Patriarchal Attitudes Eva Figes 1970 "First published in 1970, Patriarchal Attitudes has since become famous and is considered a classic feminist text. Writing with wit as well as scholarship, Eva Figes examines the factors which have helped place women in subservient roles in most societies, including the influence of Christianity, the rise of capitalism, Freudian psychoanalysis, and sexual taboos. She draws on a wide range of material to illuminate one of the central issues of our time."--Back cover.

Saltwater Slavery Stephanie E. Smallwood 2009-06-30 This bold, innovative book promises to radically alter our understanding of the Atlantic slave trade, and the depths of its horrors. Stephanie E. Smallwood offers a penetrating look at the process of enslavement from its African origins through the Middle Passage and into the American slave market. Saltwater Slavery is animated by deep research and gives us a graphic experience of the slave trade from the vantage point of the slaves themselves. The result is both a remarkable transatlantic view of the culture of enslavement, and a painful, intimate vision of the bloody, daily business of the slave trade.

The Murders at Hanging Rock Yvonne Rousseau 1988

The Fanaticism of the Apocalypse Pascal Bruckner 2013-04-25 The planet is sick. Human beings are guilty of damaging it. We have to pay. Today, that is the orthodoxy throughout the Western world. Distrust of progress and science, calls for individual and collective self-sacrifice to 'save the planet' and cultivation of fear: behind the carbon commissars, a dangerous and counterproductive ecological catastrophism is gaining ground. Modern society's susceptibility to this kind of thinking derives from what Bruckner calls "the seductive attraction of disaster," as exemplified by the popular appeal of disaster movies. But ecological catastrophism is harmful in that it draws attention away from other, more solvable problems and injustices in the world in order to focus on something that is portrayed as an Apocalypse. Rather than preaching catastrophe and pessimism, we need to develop a democratic and generous ecology that addresses specific problems in a practical way.

Le religioni del mondo Huston Smith 2012-07-23T00:00:00+02:00 «Nel mondo di oggi, dove gli specialisti spendono l'intera carriera analizzando uno o due versi della Bibbia, un professore che osa riassumere la Cristianità in 50 pagine può essere visto come un folle. Ma per i suoi tempi Smith stava facendo qualcosa di rivoluzionario». Newsweek «Intelligente, scritto in modo straordinariamente chiaro... rivela lo spirito di ciascuna fede». In Search of a Glorious Death Carlo Mazzantini 1992 This autobiographical narrative provides an alternative perspective of World War I, recounting the experiences of a Roman schoolboy who volunteered to fight against the Allies after Italy surrendered in 1943. But he is not sent to the front. Instead, with professional soldiers from the Russian front and fanatical fascists, he fights in the civil war that raged in Mussolini's puppet state. He is captured in Milan after the German surrender and is spared execution by his captors, boys of his own age.

The Solar System Lieut.-Col. Arthur E. Powell 2018-02-27 "The aim of the present volume is to give a co-ordinated and coherent view of the "forest" rather than to describe in detail each particular "tree." The student may then, as his leisure permits, and his tastes impel, study for himself the histories of the separate trees, bushes, thickets, and so on, which, collectively, make up the gigantic forest of lives which populate the amazing world, or rather series of worlds, in which we have our being and evolve. "The work is planned in three main sections. First, the field, in which evolution takes place, is described. This involves a study of the various globes, their successive periods of activity and obscurity, the chains, and schemes of evolution. It is the formative of our subject, a description of the places where life evolves. The second section deals with the various streams of life which are poured into the prepared field, and the method by which those streams steadily evolve and pass through the various stages or levels of attainment or growth. These processes are here dealt with in, broad outline only, giving the student a bird's-eye view of the whole stately march of events. "The third section describes in much more detail the progress of the component parts of certain of the kingdoms of life, more especially the human races and sub-races. In this section, however, as already stated, full elaboration of detail is avoided, the object being, not so much to give the student an encyclopedic mass of information, as to enable him to perceive and understand the principles determining the mighty plan in obedience to which everything is ordered in this superbly ordered universe, in which "not a sparrow falls on the ground" save by the will of the Father of the System to which we have the honour to belong." (Lieut.-Col. Arthur E. Powell)

Images from the Region of the Pueblo Indians of North America Aby M. Warburg 2016-11-01 Aby M. Warburg (1866-1929) is recognized not only as one of the century's preeminent art and Renaissance historians but also as a founder of twentieth-century methods in iconology and cultural studies in general. Warburg's 1923 lecture, first published in German in 1988 and now available in the first complete English translation, offers at once a window on his career, a formative statement of his cultural history of modernity, and a document in the ethnography of the American Southwest. This edition includes thirty-nine photographs, many of them originally presented as slides with the speech, and a rich interpretive essay by the translator.

Pasolini Requiem Barth David Schwartz 1995 Riveting, obsessive, impassioned, and scandalous, here is a major biography of one of the great Renaissance men of the 20th century. Spazio Pubblico. Dai primi insediamenti umani alle città del futuro Nicolò Savarese 2023-02-28 Il saggio di Nicolò Savarese approfondisce la storia degli spazi d'uso collettivo e la loro possibile evoluzione futura all'interno degli insediamenti umani avvalendosi di un approccio interdisciplinare: antropologico, socio-economico, urbanistico, semiologico ed epistemico. Il lettore viene così accompagnato in un viaggio alla scoperta di una delle dimensioni più rilevanti del vivere in comunità. Ma quali aspetti fondamentali e quali problematiche vanno considerati nell'ottica stimolante e complessa dell'uso collettivo dello spazio? Partendo da una riflessione sul rapporto metaforico tra spazio teatrale e spazio urbano, l'Autore prosegue analizzando la forma del territorio, del villaggio, della città antica, della città moderna e di quelle ipotizzate per la città del futuro. Il focus principale dell'indagine, dai punti di vista storico-geografico e antropologico-culturale, è quello "occidentale" e nello specifico "euro-mediterraneo", anche se non mancano raffronti con altre culture. Nicolò Savarese Architetto esperto in pianificazione urbanistica e territoriale, è attualmente membro INU, AISRe e AISS. Già consulente e direttore di ricerche presso primari istituti italiani di ricerca (CENSIS, CRESME, CNR), diviene nel 1977 direttore della sezione urbanistica della IN.CO. S.p.A., progettando importanti piani di sviluppo in Algeria e a Cipro. Nel 1982 fonda, assieme al CRESME, la SET (Sistemi Economici e Territoriali srl), specializzata in Project Management. Nella qualità di Amministratore Unico coordina grandi progetti integrati, tra cui il Progetto POLIS per il Porto di Trieste e il Piano della mobilità del Sistema

Ethnography Vincenzo Matera 2020-12-04 This volume presents both a historical exploration of ethnography and a thematic discussion of major trends that, over different periods, have oriented and re-oriented research practice. As it overviews ethnography from different geographic and thematic perspectives, it further explores new lines of ethnographic research, including as feminist ethnography and visual research, that uncover non-traditional routes to anthropological knowledge. As the great ethnographer E. E. Evans-Pritchard wrote, "Anyone who is not a complete idiot can do fieldwork... but will [his contribution] be to theoretical, or just to factual knowledge?" As Evans-Pritchard highlights and as this book argues, successful ethnography must be connected to a sophisticated theoretical reflection rooted in social and cultural anthropology.

International Perspectives on Spinal Cord Injury World Health Organization 2013 "Every year between 250 000 and 500 000 people suffer a spinal cord injury, with road traffic crashes, falls and violence as the three leading causes. People with spinal cord injury are two to five times more likely to die prematurely. They also have lower rates of school enrollment and economic participation than people without such injuries. Spinal cord injury has costly consequences for the individual and society, but it is preventable, survivable and need not preclude good health and social inclusion. Ensuring an adequate medical and rehabilitation response, followed by supportive services and accessible environments, can help minimize the disruption to people with spinal cord injury and their families. The aims of International perspectives on spinal cord injury are to: ---assemble and summarize information on spinal cord injury, in particular the epidemiology, services, interventions and policies that are relevant, together with the lived experience of people with spinal cord injury; ---make recommendations for actions based on this evidence that are consistent with the aspirations for people with disabilities as expressed in the Convention on the Rights of Persons with Disabilities.

La personalità Marco Calzoli 2014-01-21 "La personalità" è un saggio di psicologia che, raccogliendo varie e numerose prove in settori diversi del sapere, fa luce sul rapporto tra la personalità e la psiche, da una parte, e la materia che ci circonda, dall'altra. La struttura portante della nostra vita psichica rivela fermi collegamenti con le leggi ferree della materia. Una comune origine quindi sta alla base tanto del mondo esterno quanto del mondo interiore del soggetto. In ciò poggia la "potenzialità di sopravvivenza attiva" dell'uomo, che è l'elemento più caratteristico della personalità.

Lo sguardo sul nulla Pierandrea Amato 2001 Questo volume è la prima monografia in Italia sulla 'secolare' opera di Ernst Junger: alla luce dell'avvento dirompente della tecnica, si indagano i temi che ne hanno sollecitato la riflessione (guerra - tecnica - lavoro - eros - libertà - storia - morte) si analizzano le figure fondamentali della sua produzione (il milite ignoto - il lavoratore - l'anarca ecc.). seguendo il filo rosso della questione del nichilismo, che individua il senso complessivo del suo cammino di pensiero, si illumina, in un orizzonte nietzschiano, l'incontro 'nucleare' di Junger, quello con Martin Heidegger, da cui il celebre dialogo sulla ineluttabilità del nichilismo. Junger si rivela in questo libro come quella figura in grado di cogliere, 'in diretta', il nichilismo assoluto che alberga ad Auschwitz e la 'banalità del male' a esso connessa con il trionfo dell'astrazione e del funzionalismo. Evitando ogni polemica sulla sua controversa vicenda biografica, questo volume si propone di interrogare le cristalline sfaccettature del pensatore Junger: conservando il tono aspro e teso della tecnica moderna 'a lavoro', consegna l'immagine di uno dei più grandi diagnostici del Novecento. Gettare Heidegger Luciano Parinetto 2021-07-22T00:00:00+02:00 Oggi è sicuramente facile apprezzare e condividere lo spirito di questo libro assai felice e corrosivo, ma Luciano Parinetto lo fece uscire quando più o meno tutti gettavano Marx alle ortiche e si ubriacavano con Heidegger, con le sue inconcludenti oscillazioni a proposito dell'essere, il discutibilissimo intreccio di morte e temporalità, l'ideologico trattamento della tecnica, l'intima connessione fra ontologia e nazismo, l'assurdo culto delle insette e la larvata teologia. Tutto ciò non depone a favore del "pensiero" di Heidegger, che ha fatto dell'uomo un "gettato", cioè un irresponsabile alienato per definizione, ed è dunque da gettare. Del suo misticismo mal riposto è un probante esempio Il sito dell'abbandono, che viene pubblicato in appendice con l'originale a fronte.

Mother Earth Spirituality Ed McGaa 2011-04-05 "A dear stream of practical knowledge with the mind change we need to save the life of our Mother Earth--and ourselves . . . This is a book for every person who loves this planet. Eagle Man shows us the joyful path home to our universal Mother." Cynthia Bend, Water Spirit Woman, co-author of Birth of a Modern Shaman "A rich panorama of our native heritage which allows the seeker access to the heart of the Path of Beauty. Ed McGaa has walked this path so that all people may live in harmony." Samie Sams, Hancock Olowanpi, author of Midnight Song: Quest for the Vanished Ones "Ed McGaa is one of the first persons who can write about Oglala religion in the first person because he has lived it. For years anthropologists have hoped a Native American would portray that society from the inside out. Ed McGaa has. It's about time." William K. Powers, author of Oglala Religion "Fascinating as well as inspiring reading. Ed McGaa makes an excellent spiritual guide and intellectual teacher . . . The information stimulates the mind, the drawings delight the eye, and the ideas soothe the spirit." Jack Weatherford, author of Indian Givers "Profound and insightful . . . Mother Earth Spirituality will be of great importance to those of us, both 'rainbow' and non-Indian people, who walk over land in search of a deeper spiritual life . . . For us, this book is an invaluable guide showing us how to do it." Fred Alm Wolf, Ph.D., author of Taking the Quantum Leap

The Secret of Hanging Rock Joan Lindsay 2021-10-01 Joan Lindsay's classic novel Picnic at Hanging Rock is a subtle blend of mysterious and sinister events set in a period of Australian social life drawn with loving nostalgia. The final chapter of the novel was removed at the request of her publishers, creating a mystery to which thousands have begged to know the solution. The missing chapter reveals what did happen to the schoolgirls who vanished from the Rock after a St Valentine's Day picnic in 1900, and holds commentaries by John Taylor, Yvonne Rousseau and Mudrooroo.

Colei che dà la vita, colei che dà la forma Luciana Percovich 2020-09-04 Una raccolta di straordinari miti di creazione che spaziano dall'Asia all'Oceania, dall'Africa all'America, dal Mediterraneo all'India, da cui emerge come le antiche civiltà abbiano tutte immaginato al femminile l'origine del cosmo. La Madre o la Dea era Colei che dava non solo la Vita ma anche la Forma, ossia le regole e gli insegnamenti indispensabili per continuare la creazione. Prima del Patriarcato, nelle Età dell'oro e dei Paradisi terrestri, le figlie e i figli della Madre sono vissuti seguendo la Via che cerca l'armonia e l'equilibrio tra la natura e le società umane.

Walkscapes Francesco Careri 2018-01-21 Walkscapes deals with strolling as an architecture of landscape. Walking as an autonomous form of art, a primary act in the symbolic transformation of the territory, an aesthetic instrument of knowledge and a physical transformation of the 'negotiated' space, which is converted into an urban intervention. From primitive nomadism to Dada and Surrealism, from the Lettrist to the Situationist International, and from Minimalism to Land Art, this book narrates the perception of landscape through a history of the traversed city.

Songs of Central Australia Theodor George Henry Strehlow 1971 This is Strehlow's most widely regarded work and the culmination of his anthropological work related to the Aranda (Arunta) people of the Alice Springs region. In this work Strehlow records the patrilineal chants or songs of the Aranda people and puts them into a wider context of totemic cultural understanding. Of particular interest is Chapter 10, the love songs of the Aranda people, which pre-date European romantic conventions by several thousand years.

She Is Everywhere! Volume 3 Mary Beth Moser 2012-02-15 She Is Everywhere! Volume 3 presents a bold, brave, and beautiful compilation of womanist/feminist essays, poems, and artwork showcasing work from an international community of women and men who honor the Sacred Female. The fifty contributors in this anthology—scholars, creative writers, and visual artists—share their vision for a world that reclaims the inviolability of the Divine Female in all Her many and varied manifestations. She Is Everywhere! Volume 3 is the latest edition of a leading-edge series which, like its predecessors, offers an invaluable contribution to women's spirituality, religion, philosophy, and women's studies. The contemporary voices contained within its pages echo an ancient clarion call to embrace the values of justice with compassion, equality for all people, and transformation. We have a calling in this world—namely, to prevent the destruction from continuing. Claudia von Werlhof I am in the presence of a divine Mother, and She is fulfilling a deep longing inside of me. Nicole Margiasso-Tran She was, I am, my daughter is because we are all Her. Etylee McKee Just as dark matter (mother) in space shapes galaxies and holds them together, we are shaped and held by the African Dark Mother who has given us Her life force, and resides in the very depths of our being, where the macrocosm is literally reflected in the microcosm. I sentieri del sogno Theodor George Henry Strehlow 2023-10-06T00:00:00+02:00 Avendo vissuto per trent'anni tra gli Aranda, Strehlow, etnologo outsider non allineato alle direttive colonialiste, ci regala con questo piccolo libro un distillato della sua visione del pensiero religioso degli aborigeni australiani. Per primo egli ha rovesciato il pregiudizio di uomini "primitivi", considerati tra i più arretrati della Terra, mostrando invece come il loro linguaggio, le loro usanze e i loro riti lasciassero trasparire una visione spirituale, filosofica e magica del mondo, straordinaria e affascinante. "La bellezza, la complessità e la pura poesia" della cultura dei nativi australiani è ciò che scopriamo in questo libro, a partire dalla centralità della dimensione del sogno: il "tempo del sogno", infatti, non è una mera dimensione di fantasia, ma il fondamento di tutto ciò che profondamente è. Sognare è "vedere o sognare cose eterne", "vedere con visione eterna". Scopriamo inoltre un pensiero religioso in cui il divino non è contrapposto alla terra, ma generato da essa, e dove il maschile e il femminile coesistono "fianco a fianco nel paesaggio terrestre": una visione del mondo che ha molto da insegnare all'uomo occidentale.
