The Lazarus Curse Tessa Harris 2016-01-28 The 18th-century meets the sharp blade of forensic science... In 1780s London, American anatomist Dr. Thomas Silkstone is plunged into a swirling cauldron of sorcery, slavery, and cold-blooded murder... When the sole survivor of an ill-fated scientific expedition to Jamaica goes missing upon his return to London, Dr Thomas Silkstone - entrusted with cataloging the expedition's New World specimens - feels compelled to investigate. There are rumours of a potion that has the power to raise the dead - and the formula is suspected to be in the private journal that has disappeared along with the young botanist. As Dr Silkstone searches for clues to the man's whereabouts, he is drawn deeper into a dark and dangerous world of vengeance, infidelity, murder and the trafficking of corpses for profit. Without the support of his beloved Lady Lydia Farrell - from whom he has been forcibly separated by law - he must confront the horrors of slavery, as well the very depths of human wickedness. And after a headless corpse is discovered, Dr. Silkstone begins to uncover the sinister motives of those in power who would stop at nothing to possess the Lazarus potion... The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as "settlers" from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. "The Forgotten Rohingya" makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure

of Burma's orange revolution.

The Sixth Victim Tessa Harris 2017-05-30 "A reinterpretation of Jack the Ripper with a supernatural

touch . . . a convincing portrait of London's seamier side and a neat twist of an ending." —Kirkus Reviews London's East End, 1888: When darkness falls, terror begins . . . The foggy streets of London's Whitechapel district have become a nocturnal hunting ground for Jack the Ripper, and no woman is safe. Flower girl Constance Piper is not immune to dread, but she is more preoccupied with her own strange experiences of late. Clairvoyants seem to be everywhere these days. Constance's mother has found comfort in contacting her late father in a séance. But are such powers real? And could Constance really be possessed of second sight? Following the latest grisly discovery, Constance is contacted by a high-born lady of means who fears the victim may be her missing sister. She implores Constance to use her clairvoyance to help solve the crime, which the press is calling "the Whitechapel Mystery," attributing the murder to the Ripper. As Constance becomes embroiled in intrigue far more sinister than she could have imagined, assistance comes in a startling manner that profoundly challenges her assumptions about the nature of reality. She'll need all the help she can get—because there may be more than one depraved killer out there . . . "A highly imaginative and entertaining book, brimming with atmosphere and suspense. This latest work, set in a time dominated by the murders of Jack the Ripper, exemplifies Harris's ability as a storyteller and demonstrates her outstanding knowledge of London's history." —David Bullock, author of *The Man Who Would Be Jack*

Secrets in the Stones Tessa Harris 2016-08-04 The 18th-century meets the sharp blade of forensic science... Newly released from the notorious asylum known as Bedlam, Lady Lydia Farrell finds herself in an equally terrifying position - as a murder suspect - when she stumbles upon the mutilated body of Sir Montagu Malthus in his study at Boughton Hall. Meanwhile, Dr Thomas Silkstone has been injured in a duel with a man who may or may not have committed the grisly deed of which Lydia is accused. Despite his injury, Thomas hopes to clear his beloved's good name by conducting a postmortem on the victim. With a bit of detective work, he learns that Montagu's throat was slit by no ordinary blade, but a ceremonial Sikh dagger from India - a clue that may be connected to the fabled lost mines of Golconda. From the mysterious disappearance of a cursed diamond buried with Lydia's dead husband, to the undying legend of a hidden treasure map, Thomas must follow a trail of foreign dignitaries, royal agents - and even more victims - to unveil the sinister and shocking secrets in the stones... The Devil's Breath Tessa Harris 2015-07-02 A man staggers out of his cottage into the streets of Oxfordshire, shattering an otherwise peaceful evening with the terrible sight of his body shaking and heaving, eyes wild with horror. Many of the villagers believe the Devil himself has entered Joseph Makepeace, the latest victim of a "great fog" that darkens the skies over England like a Biblical plague. When Joseph's son and daughter are found murdered - heads bashed in by a shovel - the town's worst suspicions are confirmed: Evil is abroad, and needs to be banished. A brilliant man of science, Dr. Thomas Silkstone is not one to heed superstition. But when he arrives at the estate of the lovely widow Lady Lydia Farrell, he finds that it's not just her grain and livestock at risk. A shroud of mystery surrounds Lydia's lost child, who may still be alive in a workhouse. A natural disaster fills the skies with smoke and ash, clogging the lungs of all who breathe it in. And the grisly details of a father's crime compels Dr. Silkstone to look for answers beyond his medical books - between the Devil and the deep blue sea.
