Someone Else's Wedding Vows Bianca Stone 2014-03-18 The much-anticipated debut collection from a celebrated young poet, *Someone Else's Wedding Vows* marks the arrival of an exciting new voice in American poetry. *Someone Else's Wedding Vows* reflects on the different forms of love, which can be both tremendously joyous and devastatingly destructive. The title poem confronts a human ritual of marriage from the standpoint of a wedding photographer. Within the tedium and alienation of the ceremony, the speaker grapples with a strange human hopefulness. In this vein, Stone explores our everyday patterns and customs, and in doing so, exposes them for their complexities. Drawing on the neurological, scientific, psychological, and even supernatural, this collection confronts the difficulties of love and family. Stone rankles with a desire to understand, but the questions she asks are never answered simply. These poems stroll along the abyss, pointing towards the absurdity of our choices. They recede into the imaginative in order to understand and translate the distressing nature of reality. It is a bittersweet question this book raises: Why we are like this? There is no easy answer. So while we look down at our

hands, perplexed, Someone Else's Wedding Vows raises a glass to the future.

The Holy Land Alda Merini 2002 For Merini, it seems, the Holy Land is not the Promised Land of Canaan, but the forty years spent getting there, coming to terms with the terrifying atrocities of hell, the mystical ecstasies of paradise, and the "intense pain...of plunging back into the banality of daily living." Merini's wandering may be understood as the poet's search for the obscure laws which govern her visions, metamorphoses, and creations. "--BOOK JACKET.

La decima musa Vincenzo Schettino 2016-10-12 È possibile raccontare la scienza con gli strumenti della poesia? Questo libro esplora la questione esaminando dapprima il pensiero, spesso contraddittorio, di scienziati e poeti, per poi presentare una antologia di 'poesie scientifiche'. L'ampiezza e la varietà di accenti sono sorprendenti: si va dal semplice racconto di frammenti della scienza, una poesia talora didascalica, alla meraviglia e alla celebrazione di grandi scoperte e protagonisti, alla scienza come metafora delle vicende umane, alle implicazioni

sociali e ambientali del suo uso, alla poesia come veicolo per un più amichevole approccio al mondo naturale, all'umorismo insito nei fatti tecnici. L'ampiezza di queste tematiche sembra sostanziare quello che Montale diceva della poesia: «basta un foglio di carta e una matita e il gioco è fatto».

Un été de poésie, d'amour et de vie Bernard Friot 2018-08-22 Les grandes vacances et l'amour qui va naître entre Marion et Kev, en marge d'un atelier de poésie.

Ātman e Poesia Edoardo Francesco Taurino 2020-05-18 L'opera narra una storia d'amore, di una notte e di una vita intera, dei più grandi innamorati, uniti sotto la luna e dinanzi la Poesia. Parla dell'equilibrio stabile e immutabile nascosto dietro al corso dell'esistenza e rivelato apertamente nei disegni che compongono le stelle del cielo ogni notte. Essa è un punto d'incontro tra i frutti delle vite passate e il fertile campo che rappresentano le vite del nostro presente. 2020 anni fa, un uomo si è posto questo compito scendendo dal cielo e venendo in terra in mezzo agli uomini. Ora, 2020 anni dopo, un uomo andrà dalla terra fino in cielo per risanare l'incomprensione, nata dalla lontananza, tra uomini e stelle. La vita predispone il tutto per renderlo possibile. Come due attori sulla scena, la vita si servirà dei due più grandi innamorati "muovendo le redini" che gli permetteranno di riappacificare cielo e terra.

The Late Mattia Pascal Luigi Pirandello 2004-11-30 Mattia

Pascal endures a life of drudgery in a provincial town. Then, providentially, he discovers that he has been declared dead.

Realizing he has a chance to start over, to do it right this time, he moves to a new city, adopts a new name, and a new course of life—only to find that this new existence is as insufferable as the old one. But when he returns to the world he left behind, it's too late: his job is gone, his wife has remarried. Mattia Pascal's fate is to live on as the ghost of the man he was. An explorer of identity and its mysteries, a connoisseur of black humor, Nobel Prize winner Luigi Pirandello is among the most teasing and profound of modern masters. The Late Mattia Pascal, here rendered into English by the outstanding translator William Weaver, offers an irresistible introduction to this great writer's work

The Long Descent John Michael Greer 2008-09-01 Americans are expressing deep concern about US dependence on petroleum, rising energy prices and the threat of climate change. Unlike the energy crisis of the 1970s, however, there is a lurking fear that, now, the times are different and the crisis may not easily be resolved. The Long Descent examines the basis of such fear through three core themes: Industrial society is following the same well-worn path that has led other civilizations into decline, a path involving a much slower and more complex transformation than the sudden catastrophes imagined by so many social critics today. The roots of the crisis lie in the cultural stories that shape the way we understand the world. Since problems cannot be solved with the same thinking that created them, these ways of thinking need to be replaced with others better suited to the needs of our time. It is too late for massive programs for top-down change; the change must come from individuals. Hope exists in actions that range from taking up a handicraft or adopting an "obsolete" technology, through planting an organic vegetable garden, taking charge of your own health care or spirituality, and building community. Focusing eloquently on constructive adaptation to massive change, this book will have wide appeal.

Night Elie Wiesel 2013-09-10 A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew

confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.
