Tokyo Doesn't Love Us Anymore Ray Loriga 2007-12-01 This dreamlike dystopian novel “shines a dark spotlight on the modern allure of pharmaceuticals’ seeming power to assuage all ills” (Booklist). Set in the very near future, this is the story of a traveling salesman floating from arid Arizona parking lots to steamy Bangkok bars and beyond to peddle the hottest new commodity for a group known only as The Company. What he has is a drug that erases memory. You can choose your oblivion, be it one mistake or a lifetime of pain. But things become hazy when our hero begins sampling the goods and reaches the point where he can’t even remember what it is he cannot remember. A pitch-perfect piece for our times filled with hypnotic prose, Tokyo Doesn’t Love Us Anymore is both a riveting story and a thoughtful exploration of the drug culture that surrounds us, the nature of forgetfulness, and the implacable tyranny of emotions—questioning what it means to be human when everything, including human identity, can be bought. “Part crime novel, part political allegory, part love story . . . Compelling.” —The New York Times Book Review

The Porch and the Cross Kevin Vost 2016-02-29 Regardless of their sometimes ambiguous concepts of God, the Roman Stoic philosophers did acknowledge Him, but on the basis of reason alone, because they had not met Christ. Nonetheless, they did deduce from God's existence our need to live lives of virtue, honor, tranquility, and self-control--and they developed effective techniques to help us achieve this. Musonius Rufus the teacher, Epictetus the slave, Seneca the adviser to emperors, and Marcus Aurelius, the emperor himself, produced a practical technology we can use to integrate Christian ethics into our own daily practice. As Kevin Vost so wonderfully illustrates in his new book, *The Porch and the Cross*, the Stoics can help us learn--and remember--what is up to us, and what is up to God alone.

Narrative and Culture Janice Carlisle 2010-08-01 Narrative and Culture draws together fourteen essays in which leading scholars discuss narrative texts and practices in a variety of media and genres, subjecting them to sustained cultural analysis. The essays cross national borders and historical periods as often and as easily as they traverse disciplinary boundaries, and they examine canonical fiction as well as postmodern media—photography, film, television. The primary subject of these pieces, notes Janice Carlisle, is “the relation between the telling of tales and the engagement of their tellers and listeners in the practices of specific societies.” Contributors: Nina Auerbach, Thomas B. Byers, Jay Clayton, Marcel Cornis-Pope, Mary Lou Emery, Colleen Kennedy, Vera Mark, Caroline McCracken-Flesher, Paul Morrison, Ingeborg Majer O'Sickey, John Carlos Rowe, Daniel R. The Illustrated Virago Book of Women Travellers Mary Morris 2006-12-14 Women move through the world differently from men. The constraints and perils, the perceptions and complex emotions women journey with are different. For many women, the inner landscape is as important as the outer. This does not mean that the woman traveller is not politically aware, historically astute or in touch with the customs and language of the place, but it does mean that a woman cannot travel and not be aware of her body and the limitations her sex presents. This illustrated edition of *The Virago Book of Women Travellers* captures 300 years of wanderlust. Some of the women are observers of the world in which they wander and others are more active. Often they are storytellers, weaving tales about the people they encounter. Whether it is curiosity about the world or escape from personal tragedy, these women approached their journeys with wit, intelligence, compassion and empathy for the lives of others.

Maxims and Reflections (Ricordi) Francesco Guicciardini 1965 Review: "Unlike Machiavelli-inveterate dreamer and cynic-Guicciardini's mind is remarkable for the balance and masterly coolness of its judgment."-Federico Chabod "In the history of Renaissance thought, Guicciardini's Ricordi occupy a place of singular importance. Few works of the sixteenth century allow us so penetrating an insight into the views and sentiments of its author as these reflections of the great Italian historian. . . . Like Machiavelli's Prince, the Ricordi form one of the outstanding documents of a time of crisis and transition; but unlike the Prince, they range over a wide field of private as well as public life. In doing so, they reveal the man as well as the political theorist."-Nicolai Rubenstein, from the Introduction.

Female Monasticism in Early Modern Europe Cordula van Wyhe 2017-03-02 This volume of twelve interdisciplinary essays addresses the multifaceted nature of female religious identity in early modern Europe. By dismantling the boundaries between the academic disciplines of history, art history, musicology and literary studies it offers new cross-cultural readings essential to a more comprehensive understanding of the complexity of female spirituality in the sixteenth and seventeenth centuries. Utilising a wide range of archival material, encompassing art, architecture, writings and music commissioned or produced by nuns, the volume's main emphasis is on the limitations and potentials created by the boundaries of the convent. Each chapter explores how the personal and national circumstances in which the women lived affected the formation of their spirituality and the assertion of their social and political authority. Consisting of four sections each dealing with different parts of Europe and discussing issues of spiritual and social identity such as 'Femininity and Sanctity', 'Convent Theatre and Music-Making', 'Spiritual Directorship' and 'Community and Conflict', this compelling collection offers a significant addition to a thriving new field of study.

The Blessing Stone Barbara Wood 2003-01-20 From the #1 internationally bestselling author comes a sweeping epic that chronicles the history of the world through the destiny of a mysterious blue stone. Millions of

years ago, a meteorite fell to earth and shattered, revealing a beautiful blue stone. One hundred thousand years ago, a girl named Tall One found the crystal on the African plain, and it formed her destiny--as well as the destiny of generations to come. From ancient Israel to Imperial Rome, medieval England to fifteenth-century Germany, the eighteenth-century Caribbean, and the nineteenth-century American West, the destiny of the stone and the history of the world unfold. Each story is full of the betrayals and obsessions of the human heart, and the quests of the human spirit. In *The Blessing Stone*, Barbara Wood has both told the intimate details of her characters' lives and created a sense of the epic sweep of human history.

The King's Living Image Alejandro Canaque 2013-04-15 To rule their vast new American territories, the Spanish monarchs appointed viceroys in an attempt to reproduce the monarchical system of government prevailing at the time in Europe. But despite the political significance of the figure of the viceroy, little is known about the mechanisms of viceregal power and its relation to ideas of kingship. Examining this figure, *The King's Living Image* challenges long-held perspectives on the political nature of Spanish colonialism, recovering, at the same time, the complexity of the political discourses and practices of Spanish rule. It does so by studying the viceregal political culture that developed in New Spain in the sixteenth and seventeenth centuries and the mechanisms, both formal and informal, of viceregal rule. In so doing, *The King's Living Image* questions the very existence of a "colonial state" and contends that imperial power was constituted in ritual ceremonies. It also emphasizes the viceroys' significance in carrying out the civilizing mission of the Spanish monarchy with regard to the indigenous population. *The King's Living Image* will redefine the ways in which scholars have traditionally looked at the viceregal administration in colonial Mexico.

His Current Woman Jerzy Pilch 2002 Dr. Pawel Kohoutek, veterinarian and womanizer, looks out the window one morning to see his mistress approaching his house. Farce ensues as Kohoutek attempts to hide the woman from his eccentric family, the family's lodgers, and various offbeat visitors. The woman, expecting love and children and a future, does not make things easy. As he frantically runs around trying to keep her a secret, Kohoutek's memories -- mostly involuntary and (in true postmodern fashion) of questionable accuracy -- reveal in hilarious detail the life and crises of a hapless libertine and the forces that created him.

Vienna and Versailles Jeroen Duindam 2003-08-14 This book brings vividly to life the courtiers and servants of the imperial court in Vienna and the royal court at Paris-Versailles. Drawing on a wealth of material masterfully set in a comparative context, the book makes a unique contribution to the field of court studies. Staff, numbers, costs and hierarchies; daily routines and ceremonies; court favourites and the nature of rulership; the integrative and centripetal forces of the central courtly establishment: all are seen in a long-term, comparative perspective that highlights both the similarities and the distinctiveness of developments in France and the Habsburg lands. In the process, most conventional views of each court - and of court life in general - are challenged, and an alternative interpretation emerges. Finally, by relocating the household in the heart of the early modern state, *Vienna and Versailles* forces us to rethink the process of statebuilding and the notion of 'absolutism'.

A Companion to Early Modern Naples 2013-05-24 The new essays in this volume aim to introduce early modern Naples - the largest city in the Spanish global empire and one of Europe's largest cities - to readers unfamiliar with its history.

Won by Love Norma McCorvey 1998-01-05 In *Roe v. Wade*, perhaps the most controversial United States Supreme Court decision, Norma McCorvey fought for and won the right to secure an abortion. Though she never had an abortion, under the pseudonym "Jane Roe," Norma reluctantly became the poster child for the pro-choice movement. Over the next two decades, Norma experienced the grief and despair of millions of women who chose to abort their babies; she witnessed the destruction of thousands of human lives in abortion clinics where she worked; and the "champion" of the pro-choice movement was soon being crushed by the weight of so much pain, so much death, and so many ill-considered "choices." Finally, she began to break. She found out that the real choice she had been burdened with was not about abortion but about eternal life. It was a choice that would shock the world and change Norma's life forever.

The Seven Spiritual Weapons Catherine of Bologna 2011-07-18 St. Catherine of Bologna, much venerated in her own city, has been little known outside of her native region but interest in her is now increasing. The outline of her life is clear and her own work, *The Seven Spiritual Weapons*, tells a good deal about her inner experiences and early years in the cloister. The introduction to this translation situates her life in the history of Ferrara and Bologna and studies how the external history of the community impinged on Catherine's own religious experience and how it was interwoven with her successful struggle against depression.

Consecrating the World David W. Fagerberg 2016-02-28 What has liturgy to do with life? The sacred with the secular? This study proposes that the liturgy calls us, in the words of Aidan Kavanagh, "to do the world as the world was meant to be done." The sacramental liturgy of the Church and the personal liturgy of our lives should be as a seamless garment. *Consecrating the World* continues David Fagerberg's exploration of the Church's *lex orandi* (law of prayer) by expanding two major themes. The first considers liturgy as the matrix wherein our encounter with God becomes an experience of primary theology. The second illustrates how a believer is made ready for this liturgy through asceticism in both its faces--the one negative (dealing with sin), the other positive (dealing with sanctification). This book turns these two themes outward to a liturgical theology of the cosmos--a mundane liturgical theology of the consecration of the world and the sanctification of our daily life. "David Fagerberg invites us, with the urgency of the gospel, to see God the Trinity in every created thing, and to offer to God as a joyful sacrifice of praise the good things He has made, rather than cleaving egocentrically to these good things. When, through the Dove (the Spirit), Christ frees us to do the world in this way, we become the liturgical priest-kings we were meant to be; we learn how to live and die on the ascending path of Christ. Steeped in the spirituality of the Orthodox East and the Anglican West, enriched by the Catholic masters of Ressourcement, Fagerberg shares his vision in everyday language for all to hear. Just when it seemed that spiritual masters no longer roamed university hallways, God has raised up a true spiritual guide for our time. Open this book, awaken from spiritual slumber, read and rejoice."--MATTHEW LEVERING, Mundelein Seminary "Consecrating the World takes up where David Fagerberg's masterful *On Liturgical Asceticism* left off, providing a key to living the liturgy in every moment and aspect of human life. That this is indeed an everyday task takes nothing away from its divine content and sublime finality.

Fagerberg is rightly regarded as one of the foremost liturgical theologians of our day. His engagement with the tradition is both fresh and fruitful. If we are to be 'thoroughly imbued with the spirit and power of the liturgy,' we must grasp what the Sacred Liturgy in fact is. For this, Fagerberg is a worthy and rightly demanding guide."--DOM ALCUIN REID, Monastere Saint-Benoit, La Garde-Freinet, France "Consecrating the World is no ordinary book. It is a course in re-training the mind and the senses to perceive the world in a new way. Like the ancient Fathers, David Fagerberg sees all material things as sensible signs leading us to heavenly realities. Like Maximus and Dionysius, he shows us that the cosmos is itself a liturgy, calling us to consecrate ourselves and our work, our passions and the world to God--to sanctify the temporal order. This is a theology most visionary, joyful, and passionate."--SCOTT HAHN, Franciscan University of Steubenville "In David Fagerberg's new book, his trademark genius for integrating liturgical theology, ascetical theology, and the theology of creation is on full display, but here developed in a new, pneumatological direction that seems to lift it all up on the wings of the Holy Spirit. This book fully corroborates Fagerberg's reputation as one of the most creative and inspiring liturgical theologians of our time. It will have a wide readership both inside the academy, in seminaries, and in the hands of anyone interested in learning what is the deep connection between the sacred moments of the liturgy and the mundane moments of life in the world as we all must live it."--JOHN C. CAVADINI, University of Notre Dame"

Europa Triumphans Helen Watanabe-O'Kelly 2010-02 A landmark in the study of early modern Europe, this two-volume collection makes available for the first time a selection of the most important texts from court and civic festival books. Festival entertainments were presented to mark such occasions as royal and ducal entries to capital cities, dynastic marriages, the birth and christening of heirs, religious feasts and royal and ducal funerals. *Europa Triumphans* represents the chronological and trans-European range of the court and civic festival. These festivals are considered not simply as texts, but as events, and are introduced by groups of scholars, each with a specialist knowledge of the political, social and cultural significance of the festival and of the iconography, spectacle, music, dance, voice and gesture in which they were expressed. To demonstrate the geographic spread and political significance of festivals, and to illustrate the range of aesthetic languages they deploy, the festivals included in these two volumes are grouped in the following sections: Henri III;

Genoa; Poland-Lithuania; The Netherlands; The Protestant Union; La Rochelle; Scandinavia; and The New World. These texts provide many valuable insights into the variety of political systems and historical circumstances that formed them. Beautifully produced with 148 black-and-white and 23 colour illustrations, *Europa Triumphans* represents an invaluable reference source for the study of early modern Europe. It presents texts both in transcription and translated into English, and is supplemented with introductory essays and commentaries. *Europa Triumphans* is co-published by Ashgate and the Modern Humanities Research Association, in conjunction with the AHRB Centre for the Study of the Renaissance at the University of Warwick, UK.

The Translation of Fictive Dialogue 2012-01-01 This volume presents a systematic overview of current research on the issues that arise when recreating and translating dialogue in works of fiction (including narrative, drama and film scripts). The central concept is that of fictive orality, a situational linguistic variety differing from spontaneous speech in various respects. Speech in fiction is the product of stylised recreation or evocation by an author. While realism and authenticity may be the most celebrated qualities, ultimately, the literary functions and the semiotic dimension of dialogue place significant constraints on the decisions taken both by the source text authors and the translators. Moreover, the traditions and conventions of the target culture act as powerful sources of expectations that influence the final form of the text. This collective volume is divided into three parts: Part 1 deals with the translators' own reflections on the qualities of fictive dialogue. Part 2 discusses the interaction of fictive orality with other varieties such as dialects (geographical, chronological and social) and genres. Part 3 discusses a range of language resources present in fictive dialogue (syntax and sentence connection, information packaging, pragmatic markers and modalisers, appreciative morphology and phrasemes, spelling and typographical conventions, deictics, etc). All chapters present research results in an accessible language and are thoroughly illustrated with translations from and into various European languages (English, German, French, Spanish, Catalan, Romanian and Italian) and their varieties. The volume will be of interest for scholars in translation studies and contrastive linguistics, for graduate students, and for readers interested in the translation of style.

Power in Praise Merlin R. Carothers 2003-05 Merlin Carothers' first book, *Prison to Praise*, drew acclaim from Pat and Shirley Boone, Jamie Buckingham, Leonard LeSourd, Catherine Marshall, Norman Vincent Peale, John Sherrill and others. Thousands wrote and hundreds telephoned to tell him of transformed lives...of experiencing new power and victory. Now *Power in Praise* brings together some of the miracles wrought by the simple application of Biblical truth: all things work together for good. *Power in Praise* is a simple clear explanation of how and why the principles introduced in *Prison to Praise* work in every-day life. An Exorcist Gabriele Amorth 2015-09-15 Following up his international best-selling book, *An Exorcist Tells His Story*, Fr. Gabriele Amorth, the renowned chief exorcist of Rome, expands on some of the key topics of his previous book, covering important details about demonic or occult issues. He uses concrete examples from his own experiences and those of other exorcists to illustrate and substantiate his points. Since satanic sects, occultism, s?ances, fortune-tellers and astrologers are so widespread today, Father Amorth asks the question why is it so difficult today to find an exorcist, or a priest who is an expert in this field? The example and the teaching of Christ is very clear, as is the tradition of the Church. But today's Catholics are often misinformed. Exorcisms are reserved for appointed priests, while all believers can make prayers of liberation. What is the difference? What norms must be followed? What problems are still open and unresolved in this field? The new book by Father Amorth answers these and many other questions, supporting his discourse with a rich exposition of recent facts. A valuable, practical and instructive manual for priests and lay people, on how to help many who are suffering.

This book offers a comprehensive overview of his works, ranging from topics in logic to theology, done in a way that is accessible to non-specialists and to anyone interested in medieval thought"--

The Dawn of All Robert Hugh Benson 2005-05-05 *The Dawn of All*, the second of Robert Hugh Benson's two science fiction satires, is a "counterblast" to the terrifying *Lord of the World*. Contradiction the idea that this novel presents a blueprint for an ideal society, "Benson wrote often and emphatically that he did not for a moment expect the pictured solution to realize itself, and that he even hoped it would not. Neither Science, nor the State, nor Religion would ever, he was convinced, find themselves in such mutual relations as he had invented." (C. C. Martindale, S.J.) Robert Hugh Benson (1871-1914) enjoyed a career that lasted little over a decade. In addition to a great many non-fiction works, he authored a series of twenty novels and short story collections that combined a specific moral orientation with an astonishing popularity among the general public of the early twentieth century. As an Anglican and later a Catholic priest, Father Benson was in great demand as a speaker in both England and the United States. The most sensational English convert from the Anglican Communion to Catholicism since John Henry Newman, Benson was a son of the Archbishop of Canterbury. He wrote from a Catholic perspective, but with real understanding and sympathy for the Protestant position.
