**"Dearest Georg": Love, Literature, and Power in Dark Times** Veza Canetti 2010-02-02 In 1934, Veza Taubner and Elias Canetti were married in Vienna. Elias describes the arrangement to his brother Georges as a "functional" marriage. Meanwhile, an intense intellectual love affair develops between Veza and Georges, a young doctor suffering from tuberculosis. Four years later, Veza and Elias flee Nazi-ruled Vienna to London, where they lead an impoverished and extremely complicated marital life in exile. Spanning the major part of Elias's struggle for literary recognition, from 1933, before the publication of his novel, *Auto-da-Fé*, to 1959, when he finished his monumental *Crowds and Power*, the Canetti letters provide an intimate look at these formative years through the prism of a veritable love triangle: the newly married Elias has a string of lovers; his wife, Veza, is hopelessly in love with an idealized image of his youngest brother, Georges; and Georges is drawn to good looking men as well as to his motherly sister-in-law. Independently and often secretly, the couple communicates with Georges, who lives in Paris: Veza tells of Elias's amorous escapades and bouts of madness, Elias complains about Veza's poor nerves and depression. Each of them worries about Georges's health--if she could, Veza would kiss away the germs. Georges is an infrequent correspondent, but he diligently stores away the letters from his brother and sister-in-law. In 2003, long after his death, they were accidentally discovered in a Paris basement and comprise not only a moving and insightful document, but real literature.

**Johan Huizinga 1872-1972** W.R.H. Koops 2012-12-06 From 11 to 15 December 1972 a group of historians from many European countries assembled in Groningen to commemorate the centenary of Johan Huizinga's birth in that city on 7 December 1872. The conference was not intended simply as a tribute to the memory of a great historian but also as an attempt to assess the significance of his work for the present generation. It was supported by generous grants from the Stichting oud-studentenfonds van 1906 at Groningen, the Groninger Universiteitsfonds, and the Ministry of Education and Science. We are pleased to be able to publish all the papers read at the conference, together with Dr. Jansonius's study of Huizinga's style, written for another occasion. The material is presented in a roughly chronological order. The first three papers, which examine Huizinga's intellectual and literary points of departure, are followed by another three dealing with The Waning of the Middle Ages. A special paper is devoted to Huizinga's Erasmian studies. The next three authors investigate the problems which preoccupied Huizinga during the 1930s. Three final papers examine general aspects of his work.

**Guide to World Literature** National Council of Teachers of English. Committee on Comparative and World Literature 1980 This guide, a revision of a 1966 work by Robert O'Neal, is intended to encourage reading beyond the traditional English and American literature texts by making available a useful resource in an area where few teachers have adequate preparation. The guide contains comparative reviews of the works of 136 authors and of seven works without known authors. The works represent various genres from classical to modern times and are drawn from Asia and Africa as

well as from South America and Europe. *Notes from the Gallows* Julius Fucik 2017-07-19 On 24 April 1942, Czechoslovak journalist and active CPC member Julius Fucik was detained in Pankrác Prison in Prague, where he was subsequently interrogated and tortured, before being sent to Germany to stand trial for high treason. It was during this time that Fucik's Notes from the Gallows (Czech: Reportáž psaná na oprátce, literally Reports Written Under the Noose) arose—written on pieces of cigarette paper and smuggled out by two sympathetic prison warders named Kolinsky and Hora. The notes were treated as great literary works after his death in 1943 and translated into many languages worldwide, resulting in this book, which was first published in English in 1948. It describes events in the prison since Fucik's arrest and is filled with hope for a better, Communist future.

*The Chemistry of Auschwitz* Germar Rudolf 2020-04-28 Auschwitz was a center of chemistry. The German chemical industry built gigantic factories for rubber, fuel, lubricants and methanol there, and the SS experimented with natural sources of rubber. But that's not what people associate with the name "Auschwitz." They think of gas chambers and Zyklon B, which are two entirely chemical things as well. The gas chambers of Auschwitz have been called the epicenter of human suffering. More human beings are said to have died a violent death there than on any other place on earth in the history of mankind. The biggest crime scene of history, in terms of its death toll, not only demands the utmost respect for its victims, but should also attract the most-intensive attention of forensic researchers to find out what exactly happened, and how. Or so one might think. Forensic research on Auschwitz, however, has always been controversial. Investigating the gas chamber mass murder is considered a blasphemous act, a way of disturbing the peace of the dead. While respecting the victims, whether of foul play or of circumstance, this study nonetheless tries to conduct Auschwitz research on the basis of the forensic sciences, where material traces of the crime and their interpretation reign supreme. Although it is generally agreed that no autopsy of any victim has ever been performed, most of the claimed crime scenes - the chemical slaughterhouses called gas chambers - are still accessible to forensic examination to a greater or lesser degree. So, how did these gas chambers of Auschwitz look like? How did they operate? What were they used for? In addition, the infamous Zyklon B can also be examined. What exactly hides behind this ominous name? How does it kill? And what effect has it on masonry? Does it leave traces that can be found still today? These and many other questions are thoroughly examined in this study. The horror of Auschwitz is meticulously dissected, and thus, for the first time, it really becomes comprehensible. Full-color edition.

*The Lonely Nietzsche* Elisabeth Förster-Nietzsche 1915

**The Wizard** Henry Rider Haggard 1896 All that day we explained and all the next--or rather my friend did, for I knew very little of the language --and they listened with great interest. At last the chief of the wizards and the first prophet to the king rose to question us. He was named Hokosa, a tall, thin man, with a spiritual face and terrible calm eyes.

*Narcissus and Goldmund* Hermann Hesse 2013-01-22 Narcissus and Goldmund is the story of a passionate yet uneasy friendship between two men of opposite character. Narcissus, an ascetic instructor at a cloister school, has devoted himself solely to scholarly and spiritual pursuits. One of his students is the sensual, restless Goldmund, who is immediately drawn to his teacher's fierce intellect and sense of discipline. When Narcissus persuades the young student that he is not meant for a life of self-denial, Goldmund sets off in pursuit of aesthetic and physical pleasures, a path that leads him to a final, unexpected reunion with Narcissus.

**Polar Inertia** Paul Virilio 2000 Examining how the 'here and now' of space, territory, the body, are being redefined by new technologies and how this undoes simplistic versions of the globalization thesis, Paul Virilio demonstrates how technology has made inertia the defining condition of modernity. An instantaneous present has replaced space and the sovereignty of territory; everything happens without the need to go anywhere. This book will be a key reference for students and scholars of the latest thinking in social theory.

*Boulez on Music Today* Pierre Boulez 1971

**Actors and Singers** Richard Wagner 1995 "In the same period Wagner was deeply inspired by the works of Shakespeare, an influence that runs throughout this volume. The title essay, "Actors and Singers," is one of Wagner's most deliberate and philosophical writings. He wrote, "Art ceases, strictly speaking, to be Art from the moment it presents itself as Art to our reflecting consciousness." He described how the unconsciousness of art, and thus art's power, connected natural genius to cultivate traditions.

*Wonder Woman (1942-) #7* William Moulton Marston 2016-10-18 Creator William Moulton Marston continues his run writing the character he created with four more tales starring the woman warrior: 'The Adventure of the Life Vitamin,' 'America's Wonder Women of Tomorrow,' 'The Secret Weapon,' and 'The Demon of the Depths.'

**Beyond Priesthood** Richard L. Gordon 2017-08-21 The last decade has seen a surge of scholarly interest in these religious professionals and a good number of high quality publications. Our volume, however, with its unique intercultural character and its explicit focus on appropriation and contestation of religious expertise in the Imperial Era is substantially different. Unlike the rather narrow focus of earlier studies of civic priests, the papers presented here examine a wider range of religious professionals, their dynamic interaction with established religious authorities and institutions, and their contributions to religious innovation in the ancient Mediterranean world, from the late Hellenistic period through to Late Antiquity, from the City of Rome to mainland Greece, Asia Minor, Syria and Egypt, from Greek civic practice to ancient Judaism. A further advantage of our volume is the wide range of media of transmission taken into account. Our contributors look at both old and new materials, which derive not only from literary sources but also from papyri, inscriptions, and material culture. Above all, this volume assesses critically convenient terminological usage and offers a unique insight into a rich gamut of ancient Mediterranean religious specialists.
