Shadows Beneath Brandon Sanderson 2014-06-29 From the Hugo Award-winning hosts of the Writing Excuses writing advice show comes a collection of all-new stories of the fantastic, with beautiful illustrations and a behind-the-scenes look at each story's creation. Brandon Sanderson's "Sixth of the Dusk," set in his Cosmere universe shared by the Mistborn books and the #1 New York Times bestselling Stormlight Archive, showcases a society on the brink of technological change. On the deadly island of Patji, where predators can sense the thoughts of their prey, a lone trapper discovers that the island is not the only thing out to kill him. Mary Robinette Kowal's "A Fire in the Heavens" is a powerful tale of a refugee seeking to the near-mythical homeland her oppressed people left centuries ago. When Katin discovers the role the "eternal moon" occupies in the Center Kingdom, and the nature of the society under its constant light, she may find enemies and friends in unexpected places. Dan Wells's "I.E.Demon" features an Afghanistan field test of a piece of technology that is supposed to handle improvised explosive devices. Or so the engineers have told the EOD team that will be testing it; exactly what it does and how it does it are need-to-know, and the grunts don't need to know. Until suddenly the need arises. Howard Tayler's "An Honest Death" stars the security team for the CEO of a biotech firm about to release the cure for old age. When an intruder appears and then vanishes from the CEO's office, the bodyguards must discover why he is lying to them about his reason for pressing the panic button. For years the hosts of Writing Excuses have been offering tips on brainstorming, drafting, workshopping, and revision, and now they offer

an exhaustive look at the entire process. Not only does *Shadows Beneath* have four beautifully illustrated fantastic works of fiction, but it also includes transcripts of brainstorming and workshopping sessions, early drafts of the stories, essays about the stories' creation, and details of all the edits made between the first and final drafts. Come for the stories by award-winning authors; stay for the peek behind the creative curtain.

Here I Stand - A Life Of Martin Luther Roland Bainton 2014-12-03 This early work on Martin Luther is both expensive and hard to find in its first edition. It details the life of the monk responsible for translating the Bible from Latin into German and for inspiring the Lutheran movement. This is a fascinating work and is thoroughly recommended for anyone interested in the history of European religion. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Punishment of Gaza Gideon Levy 2014-08-19 Israel's 2009 invasion of Gaza was an act of aggression that killed over a thousand Palestinians and devastated the infrastructure of an already impoverished enclave. The Punishment of Gaza shows how the ground was prepared for the assault and documents its continuing effects. From 2005—the year of Gaza's "liberation"—through to 2009, Levy tracks the development of Israel policy, which has abandoned the pretense of diplomacy in favor of raw military power, the ultimate aim of which is to deny Palestinians any chance of forming their own independent state. Punished by Israel and the Quartet of international powers for the democratic election of Hamas, Gaza has been transformed into the world's largest open-air prison. From Gazan families struggling to cope with the random violence of Israel's blockade and its "targeted" assassinations, to the machinations of legal experts and the continued connivance of the international community, every aspect of this ongoing tragedy is eloquently recorded and forensically analyzed. Levy's powerful journalism shows how the brutality at the heart of Israel's occupation of Palestine has found its most complete expression to date in the collective punishment of Gaza's residents.

Last Stand Duane Boehm 2014-05-06 Gideon Johann had been gone from Last Stand, Colorado for eighteen years, seeming to have vanished after the Civil War. He is a man running from his conscience and keeping on the move seems to be the only thing preventing it from destroying him. Things change in Last Stand when a stranger is found shot and near death. The realization that the man is Gideon sets in motion old grudges, love, and a chance for redemption.

Luxury Arts of the Renaissance Marina Belozerskaya 2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the “major” arts. Yet contemporaries often held the “minor” arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d’Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of

their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as “decorative” or “minor” arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

Hyperion, Or the Hermit in Greece Friedrich Hölderlin 2019-03-05 Friedrich Hölderlin's only novel, *Hyperion* (1797-99), is a fictional epistolary autobiography that juxtaposes narration with critical reflection. Returning to Greece after German exile, following his part in the abortive uprising against the occupying Turks (1770), and his failure as both a lover and a revolutionary, *Hyperion* assumes a hermitic existence, during which he writes his letters. Confronting and commenting on his own past, with all its joy and grief, the narrator undergoes a transformation that culminates in the realisation of his true vocation. Though Hölderlin is now established as a great lyric poet, recognition of his novel as a supreme achievement of European Romanticism has been belated in the Anglophone world. Incorporating the aesthetic evangelism that is a characteristic feature of the age, *Hyperion* preaches a message of redemption through beauty. The resolution of the contradictions and antinomies raised in the novel is found in the act of articulation itself. To a degree remarkable in a prose work of any length, what it means is inseparable from how it means. In this skilful translation, Gaskill conveys the beautiful music and rhythms of Hölderlin's language to an English-speaking reader.

Different Seasons Stephen King 2017-03-28 Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee *The Shawshank Redemption*. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their

own mortality. This novella became the movie *Stand By Me*. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

A Night to Remember Walter Lord 2012-03-06 #1 New York Times Bestseller: The definitive book on the sinking of the Titanic, based on interviews with survivors, by the author of *The Miracle of Dunkirk*. At first, no one but the lookout recognized the sound. Passengers described it as the impact of a heavy wave, a scraping noise, or the tearing of a long calico strip. In fact, it was the sound of the world's most famous ocean liner striking an iceberg, and it served as the death knell for 1,500 souls. In the next two hours and forty minutes, the maiden voyage of the Titanic became one of history's worst maritime accidents. As the ship's deck slipped closer to the icy waterline, women pleaded with their husbands to join them on lifeboats. Men changed into their evening clothes to meet death with dignity. And in steerage, hundreds fought bitterly against certain death. At 2:15 a.m. the ship's band played "Autumn." Five minutes later, the Titanic was gone. Based on interviews with sixty-three survivors, Lord's moment-by-moment account is among the finest books written about one of the twentieth century's bleakest nights.

When Scotland Was Jewish Elizabeth Caldwell Hirschman 2015-05-07 The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic,

Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

His adventures along the trail lead him to a horse ranch in the Wyoming Territory. After Indians killed her daddy, Caroline Langley took over her family's horse ranch. The young woman, bitter from the loss of her father and her divorce from her unfaithful husband, has her hands full after a cattle rancher is determined to rid the open range of the mustangs. The Future of the German-Jewish Past Gideon Reuveni 2020-12-15 Germany's acceptance of its direct responsibility for the Holocaust has strengthened its relationship with Israel and has led to a deep commitment to combat antisemitism and rebuild Jewish life in Germany. As we draw close to a time when there will be no more firsthand experience of the horrors of the Holocaust, there is great concern about what will happen when German responsibility turns into history. Will the present taboo against open antisemitism be lifted as collective memory fades? There are alarming signs of the rise of the far right, which includes blatantly antisemitic elements, already visible in public discourse. The evidence is unmistakable—overt antisemitism is dramatically increasing once more. *The Future of the German-Jewish Past* deals with the formidable challenges created by these developments. It is conceptualized to offer a variety of perspectives and views on the question of the future of the German-Jewish past. The volume addresses topics such as antisemitism, Holocaust memory, historiography, and political issues relating to the future relationship between Jews, Israel, and Germany. While the central focus of this volume is Germany, the implications go beyond the German-Jewish experience and relate to some of the broader challenges facing modern societies today.
