World Cup Wishes Eshkol Nevo 2010 Four friends get together to watch the 1998 World Cup final. One of them has an idea- let's write down our wishes for the next few years, put them away, and during the next final - four years from now - we'll get them out and see how many we've achieved. This is how *World Cup Wishes* opens, and from here we watch what happens to their wishes and their friendships as life marches on. The four men's bond is deep and solid, but tested by betrayal, death, and distance their alliance comes under pressure. Each friend offers a different perspective, though not necessarily a reliable one... and as they and the world around them change, so do their ideas of friendship and happiness. By the end they are forced to ask whether wishes can really be fulfilled. Or will their story turn out to be a requiem - for a generation, for friendship, or even for one of the four young men? Once again, Eshkol Nevo has produced a novel suffused with charm, warmth and an astonishing wisdom.

The Flavors of Modernity Gian-Paolo Biasin 2017-03-14 From Rabelais's celebration of wine to Proust's madeleine and Virginia Woolf's boeuf en daube in *To the Lighthouse*, food has figured prominently in world literature. But perhaps nowhere has it played such a vital role as in the Italian novel. In a book flowing with descriptions of recipes, ingredients, fragrances, country gardens, kitchens, dinner etiquette, and even hunger, Gian-Paolo Biasin examines food images in the modern Italian novel so as to unravel their function and meaning. As a sign for cultural values and social and economic relationships, food becomes a key to appreciating the textual richness of works such as Lampedusa's *The Leopard*, Manzoni's *The Betrothed*, Primo Levi's *Survival in Auschwitz*, and Calvino's *Under the Jaguar Sun*. The importance of the culinary sign in fiction, argues Biasin, is that it embodies the oral relationship between food and language while creating a sense of materiality. Food contributes powerfully to the reality of a text by making a fictional setting seem credible and coherent: a Lombard peasant eats polenta in *The Betrothed*, whereas a Sicilian prince offers a monumental macaroni timbale at a dinner in *The Leopard*. Similarly, Biasin shows how food is used by writers to connote the psychological traits of a character, to construct a story by making the protagonists meet during a meal, and even to call attention to the fictionality of the story with a metanarrative description. Drawing from anthropology, psychoanalysis, sociology, science, and philosophy, the author gives special attention to the metaphoric and symbolic meanings of food. Throughout he blends material culture with observations on thematics and narrativity to enlighten the reader who enjoys the pleasures of the text as much as those of the palate. Made at Home Giorgio Locatelli 2018-08-20 From Tuscan tomato and bread soup to monkfish stew, simple spaghettis or lemon and pistachio polenta cake, *Made at Home* is a colourful collection of the food that Giorgio Locatelli loves to prepare for family and friends. With recipes that reflect the places he calls home, from Northern Italy to North London or the holiday house he and his wife Plaxy have found in Puglia, this is a celebration of favourite vegetables combined in vibrant salads or fresh seasonal stews, along with generous fish and meat dishes and cakes to share. Early every evening, Giorgio's 'other family', the chefs and front of house staff at his restaurant, Locanda Locatelli, sit down together to eat, and Giorgio reveals the recipes for their best-loved meals, the Tuesday 'Italian' Burger and the Saturday pizza. In a series of features he also takes favourite ingredients or themes and develops them in four different ways, amid ideas for wholesome snacks, from mozzarella and ham calzoncini (pasties) to ricotta and swiss chard erbazzone (a traditional pie), crostini to put out with drinks, and fresh fruit ice creams and sorbets to round off a meal in true Italian style.

Bella Tuscany Frances Mayes 2003-08-05 Frances Mayes, whose enchanting #1 New York Times bestseller *Under the Tuscan Sun* made the world fall in love with Tuscany, invites readers back for a delightful new season of friendship, festivity, and food, there and throughout Italy. Having spent her summers in Tuscany for the past several years, Frances Mayes relished the opportunity to experience the pleasures of primavera, an Italian spring. A sabbatical from teaching in San Francisco allowed her to return to Cortona—and her beloved house, Bramasole—just as the first green appeared on the rocky hillsides. *Bella Tuscany*, a companion volume to *Under the Tuscan Sun*, is her passionate and lyrical account of her continuing love affair with Italy. Now truly at home there, Mayes writes of her deepening connection to the land, her flourishing friendships with local people, the joys of art, food, and wine, and the rewards and occasional heartbreaks of her villa's ongoing restoration. It is also a memoir of a season of change, and of renewed possibility. As spring becomes summer she revives Bramasole's lush gardens, meets the challenges of learning a new language, tours regions from Sicily to the Veneto, and faces transitions in her family life. Filled with recipes from her Tuscan kitchen and written in the sensuous and evocative prose that has become her hallmark, *Bella Tuscany* is a celebration of the sweet life in Italy. Now with an excerpt from Frances Mayes's latest southern memoir, *Under Magnolia*.

The Art of Cooking Maestro Martino of Como 2005-01-03 Maestro Martino of Como has been called the first celebrity chef, and his extraordinary treatise on Renaissance cookery, *The Art of Cooking*, is the first known culinary guide to specify ingredients, cooking times and techniques, utensils, and amounts. This vibrant document is also essential to understanding the forms of conviviality developed in Central Italy during the Renaissance, as well as their sociopolitical implications. In addition to the original text, this first complete English translation of the work includes a historical essay by Luigi Ballerini and fifty modernized recipes by acclaimed Italian chef Stefania Barzini. *The Art of Cooking*, unlike the culinary manuals of the time, is a true gastronomic lexicon, surprisingly like a modern cookbook in identifying the quantity and kinds of ingredients in each dish, the proper procedure for cooking them, and the time required, as well as including many of the secrets of a culinary expert. In his lively introduction, Luigi Ballerini places Maestro Martino in the complicated context of his time and place and guides the reader through the complexities of Italian and papal politics. Stefania Barzini's modernized recipes that follow the text bring the tastes of the original dishes into line with modern tastes. Her knowledgeable explanations of how she has adapted the recipes to the contemporary palate are models of their kind and will inspire readers to recreate these classic dishes in their own kitchens. Jeremy Parzen's translation is the first to gather the entire corpus of Martino's legacy.

On Tyranny Leo Strauss 1991 *On Tyranny* is Leo Strauss's classic reading of Xenophon's dialogue, *Hiero or Tyrannicus*, in which the tyrant Hiero and the poet Simonides discuss the advantages and disadvantages of exercising tyranny. This edition includes a translation of the dialogue, a critique of the commentary by the French philosopher Alexandre Kojève, Strauss's restatement of his position in light of Kojève's comments, and finally, the complete Strauss-Kojève correspondence. "Through [Strauss's] interpretation Xenophon appears to us as no longer the somewhat dull and flat author we know, but as a brilliant and subtle writer, an original and profound thinker. What is more, in interpreting this forgotten dialogue, Strauss lays bare great moral and political problems that are still ours." —Alexandre Kojève, *Critique* "On Tyranny is a complex and stimulating book with its 'parallel dialogue' made all the more striking since both participants take such unusual, highly provocative positions, and so force readers to face substantial problems in what are often wholly unfamiliar, even shocking ways." —Robert Pippin, *History and Theory* "Every political scientist who tries to disentangle himself from the contemporary confusion over the problems of tyranny will be much indebted to this study and inevitably use it as a starting point." —Eric Voegelin, *The Review of Politics* Leo Strauss (1899-1973) was the Robert Maynard Hutchins Distinguished Service Professor of Political Science at the University of Chicago.

Prelude Katherine Mansfield 2017-01-04 "There was not an inch of room for Lottie and Kezia in the buggy. When Pat swung them on top of the luggage they wobbled; the grandmother's lap was full and Linda Burnell could not possibly have held a lump of a child on hers for any distance." The seemingly perfect Burnell family is moving from one house to another, and on the surface, everything appears idyllic. But as the story develops, the tension grows, threatening to explode and expose their true nature. 'Prelude' (1922) is evidence of Katherine Mansfield's short fiction genius, and it was the first short story that Virginia Woolf commissioned for her publishing house. Katherine Mansfield (1888-1923) was short story writer and poet from New Zealand, who settled in England at the age of 19. Virginia Woolf and D.H. Lawrence were among her literary friends and admirers. She died of tuberculosis at the age of 34.

The Promise of Politics Hannah Arendt 2009-01-16 After the publication of *The Origins of Totalitarianism* in 1951, Hannah Arendt undertook an investigation of Marxism, a subject that she had deliberately left out of her earlier work. Her inquiry into Marx's philosophy led her to a critical examination of the entire tradition of Western political thought, from its origins in Plato and Aristotle to its culmination and conclusion in Marx. *The Promise of Politics* tells how Arendt came to understand the failure of that tradition to account for human action. From the time that Socrates was condemned to death by his fellow citizens, Arendt finds that philosophers have followed Plato in constructing political theories at the expense of political experiences, including the pre-philosophic Greek experience of beginning, the Roman experience of founding, and the Christian experience of forgiving. It is a fascinating, subtle, and original story, which bridges Arendt's work from *The Origins of Totalitarianism* to *The Human Condition*, published in 1958. These writings, which deal with the conflict between philosophy and politics, have never before been gathered and published. The final and longer section of *The Promise of Politics*, titled "Introduction into Politics," was written in German and is published here for the first time in English. This remarkable meditation on the modern prejudice against politics asks whether politics has any meaning at all anymore. Although written in the latter half of the 1950s, what Arendt says about the relation of politics to human freedom could hardly have greater relevance for our own time. When politics is considered as a means to an end that lies outside of itself, when force is used to "create" freedom, political principles vanish from the face of the earth. For Arendt, politics has no "end"; instead, it has at times been-and perhaps can be again-the never-ending endeavor of the great plurality of human beings to live together and share the earth in mutually guaranteed freedom. That is the promise of politics.
