A History of the Human Brain Bret Stetka 2021-03-16 “A History of the Human Brain is a unique, enlightening, and provocative account of the most significant question we can ask about ourselves.” —Richard Wrangham, author of *The Goodness Paradox* Just 125,000 years ago, humanity was on a path to extinction, until a dramatic shift occurred. We used our mental abilities to navigate new terrain and changing climates. We hunted, foraged, tracked tides, shucked oysters—anything we could do to survive. Before long, our species had pulled itself back from the brink and was on more stable ground. What saved us? The human brain—and its evolutionary journey is unlike any other. In *A History of the Human Brain*, Bret Stetka takes us on this far-reaching journey, explaining exactly how our most mysterious organ developed. From the brain’s improbable, watery beginnings to the marvel that sits in the head of *Homo sapiens* today, Stetka covers an astonishing progression, even tackling future brainy frontiers such as epigenetics and CRISPR. Clearly and expertly told, this intriguing account is the story of who we are. By examining the history of the brain, we can begin to piece together what it truly means to be human.

*Talking Pictures* Ransom Riggs 2012-10-16 With the candid quirkiness of *Awkward Family Photos* and the confessional intimacy of *PostSecret*, Ransom Riggs's *Talking Pictures* is a haunting collection of antique found photographs—with evocative inscriptions that bring these lost personal moments to life—from the author of the New York Times bestselling illustrated novel *Miss Peregrine's Home for Peculiar Children*. Each image in *Talking Pictures* reveals a singular, frozen moment in a person's life, be it joyful, quiet, or steeped in sorrow. Yet the book's unique depth comes from the writing accompanying each photo: as with the caption revealing how one seemingly random snapshot of a dancing couple captured the first dance of their 40-year marriage, each successive inscription shines like a flashbulb illuminating a photograph's particular context and lighting up our connection to the past.

**Fan Fiction** Brent Spiner 2021-10-12 Brent Spiner's explosive and hilarious novel is a personal look at the slightly askew relationship between a celebrity and his fans. If the Coen Brothers were to make a Star Trek movie, involving the complexity of fan obsession and sci-fi, this noir comedy might just be the one. Set in 1991, just as Star Trek: The Next Generation has rocketed the cast to global fame, the young and impressionable actor Brent Spiner receives a mysterious package and a series of disturbing letters, that take him on a terrifying and bizarre journey that enlists Paramount Security, the LAPD, and even the FBI in putting a stop to the danger that has his life and career hanging in the balance. Featuring a cast of characters from Patrick Stewart to Levar Burton to Trek creator Gene Roddenberry, to some completely imagined, this is the fictional autobiography that takes readers into the life of Brent Spiner, and tells an amazing tale about the trappings of celebrity

and the fear he has carried with him his entire life. Fan Fiction is a zany love letter to a world in which we all participate, the phenomenon of “Fandom.”

Lane doesn't want to believe her father could have a dark past, but she can't help questioning everything she's known. With pirates, betrayal, and death threatening Lane and those she loves, she must now decide between the future she always expected and a prince with an unknown agenda who she finds herself falling for. Unhinged A. G. Howard 2014-01-07 Wonderland causes real-world trouble for a teenage descendant of Alice in this romantic, dark fantasy sequel by the bestselling author of Splintered. Alyssa Gardner has been down the rabbit hole. She was crowned Queen of the Red Court and faced the bandersnatch. She saved the life of Jeb, the boy she loves, and escaped the machinations of the disturbingly appealing Morpheus. Now all she has to do is graduate high school. That would be easier without her mother, freshly released from an asylum, acting overly protective and suspicious. And it would be much simpler if the mysterious Morpheus didn't show up for school one day to tempt her with another dangerous quest in the dark, challenging Wonderland—where she (partly) belongs. Could she leave Jeb and her parents behind again, for the sake of a man she knows has manipulated her before? Will her mother and Jeb trust her to do what's right? Readers will swoon over the satisfying return to Howard's bold, sensual reimagining of Carroll's classic. "I really enjoyed the first book of this series, but Unhinged cranks the Wonderland experience up to 11. It's just . . . WOW! The last few scenes dangle Alyssa's next adventure with shockers enough that I found my jaw needing a bit of assistance in coming off the floor. Write quickly, A. G. Howard! I need that next book!"—USA Today "Howard excels in sensory and sensuous descriptions." —Kirkus Reviews "As intense, dark, and weird as the first volume, this worthy sequel creates a parallel narrative that brings the action out of Wonderland and into Alyssa's hometown." —The Bulletin of The Center for Children's Books "A dark beauty fills the novel's pages, which will mesmerize teens with a taste for magic, romance or suspense. Unhinged lays the groundwork for a third book where anything could happen—it is Wonderland, after all." —Shelf Awareness

You'll keep turning the pages even as your hands shake."—Riley Sager, New York Times best-selling author of *Home Before Dark* A pulse-pounding, true-crime-based horror novel inspired by the McMartin preschool trial and Satanic Panic of the '80s. Richard doesn't have a past. For him, there is only the present: a new marriage, a first chance at fatherhood, and a quiet life as an art teacher in Virginia. But who would even know that these two are one and the same? *Whisper Down the Lane* is a tense and compulsively readable exploration of a world primed by paranoia to believe the unbelievable.

*How It Feels to Float* Helena Fox 2019-05-07 A Kirkus Reviews Best Book of the Year A Chicago Public Library Best of the Best of the Year "Profoundly moving . . . Will take your breath away."  
—Kathleen Glasgow, author of *Girl in Pieces* A stunningly gorgeous and deeply hopeful portrayal of living with mental illness and grief, from an exceptional new voice. Biz knows how to float. She has her people, her posse, her mom and the twins. She has Grace. And she has her dad, who tells her about the little kid she was, and who shouldn't be here but is. So Biz doesn't tell anyone anything. Not about her dark, runaway thoughts, not about kissing Grace or noticing Jasper, the new boy. And she doesn't tell anyone about her dad. Because her dad died when she was seven. And Biz knows how to float, right there on the surface—normal okay regular fine. But after what happens on the beach—first in the ocean, and then in the sand—the tethers that hold Biz steady come undone. Dad disappears and, with him, all comfort. It might be easier, better, sweeter to float all the way away?

Or maybe stay a little longer, find her father, bring him back to her. Or maybe—maybe maybe maybe—there's a third way Biz just can't see yet. Debut author Helena Fox tells a story about love and grief, about inter-generational mental illness, and how living with it is both a bridge to someone loved and lost and, also, a chasm. She explores the hard and beautiful places loss can take us, and honors those who hold us tightly when the current wants to tug us out to sea.
