Honey & Co: The Baking Book Itamar Srulovich 2015-07-02 Our day is marked by what comes out of the pastry section, and there's always something good on the way: sticky buns full of cherries and pistachios in the morning; a loaf of rich dough rolled with chocolate, hazelnuts and cinnamon that has been proving since dawn and comes out of the oven fresh for elevenses. Lunch is a crisp, crumbly shell of pastry filled with spiced lamb or burnt aubergine, and at teatime there are cheesecakes and fruit cakes, small cakes and massive cookies - so many cakes that it's hard to choose one. (There's no need to worry, whatever you choose will be great!) After dinner there might be poached peaches with roses or something more traditional, sweet and salty Knafe drenched in orange blossom syrup, or maybe just a small piece of fresh marzipan. There's something sweet, something in the oven for everyone, all day long - welcome to Honey & Co. Chapters include: How to be good at baking: general notes; Store cupboard; Sweet & savoury breakfasts; Elevenses; Lunch; Teatime; Traditional desserts

In Praise of the Bicycle Marc Augé 2019-11-15 Witness the French anthropologist as we have never seen him before. Marc Augé coined the term “non-place” to describe the ubiquitous airports, hotels, and motorways filled with anonymous individuals. In this new book, he casts his anthropologist’s eye on a subject close to his heart: cycling. With *In Praise of the Bicycle*, Augé takes us on a two-wheeled ride around our cities and on a personal journey into ourselves. We all remember the thrill of riding a bike for the first time and the joys of cycling. Here he reminds us that these memories are not just personal, but rooted in a time and a place, in a history that is shared with millions of others. Part memoir, part manifesto, Augé’s book celebrates cycling as a way of reconnecting with the places in which we live, and, ultimately, as a necessary alternative to our disconnected world.

The Library of Congress World War II Companion David M. Kennedy 2007-10-02 An indispensable reference on World War II produced by the Library of Congress and edited by Pulitzer Prize-winning historian David M. Kennedy. With hundreds of illustrations and quotations from contemporary documents, this will be the most authoritative popular reference on World War II. The noted historian John Keegan called World War II "the largest single event in human history." More than sixty years after it ended, that war continues to shape our world. Going far beyond accounts of the major battles, *The Library of Congress World War II Companion* examines, in a unique and engaging manner, this devastating conflict, its causes, conduct, and aftermath. It considers the politics that shaped the involvement of the major combatants; military leadership and the characteristics of major Allied and Axis armed services; the weaponry that resulted in the war's unprecedented destruction, as well as debates over the use of these weapons; the roles of resistance groups and underground fighters; war crimes; daily life during wartime; the uses of propaganda; and much more. Drawn from the unparalleled collections of the institution that has been called "America's Memory," *The Library of Congress World War II Companion* includes excerpts from contemporary letters, journals, pamphlets, and other documents, as well as first-person accounts recorded by the Library of Congress Veterans History Project. The text is complemented by more than 150 illustrations. Organized into topical chapters (such as "The Media War," "War Crimes and the Holocaust," and two chapters on "Military Operations" that cover the important battles), the book also include readers to navigate through the rich store of information in these pages. Filled with facts and figures, information about unusual aspects of the war, and moving personal accounts, this remarkable volume will be indispensable to anyone who wishes to understand the World War II era and its continuing reverberations.

Italy's Divided Memory J. Foot 2009-12-07 This book argues that contemporary Italian history has been marked by a tendency towards divided memory. Events have been interpreted in contrasting ways, and the facts themselves often contested. Moreover, with so little agreement over what happened, and why it happened, it has been extremely difficult to create any consensus around memory. These divisions have been seen at all levels, but take on particular importance when linked to the great traumatic and life-changing events of the Twentieth century - war, terrorism, disaster - but can also be applied to more cultural fields such as sport and everyday life. Social change also has an impact on memory. This book will take the form of a voyage through Italy (and into Italy's past), looking at stories of divided memory over various periods in the twentieth century. These stories will be interwoven with analysis and discussion.

Call It Sleep Henry Roth 2013-10-22 When Henry Roth published his debut novel *Call It Sleep* in 1934, it was greeted with considerable critical acclaim though, in those troubled times, lackluster sales. Only with its paperback publication thirty years later did this novel receive the recognition it deserves---and still enjoys. Having sold-to-date millions of copies worldwide, *Call It Sleep* is the magnificent story of David Schearl, the "dangerously imaginative" child coming of age in the slums of New York.

The Media in Italy Matthew Hibberd 2007-12-16 The Italian media - the press, cinema, radio and television - is one of the largest and most controversial media industries in mainland Europe. In this introductory text Matthew Hibberd explores the key historical processes and events in the growth and development of Italy's main media and considers it in the context of the economic, political, socio-cultural and technological movements that have affected Italy. Featuring a timeline of key Italian events, the book begins with the Unification - or Risorgimento - of Italy in 1861, and charts the rise of Italy from a fragmented and rural-based society through to a leading industrialised and urbanised world power. It details Fascism's reliance on the exploitation of the mass media, analyses Italy's remarkable post-war recovery, the development of democratic institutions and the contribution that a pluralistic media has made to this. Finally, it examines Silvio Berlusconi's rise to high political office and questions whether the involvement of Italy's leading media mogul in politics has harmed Italy's international reputation. *The Media in Italy* addresses key themes that show how the Italian state and Italian media operate, such as: How governing parties and individuals have been able to assert influence over media intuitions Why there is a close relationship between political elites and media professionals The lack of consensus over key media reforms The importance of the Catholic Church in the development of the Italian media How a unique Italian media system has been shaped by issues of citizenship, democracy and nation-state *The Media in Italy* is key reading for students on media, journalism, politics, and modern language courses.

Italian Fascism R.J.B. Bosworth 2016-07-27 Bringing together scholars from the Italian and English-speaking worlds, Bosworth and Dogliani's edited book reviews the history of the memory and representation of Fascism after 1945. Ranging in their study from patriotic monuments to sado-masochistic films, the essays here collected ask how and why and when Mussolini's dictatorship mattered after the event, and so provide a fascinating study of the relationship between a traumatic past and the changing present and future.

Necropolis Boris Pahor 2020-01-23 Boris Pahor spent the last fourteen months of World War II as a prisoner and medic in the Nazi camps at Bergen-Belsen, Harzungen, Dachau and Natzweiler-Struthof. Twenty years later, as he visited the preserved remains of a camp, his experiences came back to him: the emaciated prisoners; the ragged, zebra-striped uniforms; the infirmary reeking of dysentery and death. Necropolis is Pahor's stirring account of providing medical aid to prisoners in the face of the utter brutality of the camps – and coming to terms with the guilt of surviving when millions did not. It is a classic account of the Holocaust and a powerful act of remembrance.

Black Jack, Volume 6 Osamu Tezuka 2015-01-21 Black Jack is a mysterious and charismatic young genius surgeon who travels the world performing amazing and impossible medical feats. Though a trained physician, he refuses to accept a medical license due to his hatred and mistrust of the medical community's hypocrisy and corruption. This leads Black Jack to occasional run-ins with the authorities, as well as from gangsters and criminals who approach him for illegal operations. Black Jack charges exorbitant fees for his services, the proceeds from which he uses to fund environmental projects and to aid victims of crime and corrupt capitalists. But because Black Jack keeps his true motives secret, his ethics are perceived as questionable and he is considered a selfish, uncaring devil. The Black Jack series is told in short stories. Each volume will contain 16-20 stories, each running approximately 20-24 pages in length.

Cycling and Society Dave Horton 2016-05-13 How can the social sciences help us to understand the past, present and potential futures of cycling? This timely international and interdisciplinary collection addresses this question, discussing shifts in cycling practices and attitudes, and opening up important critical spaces for thinking about the prospects for cycling. The book brings together, for the first time, analyses of cycling from a wide range of disciplinary backgrounds, including history, sociology, geography, planning, engineering and technology. The book redresses the past neglect of cycling as a topic for sustained analysis by treating it as a varied and complex practice which matters greatly to contemporary social, cultural and political theory and action. Cycling and Society demonstrates the incredible diversity of contemporary cycling, both within and across cultures. With cycling increasingly promoted as a solution to numerous social problems across a wide range of policy areas in car-dominated societies, this book helps to open up a new field of cycling studies.

Bike Battles James Longhurst 2015-04-15 Americans have been riding bikes for more than a century now. So why are most American cities still so ill-prepared to handle cyclists? James Longhurst, a historian and avid cyclist, tackles that question by tracing the contentious debates between American bike riders, motorists, and pedestrians over the shared road. Bike Battles explores the different ways that Americans have thought about the bicycle through popular songs, merit badge pamphlets, advertising, films, newspapers and sitcoms. Those associations shaped the actions of government and the courts when they intervened in bike policy through lawsuits, traffic control, road building, taxation, rationing, import tariffs, safety education and bike lanes from the 1870s to the 1970s. Today, cycling in American urban centers remains a challenge as city planners, political pundits, and residents continue to argue over bike lanes, bike-share programs, law enforcement, sustainability, and public safety. Combining fascinating new research from a wide range of sources with a true passion for the topic, Longhurst shows us that these battles are nothing new; in fact they're simply a continuation of the original battle over who is - and isn't - welcome on our roads. Cycling and Recycling Ruth Oldenziel 2015-12-01 Technology has long been an essential consideration in public discussions of the environment, with the focus overwhelmingly on creating new tools and techniques. In more recent years, however, activists, researchers, and policymakers have increasingly turned to mobilizing older technologies in their pursuit of sustainability. In fascinating case studies ranging from the Early Modern secondhand trade to utopian visions of human-powered vehicles, the contributions gathered here explore the historical fortunes of two such technologies—bicycling and waste recycling—tracing their development over time and providing valuable context for the policy successes and failures of today.

The Araki Effect Filippo Maggia 2019-10-08 Araki's career in full, from the portraits of the early 1960s to city scenes and tender tributes to his wife Araki is known the world over for his controversial erotic portraits of Japanese women, often bound using the kinbaku (Japanese bondage) technique. A unique figure in contemporary photography, he has always found creative inspiration in his daily existence, without making any distinction between his personal life and public and professional practice. The Araki Effect offers a broad overview of his career: from the first series from 1963-65, Satchin and His Brother Mabo, to Subway of Love, a large collection of images taken in the Tokyo subway between 1963 and 1972, the year he also made Autumn in Tokyo, which recounts the autumn he spent wandering through the city in the twilight hours. These are followed by Sentimental Night in Kyoto, less known than the famous Sentimental Journey, both tributes to his wife, Yoko; Balcony of Love, Death Reality, Tokyo Diary from 2017, and one of his latest collections, Araki's Paradise from 2019. Born in Tokyo in 1940, Nobuyoshi Araki worked at an advertising agency in the 1960s, where he met his future wife, Yoko Araki, the subject of his now classic volume Sentimental Journey. Araki's oeuvre spans erotic portraits of women, still lifes, images of plants, scenes of everyday life and architectural photography. He has published around 400 books, shown in many international exhibitions and his work is part of important collections worldwide. Araki lives and works in Tokyo.

Terrorism, Italian Style Ruth S. Glynn 2012 The legacy of Italy's experience of political violence and terrorism in the anni di piombo ('years of lead', c. 1969-83) continues to exercise the Italian imagination to an extraordinary degree. Cinema has played a particularly prominent role in articulating the ongoing impact of the anni di piombo and in defining the ways in which Italians remember and work through the atrocities and traumas of those years. Terrorism, Italian Style brings together some of the most important scholars contributing to the study of cinematic representations of the anni di piombo. Drawing on a comparative approach and a broad range of critical perspectives (including genre theory, family and gender issues, trauma theory and ethics), the book addresses an extensive range of films produced between the 1970s and the present and articulates their significance and relevance to contemporary Italian society and culture. Ruth Glynn is Senior Lecturer in Italian at the University of Bristol. Giancarlo Lombardi is Professor of Italian Literature at the City University of New York. Alan O'Leary is Senior Lecturer in Italian at the University of Leeds.

We Women of Tehran Farian Sabahi 2021-09 Originally written for the stage, "We, the Women of Tehran" illustrates from a female standpoint the origins and contradictions of the Iranian capital, and the rights of religious minorities and women. It showcases women who have played a leading role in various disciplines and sports but who all too often have simply become an element in the regime's propaganda. The volume presents a lively narrative with verses from the great Persian poets and a hefty dose of irony: as a way to laugh about complex issues and dismantle misleading stereotypes.

Sardinia on Screen Maria Bonaria Urban 2013-11-01 This volume explores how Sardinians and Sardinia have been portrayed in Italian cinema from the beginning of the 20th century until now, starting from the examination of Sardinian tropes in a wide range of texts - travel writing, fictional sources, essays and academic works. The purpose is to shed light on the cultural construction of the Sardinian character and to reveal the ideology that is behind this process. Hence the volume challenges topics such as the dynamics between verbal and visual imagery, and the intertwining between discourse, images and audience. It addresses the following questions: how was the Sardinian character translated from texts into films? Which strategies were developed to define Sardinian images on screen? For whom were these images intended? Which ideology lies behind the images? Focusing on cultural images within film and literature, this volume is of interest to those working in imagology, comparative, cultural and Italian studies.

The Glatstein Chronicles Jacob Glatstein 2013-10-15 In 1934, with World War II on the horizon, writer Jacob Glatstein (1896–1971) traveled from his home in America to his native Poland to visit his dying mother. One of the foremost Yiddish poets of the day, he used his journey as the basis for two highly autobiographical novellas (translated as *The Glatstein Chronicles*) in which he intertwines childhood memories with observations of growing anti-Semitism in Europe. Glatstein's accounts "stretch like a tightrope across a chasm," writes preeminent Yiddish scholar Ruth Wisse in the Introduction. In Book One, *Homeward Bound*, the narrator, Yash, recounts his voyage to his birthplace in Poland and the array of international travelers he meets along the way. Book Two, *Homecoming at Twilight*, resumes after his mother's funeral and ends with Yash's impending return to the United States, a Jew with an American passport who recognizes the ominous history he is traversing. *The Glatstein Chronicles* is at once insightful reportage of the year after Hitler came to power, a reflection by a leading intellectual on contemporary culture and events, and the closest thing we have to a memoir by the boy from Lublin, Poland, who became one of the finest poets of the twentieth century.

Italian Neofascism Anna Cento Bull 2011-12 During the Cold War Italy witnessed the existence of an anomalous version of a civil conflict, defined as a 'creeping' or a 'low-intensity' civil war. Political violence escalated, including bomb attacks against civilians, starting with a massacre in Milan, on 12 December 1969, and culminating with the massacre in Bologna, on 2 August 1980. Making use of the literature on national reconciliation and narrative psychology theory, this book examines the fight over the 'judicial' and the 'historical' truth in Italy today, through a contrasting analysis of judicial findings and the 'narratives of victimhood' prevalent among representatives of both the post- and the neo-fascist right.

Bellissima Stephen Gundle 2011-02-03 Feminine beauty has been more associated with national cultural identity in Italy than in any other country. From the time of Dante and Petrarch, ideals of beauty have informed artists' work. This intriguing and gloriously illustrated book investigates the many debates this topic has provoked in modern Italy. Radicals and monarchists, Catholics, Fascists, and Communists have all championed specific ideas about female beauty. First theater and the press, then, later, cinema and television inherited from literature and art the task of articulating ideals. Gundle examines Fascism's failure to mold the ideal modern Italian woman, the rise of beauty pageants after World War Two, the professional and public roles of television actresses, the election of the first non-white Miss Italy in 1996, and the careers and images of beautiful women who have been seen to embody the country--Queen Margherita of Savoy, the opera singer Lina Cavalieri, and movie icons Gina Lollobrigida, Claudia Cardinale, Monica Bellucci, and Sophia Loren, who remains the living symbol of Italy and one of the most beautiful women in the world.

Neuroenology Gordon M. Shepherd 2016-11-22 In his new book, Gordon M. Shepherd expands on the startling discovery that the brain creates the taste of wine. This approach to understanding wine's sensory experience draws on findings in neuroscience, biomechanics, human physiology, and traditional enology. Shepherd shows, just as he did in *Neurogastronomy: How the Brain Creates Flavor and Why It Matters*, that creating the taste of wine engages more of the brain than does any other human behavior. He clearly illustrates the scientific underpinnings of this process, along the way enhancing our enjoyment of wine. *Neuroenology* is the first book on wine tasting by a neuroscientist. It begins with the movements of wine through the mouth and then consults recent research to explain the function of retronasal smell and its extraordinary power in creating wine taste. Shepherd comprehensively explains how the specific sensory pathways in the cerebral cortex create the memory of wine and how language is used to identify and imprint wine characteristics. Intended for a broad audience of readers—from amateur wine drinkers to sommeliers, from casual foodies to seasoned chefs—*Neuroenology* shows how the emotion of pleasure is the final judge of the wine experience. It includes practical tips for a scientifically informed wine tasting and closes with a delightful account of Shepherd's experience tasting classic Bordeaux vintages with French winemaker Jean-Claude Berrouet of the Chateau Petrus and Dominus Estate.

Seinfeld and Philosophy William Irwin 2010-08 How is Jerry like Socrates? Is it rational for George to "do the opposite?" Would Simone de Beauvoir say that Elaine is a feminist? Is Kramer stuck in Kierkegaard's aesthetic stage? *Seinfeld and Philosophy* is both an enlightening look at the most popular sitcom of the decade and an entertaining introduction to philosophy via *Seinfeld*'s plots and characters. These fourteen essays, which explore the ideas of Plato, Aristotle, Lao-Tzu, Heidegger, Kant, Marx, Kierkegaard, Nietzsche, Sartre, and Wittgenstein, will show readers how to be masters of their philosophical domain.

Bartali Leo Turrini 2014-05-21 Leo Turrini è nato a Sassuolo nel 1960. Da oltre trent'anni racconta per i quotidiani del gruppo Poligrafici i grandi eventi dello sport. Ha scritto le biografie di Enzo Ferrari, Michael Schumacher, Lucio Battisti. Per Imprimatur editore è uscito recentemente Senna. In viaggio con Ayrton. Va piano in bicicletta, ma ama moltissimo le storie, felici e tragiche, del ciclismo. Gino Bartali è stato amato come altri pochi campioni nella storia dello sport. Per la sua ruvida schiettezza di popolano e di toscano, per la sua capacità di soffrire, per la sua fede. Bartali uomo e Bartali campione. Questo libro racconta i successi, i misteri e le tragedie di una carriera durata un quarto di secolo: le 144 vittorie, le quasi mille giornate di gara, le memorabili arrampicate sulle Alpi e sui Pirenei. Rivela tutti i retroscena della lunghissima rivalità con l'amico-nemico Fausto Coppi; si sofferma sul celebre episodio della vittoria al Tour de France del 1948, poco dopo l'attentato a Togliatti: un successo sportivo che secondo l'opinione pubblica salvò l'Italia da una guerra civile; ricorda l'uomo che con straordinaria solidarietà mise a rischio la sua stessa vita per salvare quella di centinaia di ebrei perseguitati. Tanto popolare da essere coinvolto anche dal mondo dello spettacolo, Bartali si è meritato una delle più belle e conosciute canzoni di Paolo Conte, che ha saputo immortalare quei tratti - «quel naso triste come la salita, quegli occhi allegri da italiano in gita» - che ormai sono entrati nel mito. «Sono convinto che anche Fausto Coppi, quando ci ritroveremo in Paradiso, sarà d'accordo con me: il ciclismo di campionissimi ne ha avuti due, io e lui». Gino Bartali

My Country, My Life Ehud Barak 2018-05-08 WINNER OF THE 2018 NATIONAL JEWISH BOOK AWARD The definitive memoir of one of Israel's most influential soldier-statesmen and one-time Prime Minister, Ehud Barak, with insights into forging peace in the Middle East. In the summer of 2000, the most decorated soldier in Israel's history—Ehud Barak—set himself a challenge as daunting as any he had faced on the battlefield: to secure a final peace with the Palestinians. He would propose two states for two peoples, with a shared capital in Jerusalem. He knew the risks of failure. But he also knew the risks of not trying: letting slip perhaps the last chance for a generation to secure genuine peace. It was a moment of truth. It was one of many in a life intertwined, from the start, with that of Israel. Born on a kibbutz, Barak became commander of Israel's elite special forces, then army Chief of Staff, and ultimately, Prime Minister. My Country, My Life tells the unvarnished story of his—and his country's—first seven decades; of its major successes, but also its setbacks and misjudgments. He offers candid assessments of his fellow Israeli politicians, of the American administrations with which he worked, and of himself. Drawing on his experiences as a military and political leader, he sounds a powerful warning: Israel is at a crossroads, threatened by events beyond its borders and by divisions within. The two-state solution is more urgent than ever, not just for the Palestinians, but for the existential interests of Israel itself. Only by rediscovering the twin pillars on which it was built—military strength and moral purpose—can Israel thrive.
