Look at Me Mareike Krügel 2018-02-26 Katharina's husband isn't coming home for the weekend—again—so she's on her own. When their chaotic daughter Helli has a nosebleed, Kat has to dash off to school to pick her up. Then their son, Alex, announces he's bringing his new girlfriend home for the first time. Kat's best friend from college is coming around tonight too, and she's wondering if she should try to seduce him—but first she needs to do the shopping, the vacuuming and the laundry, deal with an exploding clothes-dryer, find their neighbour's severed thumb in the front yard and catch a couple of escaped rodents. When she's got all that sorted, perhaps she'll have time to think about the thing she's been trying not to think about—the lump she's just found in her breast. Because you can't just die and leave a huge mess for someone else to clean up...can you? And wasn't there supposed to be more to life than this? Mareike Krügel lives in Schleswig-Holstein with her husband and their two children. She has received numerous literary awards, including the Friedrich Hebbel Prize. *Look at Me* is her fourth novel, and the first to be translated into English. 'Funny, moving and thought-provoking.' BookMooch 'Kat and her family are deeply flawed but likeable characters; you want to cheer them on...A good read, suitable for long, dark evenings.' Otago Daily Times 'A quirky ride that masterfully blends a sardonic sense of humour with a deeply embedded fear of mortality.' Readings 'For all the chaos of Katharina's life and for all the humour of her narrative voice, this well-written and surprisingly complex novel has an unexpected gravitas.' Age 'Definitely one of those "read in one sitting", "hard to put down" books.' Nudge Books 'An enjoyable and thought provoking read.' MindFood 'With a heroine so well-realised she feels like a friend, and piercingly true ruminations on the strange courses that life can take, *Look At Me* is a wildly impressive English-language debut.' Culturefly 'Full of whimsical inner monologues and snappy one liners.' Booklist 'Krügel knows her way around both the salty and sweet of marriage and motherhood.' Kirkus Reviews

**Digital Culture in Architecture** Antoine Picon 2010-04-09 Today's explosive developments in digital technology have also affected architecture and the urban landscape. The new possibilities opened up by digital simulation have led to an increasingly strategic approach to planning, an approach based on generating scenarios, which thus represents a radical departure from traditional planning. From the preliminary sketch all the way to the production of individual building components, digital tools offer new possibilities that were still inconceivable just a few years ago. This volume provides a profound introduction to the important role of digital technologies in design and execution. In four chapters, the author systematically examines the influence of digital culture on architecture but also on the urban landscape as well as product design. The relationship of digital architecture to the city is also an important focus.

*The Body Where I was Born* Guadalupe Nettel 2015-06-16 The first novel to appear in English by one of the most talked-about and critically acclaimed writers of new Mexican fiction. From a psychoanalyst's couch, the narrator looks back on her bizarre childhood—in which she was born with an abnormality in her eye into a family intent on fixing it. In a world without the time and space for innocence, the narrator intimately recalls her younger self—a fierce and discerning girl open to life's pleasures and keen to its ruthless cycle of tragedy. With raw language and a brilliant sense of humor, both delicate and unafraid, Nettel strings together hard-won, unwieldy memories—taking us from Mexico City to Aix-en-Provence, France, then back home again—to create a portrait of the artist as a young girl. In these pages, Nettel's art of storytelling transforms experience into inspiration and a new startling perception of reality. "Nettel's eye...gives rise to a tension, subtle but persistent, that immerses us in an uncomfortable reality, disquieting, even disturbing—a gaze that illuminates her prose like an alien sun shining down on our world." —Valeria Luiselli, author of *Sidewalks and Faces in the Crowd* "It has been a long time since I've found in the literature of my generation a world as personal and untransferable as that of Guadalupe Nettel." —Juan Gabriel Vásquez, author of *The Sound of Things Falling* "Nettel reveals the subliminal beauty within beings...and painstakingly examines the intimacies of her soul." —Magazine *Littéraire* "Guadalupe Nettel's storytelling power is majestic." —Typographical Era *In Praise of Natural Histories* "Five flawless stories..." —The New York Times "Nettel's stories are as atmospheric and emotionally battering as Checkhov's." —Asymptote

This Chair Rocks Ashton Applewhite 2019-03-05 "Wow. This book totally rocks. It arrived on a day when I was in deep confusion and sadness about my age. Everything about it, from my invisibility to my neck. Within four or five wise, passionate pages, I had found insight, illumination, and inspiration. I never use the word empower, but this book has empowered me." —Anne Lamott, New York Times bestselling author Author, activist, and TED speaker Ashton Applewhite has written a rousing manifesto calling for an end to discrimination and prejudice on the basis of age. In our youth obsessed culture, we're bombarded by media images and messages about the despairs and declines of our later years. Beauty and pharmaceutical companies work overtime to convince people to purchase products that will retain their youthful appearance and vitality. Wrinkles are embarrassing. Gray hair should be colored and bald heads covered with implants. Older minds and bodies are too frail to keep up with the pace of the modern working world and olders should just step aside for the new generation. Ashton Applewhite once held these beliefs too until she realized where this prejudice comes from and the damage it does. Lively, funny, and deeply researched, *This Chair Rocks* traces her

journey from apprehensive boomer to pro-aging radical, and in the process debunks myth after myth about late life. Explaining the roots of ageism in history and how it divides and debases, Applewhite examines how ageist stereotypes cripple the way our brains and bodies function, looks at ageism in the workplace and the bedroom, exposes the cost of the all-American myth of independence, critiques the portrayal of elders as burdens to society, describes what an all-age-friendly world would look like, and offers a rousing call to action. It's time to create a world of age equality by making discrimination on the basis of age as unacceptable as any other kind of bias. Whether you're older or hoping to get there, this book will shake you by the shoulders, cheer you up, make you mad, and change the way you see the rest of your life. Age pride!

*Contro la crudeltà sugli animali* Alexander Pope 2019-12-05 Un breve saggio scritto da Alexander Pope pubblicato sul n. 61 di «The Guardian» il 21 maggio 1713, un veemente attacco al barbaro sfruttamento degli animali, inclusa la macellazione e la vivisezione. Pope riteneva che il dominio dell'uomo sulle bestie, ritenute creature inferiori, fosse il prodotto dell'industrializzazione, del profitto economico e della politica illuminista. Si batté ardentemente in favore del vegetarianesimo come unico strumento di ribellione contro tale tirannia.

Family Sayings Natalia Ginzburg 1989

*The Big Water* Živko Čingo 2004 Set in Macedonia immediately after World War 2, it tells the story of a group of children orphaned by the war and their life in an orphanage. Full of characters and incidents, the book presents a child's view of life that is both humorous and bleak and, by its end, very moving. At a metaphoric level, the novel presents a strong critique of the authoritarianism of both institutional life and the Communist system, and their inability to reconcile with the needs and nature of the individual. At the human level, *The Big Water* is a very positive and moving story of the emotional development of children, and of the fundamental and irreplaceable role of the mother. Readers will remember this story and its climax long after they have finished the book.

Il matrimonio in situazioni estreme Società italiana di demografia storica. Convegno 2005 L'attenzione degli studiosi di scienze sociali - antropologi, sociologi, demografi - si rivolge spesso ad aggregati umani di ridotte dimensioni, caratterizzati dal fatto di vivere in ambienti relativamente poco estesi. È naturale che questi ambienti siano frequentemente isole vere e proprie, anche se, per estensione, vi sono numerosi studi che riguardano la popolazione di 'isolati' demografici. Molte volte, infatti, ai gruppi umani delle isole vengono equiparati quelli delle valli montane e di alcune aree desertiche, oppure quelli di isolati 'speciali', come le minoranze linguistiche o religiose. Il volume raccoglie diversi esempi di come questo tema possa essere affrontato in relazione al matrimonio.

Geomorphological Hazards of Europe C. Embleton 1997-04-07 The Geomorphological Hazards of Europe contains an excellent balance of authoritative statements on the range and causes of natural hazards in Europe. Written in a clear and unpretentious style, it removes myths and concentrates on the basic facts. The book looks at the known distributions, processes and the underlying principles and focuses on the need for a true understanding of the scientific details so that a real contribution to hazard management can be made. A comprehensive treatment of scientific and management issues of hazards in Europe caused by natural or sometimes human induced earth surface processes are covered including floods, landslides, avalanches, glacier-, coastal-, karstic-, and volcanic hazards, soil erosion and subsidence. Leading researchers in the field of natural hazards and their mitigation have contributed to this nation by nation account covering 20 European countries. The volume is well illustrated with 207 figures of which 66 are photos and has an extensive general index and a complete index of place names. In the Sea There are Crocodiles Fabio Geda 2011-08-09 When ten-year-old Enaiatollah Akbari's small village in Afghanistan falls prey to Taliban rule in early 2000, his mother shepherds the boy across the border into Pakistan but has to leave him there all alone to fend for himself. Thus begins Enaiat's remarkable and often punishing five-year ordeal, which takes him through Iran, Turkey, and Greece before he seeks political asylum in Italy at the age of fifteen. Along the way, Enaiat endures the crippling physical and emotional agony of dangerous border crossings, trekking across bitterly cold mountain pathways for days on end or being stuffed into the false bottom of a truck. But not everyone is as resourceful, resilient, or lucky as Enaiat, and there are many heart-wrenching casualties along the way. Based on Enaiat's close collaboration with Italian novelist Fabio Geda and expertly rendered in English by an award-winning translator, this novel reconstructs the young boy's memories, perfectly preserving the childlike perspective and rhythms of an intimate oral history. Told with humor and humanity, *In the Sea There Are Crocodiles* brilliantly captures Enaiat's moving and engaging voice and lends urgency to an epic story of hope and survival.

Patient Engagement Guendalina Graffigna 2016-01-01 Patient engagement should be envisaged as a key priority today to innovate healthcare services delivery and to make it more effective and sustainable. The experience of engagement is a key qualifier of the exchange between the demand (i.e. citizens/patients) and the supply process of healthcare services. To understand and detect the strategic levers that sustain a good quality of patients' engagement may thus allow not only to improve clinical outcomes, but also to increase patients' satisfaction and to reduce the organizational costs of the delivery of services. By assuming a relational marketing perspective, the book offers practical insights about the developmental process of patients' engagement, by suggesting concrete tools for assessing the levels of patients' engagement and strategies to sustain it. Crucial resources to implement these strategies are also the new technologies that should be (1) implemented according to precise guidelines and (2) designed according to a user-centered design process.

Furthermore, the book describes possible fields of patients' engagement application by describing the best practices and experiences matured in different fields
