The vampire hunter known only as D has been hired by a wealthy, dying man to find his daughter, who was kidnapped by the powerful vampire Lord Meierlink. for D to ignore and he sets out to save her before she can be turned into an undead creature of the night. In the nightmare world of 12090 A.D., finding Meierlink before he reaches the spaceport in the Clayborn States and gets off the planet will be hard enough, but D has more than just Meierlink to worry about. Nomad's Justice Craig Martelle 2017-08 They say that behind every great man is a great woman...but what if that woman is a Werewolf? "Consistent characters, intriguing plots, and just enough twists to keep you on your toes." Amazon Five-Star Review North Chicago begins to thrive and a return trip to New York City shows Terry and Char something they didn't expect. Terry Henry Walton envisioned the Force de Guerre as a unit to keep evil away from those who wanted to live in peace. Akio is of the same mind, but he sees the whole world as a place that needs the protection that Terry and his people can provide. On behalf of The Queen Bitch, Akio recruits the FDG to take the fight overseas to stop an army. "The saga of TH, Char, and the Force de Guerre continues full steam... The characters are real in their interaction with each other. The story is absolutely great. I love the honor, loyalty, and humor projected through the book." Amazon Five-Star Review

While I fully intend to end up in a dive, I think there is only one way to get rid of the pent up aggression I'm feeling." "Well, considering how you're decked out," Eric said, "I think you believe we need to work out our aggression?" "What I'm thinking," John said, "Is that the best way to get rid of aggression is to mess up some people who desperately need to be messed up. So, I've had Frank help me locate a few places that need help. Now, we might not make it to all of them, but by the end of the night we will have done some major good, and I'll start feeling a little Karmic balance restored. If you guys aren't full up, well, we will just have to schedule it again." Bellatrix A young woman, a bad boyfriend, a small black female german shepherd puppy. One of these has got to go... Tube Ritual Brian G. Johnson 2018-10-02 A successful YouTuber shares his strategic system for growing a channel—and going from zero to thousands of subscribers. You have to start with no videos, views, or subscribers. Furthermore, more than four hundred minutes of content is uploaded to YouTube each minute. To say that it's challenging to grow a channel is an understatement! In fact, less than three percent of YouTube channels ever gain more than ten thousand subscribers. Yet, in a one-year period, Brian G. Johnson gained 10,623 subscribers and drove over half a million video views. Truly beginning from zero, Brian had no previous YouTube success to draw from and had to learn the nuances of camera settings, editing options, and technical details that often become roadblocks. Furthermore, he did it in a small and competitive niche, the YouTube video marketing niche. How, you ask? By researching, testing, and tweaking various video growth methods over a one-year period in order to identify why the YouTube algorithm promotes one video over another. Ultimately, this led to the creation of a video ritual based on his findings—a series of actions according to a prescribed order. More than a mere guide, Tube Ritual is a one-year case study with the goal of driving more views and converting more viewers into subscribers. For those already creating videos or who want to in the future, Tube Ritual contains detailed, step-by-step information that plain works. Covering topics from branding to thumbnails, video structure, YouTube SEO, video calls to action, playlist strategies, channel strategies, and more, Tube Ritual leaves no stone unturned.

Nomad's Force Craig Martelle 2017-09-08 They say that behind every great man is a great woman...but what if that woman is a Werewolf? THIS IS A MONSTER BOOK - We have taken pains to price the book low. (Craig is crying in the corner, don't mention I reduced it to what you see). The readers LOVE the Nomad! Release the Dogs of War Michael Anderle 2017-12-15 Stephen walked into the office which Barnabas was using as his judge's chamber. While the massive amount of data Bethany Anne's team was throwing at him was more than enough to assuage his curiosity, he had never felt this way in the last one hundred and fifty-two years. He wanted a vacation. He pulled the top manila folder and took a look at the name, "Clarissa Bernier, CEO." He

opened the folder, and it was now in the agreed upon fashion. There was one page with her typical information of name, age, location, and a two paragraph background and the requested punishment. It was a type of joke now between Barnabas and Bethany Anne. No matter the requested punishment, she would strike it out and write "DEATH" and put a happy face on, with fangs. It let him know that she was not letting up on her desire to make a lot of people pay for Michael's death. The team had already executed six individuals across the world in the last three months. Sean Truitt was just the first one. Stephen interrupted him, "You look tired," he spoke as he took a seat in one of the two blue chairs facing Barnabas's desk. Barnabas leaned back, keeping the folder open, "Is she serious?" He pointed to the document, "Even ADAM, using our agreed punishment matrix is calling for this lady to be punished financially." He closed the folder, "She walks the line towards Michael all the time, brother..." To be continued ...
