The Psychology of Women and Gender Margaret W. Matlin 2022-02-15 Examine the psychology behind women and gender with the engaging narrative and latest research in Matlin/Foushee's best-selling THE PSYCHOLOGY OF WOMEN AND GENDER, 8E. This well-written comprehensive introduction is known for its balanced scholarship, readability and inclusion of intersectional and LGBTQIA+ perspectives. The authors demonstrate a genuine interest in and understanding of you, the reader. This edition's captivating presentation uses direct quotes and empirical research from multiple academic disciplines to accurately depict today's gendered experiences. Updates incorporate research from 2020 or later as this edition examines topics that are central to women's lives but are often not addressed by other authors. Complete chapters discuss childhood, adolescence, aging, love relationships, motherhood, physical and mental health. Material also explores economic issues, social class, ethnic and gender diversity, pregnancy and retirement for women.

Laboratory Manual for Human Biology David Morton 2011-01-01 This four-color lab manual contains 21 lab exercises, most of which can be completed within two hours and require minimal input from the instructor. To provide flexibility, instructors can vary the length of most exercises, many of which are divided into several parts, by deleting portions of the procedure without sacrificing the overall purpose of the experiment. Taking a consistent approach to each exercise, the second edition provides an even clearer presentation, updated coverage, and increased visual support to enable students to apply concepts from the Human Biology course. Biological Psychology James W. Kalat 2014-04-02 This Cengage Technology Edition is the result of an innovative and collaborative development process. The textbook retains the hallmark approach of this respected text, whilst presenting the content in a print and digital hybrid that has been tailored to meet the rapidly developing demands of today's lecturers and students. This blended solution offers a streamlined textbook for

greater accessibility and convenience, complemented by a bolstered online presence, for a truly multi-faceted learning experience. Now in its eleventh edition, this excellent text provides an extremely high level of scholarship combined with a clear and occasionally humorous writing style, and precise examples. This ensures that students receive the necessary rigour of content but in a very accessible way which is easy to understand. The latest research in biological psychology is covered, with over 500 new references and new studies on topics such as: fMRI; tasters; supertasters and nontasters; synesthesia; oxytocin; and sleep as a neuronal inhibition.

Applying Ethics Julie Van Camp 2011 Help your students discover the ethical implications and issues surrounding today's most compelling social dilemmas--from genetic engineering and cloning to terrorism and the use of torture--with APPLYING ETHICS: A TEXT WITH READINGS. Framed by the authors' helpful introductions and supported by a variety of readings and cases that reflect both sides of the topics being explored, this best-selling book offers a balanced introduction to ethics today.

Writing: A Manual for the Digital Age, Brief, Spiral bound Version David Blakesley 2011-01-01 WRITING: A MANUAL FOR THE DIGITAL AGE, BRIEF 2nd Edition, is the rhetorical handbook for composing in the 21st century. Blakesley and Hoogeveen place students' writing front and center with an innovative page format that keeps students' attention focused on their own writing and on activities, checklists, projects, and visual aids that help them write. The page design and innovative visuals make information about writing, reading, research, documentation, technology, and grammar easy for students to access and understand. To accomplish their writing tasks, students are taught to ground their rhetorical decisions in the specific context in which they are writing. Because writing and reading occur both in print and online, WRITING: A MANUAL FOR THE DIGITAL AGE, BRIEF 2nd Edition, prepares students to work with images, audio, video, and print. Technology Toolbox features throughout, as well as two dedicated parts of the book (Parts 6 and 7), teach students how to compose with technology intelligently. A new chapter on Writing in Online Courses, the first of its kind in a handbook, will guide students in addressing this new but increasingly common context for writing. Lectures on the Psychology of Women Joan C. Chrisler 2012-12-21 Designed as a supplement in courses on the psychology of women, the psychology of gender, and gender-role development, this collection of short, accessible lectures, written by experienced and committed teachers, spotlights topics that often receive less in-depth coverage in core textbooks. While topically arranged to align with standard texts, each favorite lecture stands alone: essentially instructors can assign the readings to meet their own course needs. Among the student-friendly features are the informal writing styles, with each author speaking directly to the reader; questions and ideas that encourage critical thinking; and biographical statements and photographs that introduce each contributor. The authors represent a variety of personal backgrounds and experiences, but they believe in the importance of gender equality. To that point, the book addresses common feminist themes, including the social construction of gender, power, the value of diversity, inclusive language, the global status of women, and the value of social activism.
