

The Accidental Time Traveller Kelpies

Muster Dogs Aticia Grey 2021-11-01 An outback story of kelpies, red dirt and the future of a family farm. Now streaming on ABC iView and Netflix. Life on the land is often boom or bust, forever at the mercy of Mother Nature. Aticia 'Teesh' Grey took on the manager's role on her family's West Pilbara cattle station a few years after picking up her first team of kelpies. Almost immediately she was faced with a severe and devastating drought that forced her to question everything she thought she knew about the fragile country of her home. Through the heartbreaking rollercoaster journey that followed, Teesh's loyal canine companions proved invaluable as she and her family worked towards securing the property's future. The versatility of these amazing dogs took the station in directions no one anticipated. In 2020, Teesh got the chance to showcase the potential of working dogs more widely. Joining the ABC TV series Muster Dogs, Teesh and four other farming families took on the challenge of training new kelpie pups and testing their worth on the properties they run. Through this experience they showed the bonds that are formed between human and dog and vividly demonstrated a positive environmental future for farming in rural Australia. This is a story of love, laughter, loss and hope, as Teesh finds her feet in an ever-changing world with the help of the dogs who have stood by her side through it all. PRAISE 'Kick your boots off and settle in for a wild journey of love and heartbreak, from the most inspiring cattlegirl I know ...' Margareta Osborn, author and grazier 'Evocative, authentic and freshly engaging account of pastoral life ... reads like a Wild West adventure story ... At the end of this journey Grey recounts her transformative shift to a

[The Selkie Girl](#) Janis Mackay 2014 A classic Scottish folktale, retold with hauntingly beautiful illustrations.

The Accidental Time Traveller Janis Mackay 2013-02-21 Winner of the Scottish Children's Book Award 2013 Younger Readers (8-11 years) category. I'm not mad, ok? I know this sounds off the wall, but I was just walking to the corner shop and this girl almost got hit by a car. She grabbed hold of me and told me her name's Agatha Black and she's here from the past. At first I thought she was nuts but maybe it's true. She doesn't get traffic, she's freaked out by photos and she's terrified of TV. And she knows about the past -- body snatchers, making fires, and pet monkeys. Her dad does a bit of time travel. But obviously, he's not very good at it. I

The Secret of the Yellow Death Suzanne Jurmain 2014-05-20

“Extremely interesting . . . Young people interested in medicine or scientific discovery will find this book engrossing, as will history students” (School Library Journal). [He had] a fever that hovered around 104 degrees. His skin turned yellow. The whites of his eyes looked like lemons. Nauseated, he gagged and threw up again and again . . . Here is the true story of how four Americans and one Cuban tracked down a killer, one of the world's most vicious plagues: yellow fever. Journeying to fever-stricken Cuba in the company of Walter Reed and his colleagues, the reader feels the heavy air, smells the stench of disease, hears the whine of mosquitoes biting human volunteers during surreal experiments. Exploring themes of courage, cooperation, and the ethics of human experimentation, this gripping account is ultimately a story of the triumph of science. “[A] powerful exploration of a disease that killed 100,000 U.S. citizens in the 1800s.” —Kirkus Reviews Includes photos

hardcover, the thirteenth novel of the Hugo-nominated, New York Times-bestselling Toby Daye urban fantasy series! Hundreds of years ago, the Selkies made a deal with the sea witch: they would have the sea for as long as she allowed it, and when the time came, she would call in all their debts at once. Many people assumed that day would never come. Those people were wrong. When the Luidaeg--October "Toby" Daye's oldest and most dangerous ally--tells her the time has come for the Selkies to fulfill their side of the bargain, and that Toby must be a part of the process, Toby can't refuse. Literally. The Selkies aren't the only ones in debt to the Luidaeg, and Toby has to pay what she owes like anyone else. They will travel to the fabled Duchy of Ships and call a convocation of the Selkies, telling them to come and meet the Luidaeg's price...or face the consequences. Of course, nothing is that simple. When Dianda Lorden's brother appears to arrest Dianda for treason against the Undersea, when a Selkie woman is stripped of her skin and then murdered, when everything is falling apart, that's when Toby will have to answer the real question of the hour. Is she going to sink? Or is she going to swim?

[How Stella Learned to Talk](#) Christina Hunger 2021-05-04

INSTANT NEW YORK TIMES BESTSELLER An incredible, revolutionary true story and surprisingly simple guide to teaching your dog to talk from speech-language pathologist Christina Hunger, who has taught her dog, Stella, to communicate using simple paw-sized buttons associated with different words. When speech-language pathologist Christina Hunger first came home with her puppy, Stella, it didn't take long for her to start drawing connections between her job and her new pet. During the day, she worked with toddlers with significant delays in language development and used Augmentative and Alternative Communication (AAC) devices to help them communicate. At night, she wondered: If dogs can understand words we say to them, shouldn't they be able to say words to us? Can dogs use AAC to communicate with humans? Christina decided to put her theory to the test with Stella and started using a paw-sized button programmed with her voice to say the word "outside" when clicked, whenever she took Stella out of the house. A few years

later, Stella now has a bank of more than thirty word buttons, and uses them daily either individually or together to create near-complete sentences. *How Stella Learned to Talk* is part memoir and part how-to guide. It chronicles the journey Christina and Stella have taken together, from the day they met, to the day Stella “spoke” her first word, and the other breakthroughs they’ve had since. It also reveals the techniques Christina used to teach Stella, broken down into simple stages and actionable steps any dog owner can use to start communicating with their pets. Filled with conversations that Stella and Christina have had, as well as the attention to developmental detail that only a speech-language pathologist could know, *How Stella Learned to Talk* will be the indispensable dog book for the new decade.
