Make a Difference Don Sunshine 2021-04-26 Are you a follower of Jesus Christ? If so, then you have been commanded by your Lord and Savior to make disciples, which begins with telling people about your faith. How are you doing with that? Are you being obedient to this command? If not, this book can help. Don Sunshine has been teaching people all over the United States how to share their faith in Christ every day as a lifestyle without fear or embarrassment. Don has taught his Make a Difference (or MAD for short) Live Events in over 650 churches in twenty-seven states and Canada. Tens of thousands of people have been impacted by his simple teaching and have begun sharing their faith in Christ every day with a lost world. This book covers a lot of the material that he presents in his MAD live events. You'll learn the following: how to recognize the opportunities (divine appointments) that God gives you every day to tell someone about Jesus; what fears stop you from sharing your faith and how to defeat those fears and live in obedience; and what it looks like when a door opens for you to share your faith, and what to do and say when the door opens. Putting these truths into practice is so simple that Don teaches the same material in Christian middle and high schools. The book is full of real-life examples of Don's teaching that will help you apply the lessons as part of your daily life. And as you do, your life will become the great adventure that God intended it to be. Your faith and joy will grow as your obedience changes your Christian experience on planet Earth. 1

God Is Not a Christian, Nor a Jew, Muslim, Hindu... Carlton Pearson 2010-03-30 The author of *The Gospel of Inclusion* continues to rouse organized religion as he raises controversial issues and provides enlightening answers to the deepest questions about God and faith. What is God? Where is God? Who is the one true God? Questions such as these have driven a thousand human struggles, through war, terrorism, and oppression. Humanity has responded by branching off into multiple religions, including Christianity, Judaism, Islam—each one pitted against the other. But it doesn't have to be that way. In *God Is Not a Christian, nor a Jew, Muslim, Hindu . . .*, the provocative and acclaimed Bishop Carlton Pearson follows up on his celebrated first book, *The Gospel of Inclusion*, to tackle these questions and many more, exploring new ideas about God and faith and putting forth the stunning assertion that God belongs to no particular religion but is an ever-loving presence available to all. For these beliefs, Bishop Pearson lost his thriving Pentecostal ministry but was catapulted instead into a greater pulpit. His readership has grown through appearances on national

television and an extensive speaking schedule. With the world in the midst of a holy war, there is no better time for the wisdom of Bishop Pearson to reach a global audience. Bishop Pearson's many loyal fans, along with new readers, will surely welcome this provocative and eye-opening exploration of a deeper faith, one that goes far beyond any fundamentalist way of thinking, be it Christian, Jewish, Muslim, Hindu, etc. Simply put, Bishop Pearson dares to tell the truth so many others are too afraid to face.

Confronting Orientalism Sabrina D. Misir Hiralall 2017-11-13 The author aims to use Kuchipudi Indian classical Hindu dance to educate non-Hindus about Hinduism with postcolonialism in mind. This goal arises from her dance experiences and the historical era of imperialism. Colonization occurs when those in power believe there is a need to dominate in a manner that subjugates people. Colonizers created colonies as they moved into territory because they felt there was a need to "civilize" the so-called savages of the land. Postcolonialism is an intellectual discourse that confronts the legacy of colonialism and attempts to de-colonize. With the legacy of colonialism and a postcolonial lens in mind, some research questions arise. How does she, as a Kuchipudi dancer, use Hindu dance to educate non-Hindus about the Eastern literature of Hinduism? For non-Hindus, she feels the power of the exoticizing gaze when she dances, which might very well block the educational intention of the dance. This exoticizing gaze prevents the understanding of the traditional nature of the dance and the introduction to Hinduism as a world religion. The author's problem is moving the exotic gaze of non-Hindus to an educational gaze that seeks to learn about the ethics of Hinduism in a manner that takes into consideration the multiple perspectives of the complex society we live in today. "In short, MisirHiralall's research highlights the role of contemplation and critical-self reflection in creating opportunities for true intercultural relations that respect the epistemologies of traditionally marginalized and stigmatized non-Western religions and cultures. This is essential theoretical and practical research for a multicultural society that is grounded in first-person, lived experience." - Tyson E. Lewis, Ph.D., Associate Professor of Art Education, University of North Texas "Most impressive is that MisirHiralall is walking her talk through a thoughtful and lyrical self-study that is situated in the in-between: between the mind and body, the gaze of the Other and the self, the Eastern and Western worlds, and the fields of dance, religion, philosophy, cultural studies, and teacher education." - Monica Taylor, Ph.D., Professor and Deputy Chair of the Department of Secondary and Special Education, Montclair State University "In MisirHiralall's *Confronting Orientalism*, the reader is gifted with a rare glimpse into a philosopher-educator's wrestling with her teaching through the medium of Hindu dance All who think seriously about the context and impact of their teaching in connection with their core values can benefit from reading of this book." - Michael D. Waggoner, Ph.D., Professor of Postsecondary Education, University of Northern Iowa, Editor of *Religion & Education*

Morphing My Faith Rayol J. Augustus 2017-08-26 With a plethora of temples, churches and mosques all over the country, it is obvious that religion is alive and thriving in the Indian sub-continent. Religion is integral to Indian identity and spirituality. Every Indian has multiple identities such as caste, class, religion and region. Political groups try to capitalize this for their own gain. Inculturation has been the Church's way of evangelizing

since her very beginning as she moved from her Jewish background into global settings. Today the Church faces a greater challenge as she moves into a multicultural digital world. Due to significant political and theological developments, the Indian church has been suffering an identity crisis. Catholics in India are debating the wisdom of this "inculturation" - whether it is right or not to fuse Roman Catholicism with Hindu culture. When the Vatican advocated that the Church should move with the times while suppressing unchanging Catholic doctrine, many Catholics participated in these changes. Many of the clergy and the laity, out of obedience to the supreme Pontiff and eagerness for change, did not question the Vatican II counsel. Some feel this devalued and allowed the organized storming of the Catholic faith - allowing heresies to take deep root in defiance of God's commandments! Many theologians are trying to convince us that Christianity in India has inherited an undesirable Western ambience and must realize her genuine identity. This inculturation effort involves a transformation of Catholic theology to provide greater spiritual accommodation for indigenous Indian religions and to dispel the notion that Christianity is the only true faith. If inculturation now means denying the exclusivity of Christianity, equating Christ with Hindu and Muslim deities, asserting that all religions have equal validity, and in some cases even abandoning Christian theology to discover higher forms of spirituality in other religions, then is it acceptable to Catholics? If Catholic leaders can give up reading the Bible, meditate on the Ramayana and the Bhagavad Gita for inspiration, and consider Krishna "a genuine revelation of God's grace and love," then why are they calling themselves Catholics or Christians? If we look at the practices in the Catholic Church in India today, we can understand why resistance has been building among the laity against the effort of the theologians and many clergy to Indianize the Catholic faith. Most of us "old school" Catholics were raised to worship in a particular way, and now it is being radically altered. We are being told that our religious claims have been exaggerated. So why is Christianity being tailored for the Hindus, who don't want to practice it, instead of for the Catholics who do? We are in a spiritual battle rather than a cultural or informational warfare. Unless we redefine our spirituality, we will go nowhere. Indians are wise and only a wise Church can serve them. How can we get back to our old traditions of faith in a modern non-Catholic or even a non-Christian environment? What answers do we have for our Hindu friends when they accuse Christians of doing things that are misleading Hindus? "Morphing My Faith" is all about inculturation in the Catholic Church in India. Not everything is wrong and we should welcome all that is good. I do not want to get back into a cocoon, but I still draw my strength from our traditions. It is our legacy, it is what keeps us going. We may accept the Vatican's guidelines, but do we have to go overboard? The fact is that there is a tremendous difference between drawing from a faith tradition and blending faith traditions. When we look at what we have in the Catholic Church in India today, can we say that we are spirituality thriving even if we are starting to morph the way we worship in the predominantly Hindu environment? I hope and pray that we are. We are at the crossroads of our faith and I pray that we are not walking on religious quicksand.

My Hindu Faith and Periscope Satish C. Bhatnagar 2012-11 Every author believes that his or her book is meant for everyone. In this respect, however, I am the biggest beneficiary. In the process of writing these reflections for over ten years, and lately compiling and editing them, I have finally understood my faith deeply. Consequently, confidence that I lacked about Hinduism during my adult years has been replaced with pride in graying years! At times, it has taken me to such a height that in a few reflections, I have propounded a thesis that India will be a true secular country only when it will be constitutionally a Hindu state. The practice of secularism in India since 1947 has been reduced to anti-Hinduism and Hindu bashing—paradoxically more so by Hindus than by non-Hindus. It is making India porous for attacks by the terrorists, who are both homegrown and foreign-based. History is repeating itself! The Hindus remain totally divided in half a dozen political parties. A sterling lesson of India's history is that

traders, preachers, and persecuted humanity of every foreign faith were permitted, sheltered, and welcomed by the Hindu kings whose kingdoms stretched from the coasts of Malabar in Kerala to Kuchh in Gujarat to Karachi in Sindh—starting more than one thousand years ago. Doesn't it make pristine Hinduism akin to humanism? What an incredible journey of this realization to dawn after nearly six decades!

Faith Devdutt Pattanaik 2019-04-10 Why are Hindus so ritualistic? Why do they worship idols? Were Hindus always casteist? Are Hindus supposed to be vegetarian? Why is a Hindu prayer different from a Muslim or Christian prayer? Did the arrival of Muslim invaders a thousand years ago destroy Hindu culture? Answering key questions on Hindu philosophy and associated Indian history in simple, lucid, engaging ways, and exploring the often curious customs and beliefs that are an intrinsic part of the Hindu faith, Devdutt Pattanaik's latest book is a treasure house of information on the complex tenets of Hinduism. For many a curious reader, *Faith: 40 Insights into Hinduism* will prove to be a delightful and eye-opening introduction to the intricacies of one of the world's most practiced religions.

Gandhi on Christianity Robert Ellsberg 2013-12-03 Gandhi is widely revered as one of the great moral prophets of the twentieth century. This book focuses on a less well-known area of his interest: his engagement with Jesus and Christianity. As a faithful Hindu, he was unwilling to accept Christian dogma, but in Jesus he recognized and revered one of history's great prophets of nonviolence.

Summary of Shashi Tharoor's Why I Am a Hindu Everest Media, 2022-04-03T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 My Hinduism is a lived faith; it is a Hinduism of experience and upbringing, a Hinduism of observation and conversation. It is not anchored in deep religious study, but I have always been curious about ancient Indian traditions and beliefs. #2 Hinduism is the name that foreigners first applied to the indigenous religion of India. It encompasses an eclectic range of beliefs and practices, from pantheism to agnosticism and from faith in reincarnation to the caste system. But none of these constitutes an obligatory credo for a Hindu. #3 I am a Hindu because I believe in the ancient genius of my own people. I am proud of the history of my faith in my own land, and I am reaffirmed in this allegiance by the Harvard scholar Diana Eck writing of the sacred geography of India. #4 Hinduism is a religion that allows its followers to be *astika* (pious) or *nastika* (impious). The terms relate more to orthopraxy than orthodoxy, but action proceeds from convictions.

The Other Half of My Soul Beatrice Bruteau 1996-05-01 Every age has its visionaries. Bede Griffiths, the gentle Benedictine monk who traveled to India to seek the other half of his soul was one such spiritual giant. Like Mother Teresa and Thich Nhat Hanh, Father Bede's spirituality transcends sectarian labels. His *Shantivanam* ("Forest of Peace") monastery in India is Christian in faith but Hindu in lifestyle. The essays and stories in the moving tribute to Father Bede by such luminaries as Thomas Berry dissolve the boundaries between Christian belief and Eastern practice. Foreword by the Dalai Lama.

My Religion M. K. GANDHI 2021-01-01 Gandhiji was born a Hindu. But his Hinduism was his own. It had its roots firm in ancient Hinduism, but it grew and developed in the light of his contact with other religions, more especially Christianity, as will be seen from Section Two of this volume. He sought to drink at the spring of all religions, and therefore he felt that he belonged to every religion. And yet, if he had to have a label, the label he preferred and which was his not only by right of birth but also intrinsically, was Hinduism, the religion of his forefathers.

Jesus Among Other Gods Ravi Zacharias 2000-10-10 You can't be friends with God if the God you believe in doesn't really exist. You can't depend on God if your God is a figment of your imagination. In a world full of gods, how do you know Jesus is real? You have probably heard things like: All religions lead to the same God. All faiths teach the same things. It doesn't matter what you believe--just that you believe sincerely. But Jesus said that: He alone is the way to God. He alone shows us the truth of who God is. He alone gives us life close to God. In this youth edition of *Jesus Among Other Gods*, Ravi Zacharias gives solid evidence as to why we should choose Jesus Christ as THE God among all other gods. Zacharias contrasts the truth of Jesus with the founders of Islam, Hinduism, and Buddhism, providing strong descriptions of each faith and solid defenses for the cause of Christ. In addition to the religion comparisons, the book answers questions such as: "What about all the hypocrites at church?" "How scientific is science?" "How can you best share what you believe?" and "Does the Bible teach reincarnation?" You can never be too young to learn how to defend your faith. . . and this book will tell you exactly how to do just that!

Out of the Fog, Into the Sun Jo Kinnard 2010-09-01 Are you intrigued by the idea of faith? Are you searching for answers to questions about God as you try to make sense of the circumstances of your life? Have you ever wondered what it means to experience religious conversion? In *Out of the Fog, Into the Sun*, Jo Kinnard shares her personal story of life transformation. She talks freely about what it means to be brought into faith through Christ as an older adult, after being born and raised Hindu. As someone who has a background in religion and philosophy, and holds a doctorate in one of the main schools of Indian Philosophy underlying Hinduism, Dr. Kinnard is able to articulate questions that seekers have about God and faith. Her story makes a powerful confession of the Gospel in a world marked by religious pluralism, atheism, and agnosticism. It is written for individuals and for discussion groups--exploring what it means to be a Christian today from both an "outsider" and an "insider" perspective--and underlining that in Christ, there are no walls.

Five Voices Five Faiths Amanda Milly Hughes 2005-02-25 In this unique book about the major religious traditions of the world, a practitioner from each tradition—Hinduism, Judaism, Buddhism, Christianity, and Islam—introduces the basics of his or her faith and participates in a conversation about the challenges of being faithful in the modern world. Each essay and conversation is followed by a list of suggestions for further reading. Written for the non-specialist, *Five Voices Five Faiths* is an accessible book in which neighbors honor both our differences and our common bonds. Some may say that my only obligation to other non-Christian believers is to preach the good news of God in Christ Jesus. They may also believe that participating in interfaith dialogue and relationship, by the very nature of the task, causes me to disobey the gospel mandate to go into the world and make disciples of all people. I understand the position, and for much of my life subscribed to it. But today, as a middle-aged woman, with grown children and aging parents, another line from the Christian gospels compels me. Today, I reflect more deeply on the new commandment Jesus gave, to love one another as he has loved us. In order to be obedient to that commandment, I understand myself to be required to participate in conversations in which I am not afforded the last word or the luxury of full agreement, compliance, or conversion. This love requires that I involve myself in the lives of others, even when my most basic human instinct is to run, to hide, and to avoid the unfamiliar. The love that Jesus commands of me requires that I, as he has done before me, kindle and engender deep relationships with those others: the outcast, the unfamiliar, the different, and the very ones that we presume constitute the greatest threat to our institutional and cultural norms. —from the Introduction, by Amanda Millay Hughes

My Journey to Faith Gautham Jayachandran 2017-02-28 The word 'journey' is a common metaphor used to describe our time here on Earth. Everyone's journey of life is unique and it can change direction, at any time, for any reason, by our own choice or by conditions imposed upon us. This booklet is about one quite ordinary life journey - mine - a dominant feature of which is a journey to faith in God. I was brought up in India as a god-fearing Hindu mainly because of the influence my mother's religious practices had on me. But my life as a Hindu radically changed direction when I was confronted by the God of the Bible. I respectfully discuss my experiences both as a Hindu and as a Christian and present my reasons for the change of spiritual direction in my life. I hope you find this booklet an encouragement in your own journey of life.
