Axle's Brand C. M. Owens 2017-09 Fate is just a made-up word used to give us hope or absolution. We find hope when we believe bad things happen to us for a reason. We find absolution when we feel as though the wrongs of our past were just fate's twisted design to bring us to our present, and all of it was out of our hands. Of course, I sort of change my mind after meeting Axle. The man with scars and haunted, cold eyes. The man who only warms when he is around me. The first man I believe won't cost me my life. The first man I've ever believed to actually be honorable, despite the fact he's a ruthless criminal. Only the craziest of fates could have put us in the paths of each other. More of a collision course, really. Life gets complicated. Shit happens. And I sort of fall harder than I thought possible. The first time we met, I was in my pajamas and cowering on the floorboard of his SUV, hiding from my very insane brother. Lovely first impression, I assure you. The second time we met, I was literally skating around a bunch of corpses, because I'm slightly crazy like that. Long story. Obviously my second impression had just as much impact as my first. Because he fell head-over-heels in love with me in that instant. Kidding. That last part is complete bullshit. Axle is far more complicated than insta-love nonsense. Which is one of my favorite things about him. Everything about us is perfectly complicated and wonderfully disastrous. It's what every girl dreams of...as long as they're as crazy as I am. And I'm just crazy enough to hold on, because I don't mind being the psycho chick in roller skates, who is flipping fate the bird when it tries to intervene again. It's just one of my quirks. Turns out, I'm Axle's brand of crazy too. Life should be really freaking interesting. Or catastrophic. Or psychopathic. I guess it depends on how much madness you can embrace. *Adult language *Sexual content *Violence *Not fit for someone who loves rainbows in books. Never mind. There's a rainbow in here.

Most importantly, although the critique is sharply directed, the tone of the volume is constructive rather than destructive—or deconstructive."—Joan Vincent, Barnard College "A rich, thought-provoking, and highly original collection. . . . The research presented is new and the perspectives original. This collection of essays casts significant new light on phenomena and practices which have long been central to anthropology, while at the same time introducing new substantive materials."—Don Brenneis, University of California, Santa Cruz

Where the Heart Beats Kay Larson 2013-07-30 A "heroic" biography of John Cage and his "awakening through Zen Buddhism"—"a kind of love story" about a brilliant American pioneer of the creative arts who transformed himself and his culture (The New York Times) Composer John Cage sought the silence of a mind at peace with itself—and found it in Zen Buddhism, a spiritual path that changed both his music and his view of the universe. "Remarkably researched, exquisitely written," *Where the Heart Beats* weaves together "a great many threads of cultural history" (Maria Popova, *Brain Pickings*) to illuminate Cage's struggle to accept himself and his relationship with choreographer Merce Cunningham. Freed to be his own man, Cage originated exciting experiments that set him at the epicenter of a new avant-garde forming in the 1950s. Robert Rauschenberg, Jasper Johns, Andy Warhol, Yoko Ono, Allan Kaprow, Morton Feldman, and Leo Castelli were among those influenced by his 'teaching' and 'preaching.' *Where the Heart Beats* shows the blossoming of Zen in the very heart of American culture.

When Spike's job puts his cub and Myka in danger, he is forced to choose between those to whom he's pledged his loyalty and his need to protect the woman and cub he's come to love. Book 3.5 of Shifters Unbound (Austin Shifters)

Shifter Made Jennifer Ashley Alanna, sister to a Fae prince, is sent on a thankless mission--to return to medieval Ireland and coerce a Shifter to craft an incredible sword. Niall O'Connell, master sword maker of the old Kingdom of Ciarrai, hates Fae, resenting the time when Shifters were little better than Fae slaves. But Alanna's heartbreaking story and her beauty are difficult to resist. Together, she and Niall forge a sword that changes Shifter history, at the same time forging an unbreakable bond between their hearts. This novella is prequel to the Shifters Unbound series, a standalone story that tells how the Sword of the Guardian came to be.
