The Perfect Other Kyleigh Leddy 2022-03-15 All Kait Leddy had ever wanted was a little sister. When Kyleigh was born, they were inseparable; Kait would protect her, include her, cuddle and comfort her, and, to Kyleigh, her big sister was her whole world. As they grew, however, and as Kait entered adolescence, her personality began to change. She was lashing out emotionally and physically, and losing touch with reality in certain ways. The family struggled to keep this side of Kait private—at school and in her social life, she was still the gorgeous, effervescent life of the party with a modeling career ahead of her and big dreams. But slowly, things began to shatter, and Kyleigh could only watch in horror as her perfect sibling's world collapsed around her. Kait was institutionalized with what would eventually be diagnosed as schizophrenia, leaving Kyleigh and their mother to handle the burden, shame, and guilt alone. Then, in January 2014, Kait disappeared. Though they never found her body, security footage showed her making her way onto a big bridge over a river, where it is presumed that she jumped. Kyleigh is left wondering: What could she have done differently? How could this shining light be gone? And how will she find peace without her sister to guide her way there?

Hey, Kiddo: A Graphic Novel Jarrett J. Krosoczka 2018-10-09 The powerful, unforgettable graphic memoir from Jarrett Krosoczka, about growing up with a drug-addicted mother, a missing father, and two unforgettably opinionated grandparents. A National Book Award Finalist! In kindergarten, Jarrett Krosoczka's teacher asks him to draw his family, with a mommy and a daddy. But Jarrett's family is much more complicated than that. His mom is an addict, in and out of rehab, and in and out of Jarrett's life. His father is a mystery -- Jarrett doesn't know where to find him, or even what his name is. Jarrett lives with his grandparents -- two very loud, very loving, very opinionated people who had thought they were through with raising children until Jarrett came along. Jarrett goes through his childhood trying to make his non-normal life as normal as possible, finding a way to express himself through drawing even as so little is being said to him about what's going on. Only as a teenager can Jarrett begin to piece together the truth of his family, reckoning with his mother and tracking down his father. Hey, Kiddo is a profoundly important memoir about growing up in a family grappling with addiction, and finding the art that helps you survive.

Once Upon a Time in a Dark and Scary Book K. Shryock Hood 2018-05-25 Contemporary American horror literature for children and young adults has two bold messages for readers: adults are untrustworthy, unreliable and often dangerous; and the monster always wins (as it must if there is to be a sequel). Examining the young adult horror series and the religious horror series for children (*Left Behind: The Kids*) for the first time, and tracing the unstoppable monster to Seuss's *Cat in the Hat*, this book sheds new light on the problematic message produced by the combination of marketing and books for contemporary American young readers.

I Am the Market Luca Rastello 2011-03-01 A page-turning account of the international cocaine trade, presented as five lessons in how to move tons of the drug across borders. Forget about cocaine concealed in false-bottomed suitcases or swallowed in ovules resistant to gastric juices. When entire national economies are kept afloat by the money from cocaine smuggling, the quantities these tactics represent are meaningless. When a commodity like cocaine becomes a mainstay of the international economy, grams and kilos are irrelevant. Because what is needed to sustain the market is cocaine by the ton. Tons of cocaine means ships, cargo planes, and containers: large, cumbersome, extremely tangible, and visible amounts of white powder. So how is all that merchandise moved through harbors and airports? How are customs offices deceived, fiscal checks eluded, police networks infiltrated, and documents prepared to disguise mountains of cocaine? It's done with coca made into cubes, dissolved in liquid, hidden in marble blocks or inside electric cables. With friends in the right places. With cocaine smuggled in cranes. With sniffer dogs supplied to the police, free of charge. With money in cash, always. And yes, with willing mules swallowing drugs. But they will be arrested, and that's part of the plan. Drawing from years of research and conversations with criminal sources and convicted drug smugglers, with new information on the techniques, methods, and strategies used, Luca Rastello brings us a devastating portrait of the international cocaine trade. Told from the perspective of the formidable entrepreneurs whose tactics evolve and adapt to keep pace with shifts in the global economy, *I Am the Market* is a masterful exposé of a world we thought we understood—until now.

The Resilient Child Joanne A. Joseph 2007-10-10 If you try to identify the basic qualities of a child “most likely to succeed” as an adult, what words might first come to mind? Independent? Likable? Creative? Disciplined? According to Dr. Joanne Joseph, the essence of a productive and healthy personality is a positive and secure self-image and a solid set of resilient attitudes and behaviors. *The Resilient Child: Preparing Today's Youth for Tomorrow's World* successfully integrates the latest information available about healthy cognitive development, self-esteem, and resilience to give parents and teachers practical suggestions for nurturing these qualities in children and adolescents. Dr. Joseph, an esteemed psychologist and child education consultant, skillfully shows how stories, television, nutrition, exercise, parental discipline style, and the child's individual characteristics each play a comprehensive role in the development of a child's self-esteem and resilience. With the author's clearly outlined strategies, parents and educators can guide children to be socially skillful, responsible, disciplined, good problem-solvers, and effective managers of the change and adversity inherent in today's world. Elaborating beyond what others have identified as the elements of a productive personality, Dr. Joseph uses a series of inspiring anecdotes and documented research to discuss the following: what experts do and do not know about the development of self-esteem; how parents and teachers can actively contribute to the natural development of a child's self-esteem; how to promote resilience in children through happy and difficult times; the kinds of characteristics that differentiate children from each other; how to liberate a child's inner strengths to build self-esteem and resilience; how literature and the media can teach resilient and productive values and behaviors; styles of parental discipline and their influence on the development of the child; and more.

Me and My Shadows Lorna Luft 2015-12-21 The question follows Lorna Luft to this day: “What's it like to be Dorothy's daughter?” Although by appearances glamorous and truly thrilling, growing up as the daughter of Judy Garland was anything but a journey over the rainbow. With unsparing candor, Lorna Luft offers the first-ever insider portrait of one of Hollywood's most celebrated families: a rare story of a little girl, her half-sister Liza, and her baby brother trying desperately to hang on to the mother whose life seemed destined to burn brightly but briefly. Lorna makes an extraordinary journey back into the spiral of love, addiction, pain, and loss that lurked behind a charmed facade. Filled with behind-the-scenes dramas, hilarious untold stories, and little-known details of Garland family life, *Me and My Shadows* is a tribute to Lorna's victory over her own past,

a story of hope, of love and its limitations, and a deeply moving testament to the healing powers of embracing one's past and charting a course of self-love and discovery.

The Story Sisters Alice Hoffman 2009-06-02 A spellbinding coming of age novel about three sisters and the relationships and choices that shape their lives from the bestselling author of Reese Witherspoon Book Club pick, *The Rules of Magic* "This bewitching novel explores the bonds of sisterhood like a haunting modern fairy tale."—*Glamour* Each of three sisters—Elv, Claire, and Meg—has a fate she must meet alone: one on a country road, one in the streets of Paris, and one in the corridors of her own imagination. Ordinary Girls Jaquira Daz 2020-06-16 One of the Must-Read Books of 2019 According to O: *The Oprah Magazine* * *Time* * *Bustle* * *Electric Literature* * *Publishers Weekly* * *The Millions* * *The Week* * *Good Housekeeping* "There is more life packed on each page of *Ordinary Girls* than some lives hold in a lifetime." —Julia Alvarez In this searing memoir, Jaquira Díaz writes fiercely and eloquently of her challenging girlhood and triumphant coming of age. While growing up in housing projects in Puerto Rico and Miami Beach, Díaz found herself caught between extremes. As her family split apart and her mother battled schizophrenia, she was supported by the love of her friends. As she longed for a family and home, her life was upended by violence. As she celebrated her Puerto Rican culture, she couldn't find support for her burgeoning sexual identity. From her own struggles with depression and sexual assault to Puerto Rico's history of colonialism, every page of *Ordinary Girls* vibrates with music and lyricism. Díaz writes with raw and refreshing honesty, triumphantly mapping a way out of despair toward love and hope to become her version of the girl she always wanted to be. Reminiscent of Tara Westover's *Educated*, Kiese Laymon's *Heavy*, Mary Karr's *The Liars' Club*, and Terese Marie Mailhot's *Heart Berries*, Jaquira Díaz's memoir provides a vivid portrait of a life lived in (and beyond) the borders of Puerto Rico and its complicated history—and reads as electrically as a novel.

The Big Smallness Michelle Ann Abate 2016-02-12 This book is the first full-length critical study to explore the rapidly growing cadre of amateur-authored, independently-published, and niche-market picture books that have been released during the opening decades of the twenty-first century. Emerging from a powerful combination of the ease and affordability of desktop publishing software; the promotional, marketing, and distribution possibilities allowed by the Internet; and the tremendous national divisiveness over contentious socio-political issues, these texts embody a shift in how narratives for young people are being creatively conceived, materially constructed, and socially consumed in the United States. Abate explores how titles such as *My Parents Open Carry* (about gun laws), *It's Just a Plant* (about marijuana policy), and *My Beautiful Mommy* (about the plastic surgery industry) occupy important battle stations in ongoing partisan conflicts, while they are simultaneously changing the landscape of American children's literature. The book demonstrates how texts like *Little Zizi* and *Me Tarzan, You Jane* mark the advent of not simply a new commercial

strategy in texts for young readers; they embody a paradigm shift in the way that narratives are being conceived, constructed, and consumed. Niche market picture books can be seen as a telling barometer about public perceptions concerning children and the social construction of childhood, as well as the function of narratives for young readers in the twenty-first century. At the same time, these texts reveal compelling new insights about the complex interaction among American print culture, children's reading practices, and consumer capitalism. Amateur-authored, self-published, and specialty-subject titles reveal the way in which children, childhood, and children's literature are both highly political and heavily politicized in the United States. The book will be of interest to scholars and students in the fields of American Studies, children's literature, childhood studies, popular culture, political science, microeconomics, psychology, advertising, book history, education, and gender studies.

Developmental psychologist and parent educator Aletha Solter provides parents with simple, easy-to use tools to build a solid foundation for children to say "no" to drugs. Organized by age group, from preschool through young adulthood, the handy 100 tips will show parents how to help their children to: Feel good about themselves without an artificial high. Cope with stress so they won't turn to drugs to relax. Respect their bodies so they will reject harmful substances. Have close family connections so they won't feel desperate to belong to a group. Take healthy risks (like outdoor adventures) so they won't need to take dangerous ones.

Prone to unexplained "Dark Days" even before Persephone's death, Annie's once-close bond with Sylvie dissolved in the weeks after their loss, making for an uncomfortable reunion all these years later. Adding to the discomfort, Persephone's former boyfriend is now a nurse at the cancer center where Annie is being treated. Sylvie has always believed Ben was responsible for the murder—but she carries her own guilt about that night, guilt that traps her in the past while the world goes on around her. As she navigates the complicated relationship with her mother, Sylvie begins to uncover the secrets that fill their house—and what really happened the night Persephone died. *The Winter Sister* is a "bewitching" (Kirkus Reviews) portrayal of the complex bond between sisters, between mothers and daughters alike, and "will captivate you from suspenseful start to surprising finish" (Kathleen Barber, author of *Are You Sleeping*).

Long Bright River Liz Moore 2020-12-01 ONE OF BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR NAMED A BEST BOOK OF THE YEAR BY NPR, PARADE, REAL SIMPLE, and BUZZFEED AN INSTANT NEW YORK TIMES BESTSELLER A GOOD MORNING AMERICA BOOK CLUB PICK "[Moore’s] careful balance of the hard-bitten with the heartfelt is what elevates Long Bright River from entertaining page-turner to a book that makes you want to call someone you love." - The New York Times Book Review "This is police procedural and a thriller par excellence, one in which the city of Philadelphia itself is a character (think Boston and Mystic River). But it’s also a literary tale narrated by a strong woman with a richly drawn personal life - powerful and genre-defying." - People "A thoughtful, powerful novel by a writer who displays enormous compassion for her characters. Long Bright River is an outstanding crime novel... I absolutely loved it." —Paula Hawkins, #1 New York Times-bestselling author of The Girl on the Train Two sisters travel the same streets, though their lives couldn't be more different. Then one of them goes missing. In a Philadelphia neighborhood rocked by the opioid crisis, two once-inseparable sisters find themselves at odds. One, Kacey, lives on the streets in the vise of addiction. The other, Mickey, walks those same blocks on her police beat. They don't speak anymore, but Mickey never stops worrying about her sibling. Then Kacey disappears, suddenly, at the same time that a mysterious string of murders begins in Mickey's district, and Mickey becomes dangerously obsessed with finding the culprit--and her sister--before it's too late. Alternating its present-day mystery with the story of the sisters' childhood and adolescence, Long Bright River is at once heart-pounding and heart-wrenching: a gripping suspense novel that is also a moving story of sisters, addiction, and the formidable ties that persist between place, family, and fate.

Dispensing with the Truth Alicia Mundy 2010-04-01 Semi-finalist for the Robert F. Kennedy Memorial Book Award In 1996, a terrible epidemic began killing young American women. Some died quickly, literally dropping in their steps. Others took more time, from a few months to a few years. Those who weren't killed suffered damage to their lungs and hearts, much of it permanent and reparable only with major surgery. Doctors suspected what the killer was. So did the Food and Drug Administration. The culprits were the two most popular diet drugs in the United States, Pondimin, one-half of the popular drug combination Fen-Phen, and Redux, a stronger version of Pondimin. They were also two of the most profitable drugs on the market, and both were produced and sold by a powerful pharmaceutical company, Wyeth-Ayerst, a division of American Home Products. Dispensing the Truth is the gripping story of what the drug really knew about its drugs, the ways it kept this information from the public, doctors, and FDA, and the massive legal battles that ensued as victims and their attorneys searched for the truth behind the debacle. It tells the story of a healthy young woman, Mary Linnen, who took the drugs for only twenty-three days to lose weight before her wedding, and then died in the arms of her fiancé a few months later. Hers was the first wrongful-death suit filed and would become the most important single suit the company would ever face. Alicia Mundy provides a shocking and thoroughly riveting narrative. It is a stark look at the consequences of greed and a cautionary tale for the future.

The Sun Is Gone Jodee Prouse 2017-03-20 The author describes her life as the older sister of an alcoholic brother, and how her love for him and his dependence on her would last them a lifetime and almost destroy them both.

Teaching in Troubled Times Kathy Paterson 2010 "This topical book begins with an appeal to teachers to remain positive in spite of what's happening outside the classroom and provides ideas to build confidence in addressing students' troubles. It offers valuable insights into dealing with any number of challenges, from children's worries about the world to the parental tendency to overprotect to teachers' need to "recharge" in the midst of a stressful day. Practical and accessible, the book suggests simple ways of guiding honest and responsive discussion, as well as liberating activities that encourage students to disengage from their fears. It addresses children's heavy exposure to violence and stereotypes, especially through the media. It shows teachers how to explore major issues in the lives of their students in a healthy, positive way, and how to encourage stronger, more aware, independent, and successful learners."--Publisher.
