Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend, Julia, Quentin sets off—only to somehow wind up back in the real world and not in Fillory, as they'd hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely on Julia's illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.

**Another Pan** Daniel Nayeri 2010-12-07 In this pulse-quickenning sequel to Another Faust, an ancient Egyptian spell is turning the tony Marlowe School into a sinister underworld. Will all hell break loose? Sixteen-year-old Wendy Darling and her insecure freshman brother, John, are hitting the books at the Marlowe School. But one tome consumes their attention: THE BOOK OF GATES, a coveted Egyptian artifact that their professor father believes has magical powers. Soon Wendy and John discover that the legend is real—when they recite from its pages and descend into a snaking realm beneath the Manhattan school. As the hallways darken, and dead moths creak the floor, a charismatic new R.A. named Peter reveals that their actions have unleashed a terrible consequence: the underworld and all its evil is now seeping into Marlowe. Daniel Nayeri and Dina Nayeri return to reimagine Peter Pan as a twisty, atmospheric, and fast-paced fantasy about the perils of immortality.

**The Well of Loneliness** Radclyffe Hall 2015-04-23 This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel The Unlit Lamp (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy The Forge (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel The Well of Loneliness (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

and estate of the Seneschal family, aristocratic patrons of the literary arts for well over a hundred years. D. H. Lawrence, T. S. Eliot, Ford Madox Ford, and Henry James were privileged to call themselves guests. There was always talk of a hidden secret in Esswood's past, and the Seneschal children were often so pale and sickly, but don't all English manor houses have a few ghost stories to call their own? When Professor William Standish receives the rare honor of an Esswood Fellowship, and the chance to study the estate's private manuscripts at close hand, he is thrilled beyond his wildest ambitions. But something seems amiss at Esswood House. He hears faint laughter in the halls, the pitter-pattering of small feet in the night; strange faces appear in the windows of the library, and there are those giant dollhouses in the basement . . . Never before published as a separate volume, *Mrs. God* is a very different kind of ghost story from one of America's most celebrated authors.

*Color Song* Victoria Strauss 2014 Artistically brilliant, Giulia is blessed--or cursed--with a spirit's gift: she can hear the mysterious singing of the colors as she creates them in the convent workshop of Maestra Humilità. It's here that Giulia, forced into the convent against her will, has found unexpected happiness and rekindled her passion to become a painter--an impossible dream for any woman in fifteenth-century Italy. But when a dying Humilità bequeaths Giulia her most prized possession--the secret formula for the luminously beautiful paint called Passion blue--Giulia realizes she's in danger from those who have long coveted the famous color. Faced with the prospect of a life in the convent barred from painting as punishment for

keeping Humilita's secret, Giulia is struck by a desperate idea: What if she disguises herself as a boy? Could she make her way to Venice and find work as an artist's apprentice? Along with the truth of who she is, Giulia carries more dangerous secrets: the exquisite voices of her paint colors and the formula for Humilita's Passion blue. And Venice, she discovers, with its gilded palazzos and masked balls, has secrets of its own. Trapped in her false identity in this dream-like place where reality and reflection are easily confused, and where art and ambition, love and deception hover like dense fog, can Giulia find her way?

telling details, truths large and small, to which just about every reader will respond." — *People In The Unbearable Lightness of Being*, Milan Kundera tells the story of two couples, a young woman in love with a man torn between his love for her and his incorrigible womanizing, and one of his mistresses and her humbly faithful lover. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence, we feel "the unbearable lightness of being" not only as the consequence of our pristine actions but also in the public sphere, and the two inevitably intertwine. This magnificent novel is a story of passion and politics, infidelity and ideas, and encompasses the extremes of comedy and tragedy, illuminating all aspects of human existence.

Gabrielle to solve the case and get back to her winter break. But the clues keep slipping through her fingers; someone is always one step ahead. In the same city, Andre De Leon, king of the vampires, stands trial for the massacre at Bishopcourt, and his coven's justice system is infamous for its cruelty. Up until now he's been able to shield Gabrielle from their brutality, but her nearness makes her vulnerable to their wrath, and they will use her to get to Andre. A killer, a vampire trial, the devil—all in the same city. It's too coincidental, which is to say that it is not a coincidence at all. Fate has betrayed her.

The Coveted Laura Thalassa 2013-12-12 "In places that know more about heaven and hell than we do, you have a reputation, Gabrielle. To them you are known as the devil's consort." When a body shows up near Peel Academy, all signs indicate the killer is a vampire. Ravaged throat, body drained of blood. At least that's all it appears to be when the Politia, the supernatural police force, assigns Gabrielle to the case. Now it's Gabrielle's job to figure out who did it. But after a second body turns up with the same lethal wounds, it's clear that a serial killer is stalking the island. The murders have compromised the truce between the Politia and vampires, and as long as the killer roams free, it is in danger of dissolving. If that happens, no vampire is safe from persecution, not even Gabrielle. Now Gabrielle must team up with Andre, her soulmate and the one person she's tried to stay away from, to investigate the murders before the truce dissolves. And keeping her distance is proving to be impossible. But Gabrielle has a bigger problem. The world of the dead know about her, and their whispers hint that something is coming for her. And it's coming soon.

*Fortress of Dragons* C. J. Cherryh 2009-10-13 The walls between the worlds are down. A new unfolding has begun... It started long ago, as a war between the shadowy Immortals that persists today, as the wizard Mauryl's Shaping confronts the Shadows summoned from Chaos. Tristen is that Shaping. Both more and

less than human, he successfully fought sorcery's evil tides, a victory that brought his friend Cefwyn both a kingdom and true love. But the Lines that hold the world in place are shifting again. A ruthless enemy is preparing for battle. Once again, Tristen will take up the sword inscribed with "Truth" and "Illusion" on its blade. But he faces more than war and a pretender to Cefwyn's throne. The Shadows he sees are straight from Ruin -- a flow of darkness covering the world like ink... Fortress of Dragons completes the high-fantasy epic begun in Fortress in the Eye of Time and continued in Fortress of Eagles and Fortress of Owls --a powerful tale set in a world of magic, violence, wonder and awe -- a world as vividly real as our own.

**Bug Music** David Rothenberg 2013-04-16 In the spring of 2013 the cicadas in the Northeastern United States will yet again emerge from their seventeen-year cycle—the longest gestation period of any animal. Those who experience this great sonic invasion compare their sense of wonder to the arrival of a comet or a solar eclipse. This unending rhythmic cycle is just one unique example of how the pulse and noise of insects has taught humans the meaning of rhythm, from the whirr of a cricket's wings to this unfathomable and exact seventeen-year beat. In listening to cicadas, as well as other humming, clicking, and thrumming insects, Bug Music is the first book to consider the radical notion that we humans got our idea of rhythm, synchronization, and dance from the world of insect sounds that surrounded our species over the millions of years over which we evolved. Completing the trilogy he began with *Why Birds Sing* and *Thousand Mile Song*, David Rothenberg explores a unique part of our relationship with nature and sound—the music of insects that has provided a soundtrack for humanity throughout the history of our species. Bug Music continues Rothenberg's in-depth research and spirited writing on the relationship between human and animal music, and it follows him as he explores insect influences in classical and modern music, plays his saxophone with crickets

and other insects, and confers with researchers and scientists nationwide. This engaging and thought-provoking book challenges our understanding of our place in nature and our relationship to the creatures surrounding us, and makes a passionate case for the interconnectedness of species.
