The Origins of Yoga and Tantra Geoffrey Samuel 2008-03-27 Yoga, tantra and other forms of Asian meditation are practised in modernized forms throughout the world today, but most introductions to Hinduism or Buddhism tell only part of the story of how they developed. This book is an interpretation of the history of Indic religions up to around 1200 CE, with particular focus on the development of yogic and tantric traditions. It assesses how much we really know about this period, and asks what sense we can make of the evolution of yogic and tantric practices, which were to become such central and important features of the Indic religious scene. Its originality lies in seeking to understand these traditions in terms of the total social and religious context of South Asian society during this period, including the religious practices of the general population with their close engagement with family, gender, economic life and other pragmatic concerns.

Tantric Sex for Men Diana Richardson 2010-06-18 A revolutionary approach to male sexuality offers the keys to achieving sexual fulfillment • Teaches how to retain semen for increased vitality and longer lovemaking • Explains the relationship-strengthening benefits of deep, sustained penetration • Includes foreplay approaches and position sequences Fulfilling sex nourishes love, increases vitality, and boosts mental health. Unfortunately, prevailing attitudes about male sexuality and what is good sex work against these innate features by focusing on the excitement of ejaculation as the one and only goal. Using the tantric guidelines they have practiced for more than 25 years, Diana and Michael Richardson show men how to move beyond their preconceptions of sex as a goal-oriented—and often unintentionally stressful—event so they can relax into sex as a meditative union of complementary energies. They explain how retaining semen allows for increased vitality and extended lovemaking sessions and show the relationship-strengthening benefits of deep, sustained penetration. They also explain how to perform soft penetration and how to avoid premature ejaculation. Tantric Sex for Men includes tried-and-true foreplay approaches, diagrams of sexual position sequences, ways to increase sexual sensitivity through awareness, and how to have ecstatic experiences through reaching a woman's body on a sexually deeper level. The authors also demonstrate how the sexual organs can be used to heal both men and women physically, emotionally, and spiritually.

In *Tantra: The Cult of the Feminine*, one of Europe's foremost Tantric authors and teachers, Andre Van Lysebeth, gives readers a balanced, well-informed, modern examination of the secret teachings and symbolism of Tantra. "Scientifically speaking, the universe is a gigantic continuum ranging from sub-atomic to astronomical dimensions. Tantrists have perceived this unity for over thirty-five centuries," points out van Lysebeth in his introduction. Originally published in 1992, *Tantra* has become the classic text on the subject, the source for serious students. Eight full-color illustrations and 36 line drawings complement a comprehensive and contemporary explanation of Tantra, complete with meditations. Andre does a remarkable job of bringing ancient theories into the modern world.

Tantra Demystified Vikas Malkani 2009-06 Tantra is believed to be the oldest single source of knowledge concerning the energies of the mind, body and spirit. It is a spiritual belief system that originated in ancient Hindu culture and views the material world as a manifestation of the Divine in which everything is accepted and connected - woven together. One of the deepest insights of tantra is that the human body is single energy phenomenon. At the physical level, this energy is expressed as sex drive. At the level of the nervous system and the brain, it is experienced as ecstasy. The sexual drive is an instinctive, raw energy which has to be accepted and respected. It is the raw material which can be transformed in many different ways - the crude oil from which the high-octane fuel of ecstasy is produced. How you can use this powerful energy to live every moment of your life and experience both spiritual and sexual bliss is the focus of the book.

Tantra Georg Feuerstein, Ph.D. 1998-07-28 A leading yoga researcher offers a clear and lively introduction to the history, philosophy, and practice of the Tantric spiritual tradition Tantra—often associated with Kundalini Yoga—is a fundamental dimension of Hinduism, emphasizing the cultivation of “divine power” (shakti) as a path to infinite bliss. Tantra has been widely misunderstood in the West, however, where its practices are often confused with eroticism and licentious morality. Tantra: The Path of Ecstasy dispels many common misconceptions, providing an accessible introduction to the history, philosophy, and practice of this extraordinary spiritual tradition. The Tantric teachings are geared toward the attainment of enlightenment as well as spiritual power and are present not only in Hinduism but also Jainism and Vajrayana Buddhism. In this book, Georg Feuerstein offers readers a clear understanding of authentic Tantra, as well as appropriate guidance for spiritual practice and the attainment of higher consciousness.

Kashmir Shaivism Swami Lakshman 1988-01-01 Swami Lakshman Jee is the last living Master of the oral tradition in Kashmir Shaivism. This exposition of the non-dual philosophy with practical applications is his first book in English. The tantric teachings are hidden in a language of allusion and symbol. Swamiji offers the skeleton key of the oral tradition that allows access to the secrets. The intent is to preserve the tradition and to make it available. The emphasis is on practical realization of Truth through the experiences of Kundalini Yoga. The author contrasts this realization with the concepts of liberation taught by other schools of Indian philosophy, especially Advaita Vedanta. Kashmir Shaivism experiences the world as real and true--as real and true as the existence of God. Liberation is the unbroken awareness of this universe as one's own transcendental Consciousness. It is a blissful realization.
