The Illusion Warrior J. Michaels 2010-04-01 This is not your grandfather's poetry. It is spun for the everyman and woman. It is bred of a spiritual nature, yet it smiles and laughs and screams. Some are funny, some are sad. Some spit in the face of conformity, amused at the absurdity of the world whilst seeking a better way. These odes defy conventional structure and content. They rhyme without embarrassment yet experiment unapologetically with such. They convey messages of hope and love and clearer sight. And they challenge the accepted and popular notions of reality and illusion while offering superior alternatives to both. They will amuse and dismay, provoke and possibly offend, but they will not leave you unchanged. So join me, if you will, as we accompany The Illusion Warrior on his quest to dispel chimera and discover truth.

Fly Away Kristin Hannah 2013-04-23 Return to the world of FIREFLY LANE—now a Netflix series—from #1 New York Times bestselling author Kristin Hannah. Once, a long time ago, I walked down a night-darkened road called Firefly Lane, all alone, on the worst night of my life, and I found a kindred spirit. That was our beginning. More than thirty years ago. Tully and Kate. You and me against the world. Best friends forever. But stories end, don't they? You lose the people you love and you have to find a way to go on. . . . Tully Hart has always been larger than life, a woman fueled by big dreams and driven by memories of a painful past. She thinks she can overcome anything until her best friend, Kate Ryan, dies. Tully tries to fulfill her deathbed promise to Kate--to be there for Kate's children--but Tully knows nothing about family or motherhood or taking care of people. Sixteen-year-old Marah Ryan is devastated by her mother's death. Her father, Johnny, strives to hold the family together, but even with his best efforts, Marah becomes unreachable in her grief. Nothing and no one seems to matter to her . . . until she falls in love with a young man who makes her smile again and leads her into his dangerous, shadowy world. Dorothy Hart--the woman who once called herself Cloud--is at the center of Tully's tragic past. She repeatedly abandoned her daughter, Tully, as a child, but now she comes back, drawn to her daughter's side at a time when Tully is most alone. At long last, Dorothy must face her darkest fear: Only by revealing the ugly secrets of her past can she hope to become the mother her daughter needs. A single, tragic choice and a middle-of-the-night phone call will bring these women together and set them on a poignant, powerful journey of redemption. Each has lost her way, and they will need each other--and maybe a miracle--to transform their lives. An emotionally complex, heart-wrenching novel about love, motherhood, loss, and new beginnings, *Fly Away* reminds us that where there is life, there is hope, and where there is

love, there is forgiveness. Told with her trademark powerful storytelling and illuminating prose, Kristin Hannah reveals why she is one of the most beloved writers of our day.

Waterville Lois M. Lynds 2007-09-14 "WATERVILLE" This story begins in a small town in Maine. It is about several families, all fictional, who live, work, or go to school there, and whom you may follow as they go through many of life's challenges, either succeeding or failing to conquer them.

People I have known, and who have lived through these situations, as well as events I myself have experienced, all figure into the various scenarios presented here. It is a comfortable, relaxing read, which has been well received by my readers, ages 24 to 80.

"How" Did I Get Here? Kitt Foxx 2017-07-31 Sometimes things are just so bad that there is no solution if you are honest. This is a perfect example of two honest people that just couldnt make it. So after a large loan from a large local bank in Dallas, Texas, and after a change in latitude, things got progressively better, and success finally smiled on them. They were thankful. They helped many people along their way to becoming successful. Sometimes its just not easy to head in the right direction without some help financially to give you that boost that you need so badly in life that raises your attitude to a much higher level that leaves you with only one thing to worry about instead of so many that life forces on us sometimes. Some of it seems to be so unbearable at times that you cant even see any light at the end of that tunnel. But you wait and you hope. And occasionally, that light appears. The moment is at hand.

Fly Me to the Moon Edward Belbruno 2007-02-11 When a leaf falls on a windy day, it drifts and tumbles, tossed every which way on the breeze. This is chaos in action. In *Fly Me to the Moon*, Edward Belbruno shows how to harness the same principle for low-fuel space travel--or, as he puts it, "surfing the gravitational field." Belbruno devised one of the most exciting concepts now being used in space flight, that of swinging through the cosmos on the subtle fluctuations of the planets' gravitational pulls. His idea was met with skepticism until 1991, when he used it to get a stray Japanese satellite back on course to the Moon. The successful rescue represented the first application of chaos to space travel and ushered in an emerging new field. Part memoir, part scientific adventure story, *Fly Me to the Moon* gives a gripping insider's account of that mission and of Belbruno's personal struggles with the science establishment. Along the way, Belbruno introduces readers to recent breathtaking advances in American space exploration. He discusses ways to capture and redirect asteroids; presents new research on the origin of the Moon; weighs in on discoveries like 2003 UB313 (now named Eris), a dwarf planet detected in the far outer reaches of our solar system--and much more. Grounded in Belbruno's own rigorous theoretical research but written for a general audience, *Fly Me to the Moon* is for anybody who has ever felt moved by the

spirit of discovery.
