Gorsky Vesna Goldsworthy 2015-10-20 "An impressively accomplished retelling of the Gatsby story," in which a Russian businessman engages an impoverished bookseller's help pursuing a lover. (Los Angeles Review of Books) On a rainy afternoon in London's old Chelsea, a charming multi-billionaire Russian oligarch, Gorsky, walks into an ailing bookshop and writes the first of several quarter-of-a-million pound checks. With that money, Gorsky has tasked Nikola, the store's bored and brilliant clerk, with sourcing books for a massive personal library, which will be housed in the magnificent, palatial home Gorsky happens to be building immediately next to Nikola's own modest dwelling. Gorsky needs a tasteful collection of Russian literature to woo a long-lost love—no matter that she happens to be married to an Englishman. His passion for her surpasses even his immeasurable wealth, and Nikola will be drawn into a world of opulence, greed, capitalism, sex, and beauty as he helps Gorsky pursue this doomed love. "An accomplished retelling of an American classic." —Tablet "It's a very clever idea: to update "The Great Gatsby" by making the bootlegger into a Russian arms-dealing billionaire and transplanting the action from Jazz Age New York to 21st-century London, a city increasingly shaped by global wealth." —The New York Times Book Review "A tense, witty page-turner." —The Spectator "Entertaining." —New York Journal of Books "[A] kind of novel-length love letter to the written word." —Jewish Book Council

But someone else is waiting, too, and watching her, a man called Seward. Into this haunted situation comes Jenny, the widow's granddaughter. The three of them, Gran, Jenny, and Seward, are drawn into a kind of deadly game with one another and with the sea, a game that only the sea knows how to win. The Eyes of the Amaryllis is a 1977 New York Times Book Review Notable Children's Book of the Year.

Montessori Madness Trevor Eissler 2009 "We know we need to improve our traditional school system, both public and private. But how? More homework? Better-qualified teachers? Longer school days or school years? More testing? More funding? No, no, no, no, and no. Montessori Madness! explains why the incremental steps politicians and administrators continue to propose are incremental steps politicians and administrators continue to propose are incremental steps in the wrong direction. The entire system must be turned on its head. This book ask parents to take a look--one thirty-minute observation--at a Montessori school. Your picture of what educations should look like will never be the same"--Back cover.

Dracula in Love Karen Essex 2011-07-05 London, 1890. Mina Murray Harker, the rosy-cheeked, quintessentially pure Victorian heroine, becomes Count Dracula's object of desire. To preserve her chastity, five male "defenders" rush in to rescue her from the vampire's evil clutches. This is the story we have been told. But now, from Mina's own pen, we discover a tale more sensual, more devious, and more enthralling than the Victorians could have ever imagined. From the shadowy banks of the river Thames to the wild and windswept Yorkshire coast, Mina vividly recounts the intimate details of what really transpired between her and the Count—the joys and terrors of a passionate affair, as well as her rebellion against her own frightening preternatural powers.

Bosnian, Croatian, Serbian, a Textbook Ronelle Alexander 2010-03 "Three official languages have emerged: Croatian in Croatia, Serbian in Serbia, and both these languages plus Bosnian in Bosnia-Herzegovina. Bosnian, Croatian, Serbian, a Textbook introduces the student to all three. Dialogues and exercises appear in each language, presented side by side for easy comparison; in addition, Serbian is rendered in both its Latin and its Cyrillic spellings. Teachers may choose a single language to use in the classroom, or they may want to familiarize students with all three"--Book jacket.

Advertising & Art Alessia Alberti 2007 This is neither a manual claiming to be a popular summary nor a systematic treatment of the art of the wall poster. It is an original work, of vast scope, structured into independent essays organised along a cohesive timeline, from 1880 to the second half of the twentieth century, reflecting on various aspects of artistic advertising graphics in an interdisciplinary dimension and with an international perspective. From the establishment of the poster as an innovative form of large-circulation visual communication and from its emancipation from the painting aesthetics of the nineteenth century to the understanding of the influences of advertising on the Pop Art experiences of the 1960s, according to a logic of inverted relations. The constant points of reference show the relations not only with painting but also with graphic processing and design, publishing graphics, original prints and photography; in the background, there also is cinema, decorative arts and urban furnishing. Artists, schools, movements, trade magazines, the book industry, exhibitions and performances, business advertising, political and war propaganda, social topics: these are some of the subjects and phenomena that interact in the history of advertising languages, which have been framed here by the specialist expertise of six authors. There is also the recurrent emergence of the dialects around the instruments and purposes of advertising communication, between practice and experimentation, commercial requirements, professional training and creative demands.

The Construction of Social Reality John R. Searle 2010-05-11 This short treatise looks at how we construct a social reality from our sense impressions; at how, for example, we construct a 'five-pound note' with all that implies in terms of value and social meaning, from the printed piece of paper we see and touch. In *The Construction of Social Reality*, eminent philosopher John Searle examines the structure of social reality (or those portions of the world that are facts only by human agreement, such as money, marriage, property, and government), and contrasts it to a brute reality that is independent of human agreement. Searle shows that brute reality provides the indisputable foundation for all social reality, and that social reality, while very real, is maintained by nothing more than custom and habit.

Darkness for the Bastards of Pizzofalcone Maurizio de Giovanni 2016-08-02 Second in the contemporary Italian crime fiction series featuring Inspector Lojacono by the bestselling author of the Commissario Ricciardi novels. A kidnapped child and the burglary of a high-class apartment: Two crimes that seem to have no connection at all until Inspector Lojacono, known as "The Chinaman," starts to investigate. *Darkness for the Bastards of Pizzofalcone* is the second book in a series set in contemporary Naples that draws inspiration from Ed McBain's 87th Precinct novels and features a large cast of complicated cops doing battle with ruthless criminals. De Giovanni is one of the most dexterous and successful writers of crime fiction currently working in Europe. His award-winning and bestselling novels, all set in Naples, offer a brilliant vision of the criminal underworld and the police that battle it in Europe's most fabled, atmospheric, dangerous, and lustful city. "Imagine Fellini and Chandler collaborating on a Neapolitan remake of *Our Town*, and that begins to give you an idea of what you're in for with *Darkness for the Bastards of Pizzofalcone*. . . . While de Giovanni never wavers from a world where terrible people do terrible things, motivated by selfishness, greed, and loathing (for themselves, for others, for both), he illuminates the soft underbelly of fear and loss without being manipulative." —Los Angeles Review of Books "The police characters are flawed, lovable, and believable—you cannot but take to them. . . . Naples comes through loud and clear in the story." —Tripfiction

The Republic of Letters Marc Fumaroli 2018-09-18 A provocative exploration of intellectual exchange across four centuries of European history by the author of *When the World Spoke French* In this fascinating study, preeminent historian Marc Fumaroli reveals how an imagined "republic" of ideas and interchange fostered the Italian Renaissance, the Enlightenment, and the French Revolution. He follows exchanges among Petrarch, Erasmus, Descartes, Montaigne, and others from the fifteenth through the eighteenth centuries, through revolutions in culture and society. Via revealing portraits and analysis, Fumaroli traces intellectual currents engaged with the core question of how to live a moral life--and argues that these men of letters provide an example of the exchange of knowledge and ideas that is worthy of emulation in our own time. Combining scholarship, wit, and reverence, this thought-provoking volume represents the culmination of a lifetime of scholarship.

The Institute Stephen King 2021-06-29 In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis' parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents--telekinesis and telepathy--who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and 10-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from The Institute.

Perfumery Steve Van Toller 2013-04-17 THE SENSE OF SMELL The nose is normally mistakenly assumed to be the organ of smell reception. It is not. The primary function of the nose is to regulate the temperature and humidity of inspired air, thereby protecting the delicate linings of the lungs. This is achieved by the breathed air passing through narrow passageways formed by three nasal turbinates in each nostril. The turbinates are covered by spongy vascular cells which can expand or contract to open or close the nasal pathways. The olfactory receptors, innervated by the 1st cranial nerve, are located at the top of the nose. There are about 50 million smell receptors in the human olfactory epithelia, the total size of which, in humans, is about that of a small postage stamp, with half being at the top of the left and half at the top of the right nostril. The receptive surfaces of olfactory cells are ciliated and extend into a covering layer of mucus. There is a constant turnover of olfactory cells. Their average active life has been estimated to be about 28 days.

The Life and Death of Sophie Stark Anna North 2015-05-19 Winner of the 2016 Lambda Literary Award for Bisexual Fiction "I read *The Life and Death of Sophie Stark* with my heart in my mouth. Not only a dissection of genius and the havoc it can wreak, but also a thunderously good story."—Emma Donoghue, New York Times bestselling author of *Room* "This novel is perceptive, subtle, funny and lingers in unexpected ways. The analysis of a woman who puts her art above all else is equal parts inspiration and warning story. Anna North makes prose look easy."—Lena Dunham Gripping and provocative, *The Life and Death of Sophie Stark* is a haunting story of fame, love, and legacy told through the propulsive rise of an iconoclastic artist. Sophie Stark begins her filmmaking career by creating a documentary about her obsession, Daniel, a college basketball star. But when she becomes too invasive, she finds herself the victim of a cruel retribution. The humiliation doesn't stop her. Visionary and unapologetic, Sophie begins to use stories from the lives of those around her to create movies, and as she gains critical recognition and acclaim, she risks betraying the one she loves most. Told in a chorus of voices belonging to those who knew Sophie best, *The Life and Death of Sophie Stark* is an intimate portrait of an elusive woman whose monumental talent and relentless pursuit of truth reveal the cost of producing great art. It is "not only a dissection of genius and the havoc it can wreak, but also a thunderously good story" (Emma Donoghue).

Re-viewing Fascism Jacqueline Reich 2002-05-07 When Benito Mussolini proclaimed that "Cinema is the strongest weapon," he was telling only half the story. In reality, very few feature films during the Fascist period can be labeled as propaganda. *Re-viewing Fascism* considers the many films that failed as "weapons" in creating cultural consensus and instead came to reflect the complexities and contradictions of Fascist culture. The volume also examines the connection between cinema of the Fascist period and neorealism—ties that many scholars previously had denied in an attempt to view Fascism as an unfortunate deviation in Italian history. The postwar directors Luchino Visconti, Roberto Rossellini, and Vittorio de Sica all had important roots in the Fascist era, as did the Venice Film Festival. While government censorship loomed over Italian filmmaking, it did not prevent frank depictions of sexuality and representations of men and women that challenged official gender policies. *Re-viewing Fascism* brings together scholars from different cultural and disciplinary backgrounds as it offers an engaging and innovative look into Italian cinema, Fascist culture, and society.

Single White Vampire Lynsay Sands 2010 The second novel in the bestselling Argeneau vampire series.

Laura Mulvey 'Visual Pleasure and Narrative Cinema' 1975 Laura Mulvey 2016 Since it first appeared in *Screen* in 1975, Laura Mulvey's essay "Visual Pleasure and Narrative Cinema" has been an enduring point of reference for artists, filmmakers, writers and theorists. Mulvey's compelling polemical analysis of visual pleasure has provoked and encouraged others to take positions, challenge preconceived ideas and produce new works that owe their possibility to the generative qualities of this key essay. In this book, the celebrated New York-based video artist Rachel Rose (born 1986) has produced an innovative work that extends and adds to the essay's frame of reference. Drawing on 18th- and 19th-century fairy tales, and observing how their flat narratives matched the flatness of their depictions, Rose created collages that connect these pre-cinematic illustrations to what Mulvey describes in her essay--cinema flattening sexuality into visuality.

Homosexuality and Italian Cinema Mauro Giori 2017-11-18 This book is the first to establish the relevance of same-sex desires, pleasures and anxieties in the cinema of post-war Italy. It explores cinematic representations of homosexuality and their significance in a wider cultural struggle in Italy involving society, cinema, and sexuality between the 1940s and 1970s. Besides tracing the evolution of representations through both art and popular films, this book also analyses connections with consumer culture, film criticism and politics. Giori uncovers how complicated negotiations between challenges to and valorization of dominant forms of knowledge of homosexuality shaped representations and argues that they were not always the outcome of hatred but also sought to convey unmentionable pleasures and complicities. Through archival research and a survey of more than 600 films, the author enriches our understanding of thirty years of Italian film and cultural history.

Masked Men Steve Cohan 1997-12-22 The fifties marks the moment when a heterosexual/homosexual dualism came to dominate U.S. culture’s thinking about masculinity. The films of this era record how gender and sexuality did not easily come together in a normative manhood common to American men. Instead these films demonstrate the widely held perception of a crises of masculinity. Masked Men documents how movies of the fifties represented masculinity as a multiple masquerade. Hollywood’s star system positioned the male actor as a professional performer and as a body intended to solicit the erotic interest of male and female viewers alike. Drawing on publicity, poster art, fan magazines, and the popular press as a means of following the links between fifties stars, their films, and the social tensions of the period, Cohan juxtaposes Hollywood’s narratives of masculinity against the personae of leading men like Cary Grant, Humphrey Bogart, John Wayne, Charlton Heston, Yul Brynner, William Holden, Montgomery Clift, Marlon Brando, and Rock Hudson. Masked Men focuses on the gender and sexual masquerades that organized their performances of masculinity on and off screen.

Marriage Alliance in Late Medieval Florence Anthony Molho 1994 Molho (European history, Brown U.) shows that the propertied families of late-medieval and early-modern Florence maintained their power and influence through arranged marriage and the dowry. While elsewhere in Europe the elite were toppling under the onslaught of commerce and personal freedom, in Florence they married carefully within a narrow and well-defined class, used dowries as both speculation and instruments of manipulation, and remembered every detail for a long time. Marshfield Dreams Ralph Fletcher 2005-09-01 The colorful boyhood of a popular author comes to life in this personal account Imagine learning from a nosy classmate that your mother is having yet another baby. To Ralph’s classmates, news of one more Fletcher baby is just “scuttlebutt.” But for Ralph, the oldest of nine, being part of a large family means more kids to join in the fun—from making tripods in the woods and “snicking” up the rug, to raising chicks and even discovering a meteor (well, maybe). It doesn’t feel like there’s life beyond Marshfield, Massachusetts. Then one day Dad’s new job moves the family to Chicago, and there’s so much Ralph has to leave behind. In this humorous and captivating memoir, Ralph Fletcher traces the roots of his storytelling.

Beyond Blaxploitation Novotny Lawrence 2016-12-01 Beyond Blaxploitation, the first book-length anthology of scholarly work on blaxploitation film, sustains the momentum that blaxploitation scholarship has recently gained, giving the films an even more prominent place in cinema history. This volume is made up of eleven essays employing historical and theoretical methodologies in the examination of spectatorship, marketing, melodrama, the transition of novel to screenplay, and racial politics and identity, among other significant topics. In doing so, the book fills a substantial gap that exists in the black cinematic narrative and, more broadly, in film history. Beyond Blaxploitation is divided into three sections that feature original essays on a variety of canonical blaxploitation films and others that either influenced the movement or in some form represent a significant extension of it. The first section titled, “From Pioneer to Precursor to Blaxploitation,” centers on three films—Cotton Comes to Harlem, Watermelon Man, and Sweet Sweetback’s Baadasssss Song—that ignited the African American film cycle. The second section, “The Canon and the Not so Canon,” is dedicated to forging alternative considerations of some of the most highly regarded blaxploitation films, while also bringing attention to lesser-known films in the movement. The final section, “Was, Is, or Isn’t Blaxploitation,” includes four essays that offer significant insights on films that are generally associated with blaxploitation but contest traditional definitions of the movement. Moreover, this section features chapters that address industrial factors that led to the creation of blaxploitation cinema and highlight the limitations of the term itself. Beyond Blaxploitation is a much-needed pedagogical tool, informing film scholars, critics, and fans alike, about blaxploitation’s richness and complexity.

Kant and the Platypus Umberto Eco 2000-11-09 How do we know a cat is a cat . . . and why do we call it a cat? An “intriguing and often fascinating” look at words, perceptions, and the relationship between them (Newark Star-Ledger). In Kant and the Platypus, the renowned semiotician, philosopher, and bestselling author of The Name of the Rose and Foucault’s Pendulum explores the question of how much of our perception of things is based on cognitive ability, and how much on linguistic resources. In six remarkable essays, Umberto Eco explores in depth questions of reality, perception, and experience. Basing his ideas on common sense, Eco shares a vast wealth of literary and historical knowledge, touching on issues that affect us every day. At once philosophical and amusing, Kant and the Platypus is a tour of the world of our senses, told by a master of knowing what is real and what is not. “An erudite, detailed inquiry into the philosophy of mind . . . Here, Eco is continental philosopher, semiotician, and cognitive scientist rolled all into one.” —Library Journal (starred review)

A Window on the Italian Female Modernist Subjectivity Rossella M. Riccobono 2013-09-17 This collection of essays surveys some of the artistic productions by female figures who stood at the forefront of Italian modernity in the fields of literature, photography, and even the theatre, in order to explore how artistic engagement in women informed their views on, and reactions to the challenges of a changing society and a ‘disinhibiting’ intellectual landscape. However, one other objective takes on a central role in this volume: that of opening a window on the re-definition of the subjectivity of the self that occurred during an intriguing and still not fully studied period of artistic and societal changes. In particular, the present volume aims to define a female Italian Modernism which can be seen as complementary, and not necessarily in opposition, to its male counterpart.

Erections, Ejaculations, Exhibitions and General Tales of Ordinary Madness Charles Bukowski 1979

The Marriage Bargain Marion A. Kaplan 1985 This eye-opening book covers over a thousand years of Western history and exposes the controls that noble, bourgeois, and propertied peasant families exerted over daughters (and sons) to ensure the continuity of existing social relations. It details the broader economic and social structures within which young women married and the degree to which the institution of the dowry--the marriage bargain--structured courtship and marriage. This provocative volume addresses important issues of women’s status and their roles in the family, the

family economy, and the economy at large.

1848 Mike Rapport 2009-02-03 In 1848, a violent storm of revolutions ripped through Europe. The torrent all but swept away the conservative order that had kept peace on the continent since Napoleon's defeat at Waterloo in 1815—but which in many countries had also suppressed dreams of national freedom. Political events so dramatic had not been seen in Europe since the French Revolution, and they would not be witnessed again until 1989, with the revolutions in Eastern and Central Europe. In 1848, historian Mike Rapport examines the roots of the ferment and then, with breathtaking pace, chronicles the explosive spread of violence across Europe. A vivid narrative of a complex chain of interconnected revolutions, 1848 tells the exhilarating story of Europe's violent “Spring of Nations” and traces its reverberations to the present day.
