Aman 2011-02-11 This is the extraordinary first-person account of a young woman's coming of age in Somalia and her struggles against the obligations and strictures of family and society. By the time she is nine, Aman has undergone a ritual circumcision ceremony; at eleven, her innocent romance with a white boy leads to a murder; at thirteen she is given away in an arranged marriage to a stranger. Aman eventually runs away to Mogadishu, where her beauty and rebellious spirit leads her to the decadent demimonde of white colonialists. Hers is a world in which women are both chattel and freewheeling entrepreneurs, subject to the caprices of male relatives, yet keenly aware of the loopholes that lead to freedom. Aman is an astonishing history, opening a window onto traditional Somali life and the universal quest for female self-awareness.

The Inside Out Man Strydom Fred 2017-11-14 A young musician receives an unusual offer from a wealthy stranger in this haunting story of psychological horror. Bent is a jazz pianist living gig-to-gig in a dark city of dead-ends. With no family, and no friends, he has resigned himself to a life of quiet desolation. That is, until the night he meets the enigmatic Leonard Fry. After accepting an invitation to his countryside mansion, where Leonard resides on his own, Bent is offered a deal of Faustian proportions. "There is a room in this house. There's only one way in and one way out . . . There's one lock on the door, and only one key to that lock. Now, what I'm going to ask may seem strange to you. I don't necessarily need you to understand, but what I do need is for you to agree to help me." Disillusioned with his life of excess, Leonard has decided to explore the final frontier of his existence, the margins of his mind, by locking himself in a small room in his mansion for a year. In exchange for Bent's assistance, everything Leonard owns will be Bent's for the duration of his self-imposed imprisonment. But there are two sides to every locked door. As the days go by, and Leonard's true intentions become clear, Bent will find himself venturing beyond the one terrifying boundary from which he can't be sure he'll ever return . . . the boundary of his own sanity.

Ancestral Voices Etienne van Heerden 2012-09-27 In the wild night hours, or during the heat of the day - whenever man's thoughts whirl feverishly - then truth and fantasy, the past and the future, life and death are indiscriminately mingled on Toorberg, home of the Moolman family. So the magistrate is to learn as he investigates the strange circumstances of the death of little Noah, child of grief, who was not entirely of this world.

Every day the case becomes more complex, until it challenges the very foundations of the law. It seems as if the magistrate will have to judge an entire dynasty, both the living and the dead.

Everyone's guilt has to be affirmed, or denied, and this means he will have to rip open the lives of all. The Moolmans are a tribe who have long since learned how to deal with their own. Parents cut children out of their lives, shunt them aside to live as stepchildren, scrag-ends of the clan, or as city-dwellers whose names are never uttered. The Moolmans cannot forgive; not when

the war. When they move to a new development called Azalea Heights, their paths inevitably cross and result in a chain of events that upend their lives. Azalea Heights captures the escalating tensions within the neighborhood, but also recognizes the American spirit, when people with disparate ideologies, beliefs, and politics come together in a moment of crisis. Azalea Heights deals with multiple layers of racism in American society. It delves into the protagonists' psyches, their hopes, fears, and biases, the shocking secrets they keep, and the terrible choices they make. In the end, it boils down to a single principle: doing the right thing, regardless of consequences. Fans of *Little Fires Everywhere*, *An American Marriage*, and *There There* will enjoy this riveting tale of intercultural conflict in these unsettling times when prejudices have come to be accepted as normal.

Who was the woman in black who paid her a mysterious visit shortly before her death? How had she borne living so close to an illegitimate daughter without acknowledging her? The search for answers took Margaret on a journey into her family's past, examining not only her grandmother's life, but also her mother's and her own. The result is both a moving, evocative memoir and a fascinating commentary on how women's lives have changed over the past century.

A Grammar of Afrikaans Bruce C. Donaldson 1993 The series builds an extensive collection of high quality descriptions of languages around the world. Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and, if appropriate, a word list and other relevant information which is available on the language in question. There are no restrictions as to language family or area, and although special attention is paid to hitherto undescribed languages, new and valuable treatments of better known languages are also included. No theoretical model is imposed on the authors; the only criterion is a high standard of scientific quality. To discuss your book idea or submit a proposal, please contact Birgit Sievert.

spends her days absorbed in the rhythms of the natural world around her, escaping the brutality and squalor of her family home through the newspapers and books passed down to her from the main house and through her walks in the nearby mountains. Persomi's close relationship with her older brother Gerbrand and her fragile friendship with Boelie Fourie—heir to the Fourie farm and fortune—are her lifeline and her only connection to the outside world. When Gerbrand leaves the farm to fight on the side of the Anglos in WWII and Boelie joins an underground network of Boer nationalists, Persomi's isolated world is blown wide open. But as her very small world falls apart, bigger dreams open to her—dreams of an education, a profession, a native country that values justice and equality, and of love. As Persomi navigates the changing landscape around her—the tragedies of war and the devastating racial strife of her homeland—she finally discovers who she truly is, where she belongs, and why her life—and every life—matters. The English language publication of *Child of the River* solidifies Irma Joubert as a unique and powerful voice in historical fiction. "Filled with lessons of grace and love, *Child of the River* is a story that reminds us all to hold steady through life's most fragile hours." —Julie Cantrell, *New York Times* and *USA TODAY* bestselling author of *Perennials*

Driftwood Dalene Matthee 2012-10-02 Early in the twentieth century a four-year-old boy is washed ashore like a piece of driftwood at Rietfontein Bay in the Southern Cape. Plucked from amongst the drowned bodies and the wreckage of the ship which floundered on the rocky reefs, the child is adopted by Willem and Sanna Swart and is given the name Moses. More than fifty years later, Moses spends his days taking care of a flock of sheep, continually haunted by a sense of displacement and a yearning to know his real identity. When he goes to work as a gardener for the elderly Lord and Lady de Saumarez he begins for the first time to feel a sense of belonging, and the missing pieces of his life start to unravel. Dalene Matthee, in this her final work, has created a moving tale of identity lost and found.

J.M. Coetzee and the Archive Marc Farrant 2021-03-25 Making extensive use of the rich archival material contained within the Coetzee collections in Texas and South Africa, from the earliest drafts and notebooks to the research notes and digital records that document his later career as both writer and academic, this volume investigates the historical, cultural and aesthetic contexts of Coetzee's oeuvre. Cutting-edge and interdisciplinary in approach, the book looks both at the prolific archival traces of Coetzee's early and middle work as well as examines his more recent work (which has yet to be archived), and a wide range of materials beyond the manuscripts, including family albums, school notebooks and correspondence. Navigating Coetzee's interests in areas as diverse as literature, photography, autobiography, philosophy, animals and embodied life, this is also an exploration of the archive as both theory and practice. It raises questions about the tensions, contradictions and discoveries of archival research, and suggests that a literary engagement with the past is crucial to a recovery of culture in the present.

Diamonds, Gold, and War Martin Meredith 2009-09-14

SOUTHERN AFRICA was once regarded as a worthless jumble of British colonies, Boer republics, and African chiefdoms, a troublesome region of little interest to the outside world. But then prospectors chanced upon the world's richest deposits of diamonds and gold, setting off a titanic struggle between the British and the Boers for control of the region. It culminated in the costliest, bloodiest, and most humiliating war that Britain had waged in nearly a century, and left the Boer republics devastated. In this gripping history of the turbulent years leading up to the founding of the modern state of South Africa in 1910, Martin Meredith portrays the great wealth and raw power, the deceit, corruption, and racism that lay behind Britain's empire-building in southern Africa. *Diamonds, Gold, and War* is a tale of high adventure, high finance, and high politics that also shows the massive impact of white expansion on indigenous African societies. And it explains the rise of the virulent Afrikaner nationalism that eventually took hold, with repercussions lasting nearly a century.
