**To Professor, with Love** Linda Kage Junior in college. Star athlete. Constant attention from the opposite sex. On this campus, I'm worshiped. While seven hundred miles away, back in my hometown, I'm still trailer park trash, child of the town tramp, and older sibling to three kids who are counting on me to keep my shit together so I can take them away from the same crappy life I grew up in. These two opposing sides of myself never mix until one person gets a glimpse of the true me. I never expected to connect with anyone like this or want more beyond one night. This may be the real deal. Problem is Dr. Kavanagh's my literature professor. If I start anything with a teacher and we're caught together, I might as well kiss my entire future goodbye, as well as my family's and especially Dr. Kavanagh's. Except sometimes love is worth risking everything. Or at least, it damn well better be, because I can only resist so much.-N. G.-.-Provided by publisher.

**Stella, Star of the Sea** 2010-02-08 Sam is full of questions on his first trip to the seashore and his older sister has an answer for each one, except whether or not Sam will ever come into the water.

**Europe and Empire** Massimo Cacciari 2016-01-04 The European Union and the single currency have given Europe more stability than it has known in the past thousand years, yet Europe seems to be in perpetual crisis about its global role. The many European empires are now reduced to a multiplicity of ethnicities, traditions, and civilizations. Europe will never be One, but to survive as a union it will have to become a federation of "islands" both distinct and connected. Though drawing

on philosophers of Europe's past, Cacciari calls not to resist Europe's sunset but to embrace it. Europe will have to open up to the possibility that in few generations new exiles and an unpredictable cultural hybridism will again change all we know about the European legacy. Though scarcely alive in today's politics, the political unity of Europe is still a necessity, however impossible it seems to achieve.

The Daydreamer Ian McEwan 2010-07-20 A classic from one of our greatest storytellers underlines Doubleday Canada's commitment to YA fiction, in a handsome new edition that will appeal to young readers of all ages. In the final story, he wakes up as an eleven-year-old inside a grown-up's body, and embarks on the truly fantastic adventure of falling in love. Moving, dreamlike, and extraordinary, *The Daydreamer* is a celebration of imagination and fantasy.

*Translating Culture Specific References on Television* Irene Ranzato 2015-09-16 *Translating Culture Specific References on Television* provides a model for investigating the problems posed by culture specific references in translation, drawing on case studies that explore the translational norms of contemporary Italian dubbing practices. This monograph makes a distinctive contribution to the study of audiovisual translation and culture specific references in its focus on dubbing as opposed to subtitling, and on contemporary television series, rather than cinema. Irene Ranzato's research involves detailed analysis of three TV series dubbed into Italian, drawing on a corpus of 95 hours that includes nearly 3,000 CSR translations. Ranzato proposes a new taxonomy of strategies for the translation of CSRs and explores the sociocultural, pragmatic and ideological implications of audiovisual translation for the small screen.

*The Lover* A.B. Yehoshua 2012-05-14 A husband seeks his wife's lover who is lost in the turbulence of Israel's Yom Kippur War. As the story of his quest unfolds and grows in intensity, the main protagonists are drawn into the search and transformed by it: through the different perspective of husband, wife, teenage daughter, young Arab emerges a complex picture of the uneasy present, the tension between generations, between Israel's past and future, between Jews and Arabs. *The Lover* was A.B. Yehoshua's first novel and immediately brought him international recognition. It is brilliant, compassionate and highly original and as accomplished as all his later works.

Lamberto, Lamberto, Lamberto Gianni Rodari 2011-12-06 A fable for children and adults: a story of life, death, and terrorism—in the grand tradition of Exupéry's *The Little Prince* When we first meet 93-year-old millionaire Baron Lamberto, he has been diagnosed with 24 life-threatening ailments—one for each of the 24 banks he owns. But when he takes the advice of an Egyptian mystic and hires servants to chant his name over and over again, he seems to not only get better, but younger. Except then a terrorist group lays siege to his island villa, his team of bank managers has to be bussed in to help with the ransom negotiations, and a media spectacle breaks out . . . A hilarious and strangely moving tale that seems ripped from the headlines—although actually written during the time the Red Brigades were terrorizing Italy—Gianni Rodari's *Lamberto, Lamberto, Lamberto* has become one of Italy's most beloved fables. Never before translated into English, the novel is a reminder, as Rodari writes, that “there are things that only happen in fairytales.”

The Tenth Muse Judith Jones 2008-12-24 From the legendary editor who helped shape modern cookbook publishing—one of the food world's most admired figures—comes this evocative and inspiring memoir. Living in Paris after World War II, Jones broke free of bland American food and reveled in everyday French culinary delights. On returning to the States she published Julia Child's *Mastering the Art of French Cooking*. The rest is publishing and gastronomic history. A new world now opened up to Jones as she discovered, with her husband Evan, the delights of American food, publishing some of the premier culinary luminaries of the twentieth century: from Julia Child, James Beard, and M.F.K. Fisher to Claudia Roden, Edna Lewis, and Lidia Bastianich. Here also are fifty of Jones's

favorite recipes collected over a lifetime of cooking—each with its own story and special tips. The Tenth Muse is an absolutely charming memoir by a woman who was present at the creation of the American food revolution and played a pivotal role in shaping it.

As his investigation gathers pace this atmospheric classic detective story becomes a thrilling game of legal cat and mouse. From the Trade Paperback edition.

**Wings for Our Courage** Stephanie H Jed 2011-06 On January 6, 1537, Lorenzino de' Medici murdered Alessandro de' Medici, the duke of Florence. This episode is significant in literature and drama, in Florentine history, and in the history of republican thought, because Lorenzino, a classical scholar, fashioned himself after Brutus as a republican tyrant-slayer. Wings for Our Courage offers an epistemological critique of this republican politics, its invisible oppressions, and its power by reorganizing the meaning of Lorenzino's assassination around issues of gender, the body, and political subjectivity. Stephanie H. Jed brings into brilliant conversation figures including the Venetian nun and political theorist Archangela Tarabotti, the French feminist writer Hortense Allart, and others in a study that closely examines the material bases—manuscripts, letters, books, archives, and bodies—of writing as generators of social relations that organize and conserve knowledge in particular political arrangements. In her highly original study Jed reorganizes republicanism in history, providing a new theoretical framework for understanding the work of the scholar and the social structures of archives, libraries, and erudition in which she is inscribed.

**Eve's Diary, Complete** Mark Twain 2016-08-29 SATURDAY.—I am almost a whole day old, now. I arrived yesterday. That is as it seems to me. And it must be so, for if there was a day-before-yesterday I was not there when it happened, or I should remember it. It could be, of course, that it did happen, and that I was not noticing. Very well; I will be very watchful now, and if any day-before-yesterdays happen I will make a note of it. It will be best to start right and not let the record get

confused, for some instinct tells me that these details are going to be important to the historian some day. For I feel like an experiment, I feel exactly like an experiment; it would be impossible for a person to feel more like an experiment than I do, and so I am coming to feel convinced that that is what I AM—an experiment; just an experiment, and nothing more.
