Now, the bestselling motivational author reveals his simple prescription for success with children, step by positive step. Drawing on the most comprehensive measurable results ever made available to an author - his "I CAN" course, taught in more than five thousand schools with more than three million participants - and his own successes and failures as a parent, Zig Ziglar offers sensible guidelines on: Praise and encouragement: Children can hardly have too much of the right kinds. The Power of Nice Linda Kaplan Thaler 2006-09-19 Linda Kaplan Thaler and Robin Koval have moved to the top of the advertising industry by following a simple but powerful philosophy: it pays to be nice. Where so many companies encourage a dog eat dog mentality, the Kaplan Thaler Group has succeeded through chocolate and flowers. In *THE POWER OF NICE*, through their own experiences and the stories of other people and businesses, they demonstrate why, contrary to conventional wisdom, nice people finish first. Turning the well-known adage of "Nice Guys Finish Last" on its ear, *THE POWER OF NICE* shows that "nice" companies have lower employee turnover, lower recruitment costs, and higher productivity. Nice people live longer, are healthier, and make more money. In today's interconnected world, companies and people with a reputation for cooperation and fair play forge the kind of relationships that lead to bigger and better opportunities, both in business and in life. But being nice doesn't mean acting wimpy. In fact, nice may be the toughest four-letter word you'll ever encounter. Kaplan Thaler and Koval illustrate the surprising power of nice with an array of real-life examples from the business arena as well as from their personal lives. Most important, they present a plan of action covering everything from creating a positive impression to sweetening the pot to turning enemies into allies. Filled with inspiration and suggestions on how to supercharge your career and expand your reach in the workplace, *THE POWER OF NICE* will transform how you live and work.

The Lost Art of Closing Anthony Iannarino 2017-08-08 "Always be closing!" —Glengarry Glen Ross, 1992 "Never Be Closing!" —a sales book title, 2014 "?????" —salespeople everywhere, 2017 For decades, sales managers, coaches, and authors talked about closing as the most essential, most difficult phase of selling. They invented pushy tricks for the final ask, from the "take delivery" close to the "now or never" close. But these tactics often alienated customers, leading to fads for the "soft" close or even abandoning the idea of closing altogether. It sounded great in theory, but the results were often mixed or poor. That left a generation of salespeople wondering how they should think about closing, and what strategies would lead to the best possible outcomes. Anthony Iannarino has a different approach geared to the new technological and social realities of our time. In The Lost Art of Closing, he proves that the final commitment can actually be one of the easiest parts of the sales process—if you've set it up properly with other commitments that have to happen long before the close. The key is to lead customers through a series of necessary steps designed to prevent a purchase stall. Iannarino addressed this in a chapter of The Only Sales Guide You'll Ever Need—which he thought would be his only book about selling. But he discovered so much hunger for guidance about closing that he's back with a new book full of proven tactics and useful examples. The Lost Art of Closing will help you win customer commitment at ten essential points along the purchase journey. For instance, you'll discover how to: · Compete on value, not price, by securing a Commitment to Invest early in the process. · Ask for a Commitment to Build Consensus within the client's organization, ensuring that your solution has early buy-in from all stakeholders. · Prevent the possibility of the sale falling through at the last minute by proactively securing a Commitment to Resolve Concerns. The Lost Art of Closing will forever change the way you think about closing, and your clients will appreciate your ability to help them achieve real change and real results.\

Zig Zig Ziglar 2002-08-20 "Zig Ziglar epitomizes determination, perseverance, excellence, and a loving Christian spirit more than anyone I know! The world would be a better place if more of us were just like him." --Kenneth H. Cooper, M.D., The Cooper Clinic, Dallas, Texas Zig Ziglar, the motivational speaker who has galvanized audiences around the world and written more than a dozen perennially popular books, brings that same unbounded energy and clarity of vision to this candid, inspiring account of his own life and the forces that shaped it. Every year, Zig Ziglar travels all over the world delivering a resounding message of hope and commitment in forums ranging from high-powered business conferences and church leadership assemblies to youth conventions and educational gatherings. In Zig, Ziglar chronicles another kind of journey: his own transformation from a struggling, not terribly successful salesman to the sales champion of several different companies, and finally to his current position as one of the world's best-known and most highly regarded motivational speakers and trainers. As he describes his experiences, he brings to life the essence of his teachings: "You can have everything in life you want if you will just help enough other people get what they want." At the heart of Ziglar's story are the people who taught him the importance of balancing a commitment to hard work with compassion for others. His first teacher was his mother, who raised him alone after the early death of his father, and introduced him to the principles and values he has honored for the rest of his life. Her lessons were reinforced by many others—from the men and women who became his business mentors to the friends and spiritual leaders who comforted and supported him when things got tough. Paying tribute to each of them, Ziglar zeroes in on the philosophy and traits that have enabled him to achieve success in business and in his personal life: discipline, hard work, common sense, integrity, commitment, and an infectious sense of humor. Ziglar's speaking engagements and seminars along with a wide array of audio and video materials, books, and training manuals, have helped to trigger positive changes in small businesses, Fortune 500 companies, U.S. government agencies, nonprofit associations, religious organizations, schools, and prisons. At once engaging and enlightening, Zig provides a riveting portrait of the man who has achieved so much by embracing the simple but profound goal of helping others.
