

By Michael E Latham **The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition**

Democratic Vanguardism Michael Harland 2013-10-24 Democratic Vanguardism explores the origins, development, and implication of the United States' policy after 9/11 to promote democracy by force and thereby advance its national security. It explores disputes among political theorists, elected statesmen, and public intellectuals to help enrich our understanding of this most fraught period in American foreign relations, and it provides a novel account on the discourse of historical teleology that underpinned the Bush Doctrine.

The Dictator Dilemma Kirk Tyvela 2019-04-09 *The Dictator Dilemma* tells the story of US bilateral relations with the Alfredo Stroessner dictatorship (1954-1989). Tyvela focuses on how and why that diplomatic relationship changed during the Cold War from cooperation, based on mutual opposition to communism, to conflict, based on clashing expectations concerning democratic reforms and human rights. The policy debates by officials in Washington and in Asunción brought out a tension that has defined US diplomacy for more than a century: how can the United States partner with tyrants while credibly proclaiming to advance a democratic mission in the world? Tyvela argues that the Stroessner regime was symbolic of a broader foreign policy struggle to perpetuate, enforce, and ultimately redefine the importance of friendly dictators to US global and hemispheric interests.

The Power of Systems Eglė Rindzevičiūtė 2016-12-15 The International Institute of Applied Systems Analysis (IIASA), an international think tank established jointly by the United States and Soviet Union in Austria in 1972, was intended to advance scientific collaboration. Until the late 1980s, the IIASA was one of the very few permanent sites where policy scientists from both sides of the Iron Curtain could work together to articulate and solve world problems, most notably global climate change. One of the best-kept secrets of the Cold War, this think tank was a rare zone of freedom, communication, and negotiation, where leading Soviet scientists could try out their innovative ideas, benefit from access to Western literature, and develop social networks, thus paving the way for some of the key science and policy breakthroughs of the twentieth century.

Globalizing the Library Amanda Laugesen 2019-03-04 *Globalizing the Library* focuses on the globalization of information and the library in the period following the Second World War. Providing an examination of the ideas and aspirations surrounding information and the library, as well as the actual practices and actions of information professionals from the United States, Britain, and those working with organizations such as Unesco to develop library services, this book tells an important story about international history that also provides insight into the history of information, globalization, and cultural relations. Exploring efforts to help build library services and train a cohort of professional librarians around the globe, the book examines countries in Asia, Africa, and the Pacific during the period of the Cold War and decolonization. Using the ideas of 'library diplomacy' and 'library imperialism' to frame Anglo-American involvement in this work, Laugesen examines the impact library development work had on various countries. The book also considers what might have motivated nations in the global South to use foreign aid to help develop their library services and information infrastructure. *Globalizing the Library* prompts reflection on the way in which library services are developed and the way professional knowledge is transferred, while also illuminating the power structures that have shaped global information infrastructures. As a result, the book should be essential reading for academics and students engaged in the study of libraries, development, and information. It should also be of great interest to information

professionals and information historians who are reflecting critically on the way information has been transferred, consumed, and shaped in the modern world.

US Foreign Policy and the Modernization of Iran Ben Offiler 2015-07-19 US Foreign Policy and the Modernization of Iran examines the evolution of US-Iranian relations during the presidencies of John F. Kennedy, Lyndon B. Johnson, and Richard M. Nixon. It demonstrates how successive administrations struggled to exert influence over the Shah of Iran's regime domestic and foreign policy.

Laboratory of Socialist Development Artemy M. Kalinovsky 2018-05-15 "Focusing on the Tajik Soviet Socialist Republic, this book places the Soviet development of Central Asia, and the Soviet hope for communism's bringing prosperity to a supposedly backward area, in global context"--

Cooperative Rule Aaron Windel 2021-11-30 Cooperative rule -- Pedagogies of community development -- Anti-empire, development, and emergency rule -- Uganda's anticolonial cooperative movement -- Cooperatives and decolonization in postwar Britain.

The Six Day War Guy Laron 2017-02-21 The author of *Origins of the Suez Crisis* "mak[es] us look afresh at the events that led to conflict between Israel and its neighbors" (Financial Times). One fateful week in June 1967 redrew the map of the Middle East. Many scholars have documented how the Six-Day War unfolded, but little has been done to explain why the conflict happened at all. Now, historian Guy Laron refutes the widely accepted belief that the war was merely the result of regional friction, revealing the crucial roles played by American and Soviet policies in the face of an encroaching global economic crisis, and restoring Syria's often overlooked centrality to events leading up to the hostilities. The Six-Day War effectively sowed the seeds for the downfall of Arab nationalism, the growth of Islamic extremism, and the animosity between Jews and Palestinians. In this important new work, Laron's fresh interdisciplinary perspective and extensive archival research offer a significant reassessment of a conflict—and the trigger-happy generals behind it—that continues to shape the modern world. "Challenging . . . well worth reading."—Moment "A penetrating study of a conflict that, although brief, helped establish a Middle Eastern template that is operational today . . . The author looks beyond Cold War maneuvering to examine the conflict in other lights . . . Readers with an interest in Middle Eastern geopolitics will find much of value."—Kirkus Reviews

Sharing Knowledge, Shaping Europe John Krige 2016-07-22 How America used its technological leadership in the 1950s and the 1960s to foster European collaboration and curb nuclear proliferation, with varying degrees of success. In the 1950s and the 1960s, U.S. administrations were determined to prevent Western European countries from developing independent national nuclear weapons programs. To do so, the United States attempted to use its technological pre-eminence as a tool of "soft power" to steer Western European technological choices toward the peaceful uses of the atom and of space, encouraging options that fostered collaboration, promoted nonproliferation, and defused challenges to U.S. technological superiority. In *Sharing Knowledge, Shaping Europe*, John Krige describes these efforts and the varying degrees of success they achieved. Krige explains that the pursuit of scientific and technological leadership, galvanized by America's Cold War competition with the Soviet Union, was also used for techno-political collaboration with major allies. He examines a series of multinational arrangements involving shared technological platforms and aimed at curbing nuclear proliferation, and he describes the roles of the Department of State, the Atomic Energy Commission, and NASA. To their dismay, these agencies discovered that the use of technology as an instrument of soft power was seriously circumscribed, by internal divisions within successive administrations and by external opposition from European countries. It was successful, Krige argues, only when technological leadership was embedded in a web of supportive "harder" power structures.

The Routledge Handbook of the Cold War Artemy M. Kalinovsky 2014-06-05 This new Handbook offers a wide-ranging overview of current scholarship on the Cold War, with essays from many leading scholars. The field of Cold War history has consistently been one of the most vibrant in the field of international studies. Recent scholarship has added to our understanding of familiar Cold

War events, such as the Korean War, the Cuban Missile Crisis and superpower détente, and shed new light on the importance of ideology, race, modernization, and transnational movements. The Routledge Handbook of the Cold War draws on the wealth of new Cold War scholarship, bringing together essays on a diverse range of topics such as geopolitics, military power and technology and strategy. The chapters also address the importance of non-state actors, such as scientists, human rights activists and the Catholic Church, and examine the importance of development, foreign aid and overseas assistance. The volume is organised into nine parts: Part I: The Early Cold War Part II: Cracks in the Bloc Part III: Decolonization, Imperialism and its Consequences Part IV: The Cold War in the Third World Part V: The Era of Detente Part VI: Human Rights and Non-State Actors Part VII: Nuclear Weapons, Technology and Intelligence Part VIII: Psychological Warfare, Propaganda and Cold War Culture Part IX: The End of the Cold War This new Handbook will be of great interest to all students of Cold War history, international history, foreign policy, security studies and IR in general.

Martha Graham's Cold War Victoria Phillips 2020 Revision of author's thesis (doctoral)--Columbia University, 2013, titled Strange commodity of cultural exchange: Martha Graham and the State Department on tour, 1955-1987.

Education and Modernity in Colonial Punjab Michael Philipp Brunner 2020-11-23 This book explores the localisation of modernity in late colonial India. As a case study, it focuses on the hitherto untold colonial history of Khalsa College, Amritsar, a pioneering and highly influential educational institution founded in the British Indian province of Punjab in 1892 by the religious minority community of the Sikhs. Addressing topics such as politics, religion, rural development, militarism or physical education, the study shows how Sikh educationalists and activists made use of and 'localised' communal, imperial, national and transnational discourses and knowledge. Their modernist visions and schemes transcended both imperialist and mainstream nationalist frameworks and networks. In its quest to educate the modern Sikh – scientific, practical, disciplined and physically fit – the college navigated between very local and global claims, opportunities and contingencies, mirroring modernity's ambivalent simultaneity of universalism and particularism.

The Cambridge Companion to John F. Kennedy Andrew Hoberek 2015-04-27 The Cambridge Companion to John F. Kennedy explores the creation, and afterlife, of an American icon.

The Rise and Decline of the American Century William O. Walker III 2018-10-15 In 1941 the magazine publishing titan Henry R. Luce urged the nation's leaders to create an American Century. But in the post-World-War-II era proponents of the American Century faced a daunting task. Even so, Luce had articulated an animating idea that, as William O. Walker III skillfully shows in *The Rise and Decline of the American Century*, would guide United States foreign policy through the years of hot and cold war. The American Century was, Walker argues, the counter-balance to defensive war during World War II and the containment of communism during the Cold War. American policymakers pursued an aggressive agenda to extend U.S. influence around the globe through control of economic markets, reliance on nation-building, and, where necessary, provision of arms to allied forces. This positive program for the expansion of American power, Walker deftly demonstrates, came in for widespread criticism by the late 1950s. A changing world, epitomized by the nonaligned movement, challenged U.S. leadership and denigrated the market democracy at the heart of the ideal of the American Century. Walker analyzes the international crises and monetary troubles that further curtailed the reach of the American Century in the early 1960s and brought it to a halt by the end of that decade. By 1968, it seemed that all the United States had to offer to allies and non-hostile nations was convenient military might, nuclear deterrence, and the uncertainty of détente. Once the dust had fallen on Lyndon B. Johnson's presidency and Richard M. Nixon had taken office, what remained was, *The Rise and Decline of the American Century* shows, an adulterated, strategically-based version of Luce's American Century.

Oil Money David M. Wight 2021-07-15 In *Oil Money*, David M. Wight offers a new framework for understanding the course of Middle East-US relations during the 1970s and 1980s: the transformation of the US global empire by Middle East petrodollars. During these two decades, American, Arab, and Iranian elites reconstituted the primary role of the Middle East within the

global system of US power from a supplier of cheap crude oil to a source of abundant petrodollars, the revenues earned from the export of oil. In the 1970s, the United States and allied monarchies, including the House of Pahlavi in Iran and the House of Saud in Saudi Arabia, utilized petrodollars to undertake myriad joint initiatives for mutual economic and geopolitical benefit. These petrodollar projects were often unprecedented in scope and included multibillion-dollar development projects, arms sales, purchases of US Treasury securities, and funds for the mujahedin in Afghanistan. Although petrodollar ties often augmented the power of the United States and its Middle East allies, Wight argues they also fostered economic disruptions and state-sponsored violence that drove many Americans, Arabs, and Iranians to resist Middle East-US interdependence, most dramatically during the Iranian Revolution of 1979. Deftly integrating diplomatic, transnational, economic, and cultural analysis, Wight utilizes extensive declassified records from the Nixon, Ford, Carter, and Reagan administrations, the IMF, the World Bank, Saddam Hussein's regime, and private collections to make plain the political economy of US power. *Oil Money* is an expansive yet judicious investigation of the wide-ranging and contradictory effects of petrodollars on Middle East-US relations and the geopolitics of globalization.

The Development Century Stephen J. Macekura 2018-09-06 This anthology offers a cutting-edge perspective on how development has shaped the history of the modern world. Stephen J. Macekura and Erez Manela have gathered together leading historians to examine development on the international, regional, and national levels, as well as local manifestations of development initiatives and transnational organizing on behalf of alternative approaches. Themes include the relationship between empire and development, the role of international institutions, the influence of the Cold War, decolonization and post-colonial development strategies, reform and resistance to development, development and global health, and the ecological effects of development. *The Development Century* examines how ideas and discourses about development have shaped its practices on the ground; explores the ways in which policymakers and experts attempted to implement development through specific institutions and policies; and analyzes development initiatives and their effect of local environments and people.

The Poverty of the World Sheyda F. A. Jahanbani 2023-09-22 In the middle of the twentieth century, liberal intellectuals and policymakers in the United States came to see poverty as a global problem. Applying Progressive era and Depression insights about the causes of poverty to the post-World War II challenges posed by the Cold War and decolonization, they developed new ideas about why poverty persisted. The problem, they argued, was that the poor at home and abroad were alienated from the enormous opportunities industrial capitalism provided. Left unsolved, that problem, they believed, would threaten world peace. In *The Poverty of the World*, Sheyda Jahanbani brings together the histories of US foreign relations and domestic politics to explain why, during a period of unprecedented affluence, Americans rediscovered poverty and supported major policy initiative to combat it. Revisiting a moment of triumph for American liberals in the 1940s, Jahanbani shows how the US's newfound role as a global superpower prompted novel ideas among liberal thinkers about how to address poverty and generated new urgency for trying to do so. Their sense of responsibility about deploying American knowledge and wealth as a beneficent force in the world, produced such foreign aid programs as the Peace Corps. As Americans came to recognize the problem beyond the country's borders, they turned the idea of "underdevelopment" inward to explain poverty in urban neighborhoods and rural communities at home, inspiring Lyndon Johnson's War on Poverty and his domestic peace corps, Volunteers in Service to America (VISTA). Drawing on a wide variety of archival material, Jahanbani reinterprets the lives and work of prominent liberal figures in postwar American social politics, from Oscar Lewis to John Kenneth Galbraith, Michael Harrington to Sargent Shriver, to show the global origins of their ideas. By tracing how American liberals invented the problem of "global poverty" and executed a war against it, *The Poverty of the World* sheds new light on the domestic impacts of the Cold War, the global ambitions of American liberalism, and the way in which key intellectuals and policymakers worked to develop an alternative vision of US empire in the decades after World War II.

The Universe Unraveling Seth Jacobs 2012-05-01 During the Eisenhower and Kennedy administrations, Laos was positioned to become a major front in the Cold War. Yet American policymakers ultimately chose to resist communism in neighboring South Vietnam instead. Two generations of historians have explained this decision by citing logistical considerations. Laos's landlocked, mountainous terrain, they hold, made the kingdom an unpropitious place to fight, while South Vietnam—possessing a long coastline, navigable rivers, and all-weather roads—better accommodated America's military forces. *The Universe Unraveling* is a provocative reinterpretation of U.S.-Laos relations in the years leading up to the Vietnam War. Seth Jacobs argues that Laos boasted several advantages over South Vietnam as a battlefield, notably its thousand-mile border with Thailand, whose leader was willing to allow Washington to use his nation as a base from which to attack the communist Pathet Lao. More significant in determining U.S. policy in Southeast Asia than strategic appraisals of the Laotian landscape were cultural perceptions of the Lao people. Jacobs contends that U.S. policy toward Laos under Eisenhower and Kennedy cannot be understood apart from the traits Americans ascribed to their Lao allies. Drawing on diplomatic correspondence and the work of iconic figures like "celebrity saint" Tom Dooley, Jacobs finds that the characteristics American statesmen and the American media attributed to the Lao—laziness, immaturity, and cowardice—differed from the traits assigned the South Vietnamese, making Lao chances of withstanding communist aggression appear dubious. *The Universe Unraveling* combines diplomatic, cultural, and military history to provide a new perspective on how prejudice can shape policy decisions and even the course of history.

The Right Kind of Revolution Michael E. Latham 2011-01-15 After World War II, a powerful conviction took hold among American intellectuals and policymakers: that the United States could profoundly accelerate and ultimately direct the development of the decolonizing world, serving as a modernizing force around the globe. By accelerating economic growth, promoting agricultural expansion, and encouraging the rise of enlightened elites, they hoped to link development with security, preventing revolutions and rapidly creating liberal, capitalist states. In *The Right Kind of Revolution*, Michael E. Latham explores the role of modernization and development in U.S. foreign policy from the early Cold War through the present. The modernization project rarely went as its architects anticipated. Nationalist leaders in postcolonial states such as India, Ghana, and Egypt pursued their own independent visions of development. Attempts to promote technological solutions to development problems also created unintended consequences by increasing inequality, damaging the environment, and supporting coercive social policies. In countries such as Guatemala, South Vietnam, and Iran, U.S. officials and policymakers turned to modernization as a means of counterinsurgency and control, ultimately shoring up dictatorial regimes and exacerbating the very revolutionary dangers they wished to resolve. Those failures contributed to a growing challenge to modernization theory in the late 1960s and 1970s. Since the end of the Cold War the faith in modernization as a panacea has reemerged. The idea of a global New Deal, however, has been replaced by a neoliberal emphasis on the power of markets to shape developing nations in benevolent ways. U.S. policymakers have continued to insist that history has a clear, universal direction, but events in Iraq and Afghanistan give the lie to modernization's false hopes and appealing promises.

Global Development Sara Lorenzini 2022-07-26 In the Cold War, "development" was a catchphrase that came to signify progress, modernity, and economic growth. Development aid was closely aligned with the security concerns of the great powers, for whom infrastructure and development projects were ideological tools for conquering hearts and minds around the globe, from Europe and Africa to Asia and Latin America. In this sweeping and incisive book, Sara Lorenzini provides a global history of development, drawing on a wealth of archival evidence to offer a panoramic and multifaceted portrait of a Cold War phenomenon that transformed the modern world. Taking readers from the aftermath of the Second World War to the tearing down of the Berlin Wall, Lorenzini shows how development projects altered local realities, transnational interactions, and even ideas about development itself. She shines new light on the international organizations behind these

projects—examining their strategies and priorities and assessing the actual results on the ground—and she also gives voice to the recipients of development aid. Lorenzini shows how the Cold War shaped the global ambitions of development on both sides of the Iron Curtain, and how international organizations promoted an unrealistically harmonious vision of development that did not reflect local and international differences. An unparalleled journey into the political, intellectual, and economic history of the twentieth century, this book presents a global perspective on Cold War development, demonstrating how its impacts are still being felt today.

Foreign Policy at the Periphery Bevan Sewell 2017-01-17 As American interests assumed global proportions after 1945, policy makers were faced with the challenge of prioritizing various regions and determining the extent to which the United States was prepared to defend and support them. Superpowers and developing nations soon became inextricably linked and decolonizing states such as Vietnam, India, and Egypt assumed a central role in the ideological struggle between the United States and the Soviet Union. As the twentieth century came to an end, many of the challenges of the Cold War became even more complex as the Soviet Union collapsed and new threats arose. Featuring original essays by leading scholars, *Foreign Policy at the Periphery* examines relationships among new nations and the United States from the end of the Second World War through the global war on terror. Rather than reassessing familiar flashpoints of US foreign policy, the contributors explore neglected but significant developments such as the efforts of evangelical missionaries in the Congo, the 1958 stabilization agreement with Argentina, Henry Kissinger's policies toward Latin America during the 1970s, and the financing of terrorism in Libya via petrodollars. Blending new, internationalist approaches to diplomatic history with newly released archival materials, *Foreign Policy at the Periphery* brings together diverse strands of scholarship to address compelling issues in modern world history.

The Right Kind of Revolution Michael E. Latham 2011 A critical history of modernization theory in American foreign policy.

Globalists Quinn Slobodian 2020-04-07 George Louis Beer Prize Winner Wallace K. Ferguson Prize Finalist A Marginal Revolution Book of the Year “A groundbreaking contribution...Intellectual history at its best.” —Stephen Wertheim, *Foreign Affairs* Neoliberals hate the state. Or do they? In the first intellectual history of neoliberal globalism, Quinn Slobodian follows a group of thinkers from the ashes of the Habsburg Empire to the creation of the World Trade Organization to show that neoliberalism emerged less to shrink government and abolish regulations than to redeploy them at a global level. It was a project that changed the world, but was also undermined time and again by the relentless change and social injustice that accompanied it. “Slobodian’s lucidly written intellectual history traces the ideas of a group of Western thinkers who sought to create, against a backdrop of anarchy, globally applicable economic rules. Their attempt, it turns out, succeeded all too well.” —Pankaj Mishra, *Bloomberg Opinion* “Fascinating, innovative...Slobodian has underlined the profound conservatism of the first generation of neoliberals and their fundamental hostility to democracy.” —Adam Tooze, *Dissent* “The definitive history of neoliberalism as a political project.” —*Boston Review*

Cold War Germany, the Third World, and the Global Humanitarian Regime Young-sun Hong 2015-03-05 This book examines competition and collaboration among Western powers, the socialist bloc, and the Third World for control over humanitarian aid programs during the Cold War. Young-sun Hong's analysis reevaluates the established parameters of German history. On the one hand, global humanitarian efforts functioned as an arena for a three-way political power struggle. On the other, they gave rise to transnational spaces that allowed for multidimensional social and cultural encounters. Hong paints an unexpected view of the global humanitarian regime: Algerian insurgents flown to East Germany for medical care, barefoot Chinese doctors in Tanzania, and West and East German doctors working together in the Congo. She also provides a rich analysis of the experiences of African trainees and Asian nurses in the two Germanys. This book brings an urgently needed historical perspective to contemporary debates on global governance, which largely concern humanitarianism, global health, south-north relationships, and global migration.

Cold War Social Science Mark Solovey 2021-05-13 This book explores how the social sciences became entangled with the global Cold War. While duly recognizing the realities of nation states, national power, and national aspirations, the studies gathered here open up new lines of transnational investigation. Considering developments in a wide array of fields - anthropology, development studies, economics, education, political science, psychology, science studies, and sociology - that involved the movement of people, projects, funding, and ideas across diverse national contexts, this volume pushes scholars to rethink certain fundamental points about how we should understand - and thus how we should study - Cold War social science itself.

[Explaining the History of American Foreign Relations](#) Frank Costigliola 2016-03-09 This volume presents substantially revised and new essays on methodology and approaches in foreign and international relations history.

Supermarket USA Shane Hamilton 2018-09-18 America fought the Cold War in part through supermarkets—and the food economy pioneered then has helped shape the way we eat today. Supermarkets were invented in the United States, and from the 1940s on they made their way around the world, often explicitly to carry American-style economic culture with them. This innovative history tells us how supermarkets were used as anticommunist weapons during the Cold War, and how that has shaped our current food system. The widespread appeal of supermarkets as weapons of free enterprise contributed to a "farms race" between the United States and the Soviet Union, as the superpowers vied to show that their contrasting approaches to food production and distribution were best suited to an abundant future. In the aftermath of the Cold War, U.S. food power was transformed into a global system of market power, laying the groundwork for the emergence of our contemporary world, in which transnational supermarkets operate as powerful institutions in a global food economy.

Cooperation and Hegemony in US-Latin American Relations Andrew R. Tillman 2016-03-29 This edited volume revisits the idea of the Western Hemisphere. First articulated by Arthur P. Whitaker in 1954 but with origins in the earlier work of Herbert E. Bolton, it is the idea that "the peoples of this Hemisphere stand in a special relationship to one another which sets them apart from the rest of the world" (Whitaker, 1954). For most scholars of US-Latin American relations, this is a curious concept. They often conceptualize US-Latin American relations through the prism of realism and interventionism. While this volume does not deny that the United States has often acted as an imperial power in Latin America, it is unique in that it challenges scholars to re-think their preconceived notions of inter-American relations and explores the possibility of a common international society for the Americas, especially in the realm of international relations. Unlike most volumes on US-Latin American relations, the book develops its argument in an interdisciplinary manner, bringing together different approaches from disciplines including international relations, global and diplomatic history, human rights studies, and cultural and intellectual history.

India and the Cold War Manu Bhagavan 2019-08-13 This collection of essays inverts the way we see the Cold War by looking at the conflict from the perspective of the so-called developing world, rather than of the superpowers, through the birth and first decades of India's life as a postcolonial nation. Contributors draw on a wide array of new material, from recently opened archival sources to literature and film, and meld approaches from diplomatic history to development studies to explain the choices India made and to frame decisions by its policy makers. Together, the essays demonstrate how India became a powerful symbol of decolonization and an advocate of non-alignment, disarmament, and global governance as it stood between the United States and the Soviet Union, actively fostering dialogue and attempting to forge friendships without entering into formal alliances. Sweeping in its scope yet nuanced in its analysis, this is the authoritative account of India and the Cold War. Contributors: Priya Chacko, Anton Harder, Syed Akbar Hyder, Raminder Kaur, Rohan Mukherjee, Swapna Kona Nayudu, Pallavi Raghavan, Srinath Raghavan, Rahul Sagar, and Waheguru Pal Singh Sidhu.

A War on Global Poverty Joanne Meyerowitz 2023-06-13 A history of US involvement in late twentieth-century campaigns against global poverty and how they came to focus on women A War on

Global Poverty provides a fresh account of US involvement in campaigns to end global poverty in the 1970s and 1980s. From the decline of modernization programs to the rise of microcredit, Joanne Meyerowitz looks beyond familiar histories of development and explains why antipoverty programs increasingly focused on women as the deserving poor. When the United States joined the war on global poverty, economists, policymakers, and activists asked how to change a world in which millions lived in need. Moved to the left by socialists, social democrats, and religious humanists, they rejected the notion that economic growth would trickle down to the poor, and they proposed programs to redress inequities between and within nations. In an emerging “women in development” movement, they positioned women as economic actors who could help lift families and nations out of destitution. In the more conservative 1980s, the war on global poverty turned decisively toward market-based projects in the private sector. Development experts and antipoverty advocates recast women as entrepreneurs and imagined microcredit—with its tiny loans—as a grassroots solution. Meyerowitz shows that at the very moment when the overextension of credit left poorer nations bankrupt, loans to impoverished women came to replace more ambitious proposals that aimed at redistribution. Based on a wealth of sources, *A War on Global Poverty* looks at a critical transformation in antipoverty efforts in the late twentieth century and points to its legacies today.

America's Great Game Hugh Wilford 2013-12-03 From the 9/11 attacks to waterboarding to drone strikes, relations between the United States and the Middle East seem caught in a downward spiral. And all too often, the Central Intelligence Agency has made the situation worse. But this crisis was not a historical inevitability—far from it. Indeed, the earliest generation of CIA operatives was actually the region’s staunchest western ally. In *America’s Great Game*, celebrated intelligence historian Hugh Wilford reveals the surprising history of the CIA’s pro-Arab operations in the 1940s and 50s by tracing the work of the agency’s three most influential—and colorful—officers in the Middle East. Kermit “Kim” Roosevelt was the grandson of Theodore Roosevelt and the first head of CIA covert action in the region; his cousin, Archie Roosevelt, was a Middle East scholar and chief of the Beirut station. The two Roosevelts joined combined forces with Miles Copeland, a maverick covert operations specialist who had joined the American intelligence establishment during World War II. With their deep knowledge of Middle Eastern affairs, the three men were heirs to an American missionary tradition that engaged Arabs and Muslims with respect and empathy. Yet they were also fascinated by imperial intrigue, and were eager to play a modern rematch of the “Great Game,” the nineteenth-century struggle between Britain and Russia for control over central Asia. Despite their good intentions, these “Arabists” propped up authoritarian regimes, attempted secretly to sway public opinion in America against support for the new state of Israel, and staged coups that irrevocably destabilized the nations with which they empathized. Their efforts, and ultimate failure, would shape the course of U.S.-Middle Eastern relations for decades to come. Based on a vast array of declassified government records, private papers, and personal interviews, *America’s Great Game* tells the riveting story of the merry band of CIA officers whose spy games forever changed U.S. foreign policy.

Saving the World? Agnieszka Sobocinska 2021-06-24 From the 1950s, tens of thousands of well-meaning Westerners left their homes to volunteer in distant corners of the globe. Aflame with optimism, they set out to save the world, but their actions were invariably intertwined with decolonization, globalization and the Cold War. Closely exploring British, American and Australian programs, Agnieszka Sobocinska situates Western volunteers at the heart of the 'humanitarian-development complex'. This nexus of governments, NGOs, private corporations and public opinion encouraged continuous and accelerating intervention in the Global South from the 1950s. Volunteers attracted a great deal of support in their home countries. But critics across the Global South protested that volunteers put an attractive face on neocolonial power, and extended the logic of intervention embedded in the global system of international development. *Saving the World?* brings together a wide range of sources to construct a rich narrative of the meeting between Global North and Global South.

Robert McNamara's Other War Patrick Allan Sharma 2017-05-02 *Robert McNamara's Other War*

chronicles the former defense secretary's thirteen-year presidency of the World Bank. Using previously unstudied World Bank documents, Patrick Allan Sharma recounts the World Bank's transformation under McNamara and highlights his complex legacy.

Afghan Crucible Elisabeth Leake 2022 "Offers a new global history of the Soviet invasion of Afghanistan, exploring the conflict both within and beyond the framework of the Cold War. Based on extensive, multilingual research in archives across South Asia, Europe, and North America. Draws on recently declassified US documents"--

To Build as Well as Destroy Andrew J. Gawthorpe 2018-12-15 For years, the so-called better-war school of thought has argued that the United States built a legitimate and viable non-Communist state in South Vietnam in the latter years of the Vietnam War and that it was only the military abandonment of this state that brought down the Republic of Vietnam. But Andrew J. Gawthorpe, through a detailed and incisive analysis, shows that, in fact, the United States failed in its efforts at nation building and had not established a durable state in South Vietnam. Drawing on newly opened archival collections and previously unexamined oral histories with dozens of U.S. military officers and government officials, *To Build as Well as Destroy* demonstrates that the United States never came close to achieving victory in the late 1960s and early 1970s. Gawthorpe tells a story of policy aspirations and practical failures that stretches from Washington, D.C., to the Vietnamese villages in which the United States implemented its nationbuilding strategy through the Office of Civil Operations and Revolutionary Development Support known as CORDS. Structural factors that could not have been overcome by the further application of military power thwarted U.S. efforts to build a viable set of non-Communist political, economic, and social institutions in South Vietnam. *To Build as Well as Destroy* provides the most comprehensive account yet of the largest and best-resourced nation-building program in U.S. history. Gawthorpe's analysis helps contemporary policy makers, diplomats, and military officers understand the reasons for this failure. At a moment in time when American strategists are grappling with military and political challenges in Afghanistan, Iraq, and Syria, revisiting the historical lessons of Vietnam is a worthy endeavor.

Seeds of Stability Ethan B. Kapstein 2017-05-09 Under what conditions do the governments of developing countries manage to reform their way out of political and economic instability? When are they instead overwhelmed by the forces of social conflict? What role can great powers play in shaping one outcome or the other? This book is among the first to show in detail how the United States has used foreign economic policy, including foreign aid, as a tool for intervening in the developing world. Specifically, it traces how the United States promoted land reform as a vehicle for producing political stability. By showing where that policy proved stabilizing, and where it failed, a nuanced account is provided of how the local structure of the political economy plays a decisive role in shaping outcomes on the ground.

The New Math Christopher J. Phillips 2015 An era of sweeping cultural change in America, the postwar years saw the rise of beatniks and hippies, the birth of feminism, and the release of the first video game. This book examines the rise and fall of the new math as a marker of the period's political and social ferment.

U.S. Foreign Policy and Muslim Women's Human Rights Kelly J. Shannon 2018 *U.S. Foreign Policy and Muslim Women's Human Rights* explores the integration of American concerns about women's human rights into U.S. policy toward Islamic countries since 1979, reframing U.S.-Islamic relations and challenging assumptions about the drivers of American foreign policy.

International Relations Since the End of the Cold War Geir Lundestad 2013 In *International Relations Since the End of the Cold War* many of the world's leading scholars examine the Cold War legacy. The authors examine several key issues including: the relationship between democracy and peace, the Cold War and the Third World, superpowers, the role of post-Cold War nuclear weapons.

The World in the Long Twentieth Century Edward Ross Dickinson 2018-02-06 The biological transformation of modern times -- The foundations of the modern global economy -- Reorganizing the global economy -- Localization and globalization -- The great explosion -- New world (dis)order -- High modernity -- Revolt and refusal -- Transformative modernity -- Democracy and capitalism

Understanding By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition

Before you embark on your journey to find By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition online, it's essential to grasp the concept of By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook formats. By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From

Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources where you can find By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks in these formats.

By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook Websites and Repositories

Websites like Project Gutenberg specialize in offering public domain By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks online.

By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition for an exact phrase or book title, enclose it in quotation marks. For example, "By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition."

3. By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition

4. Filter by Format:

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition in your preferred format.

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition available elsewhere.

It's an excellent resource for discovering new titles and accessing book previews.

Project Gutenberg Search:

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition.

You can search by title By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition, author, language, and more.

Internet Archive's eBook Search:

The Internet Archive's eBook search provides access to a vast digital library.

You can search for By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition and borrow them for a specified period.

Library Genesis is known for hosting an extensive collection of By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs. eBook Websites

It's essential to distinguish between eBook search engines and eBook websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition or genres. They serve as powerful tools in your quest for the perfect eBook.

By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook Torrenting and Sharing Sites

By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook torrenting and sharing sites have gained popularity for offering a vast selection of eBooks. While these platforms provide access to a wealth of reading material, it's essential to navigate them responsibly and be aware of the potential

legal implications. In this chapter, we'll explore By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook torrenting and sharing sites, how they work, and how to use them safely.

Find By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition Torrenting vs. Legal Alternatives

By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition Torrenting Sites:

By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook torrenting sites operate on a peer-to-peer (P2P) file-sharing system, where users upload and download By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks directly from one another.

While these sites offer By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks, the legality of downloading copyrighted material from them can be questionable in many regions.

By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition Legal Alternatives:

Some torrenting sites host public domain By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks or works with open licenses that allow for sharing.

Always prioritize legal alternatives, such as Project Gutenberg, Internet Archive, or Open Library, to ensure you're downloading By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks legally.

Staying Safe Online to download By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition

Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook Torrenting and Sharing Sites

When exploring By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook torrenting and sharing sites, it's crucial to prioritize your safety and follow best practices:

Here are some popular By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook torrenting and sharing sites:

1. Use a VPN:

1. The Pirate Bay:

To protect your identity and online activities, consider using a Virtual Private Network (VPN). This helps anonymize your online presence.

The Pirate Bay is one of the most well-known torrent sites, hosting a vast collection of By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks, including fiction, non-fiction, and more.

2. Verify By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook Sources:

2. 1337x:

Be cautious when downloading By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition from torrent sites. Verify the source and comments to ensure you're downloading a safe and legitimate eBook.

1337x is a torrent site that provides a variety of eBooks in different genres.

3. Update Your Antivirus Software:

3. Zooqle:

Ensure your antivirus software is up-to-date to protect your device from potential threats.

Zooqle offers a wide range of eBooks and is known for its user-friendly interface.

4. Prioritize Legal Downloads:

4. LimeTorrents:

Whenever possible, opt for legal alternatives or public domain eBooks to avoid legal complications.

LimeTorrents features a section dedicated to eBooks, making it easy to find and download your desired reading material.

5. Respect Copyright Laws:

Be aware of copyright laws in your region and only download By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBooks that you have the right to access.

A Note of Caution

While By Michael E Latham The Right Kind Of Revolution Modernization Development And Us Foreign Policy From The Cold War 1st Edition eBook torrenting and sharing sites offer access to a vast library of reading material, it's important to be cautious and use them responsibly. Prioritize legal downloads and protect your online safety.
