile 4-4-2, and Ford Torino Cobra. Muscle car stalwarts like the SS Chevelle, Pontiac GTO, and Plymouth 'Cuda became available with optional LS-6, Stage 1, and Hemi engines, respectively. Manufacturers ratcheted up the advertising hyperbole at the same time, offering performance packages with names like "Six-Pack," "Ram Air," and "Cobra Jet," while spoilers, scoops, hood tachometers, and decal packages were de rigueur. Meanwhile, on the popular SCCA Trans Am circuit, top drivers campaigned more nimble muscle

off-the-rack cars like the Camaro Z/28 and Boss 302 Mustang. 1970 Maximum Muscle is an entertaining and rollicking look at the muscle car's peak year!
