Legions of Rome Stephen Dando-Collins 2013-09-03 No book on Roman history has attempted to do what Stephen Dando-Collins does in *Legions of Rome*: to provide a complete history of every Imperial Roman legion and what it achieved as a fighting force. The author has spent the last thirty years collecting every scrap of available evidence from numerous sources: stone and bronze inscriptions, coins, papyrus and literary accounts in a remarkable feat of historical detective work. The book is divided into three parts: Part 1 provides a detailed account of what the legionaries wore and ate, what camp life was like, what they were paid and how they were motivated and punished. The section also contains numerous personal histories of individual soldiers. Part 2 offers brief unit histories of all the legions that served Rome for 300 years from 30BC. Part 3 is a sweeping chronological survey of the campaigns in which the armies were involved, told from the point of view of particular legions. Lavish, authoritative and beautifully produced, *Legions of Rome* will appeal to ancient history enthusiasts and military history buffs alike.

Legionary: Viper of the North (Legionary #2) Gordon Doherty 2014-09-29 The Danubian frontier is weaker than ever, and a storm is gathering in the north . . . Deep winter, 376 AD: Emperor Valens has withdrawn the field armies from Moesia and Thracia to fight in the Persian War. The impoverished limitanei legions left behind to defend the banks of the River Danubius are now all that stand between the war-hungry Goths and heart of the Eastern Roman Empire. For Numerius Vitellius Pavo and the men of the XI Claudia, the brief from Emperor Valens is simple: to avoid war with the Goths at all costs while the Roman defences are so weak. But in the frozen lands north of the Danubius a dark legend, thought long dead, has risen again. The name is on the lips of every warrior in Gutthiuda; the one who will unite the tribes, the one whose armies will march upon the empire, the one who will bathe in Roman blood . . . The Viper!

Could Nero withdraw from Britannia, and at what price for the Empire? As the bankers of the Empire scramble to call in their loans, Vespasian is sent to Londinium on a secret mission, only to become embroiled in a deadly rebellion led by Boudicca, a female warrior of extraordinary bravery. The Silver Pigs Lindsey Davis 2006-10-03 *The Silver Pigs* is Lindsey Davis' classic novel, which introduced readers around the world to Marcus Didius Falco, a private informer with a knack for trouble, a tendency for bad luck, and a frequently inconvenient drive for justice. She confesses to him that she is fleeing for her life, and Falco makes the rash decision to rescue her—a decision he will come to regret. For Sosia bears a heavy burden: as heavy as a pile of stolen Imperial ingots, in fact. Matters just get more complicated when Falco meets Helena Justina, a Senator's daughter who is connected to the very same traitors he has sworn to expose. Soon Falco finds himself swept from the perilous back alleys of Ancient Rome to the silver mines of distant Britain—and up against a cabal of traitors with blood on their hands and no compunction whatsoever to do away with a snooping plebe like Falco....

The Crossroads Brotherhood Robert Fabbri 2011-12-25 Rome, AD 25: Marcus Salvius Magnus, Patron of the Crossroads Brotherhood, has a problem. In fact, he has two. One of the brothels under his protection has been raided by a rival Brotherhood, and valuable merchandise has been stolen. He can't lose face and let the attack go unpunished, but how can he retaliate without igniting a gang war? At the other end of the social spectrum, Lady Antonia - the emperor's sister-in-law - has let Senator Gaius Vespasius Pollo know that she has a score that only blood will settle, and Magnus owes the Senator a favour. Now, a simple assassination wouldn't be a problem for a man like Magnus, but the instruction is that this death has to be a little more... inventive... than the usual knife-in-the-back-in-a-dark-alley. Perhaps the Patronus of the Crossroads Brotherhood can kill two birds with one stone? A VESPASIAN NOVELLA _____ Don't miss Robert Fabbri's epic new series Alexander's Legacy

False God of Rome Robert Fabbri 2014-06-01 Vespasian's mission will lead to violence, mayhem, and theft—and in the end, to a betrayal so great it will echo through the ages Vespasian is serving as a military officer on the outskirts of the Roman Empire, suppressing local troubles and defending the Roman way. But political events in Rome—Tiberius's increasingly insane debauchery, the escalating grain crisis—draw him back to the

city. When Caligula becomes Emperor, Vespasian believes that things will improve. Instead, he watches the young emperor deteriorate from Rome's shining star to a blood-crazed, incestuous, all-powerful madman. Lavish building projects, endless games, public displays of his relationship with his sister, Drusilla, and a terrified senate are as nothing to Caligula's most ambitious plan: to bridge the bay of Neapolis and ride over it wearing Alexander's breastplate. And it falls to Vespasian to travel to Alexandria and steal it from Alexander's mausoleum.

The Iron Hand of Mars Lindsey Davis 2011-06-21 When Germanic troops in the service of the Empire begin to rebel, and a Roman general disappears, Emperor Vespasian turns to the one man he can trust: Marcus Didius Falco, a private informer whose rates are low enough that even the stingy Vespasian is willing to pay them. To Falco, an undercover tour of Germania is an assignment from Hades. On a journey that only a stoic could survive, Falco meets with disarray, torture, and murder. His one hope: in the northern forest lives a powerful Druid priestess who perhaps can be persuaded to cease her anti-Rome activities and work for peace. Which Falco is eagerly hoping for as, back in Rome, the Titus Caesar is busy trying to make time with Helena Justina, a senator's daughter and Falco's girlfriend. Lindsey Davis' historical mystery Iron Hand of Mars is a "Seamless blending of humor, history and adventure" (Publishers Weekly).

Master and God Lindsey Davis 2012-06-05 From New York Times bestselling novelist Lindsey Davis comes an epic novel of first-century Rome and the Emperor Domitian, known to all of the Roman world as Master and God Set in the reign of the Emperor Domitian in first-century Rome, Master and God is Lindsey Davis's meticulously researched epic novel of the life and times surrounding the last of the Flavian dynasty of emperors. Gaius Vinius is a reluctant Praetorian Guard—the Emperor's personal guard—and a man with a disastrous marriage history. Flavia Lucilla is also in the imperial court and she is responsible not only for having created the ridiculous hairstyle worn by the imperial ladies but for also making toupees for the balding and increasingly paranoid emperor. The two of them are brought together in an unlikely manner—a devastating fire in Rome—which then leads to a lifelong friendship. Together they watch Domitian's once talented rule unravel into madness and cruelty, until the people closest to him conspire to delete him from history. As an imperial bodyguard, Vinius then faces a tough decision. Master and God is a compelling novel of the Roman Empire—from the height of power to the depths of madness—told from the perspective of two courtiers and unlikely friends who together are the witnesses to history.

Slaves to Rome Myles Lavan 2013-02-14 This study in the language of Roman imperialism provides a provocative new perspective on the Roman imperial project. It highlights the prominence of the language of mastery and slavery in Roman descriptions of the conquest and subjection of the provinces. More broadly, it explores how Roman writers turn to paradigmatic modes of dependency familiar from everyday life - not just slavery but also clientage and childhood - in order to describe their authority over, and responsibilities to, the subject population of the provinces. It traces the relative importance of these different models for the imperial project across almost three centuries of Latin literature, from the middle of the first century BCE to the beginning of the third century CE.

Ancient Rome: The Rise and Fall of an Empire Simon Baker 2010-09-30 This is the story of the greatest empire the world has ever known. Simon Baker charts the rise and fall of the world's first superpower, focusing on six momentous turning points that shaped Roman history. Welcome to Rome as you've never seen it before - awesome and splendid, gritty and squalid. From the conquest of the Mediterranean beginning in the third century BC to the destruction of the Roman Empire at the hands of barbarian invaders some seven centuries later, we discover the most critical episodes in Roman history: the spectacular collapse of the 'free' republic, the birth of the age of the 'Caesars', the violent suppression of the strongest rebellion against Roman power, and the bloody civil war that launched Christianity as a world religion. At the heart of this account are the dynamic, complex but flawed characters of some of the most powerful rulers in history: men such as Pompey the Great, Julius Caesar, Augustus, Nero and Constantine. Putting flesh on the bones of these distant, legendary figures, Simon Baker looks beyond the dusty, toga-clad caricatures and explores their real motivations and ambitions, intrigues and rivalries. The superb narrative, full of energy and imagination, is a brilliant distillation of the latest scholarship and a wonderfully evocative account of Ancient Rome.

Tragedy of Titus Andronicus William Shakespeare 1897

Ancient Libraries Jason König 2013-04-25 The circulation of books was the motor of classical civilization. But books were both expensive and rare, and so libraries - private and public, royal and civic - played key roles in articulating intellectual life. This collection, written by an international team of scholars, presents a fundamental reassessment of how ancient libraries came into being, how they were organized and how they were used. Drawing on papyrology and archaeology, and on accounts written by those who read and wrote in them, it presents new research on reading cultures, on book collecting and on the origins of monumental library buildings. Many of the traditional stories told about ancient libraries are challenged. Few were really enormous, none were designed as research centres, and occasional conflagrations do not explain the loss of most ancient texts. But the central place of libraries in Greco-Roman culture emerges more clearly than ever.

Cornelius Nepos, Life of Hannibal Bret Mulligan 2015-10-05 Trebia. Trasimene. Cannae. With three stunning victories, Hannibal humbled Rome and nearly shattered its empire. Even today Hannibal's brilliant, if ultimately unsuccessful, campaign against Rome during the Second Punic War (218-202 BC) make him one of history's most celebrated military leaders. This biography by Cornelius Nepos (c. 100-27 BC) sketches Hannibal's life from the time he began traveling with his father's army as a young boy, through his sixteen-year invasion of Italy and his tumultuous political career in Carthage, to his perilous exile and eventual suicide in the East. As Rome completed its bloody transition from dysfunctional republic to stable monarchy, Nepos labored to complete an innovative and influential collection of concise biographies. Putting aside the detailed, chronological accounts of military campaigns and political machinations that characterized most writing about history, Nepos surveyed Roman and Greek history for distinguished men who excelled in a range of prestigious occupations. In the exploits and achievements of these illustrious men, Nepos hoped that his readers would find models for the honorable conduct of their own lives. Although most of Nepos' works have been lost, we are fortunate to have his biography of Hannibal. Nepos offers a surprisingly balanced portrayal of a man that most Roman authors vilified as the most monstrous foe that Rome had ever faced. Nepos' straightforward style and his preference for common vocabulary make *Life of Hannibal* accessible for those who are just beginning to read continuous Latin prose, while the historical interest of the subject make it compelling for readers of every ability.
