And then he taught me that sometimes love is too.

The Daemoniac Kat Ross 2016-10-12 It's August 1888, just three weeks before Jack the Ripper will terrorize Whitechapel, and another murderer is stalking the streets of New York. His handiwork bears the hallmarks of a demonic possession—but amateur sleuth Harrison Fearing Pell is certain

her quarry is a man of flesh and blood. And she hopes to make her reputation by solving the bizarre case before the man the press has dubbed Mr. Hyde strikes again. From the squalor of the Five Points to the high-class gambling dens of the Tenderloin and the glittering mansions of Fifth Avenue, Harry follows the trail of a remorseless killer, uncovering a few embarrassing secrets of New York's richest High Society families along the way. Are the murders a case of black magic—or simple blackmail? And will the trail lead closer to home than she ever imagined? Praise for *The Daemoniac* "While the clever mystery is reason enough to keep pages turning, the novel's writing remains its greatest asset. Employing a tone that affects the style of Victorian literature and the Conan Doyle stories, but without the stiffness readers might associate with older fiction, the prose is a genuine delight. Furthermore, the characters conjure Holmes and Watson without belaboring the point or adopting a sense of smug superiority. Ross provides two endlessly charming sleuths, and Harry's womanhood adds new depth to familiar ground. All in all, there's an impressive amount of detail and care packed into these pages, not only in references to the Holmes canon, but also in inventive storytelling and colorful portraiture of 19th-century New York. An unexpected treat of a detective novel with a strong heroine, making Ross a name to look out for." -Kirkus Reviews "Harry and John are a most appealing pair...Frequent nods to the Sherlock Holmes canon and a blend of charm and darkness turned this first volume of a hopefully long-running series into a few hours of pure pleasure." -Buried Under Books "This mash-up of genres is amazing...Anyone who enjoys mysteries will appreciate this unique setting and intriguing setup. The characters are deep and the background is gripping." -Desert Rose Reviews "A truly gorgeous gothic mystery." -Mama Reads Blog "Greatly entertaining, fun, thrilling, at times chilling and with a light hint of romance. I have no word left to say, only 'perfect'." -Field of Bookish Dreams "Absolutely fascinating and delightful! The *Daemoniac* kept me guessing with a great cast of characters, wonderful atmosphere, and a mystery that I was eager to have unraveled. Definitely looking forward to the next book!" -It Starts at Midnight "The *Daemoniac* is a great read. Perfect for fans of the Jackaby series and of the Netflix TV show *Penny Dreadful*." -Book Briefs "Ross proved that the landscape of historical New York is just as magical as any fantasy setting." -Crazy for YA "An incredibly well written and developed story and one that will grab you from the very first page...This is a must read. That ending!!! Can't wait to see where the author goes with it!!" -Book Lovers Life

Beauty and the Dark Georgia Le Carre 2016-11-09 People say there are things worse than death. They are right. Death would have saved me. The things broke me. - Sofia So I locked my heart away and swore I'd never have another man in my body again. You see, I thought, I knew everything there was to know about men: deceitful, cruel, and heartless. I thought I hated them all. Naively, I believed I could live hidden away in my brother-in-law's castle forever. But Fate put me under a mistletoe with a man called Jack Irish. How can I describe him? Tall, dark and handsome wouldn't even begin to cut it. Mesmerizingly magnetic with charcoal hair, eyes bluer than the bluest marbles, and tattoos that curl out of his rolled up sleeves, he stood in front of me. When his lips brushed mine the ground under my feet shook, and everything I believed about myself smashed into a thousand pieces. But I am not the girl he thinks I am. He wants me in his bed. He doesn't know I am damaged beyond repair and dirty. If he knows how filthy I am he will run a mile. Jack I know all about pain. How it reaches into you, rips out your heart, and crushes it while you fuckin' watch. I'd vowed that was in the past. I was going to get drunk on one night stands and casual sex. But then fate put Sophie Seagull in my path. She is damaged. She is fragile. She is broken. And she is beautiful. Not in the cold, hard way of a sparkling diamond throwing its flashy light all over the place, but in the secretively, mysterious way of a pearl glowing in the moonlight. I look into her eyes, as huge and hauntingly soulful as that of a slow loris and the world doesn't seem to be so bleak anymore. She fights me, but this is my vow. To repair her. To protect her. To take her. To make her mine forever...

Emotional Blackmail Susan Forward 2019-07-30 A practical guide to better communication that will break the blackmail cycle for good, by one of the nation's leading therapists, Susan Forward. "Breathe a sigh of relief! Susan Forward helps you identify and correct an intensely destructive and confusing pattern of relating with those you love. I highly recommend this important book!"—Susan Jeffers, Ph.D., author of *Feel the Fear and Do It Anyway* "If you really loved me..." "After all I've done for you..." "How can you be so selfish..." Do any of the above sound familiar? They're all examples of emotional blackmail, a powerful form of manipulation in which people close to us threaten to punish us for not doing what they want. Emotional blackmailers know how much we value our relationships with them. They know our vulnerabilities and our deepest secrets. They are our mothers, our partners, our bosses and coworkers, our friends and our lovers. And no matter how much they care about us, they use this intimate knowledge to give themselves the payoff they want: our compliance. Susan Forward knows what pushes our hot buttons. Just as John Gray illuminates the communications gap between the sexes in *Men Are from Mars, Women Are from Venus*, and Harriet Lerner describes an intricate dynamic in *The Dance of Anger*, so Susan Forward presents the anatomy of a relationship damaged by manipulation, and gives readers an arsenal of tools to fight back.

The Beast Oscar Martinez 2014-06-03 ONE OF THE BEST BOOKS OF THE YEAR, *The Economist* and *The Financial Times* "Harrowing" true stories from two years of immersion reporting on the migrant trail from Chiapas to Arizona—an "honorable successor to enduring works like George Orwell's *The Road to Wigan Pier*" (*New York Times*) One day a few years ago, 300 migrants were kidnapped between the remote desert towns of Altar, Mexico, and Sasabe, Arizona. A local priest got 120 released, many with broken ankles and other marks of abuse, but the rest vanished. Óscar

Martínez, a young writer from El Salvador, was in Altar soon after the abduction, and his account of the migrant disappearances is only one of the harrowing stories he garnered from two years spent traveling up and down the migrant trail from Central America and across the US border. More than a quarter of a million Central Americans make this increasingly dangerous journey each year, and each year as many as 20,000 of them are kidnapped. Martínez writes in powerful, unforgettable prose about clinging to the tops of freight trains; finding respite, work and hardship in shelters and brothels; and riding shotgun with the border patrol. Illustrated with stunning full-color photographs, *The Beast* is the first book to shed light on the harsh new reality of the migrant trail in the age of the narcotraficantes.

He is cold and harsh and cannot be transformed with a gentle kiss, but strangely, I don't want to transform him. Every single atom in my body, from the tips of my hair to the soles of my feet vibrates, throbs, and calls for my beast to take me ... again and again. Thorne Soon the whole world will know my name ... but first I have a distraction to deal with. The matter of a manipulative lying little thief. When I catch up with her, those bright, scheming eyes try their best to work their magic on me. Somebody should have told Chelsea Appleby no one steals from Thorne Blackmore. She tells me she will pay me back. She is sorry. She wants more time. The problem is I don't actually need the money back. What I need is to punish her. The Vice President The Electronic Transfer Carolinadeivid 2018-12-28 All conspiracy theories debunked pertaining to 9/11 attacks, JFK assassination, 2000 and 2008 financial crisis. 9/11 attacks as an intentional trigger of the 2008 financial crisis. A prediction tool used in conjunction with the idea of the Time-ball to forecast the collapse of the economy depicted by the Free-fall of World Trade Center Building 7 Free-falling at 6,6 sec that is economy falling after 6,6 years. That happened in June 2007 exact time the financial crisis started. 9/11 attacks caused severe financial records' structural damage that a financial crisis was inevitable and imminent. Who is really behind this? This is not a secret anymore this book expose the real people behind the 9/11 attacks and their intentions, the question is: Can you stand the truth? The World Trade Center Building 7 was

based on the Time-ball idea. A building with a self-destruct mechanism built in it and the space shuttle-thrust idea manipulated to destroy the World Trade Center Buildings. The need to fulfill a 10-year-War-Contingency-Plan can drive those responsible to go to extremes to realize those plans. What is a more pressing issue? The fear of surprise-attacks presented by those who are believed to secretly make Weapons of Mass Destruction or the lives of the people some actions can shatter. What do you call collateral damage? For some, nationalizing oil wells is something that automatically justifies a war. In that case what is really the sovereignty of any nation? Who decide and what? Can technological advancement make the current system obsolete? If that happens what action is needed and how far will one have to go to replace that system? A system-crash for example evidenced by the missing of \$2,3 trillion can give rise to the need for a system-overhaul. The question is that are you prepared to authorize a system overhaul and at what cost? Everything happens for a reason? Terrorism as a real threat and or used as a means to an end rather than an end in itself. Outsourcing and accountability? An analysis of world events and the impact these have on past events and our future as we near 2020. Will history repeat itself? What can we do to be Pro-active to avert the loss of precious lives? Is there a power out there responsible for all these evil acts? Who do they call the first Beast the 666, the second Beast and the Dragon who set fires everywhere to help the Beasts pursue their personal goals at the expense of precious lives? Can we hold these culprits to account? Shattered lives or just collateral damage? You decide.
