

What Is Feminism Why Do We Need It And Other Big Questions

Gaga Feminism J. Jack Halberstam 2012-09-18 A roadmap to sex and gender for the twenty-first century, using Lady Gaga as a symbol for a new kind of feminism Why are so many women single, so many men resisting marriage, and so many gays and lesbians having babies? In *Gaga Feminism: Sex, Gender, and the End of Normal*, J. Jack Halberstam answers these questions while attempting to make sense of the tectonic cultural shifts that have transformed gender and sexual politics in the last few decades. This colorful landscape is populated by symbols and phenomena as varied as pregnant men, late-life lesbians, SpongeBob SquarePants, and queer families. So how do we understand the dissonance between these real lived experiences and the heteronormative narratives that dominate popular media? We can embrace the chaos! With equal parts edge and wit, Halberstam reveals how these symbolic ruptures open a critical space to embrace new ways of conceptualizing sex, love, and marriage. Using Lady Gaga as a symbol for a new era, Halberstam deftly unpacks what the pop superstar symbolizes, to whom and why. The result is a provocative manifesto of creative mayhem, a roadmap to sex and gender for the twenty-first century, that holds Lady Gaga as an exemplar of a new kind of feminism that privileges gender and sexual fluidity. Part handbook, part guidebook, and part sex manual, *Gaga Feminism* is the first book to take seriously the collapse of heterosexuality and find signposts in the wreckage to a new and different way of doing sex and gender.

White Feminism Koa Beck 2021-01-05 Written “with passion and insight about the knotted history of racism within women’s movements and feminist culture” (Rebecca Traister, New York Times bestselling author), this whip-smart, timely, and impassioned call for change is perfect for fans of Good and Mad and Hood Feminism. Addressing today’s conversation about race, empowerment, and inclusion in America, Koa Beck, writer and former editor-in-chief of Jezebel, boldly examines the history of feminism, from the true mission of the suffragists to the rise of corporate feminism with clear-eyed scrutiny and meticulous detail. She also examines overlooked communities—including Native American, Muslim, transgender, and more—and their ongoing struggles for social change. With “intellectually smart and emotionally intelligent” (Patrisse Cullors, New York Times bestselling author and Black Lives Matter cofounder) writing, Beck meticulously documents how elitism and racial prejudice have driven the narrative of feminist discourse. Blending pop culture, primary historical research, and first-hand storytelling, she shows us how we have shut women out of the movement, and what we can do to correct our course for a new generation. Combining a scholar’s understanding with hard data and razor-sharp cultural commentary, *White Feminism* “is a rousing blueprint for a more inclusive ‘new era of feminism’” (The Boston Globe).

Who Are Refugees and Migrants? What Makes People Leave Their Homes? and Other Big Questions Michael Rosen 2019-06-13 What does it mean for people to have to leave their homes, and what happens when they seek entry to another country? This book explores the history of refugees and migration around the world and the effects on people of never-ending war and conflict. It compares the effects on society of diversity and interculturalism with historical attempts to create a racially 'pure' culture. It takes an international perspective, and offers a range of views from people who have personal experience of migration,

including the campaigners Meltem Avcil and Muzoon Almellehan, the comedian and actor Omid Djalili and the poet Benjamin Zephaniah. Aimed at young people aged 10 and upwards, the book encourages readers to think for themselves about the issues involved. There is also a role-play activity asking readers to imagine themselves in the situation of having to decide whether to leave their homes and seek refuge in a new country. Part of the groundbreaking and important 'And Other Big Questions' series, which offers balanced and considered views on the big issues we face in the world we live in today. Other titles in the series include: What is Humanism? How do you live without a god? What is Feminism? Why do we need It? What is Gender? How does it Define us? What is Consent? Why is it Important? What is Right and Wrong? Who Decides? Where do Values come from? What is Race? Who are Racists? Why Does Skin Colour Matter? What is Masculinity? Why Does it Matter? What is Politics? Why Should we Care?

What is Humanism? How do you live without a god? And Other Big Questions for Kids Michael Rosen 2017-04-20 What does it mean to be a humanist? Is humanism a new idea? How do people live their lives without religious beliefs? The first of its kind aimed at the new curriculum for upper primary and lower secondary school children, this book examines how humanists respond to fundamental questions about morals and ethics, the origins of life, religion and the state. It looks at how humanists mark the milestones of birth, marriage and death. How do people without belief in God live moral and fulfilled lives, with respect for humankind and the universe? This thought-provoking approach encourages readers to think about the big questions for themselves. The book includes contributions from a number of prominent humanists, such as Stephen Fry, Camila Batmanghelidjh, Philip Pullman, Jim Al-Khalili, Natalie Haynes

and Shappi Khorsandi, who explain their own philosophy and tell us what is important to them. Part of the groundbreaking and important 'And Other Big Questions' series, which offers balanced and considered views on the big issues we face in the world we live in today. Other titles in the series include: What is Feminism? Why do we need It? Who are Refugees and Migrants? What Makes People Leave their Homes?

Why I Am Not a Feminist Jessa Crispin 2017-02-21 Outspoken critic Jessa Crispin delivers a searing rejection of contemporary feminism . . . and a bracing manifesto for revolution. Are you a feminist? Do you believe women are human beings and that they deserve to be treated as such? That women deserve all the same rights and liberties bestowed upon men? If so, then you are a feminist . . . or so the feminists keep insisting. But somewhere along the way, the movement for female liberation sacrificed meaning for acceptance, and left us with a banal, polite, ineffectual pose that barely challenges the status quo. In this bracing, fiercely intelligent manifesto, Jessa Crispin demands more. *Why I Am Not A Feminist* is a radical, fearless call for revolution. It accuses the feminist movement of obliviousness, irrelevance, and cowardice—and demands nothing less than the total dismantling of a system of oppression. Praise for Jessa Crispin, and The Dead Ladies Project "I'd follow Jessa Crispin to the ends of the earth." --Kathryn Davis, author of *Duplex* "Read with caution . . . Crispin is funny, sexy, self-lacerating, and politically attuned, with unique slants on literary criticism, travel writing, and female journeys. No one crosses genres, borders, and proprieties with more panache." --Laura Kipnis, author of *Men: Notes from an Ongoing Investigation* "Very, very funny. . . . The whole book is packed with delightfully offbeat prose . . . as raw as it is sophisticated, as quirky as it is intense." --The Chicago Tribune

Can We All Be Feminists? June Eric-Udorie 2018-09-25 “As timely as it is well-written, this clear-eyed collection is just what I need right now.” —Jacqueline Woodson, author of *Brown Girl*

Dreaming “The intersectional feminist anthology we all need to read” (Bustle), edited by a feminist activist and writer who “calls to mind a young Audre Lorde” (Kirkus) Why do some women struggle to identify as feminists, despite their commitment to gender equality? How do other aspects of our identities – such as race, religion, sexuality, gender identity, and more – impact how we relate to feminism? Why is intersectionality so important? In challenging, incisive, and fearless essays – all of which appear here for the first time – seventeen writers from diverse backgrounds wrestle with these questions, and more. A groundbreaking book that elevates underrepresented voices, *Can We All Be Feminists?* offers the tools and perspective we need to create a 21st century feminism that is truly for all. Including essays by: Soofiya Andry, Gabrielle Bellot, Caitlin Cruz, Nicole Dennis-Benn, Brit Bennett, Evette Dionne, Aisha Gani, Afua Hirsch, Juliet Jacques, Wei Ming Kam, Mariya Karimjee, Eishar Kaur, Emer O’Toole, Frances Ryan, Zoé Samudzi, Charlotte Shane, and Selina Thompson

What Is Mental Health? and Other Big Questions Lucy Maddox
2020-01-23 Exploring and explaining the range of mental health, from wellbeing through to mental health problems, in a non-stigmatising, accessible and accurate way. Mental health gets talked about a lot, but what is it? And where does it come from? This book explains what mental health is, considering how it relates to lots of different experiences, from how we manage really big feelings, to how we get on with each other, how we make choices and how we handle stressful situations. The book thoughtfully examines the things that can help us look after our mental health and the things that might make it feel worse. It has suggestions for the support on offer if we feel we're struggling. It includes specially-written contributions from Chamique Holdscraw, US gold medallist basketballer, academics Dr Suzi Gage and Professor Marianne Van Den Bree, poet Fisky, artists Christine Rai and Liz Atkin, mental health advocate Chineye

Njoku and Dr Alan Cooklin, psychiatrist and founder of the charity Our Time which helps children whose parents experience mental health problems. Aimed at young people aged 10 and upwards. Part of the groundbreaking and important 'And Other Big Questions' series, which offers balanced and considered views on the big issues we face in the world we live in today. Other titles in the series include: What is Gender? How does it define us? What is Feminism? Why do we need it? What is Consent? Why is it important? What is Masculinity? Why does it matter?

Outdated Samhita Mukhopadhyay 2011-09-27 Romance and love are in a state of crisis: Statistically speaking, young women today are living romantic lives of all kinds—but they're still feeling bogged down by social, cultural, economic, and familial pressures to love in a certain way. Young women in the modern world have greater flexibility than ever when it comes to who we choose to love and how we choose to love them; but while social circumstances may have changed since our parents' generation, certain life expectations remain. In *Outdated*, Samhita Mukhopadhyay addresses the difficulty of negotiating loving relationships within the borderlands of race, culture, class, and sexuality—and of holding true to our convictions and maintaining our independence while we do it. *Outdated* analyzes how different forms of media, cultural norms, family pressure, and even laws, are produced to scare women into believing that if they don't devote themselves to finding a man, they'll be doomed to a life of loneliness and shame. Using interviews with young women that are living around, between, within, and outside of the romantic industrial complex, Mukhopadhyay weaves a narrative of the alternative ways that women today have elected to live their lives, and in doing so offers a fresh, feminist look at an old topic: How do diverse, independent young women date happily and successfully—and outside of the box?

Open: A Toolkit for How Magic and Messed Up Life Can Be

Gemma Cairney 2017-03-09 Open: A Toolkit for How Magic and Messed Up Life Can Be is full of honest advice about the big, bad and beautiful things that growing up is all about: from mental health to families to first love, and everything in between. Gemma Cairney is an important advocate for young people and between her life experiences and her personal insight from her time as Radio 1's resident agony aunt on The Surgery, she is perfectly placed to offer hope and a huge comforting cuddle to young people questioning what life's all about or dealing with hard times.

What Would Beauvoir Do? Tabi Jackson Gee 2018-10 Get life advice and a crash course on women's rights from the great feminists of every generation. Have you ever wondered if Gloria Steinem would support your decision to get a nose job? Or if Betty Friedan would watch Star Wars with you? Half an introduction to feminism, half a guide to life, this book uses 40 everyday questions and problems to explore the theories and concepts of the greatest feminists and suffragettes of all time. With quirky illustrations and intriguing and original takes on the biggest questions, What Would Beauvoir Do? helps readers to understand why these feminists were great while entertaining you with historical and biographical detail about their lives. The 40 questions reveal not only Simone de Beauvoir's insights but how other great feminists would approach the problem. Newly armed with this wisdom, readers can make their own decisions. In addition to de Beauvoir, the feminist leaders span history to include Alice Walker, activist and author of The Color Purple; Mary Wollstonecraft, 18th century writer, philosopher and advocate of women's rights; Luce Irigaray, 20th century French author, feminist and cultural theorist; Elizabeth Cady Stanton, early 19th century suffragist, social activist and abolitionist; Charlotte Perkins Gilman, prominent 19th century feminist;

Sarojini Naidu, freedom fighter and poet of modern India; Emmeline Pankhurst and Emily Davison, leaders of the British suffragette movement and Coretta Scott King, widow of Martin Luther King. There are five thematic chapters as follows with examples of the questions: Work Should I speak up when my colleague makes a sexist joke? Should I deliberately hire a woman to even out the gender balance? Am I betraying the feminist cause if I quit my job to have a baby? Your Body Why should anyone else have a say about what I do with my body? To shave or not to shave - that is the question. I like wearing make-up. Is that bad? Family What's wrong with taking my husband's last name? My daughter wants a tutu and a tiara. Where did I go wrong? How can I raise feminist sons? Sexuality I caught my partner watching porn. Do I owe it to others to come out of the closet? Why is virginity such a big deal, and how come it's not the same for men? Am I a prude? Politics How do I square being a feminist and also having a faith? Why does so much of feminism seem to center around white middle-class women? Should I go on a protest march?

Simone de Beauvoir, Philosophy, & Feminism Nancy Bauer 2001 In the introduction to *The Second Sex*, Simone de Beauvoir notes that "a man never begins by establishing himself as an individual of a certain sex: his being a man poses no problem." Nancy Bauer begins her book by asking: "Then what kind of a problem does being a woman pose?" Bauer's aim is to show that in answering this question *The Second Sex* dramatizes the extent to which being a woman poses a philosophical problem. In exploring what it might mean to philosophize as a woman, Beauvoir produced a book that not only sparked the contemporary feminist movement but also, Bauer argues, made an important but still profoundly undervalued contribution to the philosophical tradition.

What is Gender? How Does It Define Us? And Other Big Questions for Kids Juno Dawson 2017-10-12 What's the difference between sex and gender? What does it mean to be defined by

your gender? Are there only two genders? This informative book helps kids to explore these questions and more, explaining that there are differences of opinion and that answers are not always straightforward. A range of views are on hand from people who have thoughtfully considered the concept of gender in their own lives. Aimed at young people aged 10 and upwards, the book encourages readers to think for themselves about the issues involved. Part of the groundbreaking and important 'And Other Big Questions' series, which offers balanced and considered views on the big issues we face in the world we live in today. Other titles in the series include: What is Humanism? How do you live without a god? What is Feminism? Why do we need It? Who are Refugees and Migrants? What makes people leave their homes? What Is Feminism? Why Do We Need It? and Other Big Questions

Bea Appleby 2017-11-09 What is feminism? Why do we need it? Where does it come from? Why does it exist? The word 'feminism' is bandied about a lot in the media, often with little or no explanation as to what it means. What is Feminism? aims to combat this, it's a brilliant introduction for children to the movement, looking at the history of feminism, what it is today and its enormous relevance to young people. Divided into sections such as Work and Money, Politics and Power, Media, Education, Family and Bodies, the book looks at how feminism, and the feminist movement, have affected each area in turn through history, and at the issues they are working to combat today. It also presents key figures in the fight for equal rights, from the Pankhursts to Germaine Greer and Malala Yousafzai, and looks at modern initiatives such as Emma Watson's He for She campaign. It then goes on to explain why we still need feminism, how women are portrayed by the media, how advertising and airbrushing affect body image, and how the gender pay gap is still very much in existence. As such, it is a vital tool for children in the process of figuring out the world and how it works, and informs and

explains gently, without sensation or scaremongering. Prominent feminists, such as Radio 1 DJ Gemma Cairney and Chief Executive of Girlguiding UK Julie Bentley, offer contributions explaining why they are feminists, and what feminism means to them, giving the book a human angle, as well as a political one. This is a book for girls and boys - it explains why feminism, and equal rights for all, benefit men as well as women, and that feminism is not about the promotion of women's rights at the expense of men's. Part of the groundbreaking and important 'And Other Big Questions' series, which offers balanced and considered views on the big issues we face in the world we live in today. Other titles in the series include: What is Humanism? How do you live without a god? Who are Refugees and Migrants? What Makes People Leave their Homes?

Feminism: The Ugly Truth Mike Buchanan 2017-05-21 Extracts from Erin Pizzey's Foreword: 'Mike Buchanan is a very brave man. I've known other men who've tried to draw the public's attention to the damage done by the radical feminist movement. Many lost their jobs and none of them were able to find a publisher for their books. Men have been thrown out of their own houses and unjustly accused of domestic violence towards their partners, and some of sexually abusing their children. The legitimate interests of men in Western society are being systematically assaulted by radical feminists and this book goes a long way to providing the evidence. Men are starting to campaign more effectively for their interests, though they have a long way to go before they halt the tide of radical feminist influence, let alone start to reverse it. Feminists can also expect more challenging from another quarter. An increasing number of women are summoning up the courage to openly criticise them. This shouldn't surprise us, given that the vast majority of women don't share the radical feminists' political ideology. With every year that passes more women become aware of the damage man-hating and family-hating radical feminists wreak on society in

general, and women's interests in particular. These women are becoming more vocal, and their number is on the rise... How much more damage will feminists be allowed to wreak before they're more widely recognised as the evil women they are?' This book provides long-awaited answers to over 50 of the most challenging questions in the modern era including: 1. Are you a misogynist if you only hate feminists? 2. What is feminism in the modern era? 3. How do radical feminists view the world? 4. Are feminists less intelligent than normal women? 5. Are feminists less attractive than normal women? 6. Do feminists suffer from PPS (Permanent Premenstrual Syndrome)? 7. Why do feminists deny the different natures of men and women? 8. Why must taxpayers stop financing Women's Studies and Gender Studies courses? 9. What are the big fat feminist fantasies, lies, delusions and myths? 10. Are feminists delusional? Is the pope a Catholic? Do bears crap in woods? 11. How are feminists killing men and women? 12. Are some feminists (e.g. Tracey Emin) a pain in the arts? The book contains an appendix of quotations and ends with a sample chapter titled 'Would you like to have sex with my wife?' from Mike Buchanan's international bestseller 'Two Men in a Car (a businessman, a chauffeur, and their holidays in France)'. It also contains the plate section from the book (16 photographs).

Ethics James P. Feminist Interpretations of Thomas Hobbes Nancy J. Hirschmann 2015-06-29 *Feminist Interpretations of Thomas Hobbes* features the work of feminist scholars who are centrally

engaged with Hobbes's ideas and texts and who view Hobbes as an important touchstone in modern political thought. Bringing together scholars from the disciplines of philosophy, history, political theory, and English literature who embrace diverse theoretical and philosophical approaches and a range of feminist perspectives, this interdisciplinary collection aims to appeal to an audience of Hobbes scholars and nonspecialists alike. As a theorist whose trademark is a compelling argument for absolute sovereignty, Hobbes may seem initially to have little to offer twenty-first-century feminist thought. Yet, as the contributors to this collection demonstrate, Hobbesian political thought provides fertile ground for feminist inquiry. Indeed, in engaging Hobbes, feminist theory engages with what is perhaps the clearest and most influential articulation of the foundational concepts and ideas associated with modernity: freedom, equality, human nature, authority, consent, coercion, political obligation, and citizenship. Aside from the editors, the contributors are Joanne Boucher, Karen Detlefsen, Karen Green, Wendy Gunther-Canada, Jane S. Jaquette, S. A. Lloyd, Su Fang Ng, Carole Pateman, Gordon Schochet, Quentin Skinner, and Susanne Sreedhar.

Data Feminism Catherine D'Ignazio 2020-03-31 A new way of thinking about data science and data ethics that is informed by the ideas of intersectional feminism. Today, data science is a form of power. It has been used to expose injustice, improve health outcomes, and topple governments. But it has also been used to discriminate, police, and surveil. This potential for good, on the one hand, and harm, on the other, makes it essential to ask: Data science by whom? Data science for whom? Data science with whose interests in mind? The narratives around big data and data science are overwhelmingly white, male, and techno-heroic. In *Data Feminism*, Catherine D'Ignazio and Lauren Klein present a new way of thinking about data science and data ethics—one that is informed by intersectional feminist thought. Illustrating data feminism in action, D'Ignazio and Klein show how challenges to

the male/female binary can help challenge other hierarchical (and empirically wrong) classification systems. They explain how, for example, an understanding of emotion can expand our ideas about effective data visualization, and how the concept of invisible labor can expose the significant human efforts required by our automated systems. And they show why the data never, ever “speak for themselves.” Data Feminism offers strategies for data scientists seeking to learn how feminism can help them work toward justice, and for feminists who want to focus their efforts on the growing field of data science. But Data Feminism is about much more than gender. It is about power, about who has it and who doesn't, and about how those differentials of power can be challenged and changed.

Hood Feminism Mikki Kendall 2021-02-23 A NEW YORK TIMES BESTSELLER “The fights against hunger, homelessness, poverty, health disparities, poor schools, homophobia, transphobia, and domestic violence are feminist fights. Kendall offers a feminism rooted in the livelihood of everyday women.” —Ibram X. Kendi, #1 New York Times-bestselling author of *How to Be an Antiracist*, in *The Atlantic* “One of the most important books of the current moment.”—*Time* “A rousing call to action... It should be required reading for everyone.”—Gabrielle Union, author of *We’re Going to Need More Wine* A potent and electrifying critique of today’s feminism Today's feminist movement has a glaring blind spot, and paradoxically, it is women. Mainstream feminists rarely talk about meeting basic needs as a feminist issue, argues Mikki Kendall, but food insecurity, access to quality education, safe neighborhoods, a living wage, and medical care are all feminist issues. All too often, however, the focus is not on basic survival for the many, but on increasing privilege for the few. That feminists refuse to prioritize these issues has only exacerbated the age-old problem of both internecine discord and women who rebuff at carrying the title. Moreover, prominent white feminists

broadly suffer from their own myopia with regard to how things like race, class, sexual orientation, and ability intersect with gender. How can we stand in solidarity as a movement, Kendall asks, when there is the distinct likelihood that some women are oppressing others? In her searing collection of essays, Mikki Kendall takes aim at the legitimacy of the modern feminist movement, arguing that it has chronically failed to address the needs of all but a few women. Drawing on her own experiences with hunger, violence, and hypersexualization, along with incisive commentary on reproductive rights, politics, pop culture, the stigma of mental health, and more, Hood Feminism delivers an irrefutable indictment of a movement in flux. An unforgettable debut, Kendall has written a ferocious clarion call to all would-be feminists to live out the true mandate of the movement in thought and in deed.

Defending Our Dreams Shamillah Wilson 2005-10 This book brings together analyses by feminists of diverse identities on themes including women's rights and economic change, new technologies, sexuality, feminist organizations and movements. It presents key issues arising out of the experiences of young women living in both North and South, the challenges confronting young feminists, and the agenda for a new era of feminist leadership and activism.

Evolution and the Big Questions David N. Stamos 2011-09-23 This provocative text considers whether evolutionary explanations can be used to clarify some of life's biggest questions. Examines topics of race, sex, gender, the nature of language, religion, ethics, knowledge, consciousness and ultimately, the meaning of life Each chapter presents a main topic, together with discussion of related ideas and arguments from various perspectives Addresses questions such as: Did evolution make men and women fundamentally different? Is the concept of race merely a social construction? Is morality, including universal human rights, a mass delusion? Can religion and evolution really be harmonized? Does evolution render life meaningless? Written in a clear and informative style, with helpful references for further reading and research

Unfinished Business Anne-Marie Slaughter 2015-09-29 Includes a new afterword by the author • "Slaughter's gift for illuminating large issues through everyday human stories is what makes this

book so necessary for anyone who wants to be both a leader at work and a fully engaged parent at home.”—Arianna Huffington

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST, NPR, AND THE ECONOMIST

When Anne-Marie Slaughter accepted her dream job as the first female director of policy planning at the U.S. State Department in 2009, she was confident she could juggle the demands of her position in Washington, D.C., with the responsibilities of her family life in suburban New Jersey. Her husband and two young sons encouraged her to pursue the job; she had a tremendously supportive boss, Secretary of State Hillary Clinton; and she had been moving up on a high-profile career track since law school. But then life intervened. Parenting needs caused her to make a decision to leave the State Department and return to an academic career that gave her more time for her family. The reactions to her choice to leave Washington because of her kids led her to question the feminist narrative she grew up with. Her subsequent article for *The Atlantic*, “Why Women Still Can’t Have It All,” created a firestorm, sparked intense national debate, and became one of the most-read pieces in the magazine’s history. Since that time, Anne-Marie Slaughter has pushed forward, breaking free of her long-standing assumptions about work, life, and family. Though many solutions have been proposed for how women can continue to break the glass ceiling or rise above the “motherhood penalty,” women at the top and the bottom of the income scale are further and further apart. Now, in her refreshing and forthright voice, Anne-Marie Slaughter returns with her vision for what true equality between men and women really means, and how we can get there. She uncovers the missing piece of the puzzle, presenting a new focus that can reunite the women’s movement and provide a common banner under which both men and women can advance and thrive. With moving personal stories, individual action plans, and a broad outline for change, Anne-Marie Slaughter reveals a future in which all of us can

finally finish the business of equality for women and men, work and family. "I'm confident that you will be left with Anne-Marie's hope and optimism that we can change our points of view and policies so that both men and women can fully participate in their families and use their full talents on the job."—Hillary Rodham Clinton

This Book Is Feminist Jamia Wilson 2021-06-29 A vibrantly illustrated introduction to intersectional feminism for next-generation changemakers, this book is a must-read guide for young people seeking to understand the world around them. "Wilson's optimistic view of feminism is based on the tenet of liberation for all, placing marginalized communities front and center... [A] foundational work." - NEW YORK TIMES What have you been taught about who has power and who makes the rules? Have you ever been lost for words at an old-school family friend's 'kind' but sexist comments? Do you agree with equality and strive for justice, but want to learn more? Then read on. In this new feminist classic, the focus is intersectional from the beginning, not just as an add-on. Using the framework of 'personal is political', Jamia Wilson - former director of the Feminist Press - analyses her own experiences, before expanding outwards and drawing on stats as well as quotes from feminist firebrands and activists to inspire and encourage. Bold illustrations underpin this title, and each chapter ends with a 'Call To Action' box to encourage readers to reflect on and embrace their own interpretation of feminism and to acknowledge the connection between race, class, gender, disability and economic justice. Expand what feminism means to you, your community and society by examining these 15 themes: Feminism Identity Justice Education Money Power Health wellness freedom relationships media safety activism and movements innovation An interactive exploration of what feminism means to you. You will close the book with an understanding that history and culture play a role in shaping systems of power and of what we can do with our

strengths, community and values to help change course when needed. You won't have read a feminist tome like this before. Also available in the Empower the Future series is *This Book is Anti-Racist*, a powerful guide to how to incorporate anti-racist action into your life. Other inspiring books authored by Jamia Wilson are *Young Gifted and Black*, *Step Into Your Power* and *Big Ideas for Young Thinkers*.

The Power Naomi Alderman 2017-10-10 In this stunning bestseller praised as "our era's *Handmaid's Tale*," a fierce new power has emerged—and only women have it (Washington Post). In *The Power*, the world is a recognizable place: there's a rich Nigerian boy who lounges around the family pool; a foster kid whose religious parents hide their true nature; an ambitious American politician; a tough London girl from a tricky family. But then a vital new force takes root and flourishes, causing their lives to converge with devastating effect. Teenage girls now have immense physical power: they can cause agonizing pain and even death. And, with this small twist of nature, the world drastically resets. From award-winning author Naomi Alderman, *The Power* is speculative fiction at its most ambitious and provocative, at once taking us on a thrilling journey to an alternate reality, and exposing our own world in bold and surprising ways.

"Captivating, fierce, and unsettling...I was riveted by every page. Alderman's prose is immersive and, well, electric." —New York Times Book Review

Molecular Feminisms Deboleena Roy 2018-11-10 ♦ Should feminists clone? ♦ What do neurons think about? ♦ How can we learn from bacterial writing? ♦ These provocative questions have haunted neuroscientist and molecular biologist Deboleena Roy since her early days of research when she was conducting experiments on an in vitro cell line using molecular biology techniques. An expert natural scientist as well as an intrepid feminist theorist, Roy takes seriously the expressive capabilities of biological ♦ objects ♦ such as bacteria and other human,

nonhuman, organic, and inorganic actants in order to better understand processes of becoming. She also suggests that renewed interest in matter and materiality in feminist theory must be accompanied by new feminist approaches that work with the everyday, nitty-gritty research methods and techniques in the natural sciences. By practicing science as feminism at the lab bench, Roy creates an interdisciplinary conversation between molecular biology, Deleuzian philosophies, science and technology studies, feminist theory, posthumanism, and postcolonial and decolonial studies. In *Molecular Feminisms* she brings insights from feminist and cultural theory together with lessons learned from the capabilities and techniques of bacteria, subcloning, and synthetic biology to offer tools for how we might approach nature anew. In the process she demonstrates that learning how to see the world around us is also always about learning how to encounter that world.

Feminism and Men Nikki van der Gaag 2014-08-14 Feminism has changed the world; it is radically reshaping women's lives. But what about men? They still hold most of the power in the economy, in government, in religions, in the media and often in the family too. At the same time, many men are questioning traditional views about what it means to be a man. Others resent the gains women have made and want to turn back the clock. Nikki van der Gaag asks the question: how might feminism improve the lives of men as well as women? And is there a place for men in the feminist story?

What Is Race? Who Are Racists? Why Does Skin Colour Matter? and Other Big Questions Nikeshe Shukla 2020-07-23 Talk about race is often discouraged, but this book aims to bring everyone into the conversation. It explores the history of race and society, giving context to how racist attitudes come into being. It looks at belonging and identity, the damaging effects of stereotyping and the benefits of positive representation. The authors talk sensitively about how to identify and challenge racism, and how

to protect against and stop racist behaviour. Part of the groundbreaking and important 'And Other Big Questions' series, which offers balanced and considered views on the big issues we face in the world we live in today.

Reading Women Stephanie Staal 2011-02-22 The author describes how reading feminist literature affected her life.

Living a Feminist Life Sara Ahmed 2017-01-13 In *Living a Feminist Life* Sara Ahmed shows how feminist theory is generated from everyday life and the ordinary experiences of being a feminist at home and at work. Building on legacies of feminist of color scholarship in particular, Ahmed offers a poetic and personal meditation on how feminists become estranged from worlds they critique—often by naming and calling attention to problems—and how feminists learn about worlds from their efforts to transform them. Ahmed also provides her most sustained commentary on the figure of the feminist killjoy introduced in her earlier work while showing how feminists create inventive solutions—such as forming support systems—to survive the shattering experiences of facing the walls of racism and sexism. The killjoy survival kit and killjoy manifesto, with which the book concludes, supply practical tools for how to live a feminist life, thereby strengthening the ties between the inventive creation of feminist theory and living a life that sustains it.

Simone de Beauvoir, Philosophy, and Feminism Nancy Bauer 2001-07-04 In the introduction to *The Second Sex*, Simone de Beauvoir notes that "a man never begins by establishing himself as an individual of a certain sex: his being a man poses no problem." Nancy Bauer begins her book by asking: "Then what kind of a problem does being a woman pose?" Bauer's aim is to show that in answering this question *The Second Sex* dramatizes the extent to which being a woman poses a philosophical problem. This book is a call for philosophers as well as feminists to turn, or return to, *The Second Sex*. Bauer shows that Beauvoir's magnum opus, written a quarter-century before the

development of contemporary feminist philosophy, constitutes a meditation on the relationship between women and philosophy that remains profoundly undervalued. She argues that the extraordinary effect *The Second Sex* has had on women's lives, then and now, can be traced to Beauvoir's discovery of a new way to philosophize—a way grounded in her identity as a woman. In offering a new interpretation of *The Second Sex*, Bauer shows how philosophy can be politically productive for women while remaining genuinely philosophical.

Bad Feminist Roxane Gay 2014-08-05 “Roxane Gay is so great at weaving the intimate and personal with what is most bewildering and upsetting at this moment in culture. She is always looking, always thinking, always passionate, always careful, always right there.” — Sheila Heti, author of *How Should a Person Be?* A New York Times Bestseller Best Book of the Year: NPR • Boston Globe • Newsweek • Time Out New York • Oprah.com • Miami Herald • Book Riot • Buzz Feed • Globe and Mail (Toronto) • The Root • Shelf Awareness A collection of essays spanning politics, criticism, and feminism from one of the most-watched cultural observers of her generation In these funny and insightful essays, Gay takes us through the journey of her evolution as a woman (*Sweet Valley High*) of color (*The Help*) while also taking readers on a ride through culture of the last few years (*Girls*, *Django in Chains*) and commenting on the state of feminism today (abortion, Chris Brown). The portrait that emerges is not only one of an incredibly insightful woman continually growing to understand herself and our society, but also one of our culture. *Bad Feminist* is a sharp, funny, and spot-on look at the ways in which the culture we consume becomes who we are, and an inspiring call-to-arms of all the ways we still need to do better, coming from one of our most interesting and important cultural critics.

[Down Girl](#) Kate Manne 2018 *Down Girl* is a broad, original, and far ranging analysis of what misogyny really is, how it works, its purpose, and how to fight it. The philosopher Kate Manne argues

that modern society's failure to recognize women's full humanity and autonomy is not actually the problem. She argues instead that it is women's manifestations of human capacities -- autonomy, agency, political engagement -- is what engenders misogynist hostility.

Feminism Is for Everybody bell hooks 2014-10-10 What is feminism? In this short, accessible primer, bell hooks explores the nature of feminism and its positive promise to eliminate sexism, sexist exploitation, and oppression. With her characteristic clarity and directness, hooks encourages readers to see how feminism can touch and change their lives—to see that feminism is for everybody.

Feminism Is... DK 2019-02-12 A lively and accessible book for teens on the history, pioneers, theories, questions, arguments, and daily reality of feminism today. What is feminism? Combining insightful text with graphic illustrations, this engaging book introduces young adult readers to a subject that should matter to everyone. Posed as a series of questions, *Feminism Is...* tackles the most intriguing and relevant topics, such as "Are all people equal?", "Do boys and girls learn the same things?" and "Why do women earn less than men?" Find out what equality for women really means, get a short history of feminism, and take a look at the issues that affect women at work, in the home, and around sex and identity. Meet, too, some great women, such as Gloria Steinem, Frida Kahlo, and Malala Yousafzai, "rebel girls" who refused to accept the status quo of their day and blazed a trail for others to follow. With more than 50 questions that address key feminist concerns, *Feminism Is...* takes on the issues in informative, thought-provoking ways.

The Problem with Men Richard Herring 2020-11-05 'The problem with *The Problem with Men* is that I do believe men will have less trouble with it than the title suggests as it is actually a glorious, funny book written by a glorious funny man' AISLING BEA 'Very moving, one of the few things I've consumed in 2020 that has left

me with a sense of hope... but one thing wasn't made clear, when is International Men's Day?' JOHN ROBINS For the past decade, Richard Herring has been answering sexist trolls on International Women's Day when they ask 'when is International Men's Day?' in the mistaken belief there isn't one. If only the trolls had learned to use Google they would realise that there is an International Men's Day - it's on November 19th. In *The Problem with Men* Richard expands on his Twitter discussions and tackles some of the big questions surrounding the problems of toxic masculinity - for women, but also for men - including: - Should men fear feminism? - Is society sexist against men? - Could you win a point against Serena Williams? *spoiler* The answer to all of these is no. With Richard's signature humour and insight, *The Problem with Men* is a book for anyone striving for an equal society, all year round. 'This is a great book but I think the last thing it needs is a quote by yet another man' JAMES ACASTER
