Doctors Sherwin B. Nuland 2011-10-19 From the author of *How We Die*, the extraordinary story of the development of modern medicine, told through the lives of the physician-scientists who paved the way. How does medical science advance? Popular historians would have us believe that a few heroic individuals, possessing superhuman talents, lead an unselfish quest to better the human condition. But as renowned Yale surgeon and medical historian Sherwin B. Nuland shows in this brilliant collection of linked life portraits, the theory bears little resemblance to the truth. Through the centuries, the men and women who have shaped the world of medicine have been not only very human, but also very much the products of their own times and places. Presenting compelling studies of great medical innovators and pioneers, *Doctors* gives us a fascinating history of modern medicine. Ranging from the legendary Father of Medicine, Hippocrates, to Andreas Vesalius, whose Renaissance masterwork on anatomy offered invaluable new insight into the human body, to Helen Taussig, founder of pediatric cardiology and co-inventor of the original "blue baby" operation, here is a volume filled with the spirit of ideas and the thrill of discovery.

David and Goliath Malcolm Gladwell 2013-10-01 Explore the power of the underdog in Malcolm Gladwell's dazzling examination of success, motivation, and the role of adversity in shaping our lives, from the bestselling author of The Bomber Mafia. Three thousand years ago on a battlefield in ancient Palestine, a shepherd boy felled a mighty warrior with nothing more than a stone and a sling, and ever since then the names of David and Goliath have stood for battles between underdogs and giants. David's victory was improbable and miraculous. He shouldn't have won. Or should he have? In David and Goliath, Malcolm Gladwell challenges how we think about obstacles and disadvantages, offering a new interpretation of what it means to be discriminated against, or cope with a disability, or lose a parent, or attend a mediocre school, or suffer from any number of other apparent setbacks. Gladwell begins with the real story of what happened between the giant and the shepherd boy those many years ago. From there, David and Goliath examines Northern Ireland's Troubles, the minds of cancer researchers and civil rights leaders, murder and the high costs of revenge, and the dynamics of successful and unsuccessful classrooms—all to demonstrate how much of what is beautiful and important in the world arises from what looks like suffering and adversity. In the tradition of Gladwell's previous bestsellers—The Tipping Point, Blink, Outliers and What the Dog Saw—David and Goliath draws upon history, psychology, and powerful storytelling to reshape the way we think of the world around us.

Big black flappy ones, little green squirmy ones. Unfortunately, the only thing getting slain these days is my social life. With my high school under attack, combat classes intensifying, and Academy instructors dropping right and left, I can barely get my homework done, let alone score a bondmate before prom. Then he shows up. Jackson Smith-Hailey. Unspeakably hot, hopelessly unattainable, and dangerous in all the right ways. Sure, he's my trainer. And okay, maybe he hates me. Doesn't mean I'll ignore the wicked Guardian chemistry between us. It's crazy! Every time I'm with him, my powers explode. Awesome, right? Wrong. Now my teachers think I'm the murderous Graymason destined to bring down our whole race of angelbloods. Everyone in New Orleans is hunting me. The people I trusted want me dead. Getting it done without falling in love. . . . that might take a miracle. Each book in the Angel Academy series is a standalone, full-length story that can be enjoyed out of order. Series Order: Book 1: Prophecy Girl Book 2: Conspiracy Boy

The Child Finder Rene Denfeld 2017-09-05 “Aptly unclassifiable, Denfeld’s compulsively readable second novel calls on elements of horror, mystery, fairy tales, and even romance to explore legacies of violence and the resilience of the most vulnerable among us.” — Booklist A haunting, richly atmospheric, and deeply suspenseful novel from the acclaimed author of *The Enchanted* about an investigator who must use her unique

insights to find a missing little girl. Three years ago, Madison Culver disappeared when her family was choosing a Christmas tree in Oregon's Skookum National Forest. She would be eight-years-old now—if she has survived. Desperate to find their beloved daughter, certain someone took her, the Culvers turn to Naomi, a private investigator with an uncanny talent for locating the lost and missing. Known to the police and a select group of parents as "the Child Finder," Naomi is their last hope. Naomi's methodical search takes her deep into the icy, mysterious forest in the Pacific Northwest, and into her own fragmented past. She understands children like Madison because once upon a time, she was a lost girl, too. As Naomi relentlessly pursues and slowly uncovers the truth behind Madison's disappearance, shards of a dark dream pierce the defenses that have protected her, reminding her of a terrible loss she feels but cannot remember. If she finds Madison, will Naomi ultimately unlock the secrets of her own life? Told in the alternating voices of Naomi and a deeply imaginative child, *The Child Finder* is a breathtaking, exquisitely rendered literary page-turner about redemption, the line between reality and memories and dreams, and the human capacity to survive.

The Mandaean Book of John Charles G. Häberl 2019-11-18 Given the degree of popular fascination with Gnostic religions, it is surprising how few pay

attention to the one such religion that has survived from antiquity until the present day: Mandaeism. Mandaean, who esteem John the Baptist as the most famous adherent to their religion, have in our time found themselves driven from their historic homelands by war and oppression. Today, they are a community in crisis, but they provide us with unparalleled access to a library of ancient Gnostic scriptures, as part of the living tradition that has sustained them across the centuries. Gnostic texts such as these have caught popular interest in recent times, as traditional assumptions about the original forms and cultural contexts of related religious traditions, such as Judaism, Christianity, and Islam, have been called into question. However, we can learn only so much from texts in isolation from their own contexts. Mandaean literature uniquely allows us not only to increase our knowledge about Gnosticism, and by extension all these other religions, but also to observe the relationship between Gnostic texts, rituals, beliefs, and living practices, both historically and in the present day.

City of Thieves David Benioff 2008-05-15 From the critically acclaimed author of *The 25th Hour* and *When the Nines Roll Over* and co-creator of the HBO series *Game of Thrones*, a captivating novel about war, courage, survival — and a remarkable friendship that ripples across a lifetime. During the Nazis’ brutal siege of Leningrad, Lev Beniov is arrested for looting and thrown into the same cell as a handsome deserter named Kolya. Instead of being executed, Lev and Kolya are given a shot at saving their own lives by complying with an outrageous directive: secure a dozen eggs for a powerful Soviet colonel to use in his daughter’s wedding cake. In a city cut off from all supplies and suffering unbelievable deprivation, Lev and Kolya embark on a hunt through the dire lawlessness of Leningrad and behind enemy lines to find the impossible. By turns insightful and funny, thrilling and terrifying, the New York Times bestseller *City of Thieves* is a gripping, cinematic World War II adventure and an intimate coming-of-age story with an utterly contemporary feel for how boys become men.

The Ruined Map Kobo Abe 2011-12-14 Of all the great Japanese novelists, Kobo Abe was indubitably the most versatile. With *The Ruined Map*, he crafted a mesmerizing literary crime novel that combines the narrative suspense of Chandler with the psychological depth of Dostoevsky. Mr. Nemuro, a respected salesman, disappeared over half a year ago, but only now does his alluring yet alcoholic wife hire a private eye. The nameless detective has but two clues: a photo and a matchbook. With these he embarks upon an ever more puzzling pursuit that leads him into the depths of Tokyo's dangerous underworld, where he begins to lose the boundaries of his own identity. Surreal, fast-paced, and hauntingly dreamlike, Abe’s masterly novel delves into the unknowable mysteries of the human mind. Translated from the Japanese by E. Dale Saunders.
