A Civil War Claudio Pavone 2013-11-19 A Civil War is a history of the wartime Italian Resistance, recounted by a historian who took part in the struggle against Mussolini's Fascist Republic. Since its publication in Italy, Claudio Pavone's masterwork has become indispensable to anyone seeking to understand this period and its continuing importance for the nation's identity. Pavone casts a sober eye on his protagonists' ethical and ideological motivations. He uncovers a multilayered conflict, in which class antagonisms, patriotism and political ideals all played a part. A clear understanding of this complexity allows him to explain many details of the post-war transition, as well as the legacy of the Resistance for modern Italy. In addition to being a monumental work of scholarship, A Civil War is a folk history, capturing events, personalities and attitudes that were on the verge of slipping entirely out of recollection to the detriment of Italy's understanding of itself and its past.

Deliver Us Luigi Meneghello 2011-05-27 Originally published in 1963, and today considered a landmark in twentieth century Italian literature, Luigi Meneghello's *Deliver Us* is the memoir, not of an extraordinary childhood, but of the very ordinary one the author shared with most of his generation, when Italy was a rural country under the twin authorities of Church and Fascism. His boyhood begins in 1922, the year of Mussolini's March on Rome, and ends when Meneghello, 21, goes up into the hills to join the partisans. Called a romanzo—a story, although not a novel, as that term usually suggests—the book is a genre all of its own that mixes personal and collective memory, amateur ethnography, and reflections on language. Meneghello's sharp insights and narrative skill come together in an original meditation on how words, people, places, and things shape thought itself. Only loosely chronological, *Deliver Us* proceeds by themes—childhood games, Fascist symbols, religious precepts, and the rites of poverty, of death, of eros, and of love. Meneghello's ironic musings and profoundly honest recollections make an utterly unsentimental human comedy of that was the whole world to his dawning consciousness.

David's Story Zoë Wicomb 2015-04-25 A powerful post-apartheid novel and winner of South Africa's M-Net Literary Award, hailed by J.M. Coetzee as "a tremendous achievement." South Africa, 1991: Nelson Mandela is freed from prison, the African National Congress is now legal, and a new day dawns in Cape Town. David Dirkse, part of the underground world of activists, spies, and saboteurs in the liberation movement, suddenly finds himself above ground. With "time to think" after the unbanning of the movement, David searches his family tree, tracing his bloodline to the mixed-race "Coloured" people of South Africa and their antecedents among the indigenous people and early colonial settlers. But as David studies his roots, he soon learns that he's on a hit list. Now caught in a web of surveillance and betrayal, he's forced to rethink his role in the struggle for "nonracial democracy," the loyalty of his "comrades," and his own conceptions of freedom. Mesmerizing and multilayered, Wicomb's award-winning novel delivers a moving examination of the nature of political vision, memory, and truth. "A delicate, powerful novel, guided by the paradoxes of witnessing the certainties of national liberation and the uncertainties of ground-level hybrid identity, the mysteries of sexual exchange, the austerity of political fiction. Wicomb's book belongs on a shelf with books by Maryse Condé and Yvette Christiansë." —Gayatri Chakravorty Spivak, author of *A Critique of Postcolonial Reason*

L'Arte nel Tao - Ispirazione e Terapia Patricia Müller 2014-07-21 Usando i concetti taoisti di Yin e Yang Patricia Müller propone un percorso d'ispirazione artistico per scrivere poesie, dipingere, coreografare balletti, valutare le danze da sala e la musica. Tango Robert Farris Thompson 2006-12-05 In this generously illustrated book, world-renowned Yale art historian Robert Farris Thompson gives us the definitive account of tango, "the fabulous dance of the past hundred years—and the most beautiful, in the opinion of Martha Graham." Thompson traces tango's evolution in the nineteenth century under European, Andalusian-Gauche, and African influences through its representations by Hollywood and dramatizations in dance halls throughout the world. He shows us tango not only as brilliant choreography but also as text, music, art, and philosophy of life. Passionately argued and unparalleled in its research, its synthesis, and its depth of understanding, *Tango: The Art History of Love* is a monumental achievement.

Nostalgia Tradimento Amore □ Viaggio All'Interno Del Tango Rosa Ucci 2014-05-20 Il fenomeno Tango e oggi una realtà che s'impone al villaggio globale coinvolgendo tutti i ceti sociali nei tre continenti d'Asia, d'America e d'Europa. L'autrice si chiede il perché di questo "recupero" del Tango, soprattutto ballato. Perché la gente di tutto il mondo si riversa nelle milonghe? Una domanda che conduce ad un viaggio interiore, un'esperienza di conoscenza, alla ricerca di quell'essenza, di quello "spirito" del Tango, che esprime i moti dell'"anima universale" che parlano di improvvise lacerazioni, di strisciante malinconia, di perdite, di mancanza e che contiene, altresì, intima capacità di rigenerazione. Una musica che riesce a far superare il dolore, a far accettare la perdita, a far capire la vita e spinge a cercare un adattamento a nuovi valori, a nuove misure."

In Praise of Reading and Fiction Mario Vargas Llosa 2011-04-12 On December 7, 2010, Mario Vargas Llosa was awarded the Nobel Prize in

Literature. His Nobel Lecture is a resounding tribute to fiction's power to inspire readers to greater ambition, to dissent, and to political action. "We would be worse than we are without the good books we have read, more conformist, not as restless, more submissive, and the critical spirit, the engine of progress, would not even exist," Vargas Llosa writes. "Like writing, reading is a protest against the insufficiencies of life. When we look in fiction for what is missing in life, we are saying, with no need to say it or even to know it, that life as it is does not satisfy our thirst for the absolute—the foundation of the human condition—and should be better." Vargas Llosa's lecture is a powerful argument for the necessity of literature in our lives today. For, as he eloquently writes, "literature not only submerges us in the dream of beauty and happiness but alerts us to every kind of oppression."

Befriending Our Desires Philip Shelldrake 2016-08-18 Desire is at the heart of what it is to be human. The power of desire, while embodied and sensuous, is God-given and the key to all human spirituality. Humanity is blessed with a deep longing that is infinite in extent and can only ultimately be satisfied in God. Befriending Our Desires portrays the intimate connection between desire and the spiritual journey. Drawing on Hebrew and Christian Scriptures, Christian spiritual classics (with some reference to Buddhist spirituality), poetry, and other literature, plus personal and pastoral experience, Philip Shelldrake explores the role of desire in relation to God, prayer, sexuality, making choices, and responding to change.

The Portrait Ilaria Bernardini 2021-01-05 "Electric. A wildly astute plunge into the depths of love, rivalry, betrayal and the power of women."—Bill Clegg An internationally renowned writer, Valeria Costas has dedicated her life to her work and to her secret lover, Martin Acla, a prominent businessman. When his sudden stroke makes headlines, her world implodes; the idea of losing him is terrifying. Desperate to find a way to be present during her lover's final days, Valeria commissions his artist wife, Isla, to paint her portrait—insinuating herself into Martin's family home and life. In the grand, chaotic London mansion where the man they share—husband, father, lover—lies in a coma, Valeria and Isla remain poised on the brink, transfixed by one another. Day after day, the two women talk to each other during the sittings, revealing truths, fragilities and strengths. But does Isla know of the writer's long involvement with Martin? Does Valeria grasp the secrets that Isla harbors? Amidst their own private turmoil, the stories of their lives are exchanged, and as the portrait takes shape, we watch these complex and extraordinary women struggle while the love of their lives departs, in an unforgettable, breathless tale of deception and mystery that captivates until the very end.

Nostalgia, Betrayal, Love Rosa Ucci 2014-08-28 The Tango phenomenon today is a reality for the whole world involving people from all walks of life in three continents: Asia, America and Africa. The author has asked herself the reason for this 'retrieval' of the Tango, in particular the dance. Why are people from all over the world going to the 'milongas'? A question that leads her into an interior journey, an experience of awareness, in search of the essence, the "spirit of Tango that expresses the impulses of a universal soul", talking about sudden afflictions, an underlying melancholy, of loss and nostalgia but with also an intimate capacity for regeneration. A music that has the power to overcome pain in order to accept the loss, the force to appreciate life in order to push forward in search of adapting to new values, new dimensions. By means of contemporary psychology the author interprets the rites and myths of the Tango, unveiling the emotional process which, developing into an intimate and profound condition, takes us back to the sacredness of an encounter, the physical contact, an embrace, a condition which is today foreign to modern man, crushed by individualism. With the frenetic routine of everyday life, what is there to be discovered through Tango? Something genuine, interior, profound, a moment of peace, an answer, even if only fleeting and mainly unwitting, to the feeling of emptiness. The Tango brings to the surface that profound communication that has today been buried by smothering wounds. In this world of crises, the choosing of Tango by an uprooted humanity without points of reference represents the revenge of the spirit, the struggle of the soul reclaiming what has been torn away. The Tango, with its whole 'being', is like an accusation of contemporary history, highlighting the fact that Man should not remain entrapped in a life without meaning, suffocated by the shapeless mass of nothingness.

Mapping the Moving Image Pasi Väliäho 2010 In Mapping the Moving Image, Pasi Väliäho offers a compelling study of how the medium of film came to shape our experience and thinking of the world and ourselves. By locating the moving image in new ways of seeing and saying as manifest in the arts, science and philosophy at the turn of the twentieth century, the book redefines the cinema as one of the most important anthropological processes of modernity. Moving beyond the typical understanding of cinema based on optical and linguistic models, Mapping the Moving Image takes the notion of rhythm as its cue in conceptualizing the medium's morphogenetic potentialities to generate affectivity, behaviour, and logics of sense. It provides a clear picture of how the forms of early film, while mobilizing bodily gestures and demanding intimate, affective engagement from the viewer, emerged in relation to bio-political investments in the body. The book also charts from a fresh perspective how the new gestural dynamics and visuality of the moving image fed into our thinking of time, memory and the unconscious.

Early Cinema and the "National" Richard Abel 2008-12-17 Essays on "how motion pictures in the first two decades of the 20th century constructed 'communities of nationality' . . . recommended." —Choice While many studies have been written on national cinemas, Early Cinema and the "National" is the first anthology to focus on the concept of national film culture from a wide methodological spectrum of interests, including not only visual and narrative forms, but also international geopolitics, exhibition and marketing practices, and pressing linkages to national imageries. The essays in this richly illustrated landmark anthology are devoted to reconsidering the nation as a framing category for writing cinema history. Many of the 34 contributors show that concepts of a national identity played a role in establishing the parameters of cinema's early development, from technological change to discourses of stardom, from emerging genres to intertitling practices. Yet, as others attest, national meanings could often become knotty in other contexts, when concepts of nationhood were contested in relation to colonial/imperial histories and regional configurations. Early Cinema and the "National" takes stock of a formative moment in cinema history, tracing the beginnings of the process whereby nations learned to imagine themselves through moving images.

For the Baptism of Our Fragments Mario Luzi 1992 Described as the most conspicuous voice in Italian poetry after Eugenio Montale, Mario Luzi created for himself an unmistakably individual rhythm, idiom, and ethos ...Particular to Luzi's poetry is the quality of lyricism, and tone of conversational intimacy, of which For the Baptism of Our Fragments represents the crowning achievement of a long poetic career which began with his first book of poems in 1935.

Candelaio Giordano Bruno 2016-09-21 Nella commedia, dove Bruno definisce se stesso un «accademico di nulla accademia», è mostrato un mondo assurdo, violento e corrotto, rappresentato con amara comicità, dove gli eventi si succedono in una trasformazione continua e vivace. Lo stesso apparato introduttivo ai cinque atti in cui la commedia è suddivisa risulta inconsueto e articolato, ponendosi in contrasto con i canoni della commedia tradizionale rinascimentale: alla poesia iniziale indirizzata ai poeti e a una dedica alla signora Morgana B. (probabilmente una conoscente di Bruno), seguono un "argomento", dove Bruno riassume la trama; un "antiprologo", dove l'autore capovolgendo subito quanto proposto in precedenza, ironizza sulla possibilità stessa di rappresentare realmente questa commedia; un "proprologo", dove egli polemizza contro le ideologie false, e un "bidello", che finalmente licenzia la commedia.

Astrologia Taoista Patricia Müller 2014-06-06 Le piante sono influenzate dagli astri al momento della loro germinazione, durante la crescita, allora perché non anche l'uomo? Come alcune piante stanno bene insieme, per meccanismi di interazione ormonale a livello delle radici, ed altre si evitano, così anche i segni zodiacali cinesi possono avere rapporti diversi tra loro, rapporti che comunque possono, con un po' di impegno, sempre migliorare. E' proprio di queste interazioni che si occupa Patricia Müller nel presente testo... dott.ssa Chiara Scozzari Chi tratta politicamente e commercialmente con la sfera culturale cinese, potrebbe trarre beneficio da una più approfondita comprensione di come le persone, in estremo Oriente, concepiscono se stesse e gli altri attraverso l'oroscopo. dott.ssa Margot Jean Wylie Nella storia della medicina, sia in Oriente che Occidente, l'astrologia in passato ha guidato l'individuazione delle malattie secondo il tipo astrologico della persona. Yoga Through Dance in Primary Schools Ivana Briigliadori 2014-08-02 The ancient art of meditation and asceticism based on a combination of sequential positions (Asana) and spiritual reflection tied listen to your own breathing and to a greater awareness of their existence in the "here and now" as body and soul, officially joined in schools, leading to the development of new pedagogical and educational projects that help children, teens as well as adults. In July 2007, thanks to the Memorandum of Understanding between the Ministry of Education and the National Confederation of Yoga, the ancient art of meditation and asceticism based on a combination of sequential positions (Asana) and spiritual reflection tied listen to your own breathing and to a greater awareness of their existence in the "here and now" as body and soul, officially joined in schools, leading to the development of new pedagogical and educational projects that help children, teens as well as adults to find themselves through yoga. Need a much more compelling as it is becoming more virtual space in which they act and live our kids (not just their ... alas), a company reaching out to the image flowing, uncontrolled sedimentation of the moments that we are not aware of living, a company that pays little attention to children as children, but as recipients of consumer goods whose advertising bombards their mothers.

Ἡδυπάθεια Arcestratus (of Gela.) 2000 Arcestratos of Gela was the author of a mock-epic poem, most likely entitled the Hedupatheia or Life of Luxury, that presented itself as a gastronomic tour of the Mediterranean world. Written sometime in the first two-thirds of the fourth century BCE, the Hedupatheia was widely read in the late classical and early Hellenistic periods and was translated into Latin by Ennius, through whom it influenced the work of later Roman poets including Horace. It survives today in fragments totalling about 330 lines. The Hedupatheia is a fundamental source for our understanding not only of fourth-century literature but also of the significance of food and dining and the reception of epic poetry in late classical society. This edition is based on a fresh examination of the manuscripts and is the first to combine an authoritative critical text of the fragments with a translation, a detailed philological and historical commentary, and an extensive introduction situating the poem in its literary, social, and cultural context.

Pratiche Taoiste Patricia Müller 2014-05-02 Edizione 2019 'Pratiche Taoiste' è un libro d'introduzione all'uso della Rete Taoista, che collega la teoria con vari campi d'applicazione attraverso il metodo del 'librogame'. Oltre ad essere letto in modo tradizionale, può essere consultato secondo le esigenze del lettore, passando ai vari argomenti attraverso gli schemi consigliati. Nel libro la divinazione e l'oroscopo vengono collegati alla medicina cinese, ai suoi meridiani, alla respirazione e alla meditazione. Tutto ciò viene poi compreso meglio attraverso il T'ai Chi Chuan, lo Yoga Taoista e gli esercizi collegati all'emissione di suoni particolari, chiamati Otto Pezzi di Broccato.
