

About The Brahma Kumaris

Happiness Unlimited Sister Shivani 2019 In these enlightening and eye-opening conversations, the renowned spiritual mentor, Sister BK Shivani reveals how to create a life of joy, contentment and bliss, because we all have the choice and the power to do so. According to her, the reason why there is so little happiness in the world is dependency. Happiness is not dependent on 'anything' or 'anyone', or found 'anywhere'. We keep delaying our happiness until things are just right in our life. We think we will be happy in the future and then wonder why we are not happy now. Happiness is only possible when we are able to accept everyone as they are, at every moment, in every situation. This book is a medium for the awakening and acceptance of self-responsibility. Helping us choose our thoughts and feelings aligned with our true nature of purity, peace and love. To make us shift from asking to sharing; from holding on to letting go; from expectations to acceptance; from the past and the future to being in the now. Happiness is a 'decision', not a 'consequence'.

Understanding the Brahma Kumaris Frank Whaling 2012 The Brahma Kumaris are a new spiritual tradition. The movement currently has over 450,000 worldwide adherents in more than 100 countries. As with all spiritual traditions, the Brahma Kumaris are different, bewildering, and fascinating in their newness and in their complexity. In 1936, in Hyderabad, India, a millionaire diamond merchant named Lekhraj Khubchand began to have visions at around the age of 60. The visions led him to hold meetings in his own home which were attended mainly by women. This was the beginning of the Brahma Kumaris. Dada

Lekhraj, as he became affectionately known, used his fortune to set up a trust composed of 11 women. One of the young women, who became known as Om Radhe, became the leader of the new movement, while Dada Lekhraj remained a key figure. Following the Partition, the Brahma Kumaris moved to Mount Abu in Rajasthan, India, and this remains their headquarters. Through phenomenology, this book examines the Brahma Kumari tradition. Phenomenology involves firstly putting one's own world-view aside in order to understand the world-view of others. Applying 'epoche' (to avoid bias) and 'empathy' (to engage sympathetically), the objective of this study is to understand the Brahma Kumaris, as far as is possible, from within. The book, along with others in the Understanding Faith series by Dunedin Academic Press, is intended for students of comparative religion and is a basic source of essential information about the major world faiths in the 21st century for those who seek to understand this aspect of influence on our lives today. (Series: Understanding Faith)

The Brahma Kumaris as a 'Reflexive Tradition' John Walliss 2017

"This title was first published in 2002. Drawing on primary research on the Brahma Kumaris World Spiritual University, a millenarian New Religious Movement of Indian origin, this book examines the status of tradition in the contemporary world through a critical engagement with the recent social theory of Anthony Giddens on the emergence of a post-traditional society. Wallis examines both the ways in which forms of tradition not only persist but also flourish in the contemporary world and also the manner in which such traditions are drawn on and (re)created by individuals in their ongoing construction of self-identity. Illuminating some of the difficulties encountered when social theory is applied to 'the real world', this book also offers a way of theorising about the status of contemporary religiosity that does not refer directly to the notion of secularisation."--Provided by publisher.

Peace and Purity Liz Hodgkinson 2002-03-15 In 1936, a 60-year-old businessman in India had visions of a new world order of peace, love and truth. Such was the strength of his message that he drew a gathering of several hundred people, most of whom were women. Just over sixty years later, this obscure group, the Brahma Kumaris (BK) has become a highly respected worldwide movement with over 5,000 centers in 102 countries. The organization runs high-level conferences, a state-of-the-art

hospital, retreat centers and courses for managers, healthcare workers, corrections officers, teachers and other professionals. It has also gained consultative status at the United Nations and is renowned for practical yet imaginative global campaigns such as the Million Minutes of Peace Appeal. This fascinating book recounts the early beginnings of the Brahma Kumaris in the Sind region of India and the persecution they faced as their religious and social message went against mainstream Hindu thought. Peace and Purity tracks the expansion of the group worldwide through the sixties, seventies and eighties when the group had become so important that it often focused on achieving peace on a political rather than spiritual level. Author Liz Hodgkinson describes how this unique organization headed by women has gradually attracted many thousands of people from all backgrounds to get involved in its teachings. The book concludes with several BK scholars answering questions of faith.

Organized as one day per page, each day's thought is followed by a short contemplation, practice or project, with space to write your own thoughts and chart your inner journey through the year. The beauty of wisdom is that it is timeless and simple; there is no calendar element to the book and so you can start using it at any point in the year. Whether you need to cool the mind or warm the heart, let this inspired collection of wisdom and insight be your guide through the year.

I Know How To Live, I Know How To Die Neville Hodgkinson 2015-06-26 Frontier science meets deep soul awareness in this unique exploration of the teachings of Dadi Janki, head of the Brahma Kumaris World Spiritual University, by Neville Hodgkinson, former Sunday Times science and medical correspondent. I Know How To Live, I Know How To Die conveys the love and strength that emerge within us, and the huge benefits brought to our work and relationships, when we restore our connection with the divine through spiritual understanding and practice.

Thought for Today Brahma Kumaris 2005-12 More and more attention is being paid to diet and exercise these days. It's all about the importance of keeping the body healthy, and even the government supports this as it sees how neglect in these areas leads to more illness in the longer term, and higher costs in running the national health sector. Paradoxically, the more attention is being paid to the physical aspects of the human being, less time and attention seems to be paid to spiritual well being. With Thought for Today we have a ready made collection of 'meals for the mind?' and a 'daily exercise plan?' for thoughts.

Knowledge, Purity, Mercy, this little book allows the reader to dip in depending on the mood of the moment. Within each chapter theme, there are 40 to 50 thoughts given in the form of directive statements on the attitudes and outlook we can usefully bring to situations. A welcome addition is at the beginning of each theme, we have a page that defines the quality and reminds us of why it is we aspire to develop it within us. Something that is useful when enthusiasm may wane a little, particularly when the demands of the day can mean we drift away from this alternative form of nourishment! Begin every day with a thought from this little book. If mornings are rushed, then let it live in your pocket or bag, - a well thumbed book (as this can become) is an indispensable friend.

Gift of Peace Brahma Kumaris 2002-12-01 At times of great human tragedy, it is common for things that reflect the greatness of humanity to also emerge - be it in the form of bravery, courage, forgiveness, inspiration. The Gift of Peace emerged as a direct response to the US 9/11 bombings in 2001.

Eternal Blessings Brahma Kumaris 2000-10-01 Blessings are simple yet heartfelt messages that readers can bestow on the people they care about, whether they want to remind their spouse that they are loved, cheer up a coworker who's having a bad day, or comfort a friend facing a trying time. Divided into themes on love, success, adversity, friendship and others, each page offers an uplifting message that will empower, comfort, or motivate, depending upon the circumstance. The individual blessings are inspired by the teachings of Raja Yoga, a centuries-old study that cultivates self-reliance, spirituality, and value-based living. By choosing an appropriate blessing and repeating it silently in their mind or aloud to their chosen recipient, people will recognize their inherent virtues and will aspire to manifest the particular blessing in their life. More than a positive affirmation, each blessing is a mirror in which people can rediscover their true, intrinsic beauty and strengths. Sample blessings include:

Feeling Great Dadi Janki 2015-04-14 Why do we lose our ability to feel great? And what is 'feeling great' anyway? Is it really possible to feel great in today's world where every day there is some new crisis or disorder? Some new upheaval or unexpected negativity? Where violence is rife? Is feeling great out of place or insensitive to the reality of many people's lives? In this treasure of a book, Janki, Vegso and Johnson call on their decades of spiritual study and practical experience to answer these and other essential questions. You will learn what it really means to 'feel great' - and it might not be what you expect. You will discover that feeling great is not about having a good time for a few hours, or having money to spend. It's about putting your life in order and remembering who you really are. It's about practicing the four keys revealed in this book—enthusiasm, optimism, contentment, and respect—then learning how to start acquiring and applying them. Janki and Vegso's rich descriptions of the sticking points we encounter on our journey through life demonstrate how we can recover our ability to truly feel great - not as a temporary indulgence, but as a lasting state of being. Now is the time to start feeling great, and this uplifting book shows you how easy it can be.

pleased to announce publication of Journey Into Inner Space, a treasure chest of wisdom that draws on science, great literature, and spiritual understanding to reveal the journey of the soul. This innovative Brahma Kumaris production is more than a conventional book. It has artwork that "comes alive" using a technology called Augmented Reality. Animations of the images, accompanied by a spoken commentary, convey the essence of each chapter. We hear the renowned actor and director Clarke Peters narrate new understandings linking science and spirit, giving us a glimpse of our divinity. And the journey closes with a meditation led by Sister Jayanti, one of the world's most experienced teachers of Raja Yoga, gently guiding us towards our own, personal inner space. Combining ancient and modern wisdom, the Journey offers both an explanation and an experience of what is meant by the inner life, the world of the spirit or soul, as compared with the physical world around us. 'Journey Into Inner Space is both important and timely in sharing the rapid convergence of leading-edge science and spirituality. This new story, based on the latest scientific discoveries at all scales of existence and within many fields of research, is revealing that mind and consciousness aren't something we have - but rather what we and the whole world are. As well as being illustrated with beautiful artwork, the book offers an Augmented Reality feature that allows the reader to experience the essence of its message through animations and spoken commentaries. In showing that the physical realm is the manifestation of a deeper, unified, informational and intentional reality, the Journey confirms meaning and purpose to our existence, and that of our entire Universe.' - Dr Jude Currivan, cosmologist and author of The Cosmic Hologram In my own journey through life I have been fortunate to be guided at various stages by wise and compassionate people who were able to show me that one is moved to act at various levels in one's consciousness. At several 'lower' levels of consciousness one's urgent priority is to survive

and fight or flee and then, one might mature, using intellect and logic to work out what is out there. However there is a deeper and yet higher path to the good life and bliss. The short, concise, animated book 'Journey into Inner Space' is a delightful introduction to this path and shows that human wisdom knows this from science, art and spirituality. I have had a long association with Business and Politics and have found that when acting from this holistic understanding, one acts with more compassion and inclusivity and everything one tries to do is for the benefit of all beings for all time . This is the only way the Planet and our species will survive. 'Journey into Inner Space' helps one to experience this. Lord Andrew Stone Parliamentarian, London U.K. "Each of us journeys towards God on our chosen path. As we come nearer the Holy One, words that easily cause division become less important and increasingly, instead of picturing God as external to us, we sense God's presence in the silence of the heart. We recognise that we and all others are 'eternal beings whose true nature is peace, love and happiness.'

"At whatever stage you are on your journey, this easy-to-read book will help you to explore your inner space more deeply." - Rev Dr Marcus Braybrooke, President, World Congress of Faiths

Being Love Sister Shivani We can each radiate unconditional love. We don't even need to create it - we are love. But the flow of love is blocked in moments of hurt, blame, anger, criticism, competition or insecurity. These emotions have dominated our emotional space, and hardly enable us to feel our own love. So today, we rely on someone else to love us. This book teaches us to think right, enable self-love, feel it and extend it to other people. The central message here is that love is not 'out there', but within

us. A spectrum of emotions like attachment, expectations, hurt, worry, stress, fear or anger, which we use in the pretext of love, are analysed. The conversations also explore the fact that the parent-child relationship is not challenging - It does not need to be. As you free yourself from judgments and expectations, as you start thinking right for people, and as you accept people for who they are, you become a Radiator of unconditional love. You are one decision away from vibrating at a frequency of love ... by not needing love or giving love - but just by being love.
