But the time has come for Jaime to face facts: despite her best efforts, Dante just isn't interested. And that's probably for the best. The last thing Jaime needs is for anyone--particularly Dante--to find out about her little "problem"--The one that haunts her past and threatens to destroy her and everyone she loves ... As the pack Beta, workaholic Dante Garcea is responsible for the protection and safety of his entire pack and doesn't have time for distractions--especially the kind promised by Jaime Farrow. It's all he can do to keep her at arm's length and his own desire at bay. Yet when her flirtations abruptly end, Dante becomes suspicious. If a wolf is hiding something that could endanger the others, it's his business to know about it. And she is hiding something, something big, and unless he can convince her to trust him, their entire pack could be in danger. But after years of keeping her--and his desire--at arm's length, he is forced to confront the danger she poses to their pack ... and the passion smoldering between them. He knows hot-headed Jaime will resist him ... but Dante never takes no for an answer.--

My insides turn to hot mush whenever he fixes his smoldering eyes on me, and the scandalously sexy and unusual features his sensationally muscular body is rocking totally make me forget time and place. There's only one problem: He's holding me for ransom. And he wants to repopulate his woman-less planet. With me ... Never gonna happen in this galaxy or the next! - There are two things Jonnar enjoys in life: fighting and... well, it involves a willing woman beneath him. Punk 57 Penelope Douglas 2016 "MISHA I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F\*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own

fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. \*Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--Amazon.com
