Oh Crap! I Have a Toddler Jamie Glowacki 2019-06-04 Real-world, from-the-trenches toddler parenting advice from the author of the bestselling Oh Crap! Potty Training.

Toddlers—commonly defined as children aged between two and five years old—can be a horribly misunderstood bunch. What most parents view as bad behavior is in fact just curious behavior. Toddlerdom is the age of individuation, seeking control, and above all, learning how the world works. But this misunderstanding between parents and child can lead to power struggles, tantrums, and even diminished growth and creativity. The recent push of early intellectualism coupled with a desire to “make childhood magical” has created a strange paradox—we have three-year-olds with math and Mandarin tutors who don’t know how to dress themselves and are sitting in their own poop. We are pushing the toddler mind beyond its limit but simultaneously keeping them far below their own natural capabilities. In the frank, funny, and totally authentic Oh Crap! I Have a Toddler, social worker Jamie Glowacki helps parents work through what she considers the five essential components of raising toddlers: —Engaging the toddler mind —Working with the

toddler body —Understanding and dealing with the toddler behavior —Creating a good toddler environment —You, the parent Oh Crap! I Have a Toddler is about doing more with less—and bringing real childhood back from the brink of over-scheduled, over-stimulated, helicopter parenting. With her signature down-and-dirty, friend-to-friend advice, Jamie is here to help you experience the joy of parenting again and giving your child—and yourself—the freedom to let them grow at their own pace and become who they are.

Confessions of a Crummy Mummy - The Baby Years Natalie Brown 2021-11-16 Unashamedly oversharing the truth about the first year Confessions of a Crummy Mummy - The Baby Years by parenting blogger and accidental mum of four Natalie Brown (@confessionsofacrummymummy) is the literary equivalent of the tea and toast you're handed after giving birth: warm, reassuring and you can't help but want more! An antidote to the traditional parenting manual, the telling-it-how-it-is parenting memoir lifts

the lid on a subject the hugely successful genre of telling-it-how-it-is parenting memoirs has yet to touch on: giving birth during a global pandemic. And let's just say giving birth during a global pandemic was not in the birth plan! An easy-to-digest and quick-paced list-style format offers a collection of witty and brutally honest confessions time-poor mums can dip in and out of and back into again. Starting with the birth and what really happens to your lady bits after pushing a human being out of your foo-foo, chapters are split into confessions on subjects including breastfeeding, weaning, homeschooling and washing - and what happens when you find yourself doing it all in the middle of a global pandemic. The light-hearted and entertaining confessions are peppered with heartfelt thoughts, frustrations, and home truths about the first year that every mum will relate to, making the book a perfect gift and must-read for all new (and not so new) mamas feeling like they're doing too many things and none of them well.
