

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel

The Secret War Against the Jews John Loftus 2017-05-16 A hugely controversial work that exposes a series of scandals from Oliver North to the British royal family, *The Secret War Against the Jews* reveals as much about political corruption inside Western intelligence as it does about Israel. Using thousands of previously top-secret documents and interviews with hundreds of current and former spies, Loftus and Aarons, both veteran investigators, Nazi-hunters, and authors, present a compelling narrative. The authors demonstrate that numerous Western countries, especially the United States and Great Britain, have conducted repeated and willful spying missions on Palestine and later Israel over many decades. While on the surface these two countries and others profess to be ardent allies of Israel, they work, in fact, through their intelligence services to betray Israel's secrets to the Arabs. Their motive: oil and multinational profits, which must be attained at any price through international covert policies. The pageant of characters appearing in this narrative is vast and shocking. This is not only a compelling work of history, but also a volume whose grave allegations will be debated for years to come.

Army of Shadows Hillel Cohen 2008-01-03 Tells the story of Arabs who, from the very beginning of the Arab-Israeli encounter, sided with the Zionists and aided them politically, economically, and in security matters. This book features Bedouins who hosted Jewish neighbors, weapons dealers, and pro-Zionist propagandists.

Perceptions of Palestine Kathleen Christison 2023-04-28 For most of the twentieth century, considered opinion in the United States regarding Palestine has favored the inherent right of Jews to exist in the Holy Land. That Palestinians, as a native population, could claim the same right has been largely ignored. Kathleen Christison's controversial new book shows how the endurance of such assumptions, along with America's singular focus on Israel and general ignorance of the Palestinian point of view, has impeded a resolution to the Arab-Israeli conflict. Christison begins with the derogatory images of Arabs purveyed by Western travelers to the Middle East in the nineteenth century, including Mark Twain, who wrote that Palestine's inhabitants were "abject beggars by nature, instinct, and education." She demonstrates other elements that have influenced U.S. policymakers: American religious attitudes toward the Holy Land that legitimize the Jewish presence; sympathy for Jews derived from the Holocaust; a sense of cultural identity wherein Israelis are "like us" and Arabs distant aliens. She makes a forceful case that decades of negative portrayals of Palestinians have distorted U.S. policy, making it virtually impossible to promote resolutions based on equality and reciprocity between Palestinians and Israelis. Christison also challenges prevalent media images and emphasizes the importance of terminology: Two examples are the designation of who is a "terrorist" and the imposition of place names (which can pass judgment on ownership). Christison's thoughtful book raises a final disturbing question: If a broader frame of reference on the Palestinian-Israeli conflict had been employed, allowing a less warped public discourse, might not years of warfare have been avoided and steps toward peace achieved much earlier?

The Cambridge History of Terrorism Richard English 2021-05-20 An accessible, authoritative history of terrorism, offering systematic analyses of key themes, problems and case studies from terrorism's long past.

The Secret History of the Jesuits Edmond Paris 2011 Secrets the Jesuits don't want Christians to know Out of Europe, a voice is heard from the secular world that documents historically the same information told by ex-priests. The author exposes the Vatican's involvement in world politics, intrigues, and the fomenting of wars throughout history. It appears, beyond any doubt, that the Roman Catholic institution is not a Christian church and never was. The poor Roman Catholic people have been betrayed by her and are facing spiritual disaster. Paris shows that Rome is responsible for the two great world wars. Author Edmond Paris explains why he wrote this book... "The public is practically unaware of the overwhelming responsibility carried by the Vatican and its Jesuits in the start of the two world wars -- a situation which may be explained in part by the gigantic finances at the disposition of the Vatican and its Jesuits, giving them power in so many spheres, especially since the last conflict." "In fact, the part they took in those tragic events has hardly been mentioned until the present time, except by apologists eager to disguise it. It is with the aim of rectifying this and establishing the true facts that we present in this and other books the political activity of the Vatican during the contemporary -- activity which mutually concerns the Jesuits." "This study is based on irrefutable archive documents, publications from well-known political personalities, diplomats, ambassadors and eminent writers, most of whom are Catholics, even attested by the imprimatur."

We Were Caught Unprepared Matt M. Matthews 2011-01 This is a print on demand edition of a hard to find publication. The fact that the outcome of the 2006 Hezbollah-Israeli War was, at best, a stalemate for Israel has confounded military analysts. Long considered the most professional and powerful army in the Middle East, with a history of impressive military victories against its enemies, the Israeli Defense Forces (IDF) emerged from the campaign with its enemies undefeated and its prestige tarnished. This historical analysis of the war includes an examination of IDF and Hezbollah doctrine prior to the war, as well as an overview of the operational and tactical problems encountered by the IDF during the war. The IDF ground forces were tactically unprepared and untrained to fight against a determined Hezbollah force. ¿An insightful, comprehensive examination of the war.¿ Illustrations.

On Palestine Noam Chomsky 2015-03-23 The sequel to the acclaimed *Gaza in Crisis* from world-famous political analyst Noam Chomsky and Middle East historian Ilan Pappé. Operation Protective Edge, Israel's 2014 assault on Gaza, left thousands of Palestinians dead and cleared the way for another Israeli land grab. The need to stand in solidarity with Palestinians has never been greater. Ilan Pappé and Noam Chomsky, two leading voices in the struggle to liberate Palestine, discuss the road ahead for Palestinians and how the international community can pressure Israel to end its human rights abuses against the people of Palestine. Praise for *Gaza in Crisis* by Noam Chomsky and Ilan Pappé "This sober and unflinching analysis should be read and reckoned with by anyone concerned with practicable change in the long-suffering region." —Publishers Weekly "Both authors perform fiercely accurate deconstructions of official rhetoric." —The Guardian Praise for Noam Chomsky . . . "Chomsky is a global phenomenon . . . perhaps the most widely read American voice on foreign policy on the planet." —The New York Times Book Review "One of the radical heroes of our age . . . a towering intellect . . . powerful, always provocative." —The Guardian . . . and Ilan Pappé "Ilan Pappé is Israel's bravest, most principled, most incisive historian." —John Pilger, journalist, writer, and filmmaker "Along with the late Edward Said, Ilan Pappé is the most eloquent writer of Palestinian history." —New Statesman

A Threshold Crossed Omar Shakir 2021 "The widely held assumption that the Israeli occupation of Palestinian territory is a temporary situation and that the 'peace process' will soon bring an end to Israeli abuses has obscured the reality on the ground today of Israel's entrenched discriminatory rule over Palestinians. A single authority, the Israeli government, rules primarily over the area between the Jordan River and Mediterranean Sea, populated by two groups of roughly equal size, methodologically privileging Jewish Israelis while repressing Palestinians, most severely in the Occupied Palestinian Territory (OPT), made-up of the West Bank, including East Jerusalem, and Gaza. Drawing on years of human rights documentation, case studies and a review of government planning documents, statements by officials and other sources, [this report] examines Israel's treatment of Palestinians and evaluates whether particular Israeli policies and practices in certain areas amount to the crimes against humanity of apartheid and persecution."--Page 4 of cover.

Psychology of Intelligence Analysis Richards J Heuer 2020-03-05 In this seminal work, published by the C.I.A. itself, produced by Intelligence veteran Richards Heuer discusses three pivotal points. First, human minds are ill-equipped ("poorly wired") to cope effectively with both inherent and induced uncertainty. Second, increased knowledge of our inherent biases tends to be of little assistance to the analyst. And lastly, tools and techniques that apply higher levels of critical thinking can substantially improve analysis on complex problems.

Caste Isabel Wilkerson 2020-08-04 #1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • "An instant American classic and almost

certainly the keynote nonfiction book of the American century thus far.”—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. #1 NONFICTION BOOK OF THE YEAR: Time ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, The New York Times, Los Angeles Times, The Boston Globe, O: The Oprah Magazine, NPR, Bloomberg, The Christian Science Monitor, New York Post, The New York Public Library, Fortune, Smithsonian Magazine, Marie Claire, Slate, Library Journal, Kirkus Reviews Winner of the Carl Sandberg Literary Award • Winner of the Los Angeles Times Book Prize • National Book Award Longlist • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist • Kirkus Prize Finalist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

Air Operations in Israel's War Against Hezbollah Benjamin S. Lambeth 2011 In response to a surprise incursion by Hezbollah combatants into northern Israel and their abduction of two Israeli soldiers, Israel launched a campaign that included the most complex air offensive to have taken place in the history of the Israeli Air Force (IAF). Many believe that the inconclusive results of this war represent a "failure of air power." The author demonstrates that this conclusion is an oversimplification of a more complex reality. He assesses the main details associated with the Israeli Defense Forces' (IDF's) campaign against Hezbollah to correct the record regarding what Israeli air power did and did not accomplish (and promise to accomplish) in the course of contributing to that campaign. He considers IAF operations in the larger context of the numerous premises, constraints, and ultimate errors in both military and civilian leadership strategy choice that drove the Israeli government's decisionmaking throughout the counteroffensive. He also examines the IDF's more successful operation against the terrorist organization Hamas in the Gaza Strip in December 2008 and January 2009, to provide points of comparison and contrast in the IDF's conduct of the latter campaign based on lessons learned and assimilated from its earlier combat experience in Lebanon.--Publisher description.

Zohar, the Book of Enlightenment Daniel Chanan Matt 1983 This is the first translation with commentary of selections from The Zohar, the major text of the Kabbalah, the Jewish mystical tradition. This work was written in 13th-century Spain by Moses de Leon, a Spanish scholar.

Final Judgment Michael Collins Piper 1995

Khirbet Khizeh S. Yizhar 2014-12-09 "Exhilarating . . . How often can you say about a harrowing, unquiet book that it makes you wrestle with your soul?" —Neel Mukherjee, *The Times* (London) It's 1948 and the Arab villagers of Khirbet Khizeh are about to be violently expelled from their homes. A young Israeli soldier who is on duty that day finds himself battling on two fronts: with the villagers and, ultimately, with his own conscience. Published just months after the founding of the state of Israel and the end of the 1948 war, the novella *Khirbet Khizeh* was an immediate sensation when it first appeared. Since then, the book has continued to challenge and disturb, even finding its way onto the school curriculum in Israel. The various debates it has prompted would themselves make *Khirbet Khizeh* worth reading, but the novella is much more than a vital historical document: it is also a great work of art. Yizhar's haunting, lyrical style and charged view of the landscape are in many ways as startling as his wrenchingly honest view of modern Israel's primal scene. Considered a modern Hebrew masterpiece, *Khirbet Khizeh* is an extraordinary and heartbreaking book that is destined to be a classic of world literature.

Congressional Record United States. Congress 1968 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in Congress (1824-1837)*, and the *Congressional Globe (1833-1873)*

Administering Colonialism and War Colin R. Alexander 2019-05-15 Colonialism is a dehumanizing experience for all those at the mercy of its power structures. The officers of the Indian Civil Service (ICS) were no exception. This book focuses on the role of ICS in World War II and engages in a wider debate about colonialism’s impact on its administrators and subjects. The author looks at the events of World War II specifically in the province of Assam in India’s North-East. It is here that the British and American troops were stationed as they attempted to retake Burma following Japan’s invasion in 1942 and supply the Allied Chinese by road and air. The volume also focuses on how radio broadcasting was used to manufacture the Indian public’s consent for the war effort and explores the horrors of the Bengal Famine and the controversies surrounding the British responses to it. The central character in the book’s narrative is Sir Andrew Clow who was a career civil servant in India. He was the Minister for Communications during the late 1930s and early 1940s before he became the Governor of Assam in 1942. The book is partly a biography of his fascinating career.

Chosen? Walter Brueggemann 2015-08-19 “The conflict is only ‘seemingly’ beyond solution, because all historical-political problems have solutions, if there is enough courage, honesty, and steadfastness.â€ In *Chosen?*, Walter Brueggemann explores the situation in modern-day Israel that raises questions for many Christians who are easily confused when reading biblical accounts of God's saving actions with the Israelites. Are modern Israeli citizens the descendants of the Israelites in the Bible whom God called chosen? Was the promise of land to Moses permanent and irrevocable? What about others living in the promised land? How should we read the Bible in light of the modern situation? Who are the Zionists, and what do they say? In four chapters, Brueggemann addresses the main questions people have with regards to what the Bible has to say about this ongoing issue. A question-and-answer section with Walter Brueggemann, a glossary of terms, study guide, and guidelines for respectful dialogue are also included. The reader will get answers to their key questions about how to understand God's promises to the biblical people often called Israel and the conflict between Israel and Palestine today.

American Biblical Archaeology and Zionism Brooke Sherrard Knorr 2022-12-30 This book examines the relationship between several of the most prominent American biblical archaeologists and Zionism. While these scholars have been studied and historicized to some extent, little work has been done to understand their role in the history of the Palestinian-Israeli conflict. Two defining differences in the archaeologists’ arguments were their understanding of culture and their views on objectivity versus relativism. Brooke Sherrard Knorr argues that relativist archaeologists envisioned the ancient world as replete with cultural change and opposed the establishment of a Jewish state, while those who believed in scholarly objectivity both envisioned the ancient world’s ethnic boundaries as rigid and favored Zionism. Combining readings of the archaeologists’ writings with archival research, this book studies the views of William Foxwell Albright, Millar Burrows, Nelson Glueck, George Ernest Wright, Paul Lapp, and William G. Dever regarding the establishment of an ethno-national state in Palestine in detail. The volume culminates with an epilogue commenting on the relevance of this topic in the present regarding the political ramifications of archaeology in the Israeli-Palestinian conflict. *American Biblical Archaeology and Zionism* is of interest to students and scholars of Biblical and Near Eastern archaeology, American religious history, and the Israeli-

Palestinian conflict, particularly its role in regional archaeology.

Judaism's Strange Gods Michael A. Hoffman 2000

Attached Amir Levine 2012-01-05 "Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

We Will Not Be Silenced William I. Robinson 2017-03-20 First-hand testimonials by scholars in the US who have been targeted by the Israel lobby over the content of their teaching, scholarship, activism, and/or activities as public intellectuals. An important contribution to the current debate on and off campuses about academic freedom and free speech, as well as to the growing prominence of the Israel-Palestine conflict in public discourse. Gaza Norman Finkelstein 2021-07-27 "Gaza is among the most densely populated places in the world. Two-thirds of its inhabitants are refugees, and more than half the population is under eighteen years of age. Since Israel occupied Gaza in 1967, it has systematically de-developed the economy. After Hamas won democratic elections in 2006, Israel intensified its blockade of Gaza, and after Hamas consolidated its control of the territory in 2007, Israel tightened its illegal siege another notch. In the meantime, Israel has launched no less than eight military operations against Gaza--culminating in Operation Cast Lead in 2008-9 and Operation Protective Edge in 2014--that left behind over three million tons of rubble. Recent UN reports predict that Gaza will be unlivable by 2020. Norman G. Finkelstein presents a meticulously researched and devastating inquest into Israel's actions of the last decade. He argues that although Israel justified its blockade and violent assaults in the name of self-defense, in fact these actions were cynical exercises of brutal power against an essentially defenseless civilian population. Based on hundreds of human rights reports, the book scrutinizes multifarious violations of international law Israel committed both during its operations and in the course of its decade-long siege of Gaza. It is a monument to Gaza's martyrs and a scorching accusation against their tormentors"--Provided by publisher.

Goliath Matt Stoller 2020-10-06 "Every thinking American must read" (The Washington Book Review) this startling and "insightful" (The New York Times) look at how concentrated financial power and consumerism has transformed American politics, and business. Going back to our country's founding, Americans once had a coherent and clear understanding of political tyranny, one crafted by Thomas Jefferson and updated for the industrial age by Louis Brandeis. A concentration of power—whether by government or banks—was understood as autocratic and dangerous to individual liberty and democracy. In the 1930s, people observed that the Great Depression was caused by financial concentration in the hands of a few whose misuse of their power induced a financial collapse. They drew on this tradition to craft the New Deal. In Goliath, Matt Stoller explains how authoritarianism and populism have returned to American politics for the first time in eighty years, as the outcome of the 2016 election shook our faith in democratic institutions. It has brought to the fore dangerous forces that many modern Americans never even knew existed. Today's bitter recriminations and panic represent more than just fear of the future, they reflect a basic confusion about what is happening and the historical backstory that brought us to this moment. The true effects of populism, a shrinking middle class, and concentrated financial wealth are only just beginning to manifest themselves under the current administrations. The lessons of Stoller's study will only grow more relevant as time passes. "An engaging call to arms," (Kirkus Reviews) Stoller illustrates here in rich detail how we arrived at this tenuous moment, and the steps we must take to create a new democracy.

Textbooks on Israel-Palestine Seyed Hadi Borhani 2022-01-27 How is the Israel/Palestine question narrated in Western academia? What ideas dominate the key textbooks on the subject and what is presented as 'truth'? This book answers these critical questions. It is widely known that Western support of Israel played a vital role in the realization of Zionist objectives in Palestine. But academic support of Israel in the West has been a neglected issue, with Western academic knowledge being regarded as impartial and objective. This book reveals that this understanding of Western academic knowledge is wrong when it comes to the Israel/Palestine question. Rather, knowledge has been biased, misleading, and dogmatic and Western college students are subscribing to 'factual histories' based on theories at best, if not fiction. The book is the first empirical investigation able to document this partial reporting of history. Seyed Hadi Borhani examines the most popular college-level textbooks used to teach the history of the Israel/Palestine in Western universities, combining 'textbook analysis' (to determine how the dominant academic texts report the question) and a 'context analysis' (to identify who 'manufactures' the dominant knowledge). The book provides a historical map of how the Israel-Palestine conflict is understood in the West. The book can be used as a critique for students and professors to use alongside textbooks and is a vital and much-needed intervention into the state of affairs in Western academia.

Genesis John B. Judis 2014-02-04 A senior editor at The New Republic traces the flawed American policy, established during Truman's presidency, that he theorizes is the root of the half-century-long conflict between Jews and Arabs in the Middle East. 20,000 first printing.

Why Do They Hate Us? Steve Slocum 2019-07-16 IPBA BENJAMIN FRANKLIN AWARDS SILVER MEDALIST A BOOKLIST AND KIRKUS BEST BOOK OF 2019 "Well-researched, cogently argued... avoids clichés and deeply examines the complex relationship between Islam and the West." —Booklist, starred review White supremacist racism has many faces. A foreign policy that focuses on "American interests" and exploits foreign resources is one of those faces. Nowhere has this become more evident than in the Middle East. Decades of covert intervention by the CIA in the Middle East came home to roost when Al Qaeda operatives hijacked American airliners and flew them into the World Trade Center towers on 9/11, horrifically killing 3000. With Americans still in shock, George W. Bush asked, "Why do they hate us?" His bizarre answer, "They hate our freedoms," squandered an opportunity for national introspection. Instead, he unleashed the power of a \$330 billion "defense" budget on the villages of Afghanistan and subsequently on Baghdad. In the years after 9/11, Islamophobia became a mainstay in American society and in American political rhetoric. It was the unfettered hate speech toward Muslims that opened the door for closeted racists to come out into the open with hate speech toward all nonwhite groups. In Why Do They Hate Us?, author Steve Slocum brings to light Islam's origins as a social justice movement and paints a beautiful portrait of Islam's peaceful mainstream. Why Do They Hate Us? is sprinkled with stories from the lives of everyday Muslims and anecdotes from Slocum's five years living in Kazakhstan, allowing the reader to catch a glimpse of the true soul of Islam. You'll never look at Muslims in the same way again. "In an era of rampant Islamophobia, Slocum's book is essential reading." —Todd H. Green, author of The Fear of Islam: An Introduction to Islamophobia in the West "Effectively countering pernicious, misinformed narratives, this is an essential contribution to interfaith studies." —Publishers Weekly

Start-up Nation Dan Senor 2011-09-07 What the world can learn from Israel's meteoric economic success. Start-Up Nation addresses the trillion dollar question: How is it that Israel -- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as Ireland, Singapore and Dubai have tried to re-create the "Israel effect", there are entrepreneurial lessons well worth noting. As America reboots its own economy and can-do spirit, there's never been a better time to look at this remarkable and resilient nation for some impressive, surprising clues.

Ghost Wars Steve Coll 2005-03-03 The news-breaking book that has sent shockwaves through the White House, Ghost Wars is the most accurate and revealing account yet of the CIA's secret involvement in al-Qaeda's evolution. Prize-winning journalist Steve Coll has spent years reporting from the Middle East, accessed previously classified government files and interviewed senior US officials and foreign spymasters. Here he gives the full inside story of the CIA's covert funding of an Islamic jihad against Soviet forces in Afghanistan, explores how this sowed the seeds of bn Laden's rise,

traces how he built his global network and brings to life the dramatic battles within the US government over national security. Above all, he lays bare American intelligence's continual failure to grasp the rising threat of terrorism in the years leading to 9/11 - and its devastating consequences.

Against Our Better Judgment Alison Weir 2014

Taking Sides Stephen Green 1984

Blaming the Jews Bernard Harrison 2020-10-06 In recent years Western countries have seen a proliferation of antisemitic material in social media, and attacks on Jews such as that on the Tree of Life synagogue in Pittsburgh in 2018. Much of this has stemmed, not from personal hostility to Jews on the part of this or that individual, but from a resurgence in groups at both ends of politics of the ancient delusion that "the Jews" collectively dominate world affairs and lie at the root of all the world's evils. In *Blaming the Jews* author Bernard Harrison, offers a new and unique analysis of this second and far more dangerous form of antisemitism and its persistence as a cultural phenomenon. Questioning the assumption that antisemitism affects or targets only Jews, he demonstrates that, allowed to go unrecognised or unchecked, antisemitism is potentially damaging to us all. In a world where rhetoric is fashioned on stereotypes and driven by political ideology, Harrison argues it is our responsibility to be vigilant in exposing the delusions of antisemitism and their consequences for Jews and non-Jews alike.

Against Our Better Judgment Alison Weir 2014 "Soon after WWII, US statesman Dean Acheson warned that creating Israel on land already inhabited by Palestinians would "imperil" both American and all Western interests in the region. Despite warnings such as this one, President Truman supported establishing a Jewish state on land primarily inhabited by Muslims and Christians. Few Americans today are aware that US support enabled the creation of modern Israel. Even fewer know that US politicians pushed this policy over the forceful objections of top diplomatic and military experts. As this work demonstrates, these politicians were bombarded by a massive pro-Israel lobbying effort that ranged from well-funded and very public Zionist organizations to an "elitist secret society" whose members included Supreme Court Justice Louis Brandeis."--Back cover.

War, Memory, and National Identity in the Hebrew Bible Jacob L. Wright 2020-07-23 Shows how biblical authors, like more recent architects of national identities, constructed identity in direct relation to memories of war.

The Three Mothers Anna Malaika Tubbs 2021-02-02 "Tubbs' connection to these women is palpable on the page — as both a mother and a scholar of the impact Black motherhood has had on America. Through Tubbs' writing, Berdis, Alberta, and Louise's stories sing. Theirs is a history forgotten that begs to be told, and Tubbs tells it brilliantly." — Ibram X. Kendi, #1 New York Times bestselling author of *How to Be an Antiracist* and National Book Award winner *Stamped from the Beginning* Much has been written about Berdis Baldwin's son James, about Alberta King's son Martin Luther, and Louise Little's son Malcolm. But virtually nothing has been said about the extraordinary women who raised them. In her groundbreaking and essential debut *The Three Mothers*, scholar Anna Malaika Tubbs celebrates Black motherhood by telling the story of the three women who raised and shaped some of America's most pivotal heroes. A New York Times Bestsellers Editors' Choice An Amazon Editor's Pick for February Amazon's Best Biographies and Memoirs of 2021 One of theSkimm's "16 Essential Books to Read This Black History Month" One of Fortune Magazine's "21 Books to Look Forward to in 2021!" One of Badass Women's Bookclub picks for "Badass Books We Can't Wait to Read in 2021!" One of Working Mother Magazine's "21 Best Books of 2021 for Working Moms" One of Ms. Magazine's "Most Anticipated Reads for the Rest of Us 2021" One of Bustle's "11 Nonfiction Books To Read For Black History Month — All Written By Women" One of SheReads.com's "Most anticipated nonfiction books of 2021" Berdis Baldwin, Alberta King, and Louise Little were all born at the beginning of the 20th century and forced to contend with the prejudices of Jim Crow as Black women. These three extraordinary women passed their knowledge to their children with the hope of helping them to survive in a society that would deny their humanity from the very beginning—from Louise teaching her children about their activist roots, to Berdis encouraging James to express himself through writing, to Alberta basing all of her lessons in faith and social justice. These women used their strength and motherhood to push their children toward greatness, all with a conviction that every human being deserves dignity and respect despite the rampant discrimination they faced. These three mothers taught resistance and a fundamental belief in the worth of Black people to their sons, even when these beliefs flew in the face of America's racist practices and led to ramifications for all three families' safety. The fight for equal justice and dignity came above all else for the three mothers. These women, their similarities and differences, as individuals and as mothers, represent a piece of history left untold and a celebration of Black motherhood long overdue.

The Harbinger Jonathan Cahn 2011 "The Harbinger opens with the appearance of a man burdened with a message he has received from a mysterious figure called The Prophet. The Prophet has given him nine seals, each containing a message about America's future ... As the story unfolds, each revelation becomes a piece in a greater puzzle -- the ramifications of which will even alter the course of world history."--Publisher's website.

Facts Are Facts Benjamin Freedman 2009-03 INSCRIBED UPON THE CROSS WHEN JESUS WAS CRUCIFIED were the latin words "Jesus Nazarenus Rex Iudeorum." Pontius Pilate was the author of that famous inscription. Latin was Pontius Pilate's mother tongue. Authorities competent to translate and pass upon the correct translation into English agree that is "Jesus the Nazarene Ruler of the Judeans." There is no disagreement among them of that. THE WORD "JEW" did not occur anywhere in the English Language until the 18th Century. Jesus referred to himself as a Judean. The modern day "Jews" were historically Khazars or Chazars, a Mongolian Nordic tribe who roamed northern Europe.

The Palestinian People Baruch Kimmerling 2009-07-01 In a timely reminder of how the past informs the present, Baruch Kimmerling and Joel Migdal offer an authoritative account of the history of the Palestinian people from their modern origins to the Oslo peace process and beyond. Palestinians struggled to create themselves as a people from the first revolt of the Arabs in Palestine in 1834 through the British Mandate to the impact of Zionism and the founding of Israel. Their relationship with the Jewish people and the State of Israel has been fundamental in shaping that identity, and today Palestinians find themselves again at a critical juncture. In the 1990s cornerstones for peace were laid for eventual Palestinian-Israeli coexistence, including mutual acceptance, the renunciation of violence as a permanent strategy, and the establishment for the first time of Palestinian self-government. But the dawn of the twenty-first century saw a reversion to unmitigated hatred and mutual demonization. By mid-2002 the brutal violence of the Intifada had crippled Palestine's fledgling political institutions and threatened the fragile social cohesion painstakingly constructed after 1967. Kimmerling and Migdal unravel what went right--and what went wrong--in the Oslo peace process, and what lessons we can draw about the forces that help to shape a people. The authors present a balanced, insightful, and sobering look at the realities of creating peace in the Middle East.

Setting the Desert on Fire: T. E. Lawrence and Britain's Secret War in Arabia, 1916-1918 James Barr 2008-02-17 Greed and intrigue combine explosively in this gripping tale of how the mercurial Lawrence of Arabia changed the Middle East forever. It was T. E. Lawrence's classic *Seven Pillars of Wisdom* that made the Arab Revolt a legend and helped turn the British intelligence officer into the mythical "Lawrence of Arabia." But the intrigue behind the revolt and its startling consequences for the present-day Middle East have remained a mystery for nearly one hundred years. James Barr spent four years trawling declassified archives in Europe and crossing the hostile deserts of the Middle East to re-create the revolt as the international drama it really was. A colorful cast of Arab sheiks, British and French soldiers, spies, and diplomats come together in this gripping narrative of political maneuvering, guerrilla warfare, and imperial greed. *Setting the Desert on Fire* is a masterly account of a key moment in the history of the Middle East, and a portrait of Lawrence himself that is bright, nuanced, and full of fresh insights into the true nature of the master mythmaker.

The Source James A. Michener 2013-11-26 In his signature style of grand storytelling, James A. Michener transports us back thousands of years to the Holy Land. Through the discoveries of modern archaeologists excavating the site of Tell Makor, Michener vividly re-creates life in an ancient city and traces the profound history of the Jewish people—from the persecution of the early Hebrews, the rise of Christianity, and the Crusades to the founding of Israel and the modern conflict in the Middle East. An epic tale of love, strength, and faith, *The Source* is a richly written saga that encompasses the history of Western civilization and the great religious and cultural ideas that have shaped our world. BONUS: This edition includes an excerpt from James A. Michener's *Hawaii*. Praise for *The Source* "Fascinating . . . stunning . . . [a] wonderful rampage through history . . . Biblical

history, as seen through the eyes of a professor who is puzzled, appalled, delighted, enriched and impoverished by the spectacle of a land where all men are archeologists.”—The New York Times “A sweeping [novel] filled with excitement—pagan ritual, the clash of armies, ancient and modern: the evolving drama of man’s faith.”—The Philadelphia Inquirer “Magnificent . . . a superlative piece of writing both in scope and technique . . . one of the great books of this generation.”—San Francisco Call Bulletin

Israel in the American Mind Shaul Mitelpunkt 2018-05-10 This book examines the changing meanings Americans and Israelis invested in the relationship between their countries from the late 1950s to the 1980s. Bringing to light previously unexamined sources, this study is the first to investigate the intricate mechanisms that defined and redefined Israel's place in American imagination through the war-strewn 1960s and 1970s. Departing from traditional diplomatic histories that focus on the political elites alone, Shaul Mitelpunkt places the relationship deep in the cultural, social, intellectual, and ideological landscapes of both societies. Examining Israeli propaganda operations in America, Mitelpunkt also pays close attention to the way Israelis manipulated and responded to American perceptions of their country, and reveals the reservations some expressed towards their country's relationship with the United States. By contextualizing the relationship within the changing domestic concerns in both countries, this book provides a truly transnational history of US-Israeli relations.

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel :

This comprehensive guide is designed to empower you in your quest for eBooks. We'll explore various methods of finding Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel online, from legal sources to community-driven platforms. You'll learn how to choose the best eBook format, where to find your favorite titles, and how to ensure that your eBook reading experience is both enjoyable and ethical.

Whether you're new to eBooks or a seasoned digital reader, this Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook has something for everyone. So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel

Before you embark on your journey to find Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel online, it's essential to grasp the concept of Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook formats. Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources where you can find Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks in these formats.

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook Websites and Repositories

One of the primary ways to find Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks online is through dedicated eBook websites and repositories. These platforms offer an extensive collection of eBooks spanning various genres, making it easy for readers to discover new titles or access classic literature. In this chapter, we'll explore Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook and discuss important considerations of Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel.

Popular eBook Websites

1. Project Gutenberg:

Project Gutenberg is a treasure trove of over 60,000 free eBooks, primarily consisting of classic literature.

It offers eBooks in multiple formats, including EPUB, MOBI, and PDF.

All eBooks on Project Gutenberg are in the public domain, making them free to download and read.

2. Open Library:

Open Library provides access to millions of eBooks, both contemporary and classic titles.

Users can borrow eBooks for a limited period, similar to borrowing from a physical library.

It offers a wide range of formats, including EPUB and PDF.

3. Internet Archive:

Smashwords is a platform for independent authors and publishers to distribute their eBooks.

It offers a wide selection of genres and supports multiple eBook formats.

Some eBooks are available for free, while others are for purchase.

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel Legal Considerations

While these Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook websites provide valuable resources for readers, it's essential to be aware of legal considerations:

Copyright: Ensure that you respect copyright laws when downloading and sharing Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks. Public domain Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize yourself with the terms of use and licensing agreements on these websites. Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks online.

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook Search

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel*, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* for an exact phrase or book title, enclose it in quotation marks. For example, "Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel."

3. Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook."

4. Filter by Format:

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* in your preferred format.

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* available elsewhere.

It's an excellent resource for discovering new titles and accessing book previews.

Project Gutenberg Search:

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel*.

You can search by title *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel*, author, language, and more.

Internet Archive's eBook Search:

The Internet Archive's eBook search provides access to a vast digital library.

You can search for *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* and borrow them for a specified period.

Library Genesis (LibGen):

Library Genesis is known for hosting an extensive collection of *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel*, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs. eBook Websites

It's essential to distinguish between eBook search engines and eBook

websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* or genres. They serve as powerful tools in your quest for the perfect eBook.

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook Torrenting and Sharing Sites

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook torrenting and sharing sites have gained popularity for offering a vast selection of eBooks. While these platforms provide access to a wealth of reading material, it's essential to navigate them responsibly and be aware of the potential legal implications. In this chapter, we'll explore *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* eBook torrenting and sharing sites, how they work, and how to use them safely.

Find Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel Torrenting vs. Legal Alternatives

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel Torrenting Sites:

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook torrenting sites operate on a peer-to-peer (P2P) file-sharing system, where users upload and download *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* eBooks directly from one another.

While these sites offer *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* eBooks, the legality of downloading copyrighted material from them can be questionable in many regions.

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel Legal Alternatives:

Some torrenting sites host public domain *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* eBooks or works with open licenses that allow for sharing.

Always prioritize legal alternatives, such as Project Gutenberg, Internet Archive, or Open Library, to ensure you're downloading *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* eBooks legally.

Staying Safe Online to download Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel

When exploring *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* eBook torrenting and sharing sites, it's crucial to prioritize your safety and follow best practices:

1. Use a VPN:

To protect your identity and online activities, consider using a Virtual Private Network (VPN). This helps anonymize your online presence.

2. Verify Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook Sources:

Be cautious when downloading *Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel* from torrent sites. Verify the source and comments to ensure you're downloading a safe and legitimate eBook.

3. Update Your Antivirus Software:

Ensure your antivirus software is up-to-date to protect your device from potential threats.

4. Prioritize Legal Downloads:

Whenever possible, opt for legal alternatives or public domain eBooks to avoid legal complications.

5. Respect Copyright Laws:

Be aware of copyright laws in your region and only download Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks that you have the right to access.

Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook Torrenting and Sharing Sites

Here are some popular Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook torrenting and sharing sites:

1. The Pirate Bay:

The Pirate Bay is one of the most well-known torrent sites, hosting a vast collection of Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks, including fiction,

non-fiction, and more.

2. 1337x:

1337x is a torrent site that provides a variety of eBooks in different genres.

3. Zooqle:

Zooqle offers a wide range of eBooks and is known for its user-friendly interface.

4. LimeTorrents:

LimeTorrents features a section dedicated to eBooks, making it easy to find and download your desired reading material.

A Note of Caution

While Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBook torrenting and sharing sites offer access to a vast library of reading material, it's important to be cautious and use them responsibly. Prioritize legal downloads and protect your online safety. In the next chapter, we'll explore eBook subscription services, which offer legitimate access to Against Our Better Judgment The Hidden History Of How The United States Was Used To Create Israel eBooks.
