The Book of Oberon Daniel Harms 2015 Translation of the anonymous 2 volume Latin manuscript, compiled from around 1577 to sometime after 1583, and held at the Folger Shakespeare Library in Washington, D.C, number V.b.26.

The Yith Cycle Robert M. Price 2010 The planet Yith is the home of the Great Race, a place inspiring H.P. Lovecraft and other authors to pen classic tales of travel through time and space. In "The Shadow Out of Time" (here with new, purified text) there is implicit a very different view of Homo Sapiens origins, derived directly from the modern mythology of the Theosophical Society. Lovecraft often mentioned Theosophy as a kind of foil and precedent for his own Mythos in his stories. This collection includes tales of Yith both famous and obscure, replete with time travel, mind-exchange, and thrilling vistas of primordial history set in context that enables new readers and long-time Lovecraftian fans alike to enjoy them.

Made in Goatswood Ramsey Campbell 1995 A celebration of Ramsey Campbell Most acknowledge him as the greatest living writer of the horror tale in the English language. This volume contains all-new stories by seventeen admiring fellow-authors. All the stories are set in that ancient and fearful portion of England's Severn Valley which Mr. Campbell evoked in narratives such as "The Moon-Lens." Included in this book is a new story by him, his first Severn Valley yarn in decades. Published in conjunction with his trip to the United States. Eighteen stories, decorative map of the region, portrait of Ramsey Campbell, Introduction by the editor.

Eldritch Tales H.P. Lovecraft 2011-07-21 Following on from the phenomenal success of NECRONOMICON comes ELDRITCH TALES. Howard Phillips Lovecraft died at the age of 47, but in his short life he turned out dozens of stories which changed the face of horror. His extraordinary imagination spawned both the Elder God Cthulhu and his eldritch cohorts, and the strangely compelling town of Innsmouth, all of which feature within these pages. This collection gathers together the rest of Lovecraft's rarely seen but extraordinary short fiction, including the whole of the long-out-of-print collection FUNGI FROM YOGGOTH. Many of these stories have never been available in the UK! Stephen Jones, one of the world's foremost editors of dark fiction, will complete the Lovecraft story in his extensive afterword, and award-winning artist Les Edwards will provide numerous illustrations for this must-have companion volume to NECRONOMICON.

Tales Out of Innsmouth H. P. Lovecraft 2006-06-01 Price offers ten new tales and three reprints concerning H.P. Lovecraft's Innsmouth, a seedy little town on the north shore of Massachusetts--home to the hybrids who live there, the strange city rumored to exist nearby under the sea, and those who nightly lurch and shamle down fog-bound streets.

Who Goes There? John Wood Campbell (Jr.) 2009 "Who Goes There?": The novella that formed the basis of "The Thing" is the John W. Campbell classic about an antarctic research camp that discovers and thaws the ancient, frozen body of a crash-landed alien. The creature revives with terrifying results, shape-shifting to assume the exact form of animal and man, alike. Paranoia ensues as a band of frightened men work to discern friend from foe, and destroy the menace before it challenges all of humanity The story, hailed as "one of the finest science fiction novellas ever written" by the SF Writers of America, is best known to fans as THE THING, as it was the basis of Howard Hawks' The Thing From Another World in 1951, and John Carpenter's The Thing in 1982. With a new Introduction by William F. Nolan, author of Logan's Run, and his never-before-published,

suspenseful Screen Treatment written for Universal Studios in 1978, this is a must-have edition for scifi and horror fans

The Book of Eibon Robert M. Price 2006 This book is part of an expanding collection of Cthulhu Mythos horror fiction and related topics that focus on single entities, concepts, or authors significant to readers and fans of H.P. Lovecraft.

Cthulhu's Dark Cults David Conyers 2010-04 Chaosium's "Call of Cthulhu" is an endless source of imagination of all things dark and mysterious. Here we journey across the globe to witness the numerous and diverse cults that worship Cthulhu and the Great Old Ones. Lead by powerful sorcerers and fanatical necromancers, their followers are mad and deranged slaves. The ancient and alien gods whom they willingly devote themselves are truly terrifying. These cults control real power, for they are the real secret masters of our world. This book is part of an expanding collection of Cthulhu Mythos horror fiction and related topics. Call of Cthulhu Fiction focuses on single entities, concepts, or authors significant to readers and fans of H.P. Lovecraft.

The Antarktos Cycle Robert M. Price 2006 Horror and Wonder at the Ends of the Earth Writers are drawn to the unreachable places of the Earth - to the greatest mountains and depths of the sea, the most barren deserts, and to the white frozen deserts surrounding the north and south poles. In our minds' eyes, the beauty and mystery of the ice descends from Poe to the present and into the future, an infinite realm of wonder.

Song of Cthulhu Edward P. Berglund 2001 At the heart of the universe, the court of the blind idiot god Azathoth dances to the insane piping of demonic flute-players. The sinister music resounds across space and time, blasting the minds and ripping the souls of those who hear it. It is the melody of chaos, the sound of madness, the song of Cthulhu. This book includes nineteen stories and one essay, linked together by the alien and terrible music of the spheres.

The Strange Cases of Rudolph Pearson William Jones 2008 Gathered here are the weird investigations of Rudolph Pearson. This compilation of cosmic horror and Cthulhu Mythos tales brings to life a world full of the grotesque and the malefic, set against a backdrop of an unknowable universe. Progress can be horrifying.

The Yellow Sign and Other Tales Robert William Chambers 2000 This massive collection brings together the entire body of Robert W. Chambers' weird fiction works including material unprinted since the 1890's. Chambers is a landmark author in the field of horror literature because of his King in Yellow collection. That book represents but a small portion of his weird fiction work, and these stories are intimately connected with the Cthulhu Mythos -- introducing Hali, Carcosa, and Hastur. Short stories from The King in Yellow, The Maker of Moons, The Mystery of Choice, The Tracer of Lost Persons, The Tree of Heaven, and two complete books, In Search of the Unknown and Police!!! This book contains all the immortal tales of Robert W. Chambers, including "The Repairer of Reputations," "The Yellow Sign," and "The Mask." These titles are often found in survey anthologies. In addition to the six stories reprinted from The King in Yellow (1895), this book also offers more than two dozen other stories and episodes, about 650 pages in all. These narratives rarely have appeared in print. Some have not been published in nearly a century. A Chambers novel, The Slayer of Souls (1920), is not included in this short story collection.

The Xothic Legend Cycle Lin Carter 2006-06 The late Lin Carter was a prolific writer and anthologist of horror and fantasy with more than 80 titles to his credit. This is the first collection of Carter's Mythos tales. It includes his intended novel, "The Terror Out of Time."

The Hastur Cycle Howard Phillips Lovecraft 2006 The stories in this book evoke a tracery of evil rarely rivaled in horror writing. They represent the whole evolving trajectory of such notions as Hastur, the King in Yellow, Carcosa, the Yellow Sign, the Black Stone, Yuggoth, and the Lake of Hali. A succession of writers from Ambrose Bierce to Ramsey Campbell and Karl Edward Wagner have explored and embellished these concepts so that the sum of the tales has become an evocative tapestry of hypnotic dread and terror, a mythology distinct from yet overlapping the Cthulhu Mythos. Here for the first time is a comprehensive collection of all the relevant tales.

The Necronomicon Files Daniel Harms 2003-07-01 What if a book existed that gave answers to

everything you've ever wondered about? What would you do to learn its secrets? Tales of such books have abounded for millennia and are legend in occult history. One of the most pervasive modern iterations is that of the Necronomicon, said to be a genuine occult text from the 8th century. The Necronomicon really is the creation of science fiction writer H.P. Lovecraft (1891-1937), in whose books the magic volume first appears in print. In *The Necronomicon Files* two occult authorities explore all aspects of The Necronomicon, from its first appearance in Lovecraft's fiction to its ongoing pervasive appearance in cult and occult circles. *The Necronomicon Files*, revised and expanded further, reveals the hoax of the Necronomicon. Harms and Gonce show that the apocryphal history of the Necronomicon was concocted by Lovecraft to lend it verisimilitude in his fiction. The magical text was transformed into an icon among Lovecraft's literary circle, who added to the book's legend by referring to it in their own writing. People became convinced that it was a real book and its references in literature and film continue to grow. The book also examines what people have undergone to find the Necronomicon and the cottage industry that has arisen over the past three decades to supply the continuing demand for a book that does not exist. Scholarly yet accessible, humorous and intriguing, *The Necronomicon Files* illuminates the depth of the creative process and the transformations of modern myth, while still managing to preserve much of the romance and fascination that surrounds the Necronomicon in our culture.

At the Mountains of Madness H.P. Lovecraft 2005-06-14 Introduction by China Miéville Long acknowledged as a master of nightmarish visions, H. P. Lovecraft established the genuineness and dignity of his own pioneering fiction in 1931 with his quintessential work of supernatural horror, *At the Mountains of Madness*. The deliberately told and increasingly chilling recollection of an Antarctic expedition's uncanny discoveries—and their encounter with untold menace in the ruins of a lost civilization—is a milestone of macabre literature. This exclusive new edition, presents Lovecraft's masterpiece in fully restored form, and includes his acclaimed scholarly essay "Supernatural Horror in Literature." This is essential reading for every devotee of classic terror.

Cthulhu Dark Ages Chad Bowser 2020-04-17

The White People and Other Tales Arthur Machen 2003 Classic tales of the fantastic, creepy and weird, with a foreword from Guillermo Del Toro Machen's weird tales of the creepy and fantastic finally come to Penguin Classics. With an introduction from S.T. Joshi, editor of "American Supernatural Tales," "The White People" and "Other Weird Stories" is the perfect introduction to the father of weird fiction. The title story "The White People" is an exercise in the bizarre leaving the reader disoriented and on edge. From the first page, Machen turns even fundamental truths upside-down, as his character Ambrose explains, "there have been those who have sounded the very depths of sin, who all their lives have never done an 'ill deed'" setting the stage for a tale entirely without logic. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators."

The Cthulhu Cycle Howard Phillips Lovecraft 1996

The Disciples of Cthulhu Brian Lumley 1996

The Three Impostors and Other Stories Arthur Machen 2007 Some of the finest horror stories ever written. Arthur Machen had a profound impact upon H.P. Lovecraft and the group of stories that would later become known as the Cthulhu Mythos. This first volume of Chaosium's Arthur Machen collection begins with the chilling "The Three Impostors" in its complete form, including the rarely seen sections "The Decorative Imagination" and "The Novel of the Iron Maid." Rounding out the first volume are "The Great God Pan," "The Inmost Light," and "The Shining Pyramid."

The Hastur Cycle Chaosium 1993-12-01

Singers of Strange Songs Scott David Aniolowski 1997 Most readers acknowledge Brian Lumley as the superstar of British horror writers. With the great popularity of his *Necroscope* series, he is one of the best known horror authors in the world. Devoted fans know that his roots are deep in the

Cthulhu Mythos, with which most of his early work deals. This volume contains eleven new tales in that vein, as well as three reprints of excellent but little-known stories by Mr. Lumley.

Mysteries of the Worm Robert Bloch 1981

Madness on the Orient Express James Lowder 2014-11-13 16 LOVECRAFTIAN TALES FROM AN UNFORGETTABLE JOURNEY Trains embody the promise and peril of technological advance. They unlock opportunities for wealth and travel, but also create incredible chaos--uprooting populations and blighting landscapes. Work on or around the rails leads to unwelcome discoveries and, in light of the Mythos, dire implications in the spread of the rail system as a whole. A certain path to uncovering unwelcome truths about the universe is to venture beyond our own "placid island of ignorance" and encounter foreign cultures. The Orient Express serves as the perfect vehicle for such excursions, designed as a bridge between West and East. Movement into mystery forms the central action for many stories in this volume. The only limitation placed upon writers for this collection was that their works somehow involve the Orient Express and the Mythos. The last warning whistle has blown, and we are getting underway. Have your tickets at the ready and settle in for a journey across unexpected landscapes to a destination that--well, we'll just let you see for yourself when you arrive. We promise this though: murder will be the least of your problems on this trip aboard the Orient Express!

The Azathoth Cycle Edward Derby 1995

The Necronomicon Robert M. Price 2002 Although skeptics claim that the "Necronomicon" is a fantastic tome created by H.P. Lovecraft, true seekers into the esoteric mysteries of the world know the truth: the "Necronomicon" is the blasphemous tome of forbidden knowledge written by the mad Arab, Abdul Alhazred. Even today, after attempts over the centuries to destroy any and all copies in any language, some few copies still exist, secreted away. Within this book you will find stories about the "Necronomicon," different versions of the "Necronomicon," and two essays on this blasphemous tome. Now you too may learn the true lore of Abdul Alhazred.

The Exham Cycle James George Fraser 2020-10-19 The Exham Cycle is the latest volume in Robert M. Price's long-running series of weird fiction anthologies (begun by Chaosium in 1993), each one collecting stories that inspired a major tale by H.P. Lovecraft, plus subsequent tales by other writers inspired by that Lovecraft yarn. This time the focus is on HPL's classic tale "The Rats in the Walls." An introductory essay begins the book, and each tale thereafter starts with its own mini-essay aiming to enhance the reader's understanding and enjoyment of the text. We boast the inclusion of important background material by James George Frazer and Sabine Baring-Gould, familiar to Lovecraft but not to many of today's readers, plus great tales by Fiona Macleod, Irvin S. Cobb, Michael Harrison, Edgar Allen Poe, Peter H. Cannon, Robert M. Price, and that old rat catcher himself, H.P. Lovecraft. A special treat is the hilarious appearance of "The Rats in the Walls" from the obscure 1950s men's magazine Zest. "The Rats in the Walls" derives its great power from the almost Jungian plumbing of the depths of heredity and heritage, as De la Poer, seeking to reconnect with his ancestry, unwittingly rediscovers cannibalism, blasphemy, and unspeakable perversion. His tragedy shows how the greatest horror may lurk deep inside us and is better left undisturbed in its sleep. Call it your Inner Azathoth-and start piping!

Masks of Nyarlathotep Larry DiTillio 2010-06 Masks of Nyarlathotep is a Lovecraftian exercise in horror and mystery. This Call of Cthulhu roleplaying classic is a series of linked adventures forming one long and unforgettable campaign. Horrifying deeds and dangerous sorcery dog those who dare attempt to unravel the fate of the Carlyle Expedition. Set in 1925, adventures begin in New York, then move overseas to England, Egypt, Kenya Colony, Shanghai, and western Australia. Such extended globetrotting requires wit and planning by the players. Their investigators must have steady finances, good language skills, and a willingness to persevere despite governmental interference and cultist harassment. Meanwhile the keeper must bring to life different exotic locales, recreate the sensibilities of other cultures, and balance non-player-character foes and friends to allow each investigator to earn his or her own destiny--ultimate triumph, perhaps, or perhaps madness and agonizing death.

The Innsmouth Cycle H. P. Lovecraft 2006-06-01 The decadent, smugly rotting, secret-filled town of Innsmouth is a supreme creation of H.P. Lovecraft. This new collection contains 13 tales and three poems tracing the evolution of Innsmouth.
